## THE COMPACT WITH IMPACT

The city is a hotbed of opportunity. It's the canvas for your dreams. A playground for your greatest desires. To make the most of your concrete adventures, you need a playmate that is as agile, as nimble and as spontaneous as you. In short, you need the new ŠKODA CITIGO.

A small car with big ambitions, it impresses with its refreshing style, surprising interior space and thoughtful technologies that make urban exploration more fun every day. From now on, wherever you go, the CITIGO goes, too.

The CITIGO is yet another example of our philosophy of making beautifully designed cars that are as much a joy to drive now as they were back when we started.

That's Simply Clever. That's ŠKODA.

# EXTERIOR DESIGN

# THE MUST-SEE IN THE CITY

Bright, refreshing, sparkling – the CITIGO is designed like your perfect urban accessory. It's one of the rare occasions where street-smart meets street-sharp.

## FRONT VIEW

The newly designed bonnet and front grille make the CITIGO even more impressive and a fitting member of the ŠKODA family. The logo stands out perfectly against the rounded edge of the bonnet above the chrome frame of the grille. The new wide air intake grid in the front bumper, with integrated fog lamps, underlines the grown-up look of the car.

## SIDE VIEW

The contours of the bottom window edges rise gently, giving the car a pleasant dynamic feel when viewed from the side. The SunSet tinted windows will improve the exterior look and protect passengers in the rear seats from the sun.

## REAR VIEW

The massive rear bumper gives the car the necessary amount of robustness.

#### PANORAMIC SUNROOF

The electrically-adjustable panoramic sunroof, which opens a large space over the front seats, is also a unique design feature.

#### HEADLAMPS

LED daytime running lights come as part of the headlamps.

#### REAR LIGHTS

The rear lights feature our familiar C-shaped illumination.

# PAINT THE TOWN RED OR KIWI GREEN

Dress up your CITIGO in your favourite colours using the ColourConcept, which allows you to match different body colours with a contrasting roof and external side-view mirror covers in black or white.

CANDY WHITE UNI WITH BLACK ROOF

CRYSTAL BLUE METALLIC WITH CANDY WHITE ROOF

TORNADO RED UNI WITH CANDY WHITE ROOF

TUNGSTEN SILVER METALLIC WITH BLACK ROOF

DEEP BLACK METALLIC WITH CANDY WHITE ROOF

KIWI GREEN UNI WITH BLACK ROOF

# INTERIOR DESIGN

# THE BEST VIEWS ARE INSIDE

While the city keeps you on your toes, the CITIGO is the perfect place to rest your feet. Its polished interior is matched by thoughtful comfort features, ensuring that you always arrive looking fresh.

## DASHBOARD

The dashboard, with its stylish instrument panel, is arranged practically so the driver can clearly see everything at a glance. The top offer includes a multifunctional leather steering wheel, which enables you to control the radio and phone.

## SPACE

The 4-seat CITIGO offers generous interior space – and not just for the front passengers. The precisely crafted interior with top-quality upholstery could easily be mistaken for that of a higher-class vehicle.

## ELECTRICALLY-ADJUSTABLE WINDOWS AND MIRRORS

The controls for the electrically-adjustable front windows and external mirrors are conveniently located in the door panelling.

**CONNECTIVITY**

# CONNECTIVITY TO GO

The Move&Fun smartphone app pairs your smartphone with the CITIGO's onboard computer, so you can enjoy your music and get key driving statistics at the flick of a finger.

## MOVE&FUN

The Move&Fun app for Android and iOS gives you easy and immediate access to a lot of functions. Just connect your smartphone to the radio via Bluetooth to gain access to your contacts as well as playlists. You can even evaluate information from the onboard computer, such as average fuel consumption. Thanks to the DriveGreen function, you will drive more economically. And you will never get lost with the TomTom navigation system.

# DON'T TALK, LISTEN

Let music be your favourite passenger. Play your favourite tunes through an intuitive infotainment system and lively speakers that will turn every ride into a concert.

## SWING

The Swing radio with colour display features many functions including Aux-in connection, SD card slot, Bluetooth and six speakers. It also comes with a USB connection in the centre console.

## MULTIMEDIA BRACKET

External appliances can be transported safely in the multimedia bracket.

## BLUES

The Blues radio with monochromatic display comes with Aux-in connection, SD card slot, CD drive and two speakers.

## SOUND SYSTEM

The high-quality sound system features six speakers (four in the front, two in the rear), an amplifier, and a subwoofer in the luggage compartment. Tech-savvy drivers in particular will appreciate the total power output of 300 W.

**SIMPLY  
CLEVER**

# SHORTCUTS TO SUCCESS

They say driving is where all your five senses are always engaged. So get some help with our host of Simply Clever solutions, where practical ingenious features will feel like a godsend.

## GLOVE COMPARTMENT

The glove compartment features integrated holders for your glasses as well as pens.

## DRINK HOLDER

The holder placed in the centre console is easily accessible to all passengers.

## STORAGE COMPARTMENTS

In the 3-door version, rear passengers can use storage compartments at the sides of the rear seats, which can also hold drink bottles.

## POCKETS

Storage pockets on the insides of the front seat backrests can hold a mobile phone, diary or other small items.

## UMBRELLA BOX

A box with the original ŠKODA umbrella can be found under the front passenger seat.

# SIZE S WITH XL ATTITUDE

It looks small but it packs quite a bunch. With clever seat folding features and a generous boot inside the CITIGO, you'll never have to leave your stuff behind.

## CAPACITY

In the basic arrangement, the luggage compartment has a capacity of 251 litres, which can be expanded to 951 litres by folding the rear seats. The foldable backrest of the front passenger seat, available in the 5-door version, provides even greater flexibility.

## NET PROGRAMME

A set of nets reliably prevents your items from moving around. Plus you're able to clearly see where you put things.

## HOOKS

There are four convenient hooks at the sides of the luggage compartment for hanging your bags.

# SAFETY

# SAFE AND THE CITY

While you're zig-zagging through the demands of urban life, the safety features of the CITIGO will take care of you, so you can stay carefree.

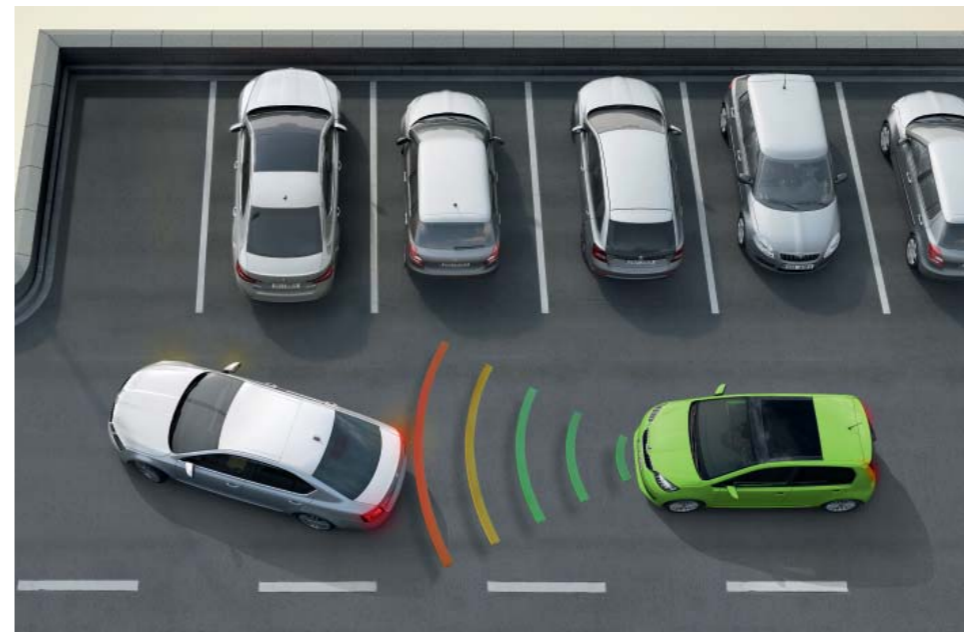

## FRONT AIRBAGS

Large-volume driver and front passenger airbags activate in conjunction with the front seat belt pretensioners, which literally anchor you in the right place in the middle of the seat.

## SIDE AIRBAGS

The special Head-Thorax side airbags, which can protect the heads and bodies of those in the front seats in a side impact, also come as standard.

## CITY SAFE DRIVE

The City Safe Drive system increases passenger safety on crowded city roads in particular. In case the driver fails to react to an obstacle in time, the system can prevent a collision. This equipment always comes in a combination with Light and Rain Assist, which offers additional functions, including automatic headlamp activation and rain sensor.

## POCKET FOR VEST

A special pocket for a reflective vest is located under the driver's seat, ensuring it's within reach if you need it.

## PARK DISTANCE CONTROL

Parking the CITIGO is safer and easier with Park Distance Control. Three parking sensors, which check the car's distance from any obstacles, are integrated in the rear bumper.

A composite image featuring a red hatchback car parked on a street in Monte Carlo. The car is positioned on the left side of the frame. In the foreground, there is a stone balustrade with decorative balusters. A large, thick tree trunk is visible on the right side. The background shows a building with a red brick sidewalk and a street. The text "MONTE CARLO" is overlaid in white, bold, sans-serif font across the center-right of the image.

# MONTE CARLO

# RIDE THE RED CARPET

When the racy legend of the Monte Carlo Rally meets the style of the principality, you get the exciting ŠKODA CITIGO MONTE CARLO. The car is characterised by a number of black exterior elements, which give it a unique style and a ferocious expression. With its distinctive look, it will stand out on any street you decide to park on.

## STEERING WHEEL

The multifunctional sports steering wheel with controls for the radio and phone comes in perforated black leather.

## EXTERIOR DESIGN

The specific features in a black design include the front grille frame, front bumper spoiler, external mirrors, rear lights, roof spoiler and diffuser. The car is also decorated with black or silver foils (according to body colour) in a chequered design on the sides and 5th/3rd door. Both the 3-door and 5-door version (except for cars with G-TEC engine) comes with a sports chassis.

## INTERIOR DESIGN

The sports interior with a glossy black dashboard panel features upholstery in a combination of red and black. The Monte Carlo version also offers a black ceiling and captivating red centre console. The interior is decorated with red stitching, which you can also find on the carpets.

## CRUX WHEELS

The distinct style is underlined by the 15" Crux black alloy wheels.

## SERPENS WHEELS

16" Serpens alloy wheels come as an option.

FUN ON THE GO

FUN

# LOOKS LIKE FUN

When you live life on-the-go, fun just happens. Like inside the lively ŠKODA CITIGO FUN. Dressed in crystal blue this car can make an urban splash, night or day. And its numerous Simply Clever solutions make the journey as much fun as the destination.

## STYLISH FEATURES

The white dashboard, blue centre console and chrome elements, such as door handles and air-ventilation and radio frames, have been designed to make you feel great.

## FRONT VIEW

Your car will be impossible to overlook thanks to the distinctive front headlamps with integrated LED daytime running lights and fog lamps in the front bumper. The decorative Fun foils underline its lively personality.

## INTERIOR DESIGN

The upholstery in the Fun design gives the interior a unique style. The black ceiling and columns lend the interior an exclusive feel. Your comfort is further increased by textile floor mats.

**G-TEC**

# ECO FRIENDLY BUDGET FRIENDLY JUST FRIENDLY

Driving shouldn't put a strain on the environment or your wallet. CNG (Compressed Natural Gas) promises a much greener alternative to conventional fuels. Made up of more than 90% pure methane gas, CNG is lighter than air and disperses easily. The CITIGO with 1.0 MPI/50 kW G-TEC engine produces just 82 g/km of CO<sub>2</sub>, reducing nitrogen oxide emissions and emitting no solid particles.

#### START-STOP

The system automatically switches off the engine when you are waiting at the traffic lights or moving slowly in a queue. The engine restarts once you press the clutch pedal.

#### PETROL AND CNG SWITCHING

The car is equipped with automatic switching between the two fuel systems. The engine is started using petrol and then switches to CNG. The indicator on the right shows the active regime.

#### TANKS

Inside, two safely designed CNG tanks can carry 72 litres of fuel. To stretch driving flexibility, we've also equipped the CITIGO with a 10-litre petrol tank. In other words, you can travel non-stop for up to 600 kilometres, skipping all petrol stations on the way.

**CUSTOMISATION**

# ACTIVE

The standard equipment of the Active version includes external side-view mirrors and door handles in black, chrome grille frame, adjustable steering wheel, four hooks in the luggage compartment, plus more.

**ACTIVE BLACK INTERIOR**  
Black dashboard

**ACTIVE BLACK INTERIOR**

# ACCESSORIES

# UPGRADE YOUR CITIGO

Accessories aren't just fashion fads. With ŠKODA Genuine Accessories, you can transform your car by expanding its practicality, safety and purpose, and make it a lot more suitable for your specific needs.

## PORTABLE COFFEE MAKER

Do you like coffee? With the portable coffee maker you can enjoy a sweet-smelling cup wherever and whenever.

## DOOR SILL COVERS

The decorative door sill covers carry the CITIGO inscription.

## SAFE SYSTEM

The car can be equipped with a mechanical transmission locking system.

## MATS

Easy-to-clean rubber foot mats protect the interior during inclement weather.

## COOLING BOX

The thermo-electric cooling box with a 15-litre capacity is powered from a 12 V outlet. The rear safety seat belt can be used to secure the box in the car.
