JETTA GLI

A potent package of sophisticated engineering

This new performance sedan brings more power and driving excitement to one of the best examples of Volkswagen automotive technology. It's called Jetta GLI, and it's a potent package of sophisticated engineering.

Top-notch performance begins with the GLI's 1.8 litre overhead cam, fuel injected engine. The tuned exhaust system makes 90 horsepower sound as willing as it is able. With the specially geared 5 speed close ratio manual sport transmission you can make the most of the GLI's performance potential. Off-the-line acceleration offers the thrill of 0 to 80 km/h in just over seven seconds.

But the thrill doesn't end there. The quick response of rack and pinion steering is matched by Jetta GLI's sport suspension package with specially calibrated springs and shocks plus rear stabilizer bars front and rear.

Steel beated performance radials on alloy sport wheels give the GLI's fast reflexes solid contact over any road surface. The power-assisted brake system is equipped with ventilated discs up front.

From the driver's seat, the Jetta GLI looks and feels as great as it performs on the open road. The fully adjustable contoured sport seats have extra-high side bolsters for lateral support. The sport steering wheel, shift lever boot and shift knob are all trimmed in genuine leather. The dual outside mirrors are remote controlled. GLI sport instrumentation includes a tachometer and digital quartz chronometer plus a centre console with voltmeter and oil temperature and pressure gauges.

In two- or four doors, Jetta GLI is the quickest Jetta you can own.

1984 Jetta GLI—Technical data

ENGINE

Type	Water-cooled, transversely front-mounted
No. of Cylinders	Four inline, single overhead valve
Bore and stroke	81.0mm x 80.4mm (3.19 in. x 3.14 in.)
Displacement	1.8L (110.0 cu. in.)
SAE net P & W (SAE net torque)	90 HP @ 5,200 rpm 103 Ft. lbs. @ 3,000 rpm
Compression ratio	0.5:1
Fuel system	Carburetor injection
Fuel requirement (fuel capacity)	Indirect fuel only (4 cylinders converted) 42.0 (10.8 imp. gal)
Oil capacity (incl. filter)	4.4 L (3.0 imp. pts)
Battery	12V/55 Amp-hr
Alternator	65 Amp
Type of ignition	For vehicle with electronic (Dewar) coil

DRIVE TRAIN

Type	Front-wheel drive with two concentric drive shafts per drive shaft
Clutch	Dry single plate
Transmission	4-Speed, fully synchronized, close ratio 5-speed
Gears (incl. Overdrive)	Overdrive (optional) 5-Speed 1.2/3.4/4.1/5.3/6.8/85/1.7
Final drive	3.94

CHASSIS

Body	Aerodynamic, all steel, L-11 body, bolt-on front knipers, passenger compartment designed for safety roll, front and rear seats designed to absorb impact energy
Front suspension	Independent MacPherson struts, responsive steering, coil over, coil springs, stabilizer bar
Rear suspension	Independent, coil over, coil over with coil springs/shock absorber struts, stabilizer bar
Steering system	Power-assisted, 3.8 steering rack, dual diagonal hydraulic brake master cylinder, ventilated disc brakes on front, coil over, drum brakes on rear
Braking system	MacPherson, effective on rear wheels 5 x 11.8 (4) alloy or 5 1/2 x 13 (4) alloy 3.0 alloy or 3.0 alloy steel (incl. ABS) 1000 1.75/70SR-13 Rear disc optional with energy absorbing steering wheel and column, maintenance free wheels
Turning circle	Approx. 9.5 m (31.2 ft) curb to curb

FUEL CONSUMPTION*

	Speed manual
Rating (L/100 km)	8.0
Urban (L/100 km)	10.1
Highway (L/100 km)	6.5

*City, combined and highway fuel consumption figures are based on test methods. Your actual fuel consumption may vary.

Jetta GLI (2- or 4-door)

STANDARD FEATURES

Engineered for Performance

- 1.8 liter fuel injected performance engine, 90 hp (SAE net)
- 5-speed close ratio manual sport transmission
- Sport suspension package with specially calibrated springs and shock absorber valving; stabilizer bars front and rear
- Power-assisted, dual diagonal, hydraulic brake circuit
- Ventilated discs on front disc brakes
- Rear drum brakes, self-adjusting
- Lined exhaust system

Equipped for Performance

- 6.3 x 14 light alloy sport wheels or 5 1/2 x 13 light alloy sport wheels
- 185/60 HR 14 steel belted radial tires or 175/70 SR 13 steel belted radial tires
- Dual halogen headlights
- High back seat, contoured sport seats
- AM/FM stereo cassette sound system with four speakers
- Performance instrument cluster
- Main instrument cluster with tachometer, digital quartz chronometer, odometer, trip odometer, speedometer, fuel level gauge, coolant temperature gauge
- Centre console instrumentation with oil temperature gauge, oil pressure gauge, voltmeter
- Wash and cater Light
- Warning lights for battery charge, dynamic oil pressure

- 4-spoke leather-wrapped sport steering wheel
- Genuine leather shift knob and shift lever boot
- 3-speed windshield wipers with intermittent setting
- Wiper arm air foil on driver's side
- Dual remote control outside mirrors
- Front seat windows

Styled for Performance

- Blackout panel between rear lights
- Coloured trimmings from air dash
- Matte black door handles
- Black wheel arch flares
- Wide lower body protection mouldings
- Upper, behind body side mouldings
- Jetta GLI nameplate

Jetta GLI Options:

- Removable sunroof with integrated wind deflector
- A/R conditioning
- Premium AM/FM stereo cassette sound system with digital time/frequency display, pre-set electronic tuning and a seek/scan feature
- Metallic paint
