A PARTIAL LIST OF ACCESSORIES AND POWER FEATURES APPEARS HEREIN. A FULL PRICE LIST FOR ALL MODELS AND OPTIONS IS AVAILABLE AT ANY LOCAL AUTHORIZED OLDSMOBILE QUALITY DEALER'S.

# All Olds in Action!

You'll discover "something extra" in the way an Olds handles and responds! There's V-8 power in every model . . . from the magnificent Ninety-Eight to the low-priced F-85! And smooth 4-S Hydra-Matic—the performance transmission—adds a solid, geared-to-the-road feel to Oldsmobile's famous rocketing get-up and go!

### New Fire-Swirl Combustion Chamber increases efficiency, boosts Skyrocket Engine h.p. to 330!

For '62, a unique Fire-Swirl combustion chamber . . . with a new contoured head and dished piston . . . improves firing, steps up fuel efficiency—increases horsepower to 330! An increase in bearing sizes also makes this superb power plant finer than ever for '62 . . . adding new smoothness and quietness! The Skyrocket Engine has a 4-barrel Multi-Jet Carburetor, 10.25-to-1 compression ratio, 394-cubic-inch displacement. It is standard equipment on all Ninety-Eight and Super 88 models, available at extra cost on the Dynamic 88.

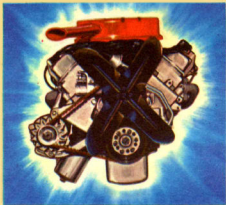

### Rocket Engine features higher compression, 280-h.p.!

Lower-ratio rear axle saves gas!

New 10.25-to-1 compression and Fire-Swirl Combustion Chamber put extra zip in the Rocket V-8 . . . squeeze extra energy out of every drop of gasoline! Horsepower has been stepped up to 280. And the rear axle ratio has been stepped down to 2.56-to-1 . . . to take you farther at every turn of the engine, save gas! This action-combination of Rocket Engine and economy axle gives you more go per gallon . . . and it's standard on every Dynamic 88!

### Ultra High-Compression Cutlass 185 Aluminum V-8 . . . now available in every F-85 model!

Oldsmobile's ultra high-compression Cutlass 185 combines all the advantages of light-weight aluminum construction . . . inherently smooth V-8 design . . . and a lusty 10.25-to-1 compression ratio. It delivers a hustling 185 horsepower with 230 lb.-ft. of torque! The Cutlass 185 is performance-engineered with a high-capacity manifold, four-barrel carburetor and a high-torque 3.36-to-1 rear axle. Cutlass 185 is standard equipment on F-85 Cutlass models; optional at extra cost on all other F-85 Oldsmobiles.

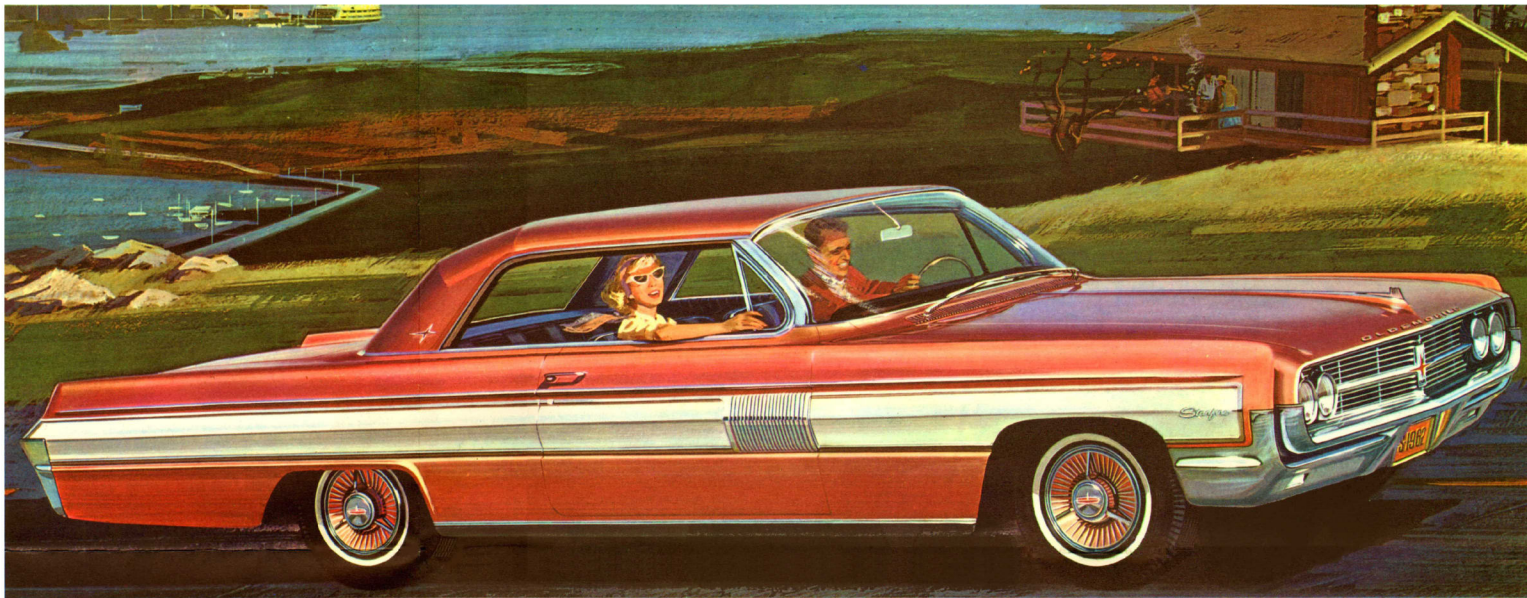

### New 4-S Hydra-Matic Drive features extra smoothness . . . new silence . . . added passing safety . . . superior response!

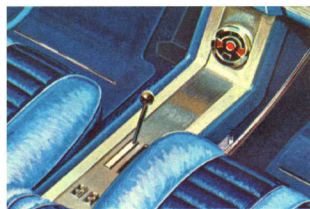

There's a smooth, solid, geared-to-the-road "feel" to Oldsmobile's 4-S Hydra-Matic! New pressure-compensated shift pattern adds new smoothness to automatic driving without sacrificing performance! There's new silence—through all four stages—from first take-off to full tilt! There's the added safety of more efficient downhill engine braking in all speed ranges . . . coupled with an exceptionally authoritative passing gear! Plus a crisp responsiveness that makes 4-S Hydra-Matic the performance transmission with the solid "feel"!

### New Factory-Sealed Lubrication . . . Self-Adjusting Power Brakes simplify '62 Oldsmobile maintenance!

For '62, all full-size Oldsmobile chassis lubrication points are factory-sealed to provide a longer-lasting "original-design" ride and reduced maintenance cost! Under normal conditions, your Olds should not require further chassis lubrication. In addition, Oldsmobile's 1962 power brakes adjust themselves, evenly and automatically, in the normal course of driving!

STARFIRE COUPE

Gleaming sports-type console, complete with stick-operated 4-S Hydra-Matic and tachometer, is flanked by comfort-contoured bucket seats . . . handsomely detailed in fine deep-buff leather!

### STANDARD EQUIPMENT

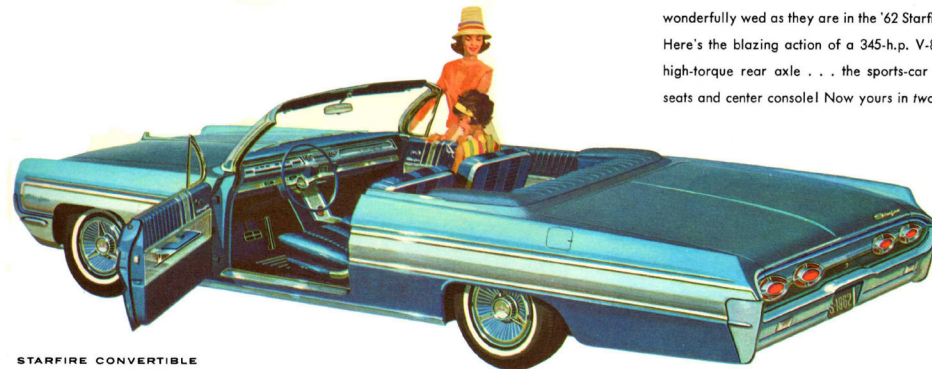

Foam-cushioned, leather-detailed bucket seats • Sports-type control console • Tachometer • 4-S Hydra-Matic Drive with stick control • Power steering • Power brakes • Aluminum-accented carpet inserts • Starfire V-8 Engine with 10.50-to-1 compression ratio, high-speed camshaft, Multi-Jet Carburetor, Ultra high-compression cylinder heads • 440 lb.-ft. torque at 3200 rpm • 345 h.p. at 4600 rpm • Dual exhaust system • Special fiber-glass-packed mufflers • Color-matched luggage compartment • Wheel-base, 123" • Overall length, 213.9" • Power seat, power windows and white-wall tires are also standard on the Starfire Convertible.

STUNNING NEW

*Starfire*

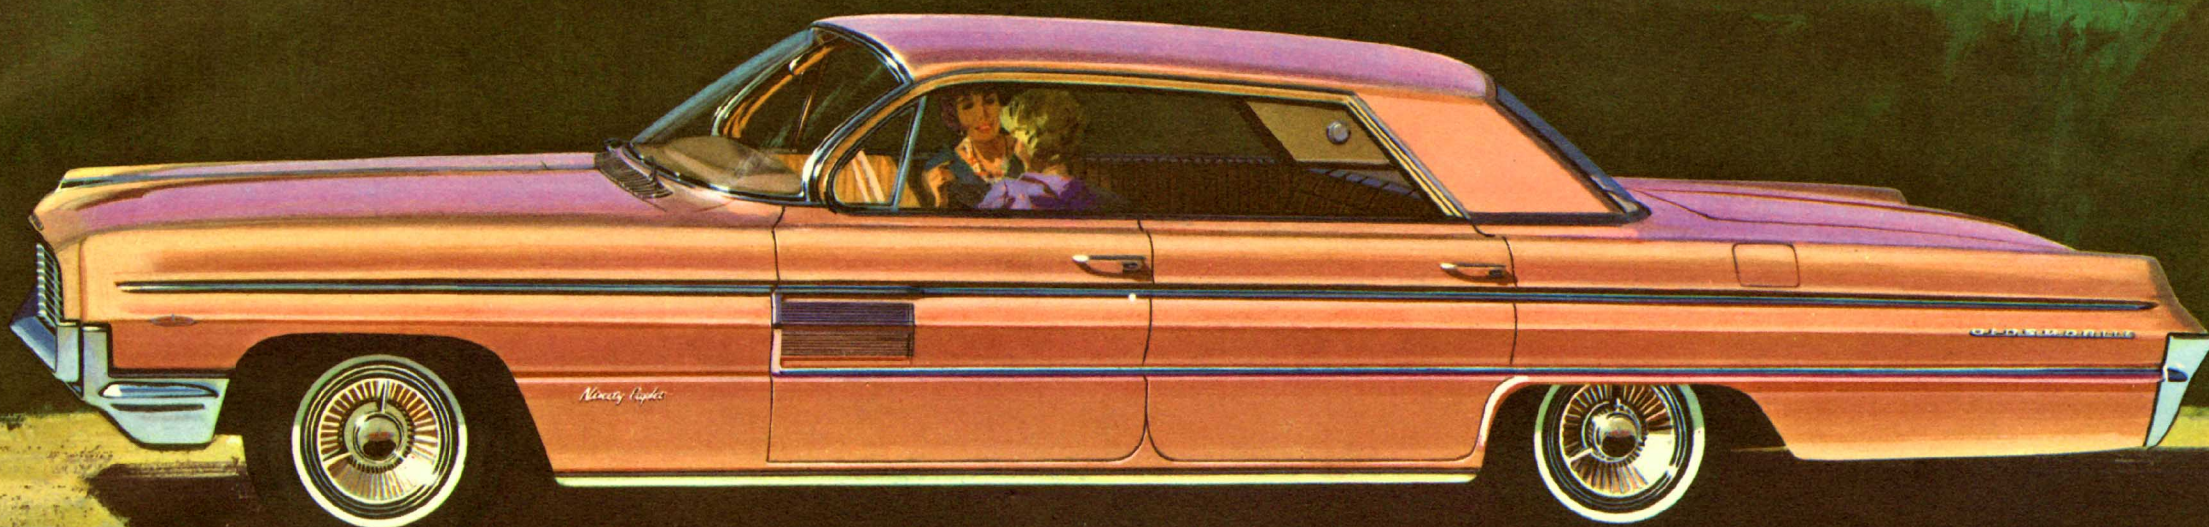

...AN OLDSMOBILE ORIGINAL!

Sparkling style and spirited performance were never so wonderfully wed as they are in the '62 Starfire by Oldsmobile! Here's the blazing action of a 345-h.p. V-8 power plant and high-torque rear axle . . . the sports-car fashion of bucket seats and center console! Now yours in two new body styles!

STARFIRE CONVERTIBLE

***There's "SOMETHING EXTRA"***  
***about owning an OLDS!***

The personal sense of pride as you quietly tell a parking lot attendant, "Mine's the '62 Olds."  
 The glow of excitement when you thread your Olds through traffic . . . or put it through  
 its paces on a turnpike . . . or merely park it out front. The calm assurance of knowing  
 that you've invested wisely and well . . . and that your investment will hold.

These, indeed, are characteristics of Oldsmobile ownership. And every brilliant 1962 model  
 shown inside—the Ninety-Eights, Super 88's, Dynamic 88's, F-85's and the glittering new Starfire—  
 dramatically illustrates the point: *There is "something extra" about owning an Olds!*

**Super 88 Celebrity Sedan**

Sleek Moroccan lends perfect contrast to fashionable fabrics!

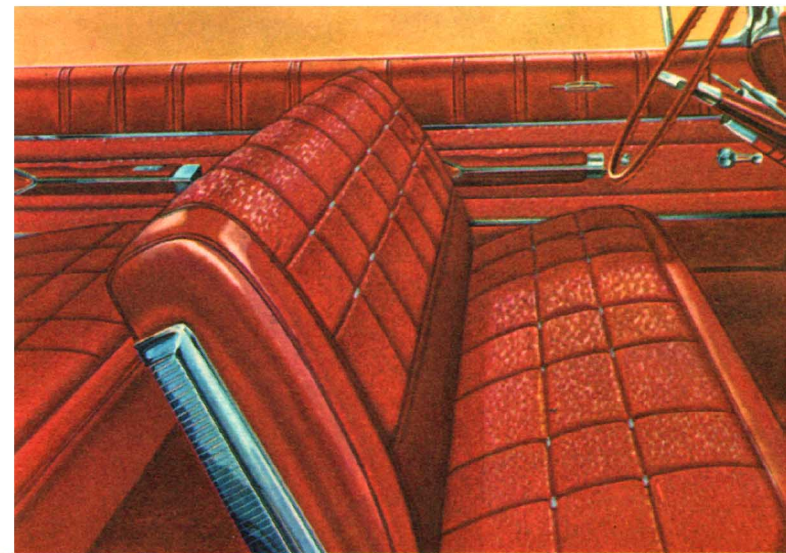

**Dynamic 88 Holiday Coupe**

Moroccan and textile . . . or all Moroccan. Eight colorful choices in all!

**Ninety-Eight Holiday Sedan**

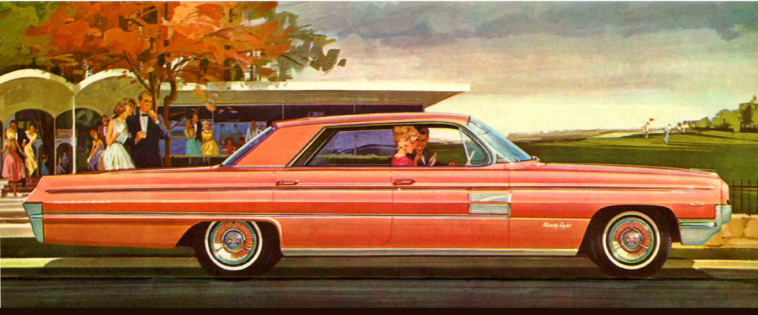

Brilliant interior chrome appointments set off its luxurious tailoring!
