

2003 Honda

# *CIVIC Si*

Since the first Civic Si hit the street back in 1986, it's been a **driving enthusiast's** dream. And the 2003 edition is certainly not an exception. Its power comes from a highly responsive 160-hp i-VTEC® engine. The **Euro-sport** suspension tuning delivers scalpel-sharp handling. From the cockpit, well-bolstered buckets and that rally-style shifter leave no doubt this car is all about serious fun. And people lucky enough to spot Si's **leading-edge** sheet metal and stylish alloy wheels will appreciate performance from a totally fresh, new angle.
