WOLFSBURG

L I M I T E D E D I T I O N

A Volkswagen has always been an intelligent purchase decision. Common sense and a test drive are generally all it takes to experience the advanced technology and impressive performance that make only a Volkswagen a Volkswagen. But now, for a limited time only, choosing a Volkswagen could not only be smart, it could be inherently brilliant.

Introducing the 1984 Wolfsburg Limited Edition Volkswagens. Seven special Volkswagens loaded with special features at extra special prices. Features that will impress your friends, at prices that won't depress your accountant.

The Rabbit, for example, offers you a choice of air conditioning, or a sunroof and an AM/FM stereo cassette radio, plus other handsome interior and exterior features and appointments—at a price that's purely astonishing! The Convertible—you've got to see it to believe it. Striking color-coordinated interiors and exteriors. 4-spoke leather steering wheel, shift knob and boot. And 5 1/2-inch light alloy

wheels. Scirocco's imposing rear deck spoiler and new, multi-function digital display evade excitement. While the classic grand touring Quantum takes on an enticing flair with its black-out trim, front spoiler and rich new sporting interior. The Vanagon provides comfortable overnight quarters with its window curtains, mosquito netting and rear bench seat that folds flat into a bed. And for the tried-and-true traveller, the Vanagon Camper boasts a new removable two-passenger middle bench seat and other amenities to make your home away from home as comfortable as you'd like it to be.

The Wolfsburg Limited Edition Volkswagens. Each an exceptional example of precise German engineering. Uncompromising performance and reliability. Lasting durability. Outstanding value. And one of the smartest buys of the year. But we've only built a limited number of them. Once they're gone, they're gone. All of which leads us to the conclusion that you don't have to be smart to be fast, but you do have to be fast to be smart!

Rabbit fulfills the demands of a mobile society who want more than just a box on wheels. Exceptional mileage* was certainly a prerequisite to its evolution, yet equally important were handling, comfort, durability and style. Perhaps this is why Rabbit has become one of the best selling cars in the world!

To Rabbit's incredible list of standard equipment—its choice of engines, front wheel drive, rack

and pinion steering, front disc brakes and independent suspension system—we've added a number of features that put it in a league by itself.

Enter the Wolfsburg Limited Edition Rabbit. On the outside, we've included your choice of four metallic colors or Cashmere White. A large aerodynamic front spoiler. Dual black body-side moldings. 5-inch steel wheels with road-gripping 175/70 R 13 steel belted radial

tires. And sporty wheel covers.

Inside, you'll find fully reclining bucket seats of blue and grey tweed

cloth with grey leatherette trim. To further increase your comfort level, you may also choose from either air conditioning or a sunroof and an AM/FM stereo cassette radio.

For a limited time only, all of these extras are specially priced to make this Rabbit an extra special value.

CONVERTIBLE

Cruising along life's highways in a Volkswagen Convertible couldn't be more fun. Except in a Wolfsburg Limited Edition Convertible.

The Convertible's high performance, fuel-injected 1.8 liter engine coupled with its 5-speed close ratio transmission, sport suspension and ventilated front disc brakes offer superb handling and performance. Of course, our German engineers wouldn't have it any other way.

Add a hand-fitted, insulated roof. Alloy sport wheels. Body colored bumpers, wheel flares and mirrors. Stunning cloth sport seats with leatherette bolsters. A leather 4-spoke steering wheel, shift knob and boot. It all adds up to instant excitement!

Now's the time to make your move. We've only built a limited number of them. And at these prices, we wouldn't want the sun to set on your opportunity to own one.

SCIROCCO

Sit behind the wheel of a Scirocco and experience the power, the responsiveness, the sheer exhilaration of driving a German sports car that has earned its reputation for uncanny performance and cat-like agility on some of the toughest race courses in the world. Sit behind the wheel of a Wolfsburg Limited Edition Scirocco and you may never drive an ordinary car again.

Settle into firm, specially de-

signed sport seats as a new computerized digital display monitors crucial functions of the vehicle. Feel the solidity, the tenacious

tracking ability that emanate from a new rear deck spoiler, alloy rims and P75-70 HR 13 steel belted radial tires.

Body colored bumpers and mirrors plus black-out pillars and window trim set this sports car miles apart from the competition. So does its amazingly affordable price. But they're going to go fast. It's part of their nature.

QUANTUM WAGON

The Quantum Wagon was designed with families in mind. Yet before you think that this wagon is totally utilitarian, consider that its performance, its high level of standard comfort and convenience features distinguish it among the leading touring wagons in the world.

Its responsive 2.2 liter fuel-injected engine, 5-speed manual transmission, power assisted rack and pinion steering and independent suspension provide the perfor-

mance, the roadworthiness that few of its rivals can surpass.

Its list of standard equipment is extraordinarily generous. Air conditioning. Power steering, brakes and windows. Tachometer and digital clock. Cruise control. AM/FM stereo-cassette radio. Central locking system. Even heated, electrically operated outside mirrors.

Quantum Wagon provides 38.4 cubic feet of unobstructed luggage capacity. Its 60/40 split rear seat can

be folded down to accommodate even larger loads if necessary. And a convenient rear wiper/washer helps assure clear visibility.

The Wolfsburg Limited Edition Quantum Wagon offers even more. Metallic paint, black-out pillars and window trim. Unique velour sport seats. Leather wrapped steering wheel, shift knob and boot. An aerodynamic front spoiler. 195/60 HR 14 steel belted radials and sporty 6-inch alloy rims. Plus a specially designed black roof rack with detachable crossbars.

Who says driving a station wagon has to be dull?

Wolfsburg Limited Edition Quantum Wagon
in Flash Silver Metallic.

QUANTUM SEDAN

In the classic grand touring tradition, Quantum has it all. Powered by a 2.2 liter, 5-cylinder fuel-injected engine coupled with a 5-speed manual transmission, Quantum delivers the kind of performance and driver control expected of a world class touring sedan. Its decisive, power assisted rack and pinion steering, front wheel drive and independent suspension afford handling and maneuverability that make driving

on city streets or country roads an absolute pleasure.

Virtually all of the comforts and conveniences you could hope for are standard on Quantum. Air conditioning. Power steering, brakes and windows. Tachometer and digital clock. Cruise control. AM/FM stereo cassette radio. Heated, electrically operated outside mirrors. Central locking system. You couldn't expect much more.

Yet the Wolfsburg Limited Edition

Quantum does give you more. Unique velour sport seats. A leather steering wheel, shift knob and boot. Metallic paint. A sporty black front spoiler. 195/60 HR 14 steel belted radial tires mounted on 6-inch alloy rims. And special black-out trim.

All of the power, performance, comfort and style you've come to expect in a refined grand touring sedan comes with one thing you wouldn't expect: a low sticker price.

Whether it's cross town to pick up the kids or cross country to pick up your spirits, Vanagon continues the pioneering heritage of Volkswagen's technological leadership in passenger van design. You can thank our German engineers for its stunning performance. Its new 1.9 liter fuel-injected Water Boler engine, 4-speed manual transmission, rack and pinion steering and independent suspension provide sedan-like handling

and maneuverability. And its efficient use of space is truly impressive. So is the Wolfsburg Limited Edition Vanagon. It comes standard with power steering. A tachometer and digital clock. Sporty coilover front bucket seats with armrests. And a two-passenger middle bench seat with folding backrest. The rear bench seat folds flat to form a bed, and other amenities include screens, curtains, mosquito netting, an illuminated make-up mirror and more.

Wolfsburg Limited Edition Vanagon in Marine Blue.

The Vanagon Camper is an admirable example of German ingenuity. It combines all of the performance of a Vanagon with all of the comforts of home. This is not just camping, this is living!

The pop-top raises to reveal a "second floor" (room for two with a view!). The rear bench seat folds into a double bed. In the kitchenette you'll find a two-burner stove, sink and refrigerator. And storage space abounds.

The Wolfsburg Limited Edition Vanagon Camper is even more inviting. Its tastefully color coordinated interior features a new removable middle bench seat in rich velour upholstery and sporty front bucket seats with armrests. Power steering is standard. As is a tachometer and digital clock. Other features include a padded instrument panel. Tinted glass. An illuminated vanity mirror. And more. Can we invite you to our open house?
