Live life to the full.

The new Ford Tourneo Connect is designed for the real world. It's distinctive new style means it will look perfectly at home wherever you drive. While its fresh interior provides comfort for longer journeys, with all the space and versatility you need to live life to the full.

Model shown is a Tourneo Connect Titanium in Kapoor Red metallic body colour (option), roof rail cross bars (option or accessory) and Thule® roof bike carrier* (accessory).

*See page 32 for more information.

360°

Surround yourself with smart ideas.

The new Tourneo Connect makes life on the road smart and convenient. So, you'll find features¹ like front and rear parking sensors, auto headlights and wipers to help you drive with confidence. Plus, a rear-view camera for easier reversing and a range of thoughtful ideas to help you stay in touch.

01 FordPass Connect* FordPass Connect and the FordPass App deliver a suite of connect services in your car and via your smartphone. The new FordPass Connect modem* makes your journeys easier. Live Traffic** delivers up-to-date traffic information to your SYNC 3 Navigation system. The on-board Wi-Fi allows you and your passengers to connect effortlessly to the internet with up to ten compatible devices*** (option). Download the FordPass App so that you can control a host of new features from your smartphone. Remotely lock and unlock your car, monitor your fuel level and tyre pressures and find your way back to your parked car on a map. Subscription charges may apply to FordPass Connect features, see below for more information.

02 DAB Radio with 4.2" TFT display with Bluetooth, MP3 capability, USB and six speakers. 6" TFT touchscreen display also available as shown in main image.

03 Wireless charging pad lets you recharge a compatible mobile device without the need for a charging cable (option). Wireless charging enabled device required.

¹See Series line up pages for full list of standard and optional features.

*FordPass Connect is an optional extra. The on-board modem will be connected at the time of vehicle delivery. You may choose to opt in/out of certain data sharing.

**Live Traffic is complimentary for the first 2 years following the registration of a new Ford featuring SYNC 3 with navigation; thereafter a licence fee is payable.

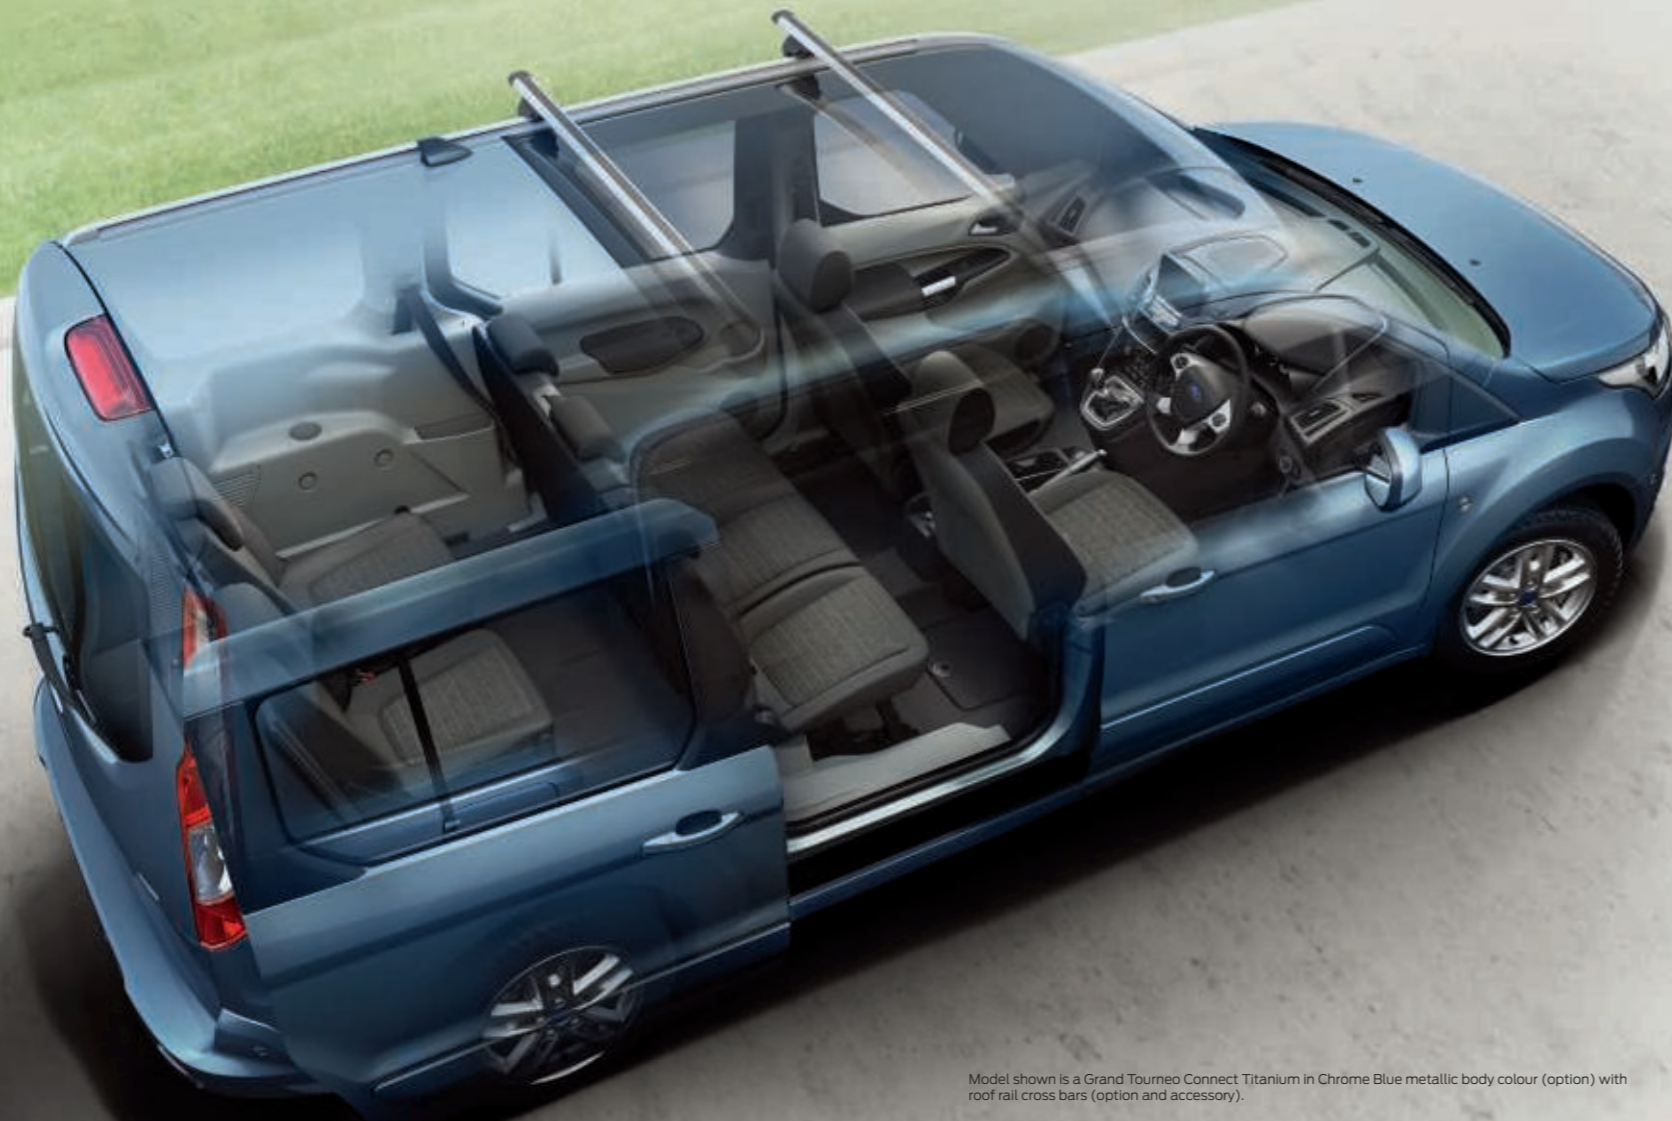

***Wi-Fi Hotspot (up to 4G LTE) includes complimentary wireless data trial that begins at the time of activation and expires at the end of 3 months or when 3GB of data is used, whichever comes first. Afterwards a subscription to Vodafone is required, refer to their website for details of their data packages. To take advantage of the built-in Wi-Fi hotspot capability, a 2018 Ford vehicle must come with the appropriate hardware, and a data plan is required. Data coverage and service is not available everywhere and terms of your data plan, including applicable message and data rates, may apply.

The Bluetooth word mark and logos are owned by the Bluetooth SIG Inc. and any use of such marks by Ford Motor Company Limited and its associate companies is under licence. Other trademarks and trade names are those of their respective owners.

Model shown is a Tourneo Connect Titanium in Kapoor Red metallic body colour (option) with SYNC 3 (option) and wireless charging pad (option).

Choose your bodystyle.

Space reigns supreme in new Tourneo Connect, with dual sliding rear doors and plenty of room for five passengers while the larger Grand Tourneo Connect offers a choice of five or seven seats.

Model shown is a Grand Tourneo Connect Titanium in Chrome Blue metallic body colour (option) with roof rail cross bars (option and accessory).

In both models, second row seats are split 60:40. The seat backs fold flat and the whole seat tumbles forward for easy access to the third row*. Second and third row* seats also fold flat to create a level surface to make room for extra luggage.

Handy stowage solutions, including overhead stowage for your passengers' belongings, keep the cabin clutter free. From 7 adults to a couple of kayaks, and most things in between, if you need to move it, put it in the Grand Tourneo Connect.

- **Overhead stowage console** above the front seats (standard)
- **Second-row overhead stowage** (option on Zetec)
- **Third-row overhead stowage console** (option)
- **Underfloor storage bin** offers a further storage option

*Grand Tourneo Connect 7-seat model.

5-seat Tourneo Connect Length 4,425 mm

7-seat Tourneo Connect Length 4,825 mm

Meet your phone's new best friend

Ford SYNC 3

Ford SYNC 3 integrates seamlessly with your compatible smartphone, letting you control everything from phone calls and text messaging to music and satellite navigation – all via the 6" touchscreen or through remarkably simple voice commands. (Option) We're committed to enhancing and improving upon the SYNC & Maps driving experience and will periodically release software updates so you have the latest version of SYNC & Maps.

SYNC 3 features

- Manage your phone, music, apps and navigation with simple voice commands
- Hear your text messages read aloud for you
- Emergency Assistance[†] helps occupants place an emergency call to provide emergency services with the vehicle location in their respective language
- Control SYNC-compatible apps with AppLink, while Apple CarPlay and Android Auto let you navigate your smartphone through the SYNC 3 home

screen, as if it were your handset

- Colour touchscreen supports multi-touch 'swipe' and 'pinch-to-zoom' gestures, and lets you arrange application icons and background displays just as you would on your tablet or smartphone

Access additional features via your smartphone with the **FordPass App**.

- Select points of interest along your route. FordPass will send these locations to your SYNC 3 Navigation when you connect through AppLink
- Search for refuelling points by brand or fuel grade
- Search available parking spaces, check costs, opening hours and ratings

Please note: Full SYNC 3 smartphone integration only available with iPhone 5/Android 5.0 (Lollipop) or higher. Some SYNC 3 functions require a data connection, so mobile data charges will apply. To check whether Apple CarPlay and Android Auto are available in your market, please check official Apple CarPlay and Android Auto websites for the latest information.

[†]Ford Emergency Assistance is an innovative SYNC feature that uses a Bluetooth[®]-paired and connected mobile phone to help vehicle occupants initiate a call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

Born connected

Only Ford can deliver a fully connected ecosystem that is built in from the start. The FordPass Connect* modem and the FordPass App make the job easier, unlocking a range of efficiency and security features.

- Live Traffic (two year trial)[†] sends up-to-date traffic information directly to the SYNC 3 Navigation system. The technology then adjusts the recommended route based on the traffic conditions, so you waste less time on the way to your next job
- On-board Wi-Fi (three month trial)^{**} with speeds of up to 4G this enables mobile working for up to 10 devices. You can even use the hotspot from up to 15 m outside the vehicle for more efficient mobile working when you get to the site
- Subscription charges may apply to FordPass Connect features, see below for more information.

FordPass Pro** gives you the tools to look after your business vehicles. Designed especially for owner operators and small business owners, its features and services help you keep your vehicles secure and running smoothly.

- Keep track of all your vehicle locations (up to five) on one map
- **Check vehicles are locked** and lock them remotely wherever you are
- **Receive Health Alerts for your vehicles** and see their key health info all in one place
- **Receive reminders** for important dates like MOT and services, to help you plan ahead and keep vehicles on the road

FordPass Pro is available in selected markets. Please see your Ford Dealer for details. FordPass Pro is designed for business customers with up to 5 Ford vehicles (that have FordPass Connect subscriptions).

*FordPass Connect is an optional extra. The on-board modem will be connected at the time of vehicle delivery. You may choose to opt in/out of certain data sharing. The technology will be made available in selected markets in 2019, with the remaining markets following through 2020.

**FordPass Pro, or certain features of FordPass Pro, may require a paid subscription either now or in the future. Your access to FordPass Pro, or its features may be limited if you choose not to subscribe to these services.

[†]Live Traffic access is complimentary for the first 2 years following the registration of a new Ford featuring SYNC 3 Navigation; thereafter a licence fee is payable.

^{**}Wi-Fi hotspot (up to 4G LTE) includes complimentary wireless data trial that begins at the time of Wi-Fi hotspot activation and expires at the end of 3 months or when 3GB of data is used, whichever comes first. Afterwards, additional data bundles can be purchased from Vodafone. Please refer to their website for details of their data packages. To take advantage of the built-in Wi-Fi hotspot capability, a 2019 Ford vehicle must come with the appropriate hardware, and a data plan is required. Data coverage and service is not available everywhere and terms of your data plan, including applicable message and data rates, may apply.

^{††}Ford Data Services[™] and Ford Telematics[™] require a valid contract and account subscription.

Intelligent technology that helps keep you one step ahead.

The new Tourneo Connect looks out for you and those around you.

Pre-Collision Assist⁰²⁾ can detect vehicles and pedestrians in the road ahead, or who could cross the vehicle's path, and warns you of their presence. If you don't respond, the system automatically applies the brakes. This technology is designed to help reduce the severity of accidents, or help avoid them, and functions at speeds of up to 50 mph (standard).

01 Ford Blind Spot Information System⁰¹⁾

As another vehicle – a car, van or lorry – enters your blind spot, it is designed to alert you with a discreet warning light built into the driver's and passenger's door mirrors (option).

02 Emergency Brake Assist⁰¹⁾

Designed to recognise an emergency braking situation and increase the pressure within the braking system to provide extra stopping power (standard).

03 Lane-Keeping System (Lane-Keeping Alert and Lane-Keeping Aid)⁰²⁾

Lane-Keeping System uses a forward-looking camera to help detect if you're unintentionally drifting out of lane. Lane-Keeping Alert then warns you by vibrating the steering wheel and displaying a visual warning. If you're slow to react or don't respond, Lane-Keeping Aid can provide steering torque assistance to help guide you back into the correct lane. The technology is designed for multi-lane roads, such as motorways, and will automatically deactivate at speeds below 43 mph or can be turned off manually (standard).

⁰⁾Uses sensors.
¹⁾Safety feature.
²⁾Driver assistance feature.
³⁾Designed to operate at speeds above 10 km/h.

Driver assistance technologies for the real world.

Combining information from camera and radar technology, new Tourneo Connect can help in various driving situations. From Intelligent Speed Assist that helps you keep within the speed limit, to Driver Alert that warns you when to take a break, Tourneo Connect is always ready to lend a hand.

01 Intelligent Speed Assist⁽²⁾ with Traffic Sign Recognition[®] Detects speed limits, including variable limits, and no-overtaking signs via the forward-facing camera and shows them in the cluster display. Intelligent Speed Assist uses the information to help you keep within the prevailing speed limit⁽¹⁾. (Standard)

- 02 Driver Alert⁽²⁾** Designed to warn you if the system detects driving behaviour that indicates a drop in alertness levels. Initially, a warning icon is displayed in the instrument cluster, followed by an audible chime if driving alertness further declines. (Standard)
- 03 Distance Indication** An instrument cluster display continuously indicates the distance to the vehicle in front. The system illuminates a series of coloured icons depending on the proximity settings you've chosen. Distance Alert can notify you with a red warning symbol if you get too close to the vehicle ahead. (Option)

[®]Uses sensors.
⁽¹⁾Speed limit may vary according to road and vehicle size. Driver is responsible for adhering to the speed limit at all times.
⁽²⁾Driver assistance feature.

01

03

Parking made simple.

Active Park Assist can park your Tourneo Connect for you. The system can locate a suitable parking space and automatically steer you into a parallel or perpendicular space. It can also manoeuvre you out of parallel spaces too. All you need to do is operate the accelerator, brake and gears. (Option)

Active Park Assist can help you find a suitable parking space and will automatically steer you in – and out – as required. (Option)

Rear-view camera Select reverse gear and the image from the rear-view camera displays automatically in the central colour Multi-Function Display screen or the rear-view mirror (depending on system specified). Marker lines overlaid on the camera image indicate where the vehicle is heading. (Option)

Parking distance sensors, front and rear²⁾ help you to judge the distance between your vehicle and obstacles at the front and rear, for easier parking and manoeuvring. (Front sensors are an option on all series. Rear sensors are standard on Titanium, option on Zetec)

²⁾Driver assistance feature.

Helps you find a space.

And get in. And get out.

The story of less fuel, more power.*

New Ford Tourneo Connect brings bold design and fuel-efficient engines with all-new 1.5-litre Ford EcoBlue diesels.

Ford EcoBlue diesel engine.

- All-new 1.5-litre Ford EcoBlue diesel engine, with power outputs from 100 PS (74 kW) to 120 PS (88 kW)
- Tourneo Connect's advanced, high-performance 1.5-litre Ford EcoBlue diesel engine range combines flexible power for long distance driving with excellent fuel consumption and CO₂ emissions with test figures from 118 g/km**.

*Compared to previous model engines.
**Calculated Drive Cycle test figures for Tourneo Connect with 1.5-litre 120PS Ford EcoBlue diesel engine and 6-Speed Manual Transmission.

Greater performance, fewer emissions.*

New Tourneo Connect's Ford EcoBlue diesel engines comply with stringent Euro Stage 6.2 emissions standards. A Selective Catalytic Reduction (SCR) system uses AdBlue®, a urea/water-based fluid to convert NO_x emissions in the exhaust gas into nitrogen and water while the diesel particulate filter is designed to capture 99% of emitted solid particulates from the vehicle's exhaust.

Brighter thinking for an easier life.

Tourneo Connect's new Bi-Xenon headlights offer enhanced light quality over halogen bulbs, while using less energy. (Option)

Follow-me home lighting ensures the headlights and puddle lights (where fitted) stay on for a few extra seconds as you walk away from your car. A convenient feature that should help you see your way to your door at night. (Standard on Titanium, option on Zetec)

Static cornering fog lights are designed to provide additional illumination of the area to the side of the vehicle when cornering, helping to make night-time parking and turning easier. (Standard on Titanium, option on Zetec)

LED daytime running lights are designed to enhance Tourneo Connect's distinctive design, while making it more visible in bright conditions. (Option)

Model shown is a Tourneo Connect Titanium in Chrome Blue metallic body colour (option).

FORD TOURNEO CONNECT Remarkable Technologies

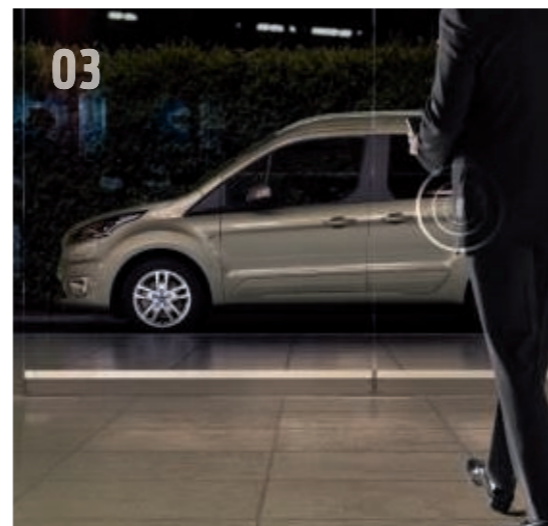

01 Automatic transmission is available for the 100 PS and 120 PS Ford EcoBlue diesel engines. The new 8-speed transmission helps make Tourneo Connect even easier and more relaxing to drive. (Option)

02 FordPass App is a new platform offering a collection of personal, digital and physical solutions that will empower you to rethink the way you move. This smartphone App provides access to Ford services, and a range of connected vehicle features. Receive up-to-the-minute traffic data*, search for refuelling points, search available parking spaces and their opening hours and select points of interest around your current location or enroute to your planned destination. FordPass automatically sends these locations to your SYNC 3 Navigation when you connect through Applink.

*FordPass features are complimentary for the first 2 years following the registration of a new Ford featuring SYNC 3 with navigation; thereafter a licence fee is payable.

03 Ford KeyFree System allows you to lock or unlock the doors without ever holding the key. Just keep the key fob with you in your pocket or bag. (Option)

04 Ford Power Starter Button lets you start the car by the press of a button. (Standard on Titanium, option on Zetec)

05 Panorama roof lets you enjoy more beautiful views of surrounding scenery from the comfort of your Tourneo Connect. The glass also has a solar reflective coating to help keep the interior cool. While an integrated sunblind provides extra shade when you need it. (Standard on Titanium, option on Zetec)

06 Innovative stowage solutions include an under floor storage compartment and overhead lockers to help keep the cabin clutter free. (Availability varies according to model. Please see page 7 for more information)

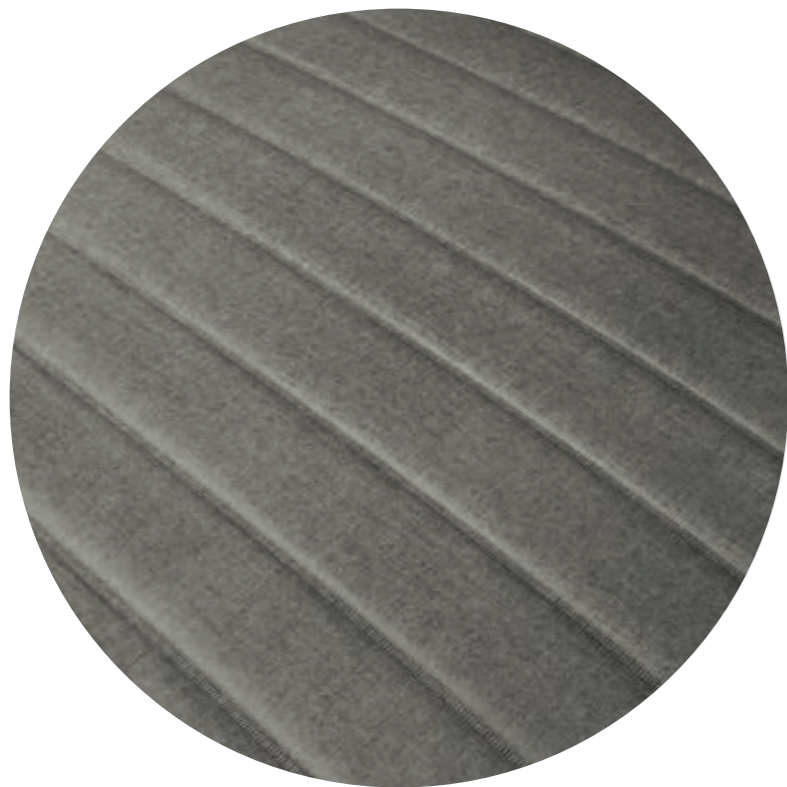

07 Power inverter is located between the driver and front passenger seats. The handy 230 V power socket can be used to charge tools, laptops or other electrical equipment without the need for special adaptors. (Option)

08 Quickclear heated windscreen can demist the windscreen screen in seconds, even on frosty mornings. (Standard)

Sit back and relax.

Interior trim

A choice of beautiful trims will further elevate your Tourneo Connect's stunning interior.

FORD TOURNEO CONNECT Accessories

Rubber floor mats

Tray style rubberised all-weather floor mats are tailor-made to fit and help to protect against dirt and damp. The driver's mat is securely fixed directly onto the vehicle's floor to help prevent it from slipping. (Accessory)

Tow bar, fixed or detachable

Providing extra transport and stowage capability. Both a fixed and detachable tow bar are available. The tow bar can tow up to 1500 kg* depending on engine (check with your Ford Dealer for further details).

Boot liner

Durable tray style liner, designed to keep the load compartment clean and tidy, ideal for transporting wet or dirty items. 5 seat model only. Excludes Sport (Accessory)

Alloy wheels

A wide selection of styles are available in 16". (Option and Accessory)

Roof rails

Stylish roof rails enhance your Tourneo Connect's appearance and versatility. (Option and Accessory)

Cross bars, for roof rails

Aerodynamic-shaped aluminium profiles, for all attachments such as roof boxes, bike carriers and ski racks. (Option and Accessory)

Thule®+ roof box

Increase the storage capacity of your Ford with a range of high-quality Thule®+ roof boxes. The sleek and aerodynamic designs ensure stability as well as stylish looks, whilst the user-friendly fixations, locks and opening mechanisms give you the ultimate in protection and convenience. Available in a selection of different sizes. (Accessory)

Thule®+ roof bike carrier

Take your bicycle anywhere. This high quality, easy to install bike carrier is designed for easy loading and unloading of your bike. Lockable to help protect your bike from theft. (Accessory)

Thule®+ roof ski/snowboard carrier

Elegant, lockable ski carrier suitable for up to six pairs of skis or four snowboards. (Accessory)

Mud flaps

Contoured mud flaps help to protect the bodywork of your Ford Tourneo Connect from stone chips and road spray (excludes Sport).

ClimAir®+ wind deflectors

Gives you a more comfortable drive with the front windows open, even during light rain. (Accessory)

Xvision+ parking distance sensors

Make difficult manoeuvres easy with Xvision parking distance sensors. An audible warning helps you to judge parking distances. (Accessory)

*Towing and load capacity depends on engine and vehicle series. Please refer to vehicle weight and load specifications. Fitment of accessories may have an impact on your vehicle's fuel consumption.
†Item covered by third party supplier's warranty, please see back cover for details.
Items ordered as an option will be fitted in the factory. If ordered as an accessory, items will be fitted at the dealership.
To view the full range of accessories for your Ford Tourneo Connect visit www.ford-accessories.co.uk
For a range of Ford branded items – from clothing to lifestyle products – visit www.fordlifestylecollection.com

Making ownership easy and affordable.

Take advantage of a range of invaluable services and make the most of your vehicle.

FORD SERVICE

With Ford, the service doesn't end when you leave the showroom. Ford Service is designed to keep your Ford in great condition and help you make the most of your vehicle – throughout its life.

- Ford Online Service Booking
- Comprehensive service and maintenance plans
- Use of genuine Ford parts for added peace of mind
- Ford trained technicians using the latest diagnostic equipment and tools
- One Call for everything Ford 0203 564 4444
- Ford Accident Management, service free to all drivers

Also, every Ford vehicle comes with 12 months UK and European Roadside Assistance from the date of registration. This can be extended a further 12 months when your vehicle has a scheduled service at a participating Ford Dealer.

Finance

When it comes to financing your vehicle, our size and expertise means we're well placed to provide you with a wide range of finance products.

Ford Credit[®]: Provides a range of finance plans for your vehicle whether you are a private or business user.

Weights, loads, fuel, performance and emissions

The test used to establish fuel consumption and CO₂ figures has changed to deliver results that are more representative of real life driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption figures shown are derived from the new WLTP test. However, until 6th April 2020, the CO₂ figure shown will be the NEDC equivalent and this will be used to calculate Vehicle Excise Duty.

The table below shows the fuel consumption (WLTP) and CO₂ emissions (NEDC equivalent) figures for each available engine. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.

The figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other vehicles tested to the same technical procedures.

0-62 mph (secs)	13.4	15.0	12.7	13.3	13.4	15.0	12.7	13.3

⁰⁰ The declared Fuel/Energy Consumptions, CO₂-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) have Fuel/Energy Consumptions and CO₂-Emission information for both New European Drive Cycle (NEDC) and WLTP. WLTP is a new, more realistic test procedure for measuring fuel consumption and CO₂ emissions and will fully replace the NEDC latest by end of the year 2020. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk>.

*The wheel you choose will be fitted with the tyre size noted, but no choice of tyre brand is available.

Live Traffic* is available through FordPass. Connecting seamlessly via SYNC 3 with navigation, Live Traffic gives you up-to-the-minute traffic data, enabling you to plan your journey more efficiently.

Key features

- Real-time traffic information, including traffic speed, accidents and road closures
- Alternative route guidance and mapping to help you avoid problem areas

*Live Traffic access is free for the first 2 years following the registration of a new Ford featuring SYNC 3 with navigation; thereafter a licence fee is payable.

Traction Control⁽¹⁾

If wheel slip is detected at low speed, this system can distribute more torque to the wheel with most traction.

Trailer Sway Control⁽¹⁾

When it detects trailer sway, the system is designed to reduce engine torque and apply the brakes to the appropriate wheel(s) to help maintain control – standard with all Ford tow bars.

Hill Start Assist⁽²⁾

Designed to temporarily prevent you from rolling down a slope when you move your foot from the brake pedal to the accelerator pedal. It works in forward and reverse gears, so is ideal for towing and pulling heavy items and equipment for outdoor pursuits. (Standard)

Electronic Stability Control (ESC)⁽¹⁾

ESC is designed to help you maintain control in extreme driving conditions. It senses when you are deviating from your chosen line and aims to keep you on track by automatically regulating braking and engine output. (Standard)

⁽¹⁾Uses sensors.
⁽¹⁾Safety feature.
⁽²⁾Driver assistance feature.

Model shown is a Grand Tourneo Connect Titanium and tow bar (option or accessory).

¹⁾Safety feature, ²⁾Driver assistance. *Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag.

Intelligent Protection System.

Ford Tourneo Connect's advanced Intelligent Protection System (IPS)⁽¹⁾ uses a range of sophisticated technologies designed to keep you protected, including an ultra-high strength steel safety cage, an anti-lock braking system with Emergency Brake Assist and front, side and curtain airbags.

⁽²⁾Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the rear seat.

⁽³⁾Uses sensors.
⁽¹⁾Safety feature.

The Ford Tourneo Connect IPS includes

1. Driver's and front passenger's⁽²⁾ airbags
2. Driver's and front passenger's side impact airbags
3. Side curtain airbags for front and rear seats
4. Collapsible steering column and pedals for optimised protection of driver's legs and feet
5. Anti-lock brakes, electronic brake-force distribution and Emergency Brake Assist
6. Robust computer-optimised body structure with ultra-rigid safety cell and crumple zones
7. Pre-tensioners, load-limiting retractors and height-adjustable mounts on front seat belts
8. Seat belt minder display
9. Anti-submarining seat bases

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and recommended prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. Fitment of accessories may have an impact on your vehicle's fuel consumption. **Note.** The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.
