STYLING

Inside and out, custom badging and embroidery identify this Specialty Vehicle, letting everyone know your Yukon is unique.

HP HOOD BADGES

The High-Output Series Yukon Specialty Vehicles feature 810HP or 1000HP hood cowl and liftgate badges displaying the horsepower in chrome and red-chrome or new for '19 gloss black and red-chrome finish.

EXTERIOR BADGES

The OE-quality exterior door and liftgate badges are an added touch of class. High/Output Series badges feature a chrome and red-chrome finish.

EMBROIDERED HEAD RESTS AND FLOORMATS DASH PLAQUE/KEY FOBs EXHAUST TIPS

The High-Output Series logo is embroidered on both front seat headrests and the Specialty Vehicle Engineering logo is embroidered on the front floor mats of every Yukon Specialty Vehicle.

Specialty Vehicle Engineering dash plaque and two key fobs are included with every Yukon Specialty Vehicle.

Stainless Steel Dual Exhaust Tips are standard in high-polished stainless steel and are available with black finish as part of the Chrome Trim Paint Treatment option.

OPTIONS

SATIN-FINISH EXTERIOR PAINT

This optional paint treatment uses an OE-quality satin-finish clearcoat paint over the factory exterior paint, giving it a unique satin-finish appearance while maintaining the vehicle's stock factory body color. Looks great over all factory Yukon colors. This paint treatment option is covered by our 3 year/36,000 mile limited warranty.

12-SPOKE WHEELS AVAILABLE IN THREE FINISHES

Our 12-spoke wheels provide an attractive alternative to the factory wheels available from your GMC dealer. These wheels are available in chrome, charcoal, or black-finish with H/O centercaps and include a set of Falken STZ05 285 40/R22 tires. Optional red line wheel stripes are available.

CHROME TRIM PAINT TREATMENT

To give the High/Output Series Yukons an even more unique appearance, our optional chrome trim paint treatment is available in a charcoal or black satin-finish. All of the vehicle's exterior chrome trim is painted and when combined with the optional satin-finish exterior paint, this Yukon looks like no other on the road! (Shown on cover and pages 4 and 5). This paint treatment option is covered by our 3 year/36,000 mile limited warranty.

SPORT SUSPENSION LOWERING PACKAGE

With the addition of our optional Sport Suspension Lowering Package your Yukon Specialty Vehicle stays firmly planted on the road. By lowering it 2" in front and 3" in the rear with our progressive rate springs, this package provides improved handling and gives the Yukon a more aggressive stance.
