## CONVERTIBLE PACKAGE

### WE MAKE LOOKING GOOD A BREEZE.

Some things are meant to be together. Like the sun on your face as the wind blows your hair. Or the perfect combination of expressive style and unmatched performance – found in the low-profile look of a PT Body Kit with a racy Rear Spoiler. And when it's time to keep the rush of wind to a minimum, the Windscreen lets you put your PT Cruiser's top down while keeping you cool and collected.

**PT Body Kit** is engineered to fit your PT Cruiser Convertible precisely and complements the natural contours of the vehicle. The Front and Rear Fascia Treatments lower your PT Cruiser's profile and add to its aerodynamic styling, while the Side Sills create a rakish bottom line and integrate into the front and rear wheel wells. The Body Kit is available for Turbo and naturally aspirated vehicles and can be purchased together and painted to match your vehicle's body color.

**Rear Spoiler** enhances the aerodynamics and the aesthetic appeal of your PT Cruiser Convertible. Prepainted with a durable Clear Coat finish to match your vehicle's body color.

**Windscreen** is constructed of durable nylon and is designed to reduce wind and noise for both the driver and passenger. Screen includes two Velcro® straps that attach to the sport bar and a heavy nylon cover that snaps behind the back of the convertible top to channel wind away from seating.

Velcro is a registered trademark of Velcro Industries B.V.

Also shown with Custom Graphics Package and 16-inch 5-spoke Chrome Wheels. For additional graphics packages, visit [www.mopargraphics.com](http://www.mopargraphics.com).

## DREAM PACKAGE

### LOW-PROFILE STYLE

Here's an example where maintaining a low profile really will get you noticed. The **Dream Package** includes the PT Body Kit, Illuminated Door Entry Guards and Rear Spoiler that show your well-developed tastes without showing off. But you better keep your shades on – because with these remarkable looks, they'll still spot you a mile away.

**PT Body Kit** is engineered to fit your PT Cruiser precisely and complements the natural contours of the vehicle. The Front and Rear Fascia Treatments lower your PT Cruiser's profile and add to its aerodynamic styling while the Side Sills create a rakish bottom line and integrate into the front and rear wheel wells. The Body Kit is designed to retain its fit and finish year after year and can be purchased together and painted to match your vehicle's body color. Kits are also available for Turbo and naturally aspirated vehicles.

**Illuminated Door Entry Guards** illuminate every time you open the door, and shut off automatically with the dome lamp. Like all Mopar electronic accessories, these stainless steel plates won't drain your battery. Set of two. Front only.

**Rear Spoiler** enhances the aerodynamic appearance of your PT Cruiser. Prepainted with a durable Clear Coat finish to match your vehicle's body color.

The accessories in this package are designed to work together to enhance your PT Cruiser. Of course, any accessory can be purchased individually, as well.

It's no secret that great looks and a good personality will take you far — and you've got the vehicle and accessories to prove it.

**Chrome Accent Grille** replaces the production grille, adding style and flair to your PT Cruiser's front fascia. Chrome accents attach to the horizontal bars on the upper and lower grilles. Durable finish will not chip or fade.

**Chrome Door Spears** are bodyside moldings that make your doors gleam while they accent your PT Cruiser's body lines.

**Chrome Fuel Filler Door** is a bright complement to any body color. Replaces existing fuel filler door.

**Chrome Exhaust Tip** adds extra street smarts to your PT Cruiser. Rigorously tested for corrosion resistance to ensure a long-lasting sparkle.
