

New for 2019
1000 HP
YENKO/SC[®] Stage II Camaro

THE ORIGINAL EXPERIENCE...

In 1969 the muscle car wars were in full swing, with GM, Ford and Chrysler each developing their own big-block powered performance cars. Not to be outdone, Chevrolet's Central Office Production Order (COPO) system produced a limited run of Camaros with the now infamous ZL-1 all-aluminum big-block engine.

Now in the spirit of those awesome vehicles, Specialty Vehicle Engineering will build **25** of these 2019 YENKO/SC® Stage II 1000HP and **25** Stage I 835HP Camaros, and they'll all go very fast.... literally!

... FROM THE #1 RACING AND VEHICLE MANUFACTURER!

For more than 25 years, Specialty Vehicle Engineering (formerly SLP) has been a Second Stage Vehicle Manufacturer and Tier One Supplier to GM and its dealers, having built over 55,000 cars, trucks, and SUV specialty vehicles; *making us the #1 GM Specialty Vehicle Manufacturer in the USA!* That's why our company was chosen as the exclusive builder of the current generation YENKO® Supercars!

AN AMERICAN - MAD SUPER CAR NIKE ANOTHER!

To maximize engine performance, there is no substitute for cubic inches or supercharging. That's why Specialty Vehicle Engineering developed its own supercharged custom-built 416 C.I.D. (6.8L) engine, based on the production 6.2 Liter LT-1 engine, that's included in all of our YENKO® Stage I 835HP, and Stage II 1000HP Camaros. This Limited Edition Yenko/SC® is available exclusively through GM dealers throughout the US and Canada.

**The YENKO/SC® 835HP Stage I vehicle package is not emission legal in California, and can only be legally used while participating in sanctioned motorsports racing events.*

The Stage I 835HP YENKO® Camaro has an available heavy-duty automatic transmission upgrade that comes with a 12 month/12,000 mile transmission warranty. We now offer an optional PowerPak upgrade (Stage I only) that includes long-tube SS headers and X-pipe, LT4 fuel pump, smaller supercharger pulley and belt, and new calibration for an additional 40 horsepower!

DESIGNED FROM A RUG CLASSIC!

The 2019 YENKO/SC® Stage II Camaro's unique appearance will get everyone's attention instantly. The unique YENKO® side stripes and hood graphics make a dramatic statement, along with the body color painted carbon fiber hood that blends perfectly with the lines of the Camaro. The custom 1000HP badges on the raised hood scoop cowl will make the competition think twice.

This very limited edition (25) is only available on the 2019 SS 1LE Camaro coupe with standard manual transmission.

We based the 2019 YENKO/SC® Stage II Camaro off the SS with the 1LE option to include all of the great performance features the 1LE offers, to properly balance the awesome power of the supercharged engine. Features like Magnetic Ride Control, Electronic Limited-Slip Differential, Performance-Tuned suspension with unique bushings, springs and stabilizer bars, and heavy-duty cooling system including engine oil cooler, dual outboard radiators, transmission cooler and rear differential cooler. The functional 1LE front splitter helps reduce nose lift and the rear spoiler keeps the rear end firmly planted at speed. The 1LE also features Recaro Performance Seats that keep you planted in position.

2019 YENKO/SC® 1000HP STAGE II CAMARO SHOWN

STYLING...

In addition to its awesome horsepower, the 2019 YENKO/SC® Stage I and II Camaros includes many unique interior and exterior features that set it apart from the stock Camaro. Features like the body color painted carbon fiber hood with non-functional scoop and grille, OE-quality 835HP or 1000HP hood cowl badges, YENKO® crest badges and hood and side stripes give the exterior an instantly recognizable appearance. The interior also displays the YENKO® trademark with embroidered floor mats, headrest logos and a YENKO® crest power badge.
