Volkswagen

These words are what set us apart from every other carmaker in the world.

These words explain why our cars look, feel and drive the way they do.

And these words underscore the worth of a Volkswagen. For the Volkswagen "way" is a very personal point of view we take in designing, engineering and manufacturing every product we sell.

By employing contemporary German technology, we create a unique, harmonious relationship between car and driver. Our heritage of engineering enables us to produce cars that provide an ergonomically sensitive environment for driver and passengers. Cars of enduring design that offer the unique benefit of German engineering, at prices you can afford.

As we enter into our 40th year of selling Volkswagens in the United States, the 250,000 people in the worldwide Volkswagen organization still share in the same common goal: to provide you with a more gratifying driving and ownership experience. To this end, we will continue to build our cars the Volkswagen way.

To contribute to the rewarding experience of owning a Volkswagen, your new car or van is protected by a 2-year/24,000 mile limited warranty against defects in materials and workmanship. A 6-year limited warranty is provided against corrosion and rust perforation.

Our national network of over 800 Volkswagen dealers can supply you with warranty, parts and service details. Ask about the Volkswagen endorsed "MasterGuard" extended service plan at participating dealers, which offers cost-efficient mechanical protection for up to 5 years or 100,000 miles.
