CALIFORNIA T GENUINE 20" FORGED WHEELS SET

Developed exclusively for the Ferrari Genuine catalogue, these 20" forged wheels were designed by the Centro Stile Ferrari to enhance the style of the California T

Manufactured with state of the art forging technology, these wheels contribute to significantly reducing the overall weight of the car while enhancing driving feeling.

The two-tone finish, with a diamond polished treatment for the outer spokes, lends the wheel a visually light and sporty look, while the version with "Sparkling Silver" paint finish, a colour offered exclusively for this component, gives the car a more classic look perfectly in keeping with the original concept.

Part No.	Description
70004983	Genuine 20" forged wheels set, Sparkling Silver
70004984	Genuine 20" forged wheels set, two-tone matte diamond polished

FERRARI CALIFORNIA FERRARI GENUINE 2DIN INFOTAINMENT SYSTEM

Ferrari Genuine offers a new 2DIN infotainment system that allows owners to upgrade their cars with state of the art in terms of navigation, connectivity, multimedia and audio entertainment technology.

Featuring an entirely touch screen based user interface, the system lets the user continue to use the original controls as normal without affecting the ergonomics of the dashboard. The new infotainment system includes advanced functions that assist the driver under normal driving conditions.

In addition, the compatibility with Apple CarPlay and Siri, an advanced GPS navigation system with 3D graphics and voice activation, a customisable equalizer and other functions complete this latest generation 2DIN system.

The system is fully incorporated into the vehicle through an installation kit which includes special cluster, integrated steering wheel control systems and software developed to meet the specific Ferrari Genuine brief.

Part No.	Description
70004353	Ferrari Genuine 2DIN Infotainment System
70004352	Ferrari Genuine 2DIN Infotainment System with rear camera
70004310	Ferrari Genuine 2DIN Infotainment System with additional DAB module

812 SUPERFAST TAILPIPE TIPS – SPECIFIC FOR THE US MARKET

The continuous quest for new materials to offer even better performance in every single detail has always been part of the Ferrari spirit. These tailpipes with a black ceramic coating, applied with specially developed technological process, give the car an even more aggressive look. This coating ensures durable resistance to discolouration, even when exposed to high temperatures, and also makes the tailpipes more weather resistant and offers protection against occasional minor damage.

Alternatively, the titanium version of the tailpipe tips styled with a design which echoes the standard components in an example of Ferrari's continuous commitment to improving its products.

Part No.	Description
70004346	Tailpipe tips with ceramic coating, black (USA)
70004347	Titanium tailpipes (USA)

812 SUPERFAST CARBON FIBRE OVERMATS KIT

Manufactured using patented new technology, Ferrari Genuine overmats are made with real carbon fibre used for feet area and feature a special clear coat layer which gives the mat a non-slip finish without compromising the look of the material.

The vehicle logo appears on a laser-etched leather patch on both the driver and passenger side mats.

The real leather support base lends superb flexibility to the overmats, while ensuring they retain their rigid, substantial feel.

The border around the edges is also made from leather, with fine stitching in grey tones.

Part No.	Description
70004944	LHD carbon fibre overmats kit
70004946	LHD carbon fibre overmats kit with fire extinguisher
70004945	RHD carbon fibre overmats kit
70004947	RHD carbon fibre overmats kit with fire extinguisher
