Way of Life!

so **much to do** so little time

You've got places to go. People to see. And the clock's ticking. That's where Reno comes in. Its sleek, aerodynamic design is the perfect complement to its performance engineering—solid, stable power, 4-wheel disc brakes and speed-sensitive steering, all standard of course. And whether you choose the ease of an automatic or the fun of a manual, in Reno they're both a rush.

MORE power... style... comfort.. & safety

Lights... camera... power.

The 2.0-liter, 16-valve DOHC 4-cylinder engine delivers a maximum 127 hp.

More stopping power, too.

Disc brakes front and rear help ensure that the fun of driving a Reno stops as fast as it starts.

Sporty on the road. Thrifty at the pumps

Up to 31mpg and ULEV II certification make the Reno very friendly when it comes to the environment and to your wallet.

Decisions. Decisions.

Every Reno gives you a choice between the standard 5-speed manual transmission or an optional four-speed automatic transmission.

Curvaceous Italian design.

The Reno's stylish good looks will turn heads as fast as you turn corners.

The more the merrier.

The Premium Package offers leather, alloy wheels, a sunroof, fog lamps, antilock brakes, cruise control, and steering-wheel-mounted audio controls to the Reno's long list of standard features.

Room to groove.

The Reno's standard 8-speaker audio system can be upgraded to play your MP3 music collection as well as your CDs.

Add a personal touch.

Alloy wheels, ski racks, bicycle carriers... your Suzuki dealer has what it takes to add form and function to your Reno.

Three's company.

Three friends along for the ride won't cramp your style thanks to the Reno's roomy interior.

Five is better than four.

Five doors make it so much easier to pack your friends and their gear into a Reno.

Luxurious micron-air filtration.

Your Reno's air conditioning system helps eliminate pollen and dust with an advanced micron-air filtration system usually reserved for high-end luxury vehicles.

Have cargo. Will travel.

Fold-down 60/40 rear seats let you carry oversized cargo with ease.

Play it safe.

Standard front and front-side airbags, reinforced side-impact door beams, heated power mirrors and Daytime Running Lights (DRL) are just a few of the ways Suzuki helps you drive more safely.

Smart airbags.

The front passenger seat airbag is designed to automatically deactivate if the passenger weighs less than a standard-sized adult.

Children-friendly.

Rear-door child safety locks and an easy-to-use LATCH system for a child's seat will be appreciated by those who have kids along for the ride.

Antilock brakes.

Available Antilock Braking System (ABS) helps prevent wheel lockup up when you brake suddenly, giving you greater control over steering and stopping.

Drive responsibly: Buckle up for safety—don't drink and drive. WARNING: Sport Utility Vehicles handle differently from ordinary passenger cars. Avoid sharp turns and abrupt maneuvers. Always wear your seatbelt. For specific details, please read your Owner's Manual for on- and off-road driving tips. To avoid injury from an airbag, always place children 12 years old and under in the rear seat; always move both driver and passenger seats as far back from airbag as practical; never transport a child in a rear-facing child seat in the front seat; and always use the seatbelts and buckle up properly. Always keep cargo loads within specified weight limits, distribute cargo evenly and secure it from shifting.
