APPEARANCE

GROUP A

TO INCREASE YO

### HOOD ORNAMENT

A gleaming, chromed die-cast ornament with three-point mounting, simulating speed and power. Adds a distinctive appearance to the front of the truck.

ALL MODELS

### WHEEL DISCS

Give your truck a sparkling deluxe appearance with a set of these stainless steel wheel discs. Styled to fit snugly around the regular hub caps, they are easy to install and easy to keep clean.

9300 SERIES

## INDIVIDUAL ACCESSORIES

### DELUXE AIRFLOW HEATER AND DEFROSTER

A controlled heating and ventilating system for winter and summer, providing warmth and comfort to the driver. Permits the use of inside or outside air. Powerful defroster quickly removes ice and snow for safe vision.

ALL MODELS

### CUSTOM DELUXE MANUAL TRUCK RADIO AND ANTENNA

A modern superheterodyne seven tube (with rectifier) radio — designed expressly for 1955 GMC Trucks. Incorporating the automatic volume control circuit that eliminates station fading with an adjustable full-range tone control the 1955 GMC Truck Radio provides comfort and entertainment to reduce driver fatigue. The external speaker mounted above the windshield provides clear tone reproduction removed from noise within the cab.

## RECIRCULATING HEATER AND DEFROSTER

A powerful heater with many Airflow features. Delivers ample heat for driving comfort in severe weather conditions. Built-in defroster assures maximum defrosting performance for clear, safe vision.

ALL MODELS

## CLOCK

An automatic wound, electrically energized clock with jeweled movement styled to harmonize with other instruments on the instrument panel. Dial face is illuminated when other lights are turned on. A valuable accessory for logging runs and trip schedules.

ALL MODELS

## TRAFFIC LIGHT VIEWER

Optically clear prism viewer—permits driver to see overhead traffic lights in true colour. Recommended for use with outside car visor.

9000 SERIES

## OUTSIDE VISOR

This accessory combines smart styling with additional comfort by serving as a shield against the glare of the sun. It also shades the driver from the hot sun and protects the windshield from ice, snow and heavy rain. Styled and finished to conform with the lines of your GMC Truck.

9000 SERIES

## RIGHT HAND TAIL LAMP

Designed to match the regular truck tail and stop lamp in appearance, shape and finish, this lamp is supplied complete with wiring for easy, quick installation where dual tail lamps are required.

9000 SERIES

## HANDY SPOTLAMP

This powerful sealed beam lamp with 12 foot cord, plugs readily into the cigarette lighter socket. The perfect light for night-time emergencies.

ALL MODELS

## TACHOMETER

This tachometer indicates the speed of the engine in revolutions per minute. Designed to mount on the instrument panel of jobs not already equipped with a clock.

## HANDY TOOL KIT

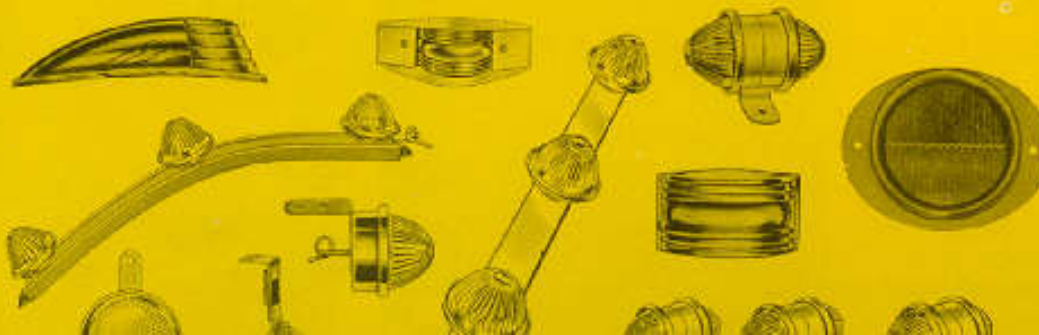

This is an ideal accessory to have when road emergencies occur requiring minor repairs or adjustments. Supplements the tools that come with the truck and includes the most frequently needed items.

ALL MODELS

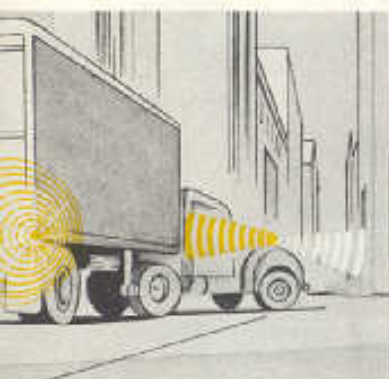

## CLEARANCE LAMPS

Select the Clearance Lamps or Reflectors suited to your requirements from the wide variety shown. Available for 6 or 12 volt installation in single or multiple styles for complete front and rear end protection.

## TURN SIGNALS

... of the finger and both  
... and rear lights flash your  
... to turn. Switch assembly  
... conveniently mounted on the  
... column. An important  
... for convenience and  
... in day or night driving.  
... in two types - with self-  
... switch - with manual  
... switch.

ALL MODELS

## REARVIEW MIRRORS

Essential for safe driving, rearview mirrors are available for both inside and outside installations. Sturdily built for better view of rear traffic on either right or left side with extension arm features for trucks carrying loads which extend beyond the cab. Inside glare-proof mirror provides undistorted daytime reflection and reduces headlight glare at night. Mirror brace also available where required.

ALL MODELS

## FLARES

This is a must truck item in many provinces. Long-burning flare effectively warns approaching traffic when truck is parked on or close to travel portion of highway. Two types available - oil burning and reflector style.
