The New **Buick**

It's difficult, isn't it, to decide what to give the family for Christmas? There are so many possibilities, and yet so few of them seem really practical.

We suggest a solution to the problem . . . a Silver Anniversary Buick. Nothing could be more truly "A gift for all the family." Nothing could please them more.

Every year we deliver a number of Buicks for Christmas. And every time we see a delighted family come trooping forth, we become even more certain that here is the finest gift of all!

It is not yet too late. Come in today and make your choice of body-types. We'll make delivery on Christmas morning, or whenever you prefer.

Liberal time payments can be arranged. And we believe that you will be pleased with the allowance we can make you on your present car. This, of course, will be acceptable as cash toward the purchase price.
