

# ***2018 825HP YENKO/SC***

***DESIGNED TO ANNIHILATE THE COMPETITION!***

In 1969, the muscle car wars were in full swing, with GM, Ford and Chrysler each developing their own big-block powered performance cars. Not to be outdone, Chevrolet's Central Office Production Order (COPO) system produced a limited run of Camaros with the now infamous ZL-1 all-aluminum big-block engine.

Now, in the spirit of those awesome ZL-1 Camaros, Specialty Vehicle Engineering introduces the 2018 Limited Edition Yenko/SC™ Camaro. Only 25 will be built and with an 825 horsepower supercharged 416 C.I.D. LT-1 powerplant, they'll go fast... literally!

## ***THE HEART AND SOUL OF THE 2018***

Yenko/SC Camaro is Specialty Vehicle Engineering's custom built 416 C.I.D. 6.8L supercharged LT-1 engine. This powerhouse motor delivers 825 horsepower and 760 lb.-ft. of torque. It features a blueprinted LT-1 aluminum block, computer balanced, race-quality rotating assembly, including forged 4340 steel crankshaft and H-beam steel rods, forged aluminum pistons, CNC ported LT-1 cylinder heads, our own high-output supercharger, and an upgraded fuel system and injectors.

Specialty Vehicle Engineering's High-Output Supercharger shown with optional body color paint.

Shown with GM's optional Dual-Mode Performance Quad Exhaust (required).

# ***NOT JUST A PRETTY FACE***

Over the past 25 years, Specialty Vehicle Engineering has built more than 55,000 "Factory Hot Rods" for GM and its Dealers. For 2018 we're continuing that tradition by offering the 825 horsepower supercharged Yenko/SC™ Camaro, exclusively through select GM Dealers.

Just 25 of these Limited Edition Camaros will be built, featuring our custom-built 416 C.I.D. supercharged LT-1 powerplant, and available in 1SS, 2SS, coupe or convertible models, with either manual or automatic transmission.

# ***AN ALL-AMERICAN SUPERCAR!***

The 2018 Yenko/SC® Camaro's unique appearance will get everyone's attention instantly. The unique Yenko side stripes and hood graphics make a dramatic statement, along with the body color painted carbon fiber hood, with non-functional scoop, that blends perfectly with the lines of the Camaro. The gunmetal finish torque-thrust style wheels are reminiscent of the muscle cars from days gone by, and the custom 825HP badges on the hood scoop cowl will make the competition think twice. Without question, this All-American classic is now
