Skoda Superb Estate 2.0 TDI 150 SE Technology

# NEW SUPERB – PERFECTION REIMAGINED

The challenge was to take an award-winning model and completely revolutionise it in terms of technical sophistication and design, enhance the functionality and refine it's beauty, whilst retaining its signature styling and luxurious interior.

## Introducing the NEW ŠKODA SUPERB.

Reimagined and reenergised it remains our most spacious, prestigious and technically advanced model. It also remains award-winning, having picked up 'Best Executive Car less than £25,000' and 'Best Estate Car' at What Car? Car of the Year 2019 Awards.

# COMMANDS ATTENTION FROM EVERY ANGLE

Authenticity, precision and purpose. The SUPERB's design conveys each of these in style. The perfectly balanced exterior proportions, sporty silhouette and dynamic horizontal lines have been enhanced, complemented as ever by razor-sharp angles throughout.

## REAR LED LIGHTS

The full LED rear lights are fitted with dynamic indicators, revealing where the driver is about to turn with a sense of vibrancy. The rear lights also feature C-shaped illumination, typical for the ŠKODA family, but updated with a modern twist.

## SUNROOF

This electric panoramic sunroof provides extra sunlight and fresh air at the simple touch of a button.

## FULL LED MATRIX HEADLIGHTS

Using a windscreen camera, the full LED Matrix headlights of the SUPERB can detect a car in front of you or in oncoming traffic. Based on this, the high beam adjusts itself incrementally. This ensures you get the best view without blinding other drivers.

## VIRTUAL COCKPIT

Put all the information you need right in front of your eyes with the customisable 10.25" digital display, which replaces the traditional instrument display and can be customised with four views (Classic, Basic, Extended and Modern). A fifth Sports view is available for SportLine Plus.

# INNOVATION WITH INTENT

A car interior needs to be more than spacious and inviting, it needs to be intuitive too. Where everything is designed to enhance the drive. Whether that's the position of the controls, the precision of the dashboard or the clever use of ambient lighting.

## TRI-ZONE CLIMATE CONTROL

This intelligent system enables different temperatures to be set for the driver, front and rear passengers. It's also fitted with a humidity sensor to reduce windscreen misting.

## LED INTERIOR LIGHT PACK

Selecting the SUPERB's LED ambient lighting is anything but a black and white decision. Includes decorative ambient lighting strips on the dashboard and front and rear doors which can be set to ten colours. Also includes front and rear reading lights, footwell lighting, door handle illumination and vanity mirror lighting.

# CONNECTIVITY TO GO WHEREVER YOU GO

By enabling you to be fully online on the move, the SUPERB helps you stay connected wherever your journey takes you. Thanks to its smart assistance systems, you'll also know the best places to park, shortcuts to take and routes to avoid.

## SMARTLINK+

From taking calls to switching between your favourite playlists, SmartLink+ enables you to safely use your smartphone through the infotainment system. It also includes SmartGate, which enables you to record and analyse your drive.

## NAVIGATION SYSTEM

The Columbus satellite navigation with 9.2" touchscreen display and integrated Wi-Fi will get you from A to B, but why stop there? With Bluetooth®, SmartLink+, DVD drive and two SD card slots, it offers complete connectivity on-the-go.

## EMERGENCY CALL

Activated by pressing a red button placed in the roof headlining, Emergency Call provides immediate contact with the emergency services. In the event of a crash, the call is made automatically to ensure you get the help you need.

## STAY CONNECTED

The new ŠKODA Connect system turns the SUPERB into a fully interconnected car. Infotainment Online provides satellite navigation, traffic reports and calendar updates.

## FILL YOUR BOOTS

With one of the best luggage capacities in its class, you'll never have to compromise on what your pack. The Estate offers an impressive capacity of 660 litres, which extends to 1,950 litres with the rear seats folded down. That means ample room for all your business, pleasure and practical essentials.

# ALWAYS FIT FOR PURPOSE

Famous for providing exceptional space, the SUPERB will help you make the most of it, thanks to a host of innovative features that celebrate the beauty of functionality.

## JUMBO BOX

The Jumbo Box is extremely handy for holding cups, as well as storing your gadgets, house keys and books. It is also home to a second USB port, now a standard feature with SUPERB.

## BOTTLE HOLDER

You will find a 1.5-l bottle holder in a spacious compartment in the front doors and 0.5-l holder in the rear doors.

## SPACIOUS STORAGE

Several storage compartments have been included in the interior to help you keep it looking its best. Some can also be air-conditioned, making it perfect for storing chilled refreshments.

# BIG ON THOUGHTFUL TOUCHES

## VIRTUAL PEDAL

On-hand when none of yours are free. Simply use a 'kick motion' underneath the luggage compartment to open the boot.

Hidden compartments for your valuables. Protection against the elements. The best ideas aren't always the biggest, they're the ones that make your life easier.

### ELECTRICALLY OPERATED BOOT

Open and close the boot without ever having to touch it. You can also adjust the height of the open position to suit your needs.

### KEYLESS ENTRY AND START/STOP INCLUDING REAR DOORS

With the new version of the Keyless entry and start/stop all doors can be used to unlock or lock the car.

### UMBRELLA STORAGE

A spot of rain will never dampen your spirits again thanks to the umbrella located in the front doors.

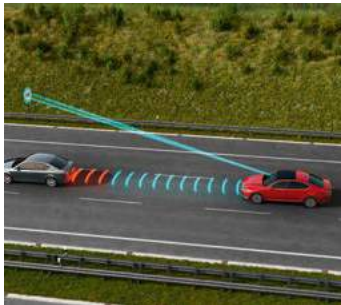

### LED TORCH

Always ready to shed some light on your SUPERB, this removable LED torch recharges while the engine is running.

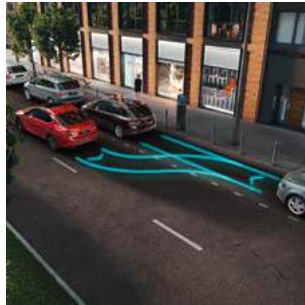

# LOOKING OUT FOR YOUR SAFETY

The easier your time behind the wheel, the safer your drive will be. It's why the SUPERB boasts a wide range of smart assistance systems to make everyday driving scenarios simpler, not to mention seven airbags as standard for added peace of mind. The car has also been awarded the maximum five-star safety rating by Euro NCAP.

## ADAPTIVE CRUISE CONTROL

Adapt your speed automatically with Adaptive Cruise Control, which uses the radar in the front grille to maintain a constant distance from the vehicle in front at speeds of 15mph or more.

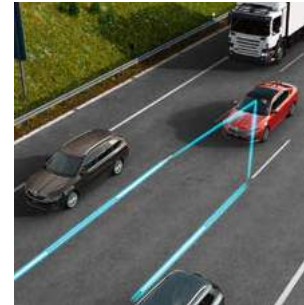

## PARK ASSIST

This function removes the stress of bay and parallel parking by identifying if the parking spot is big enough before automatically steering into the space.

## BLIND SPOT DETECT

An extra set of eyes on the road that monitors the blind spots allowing you to manoeuvre safely.

## LANE ASSIST

Helping you stay in the intended lane of travel, Lane Assist uses a camera to detect road markings, and supports steering if you veer too close to the edge.

## FRONT ASSIST WITH PREDICTIVE PEDESTRIAN PROTECTION

Using a radar device in the front grille, the Front Assist system is designed to monitor the distance from the vehicle ahead, and also includes an emergency braking function. The new SUPERB comes with Front Assist expanded with predictive pedestrian protection, which warns the driver via an audio/visual signal as well as a gentle jolt of the brakes.

### ON THE LOOKOUT

With a host of camera and radar-based assistance systems making continual assessments, you'll have peace of mind - wherever you're driving.

# HIDDEN STRENGTH

The SUPERB's bold styling and class-leading space may grab the headlines, but the car's inner workings tell an equally compelling tale. It's here you'll find the new generation of direct-injection turbocharged engines. All share the same reliability, yet each has its own distinctive story to tell. One best heard on the open road.

## FUEL-EFFICIENT ENGINES

Whether you favour petrol or diesel, you'll find a clever engine to suit. All options deliver a comfortable and compelling driving experience.

## DIRECT SHIFT GEARBOX (DSG)

DSG automatically adapts to your driving style, whilst taking road conditions into account. It reduces the strain on the engine and stress to the driver, by deciding when to change gear, leaving you free to concentrate on the journey.

## DYNAMIC CHASSIS CONTROL

This innovative system ensures the car's suspension is constantly adapting to suit the road and driving conditions. The ride setting can be changed at the touch of a button in the centre console.

# SUPERB S

Packed with features and thoughtful touches, this entry-level trim remains one of the best-equipped luxury family cars around.
