Where Style and Service Meet

YOU will be proud to see this Ford Coupe standing at your home.

It is graced with a pleasing body design and suggests brisk, robust efficiency, befitting the strenuousness of your busy days. Versatile and dependable, the Ford Coupe is well adapted to a wide range of utility for the business and professional man.

Simplicity of control is an important Ford feature. Swift pick-up avoids delay in traffic. The Coupe is easily and quickly parked in close quarters.

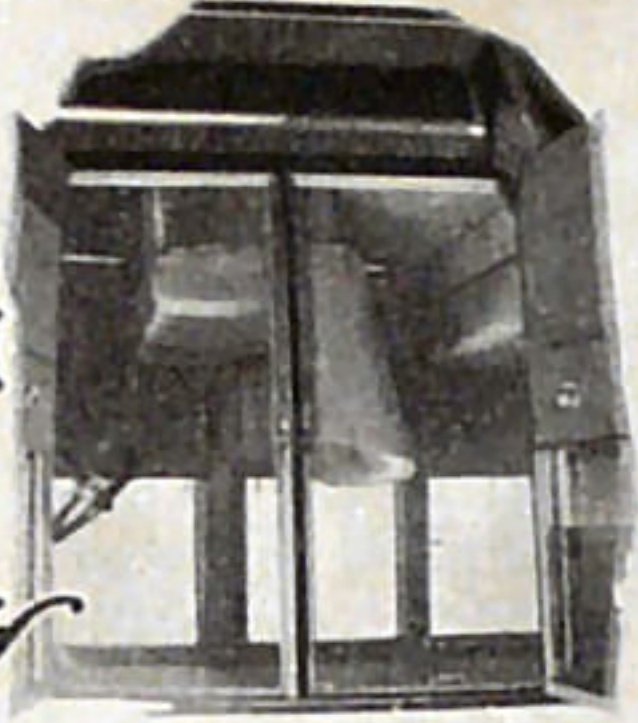

You may enter or leave the car at either side through doors which are comfortably wide. There is a handy shelf back of the seat for parcels; ample room for bigger packages in the rear deck, which is free from rain and dust and can be locked.

This Coupe is equipped with electric starter and demountable rims, a closed car of low price and up-keep—full value for every dollar of cost.

The Universal Car

Ford

THE whole world is familiar with Ford performance—its sturdy ability to go to the end of the journey and back again.

The world knows also its economy in price and upkeep.

In addition to this rugged, dependable, economical service, the Ford Car has many features which still further contribute to pride and satisfaction in ownership. These include hood and radiator of modern lines with other details of appointment and fitting which make the Ford car universally desirable.

Distances are Shorter
with a *Ford* Car

THE Ford Car of today represents the highest value ever offered by the Ford Motor Company. It is a better looking car, a better made car, and possesses many small features which enhance its service.

Consult us now as to the best car for your particular needs. Whatever body-type you choose, you will find that it gives you fullest value in construction, appearance, and finish.

You make no mistake in buying a Ford for business and pleasure—it gives so much for so little.
