

1999 *LeSabre* by Buick

Welcome to a family favorite — America's best-selling
full-size sedan.¹ A powerful and comforting
presence that has inspired confidence in generation
after generation of American families. Welcome to a
genuine sense of security and *peace of mind.*

Welcome to LeSabre by Buick.

For six of the last seven years, starting in 1992, IntelliChoice® has named LeSabre “A Best Overall Value in Large Cars,” (twice) or “The Best Overall Value in Large Cars,” (four times).² Considering all the cars eligible over the years, that's quite an achievement.

Generations of American families have appreciated the sense of security that surrounds them in LeSabre, not just because it's a genuine full-size sedan, but because it's engineered with a vast array of safety features.

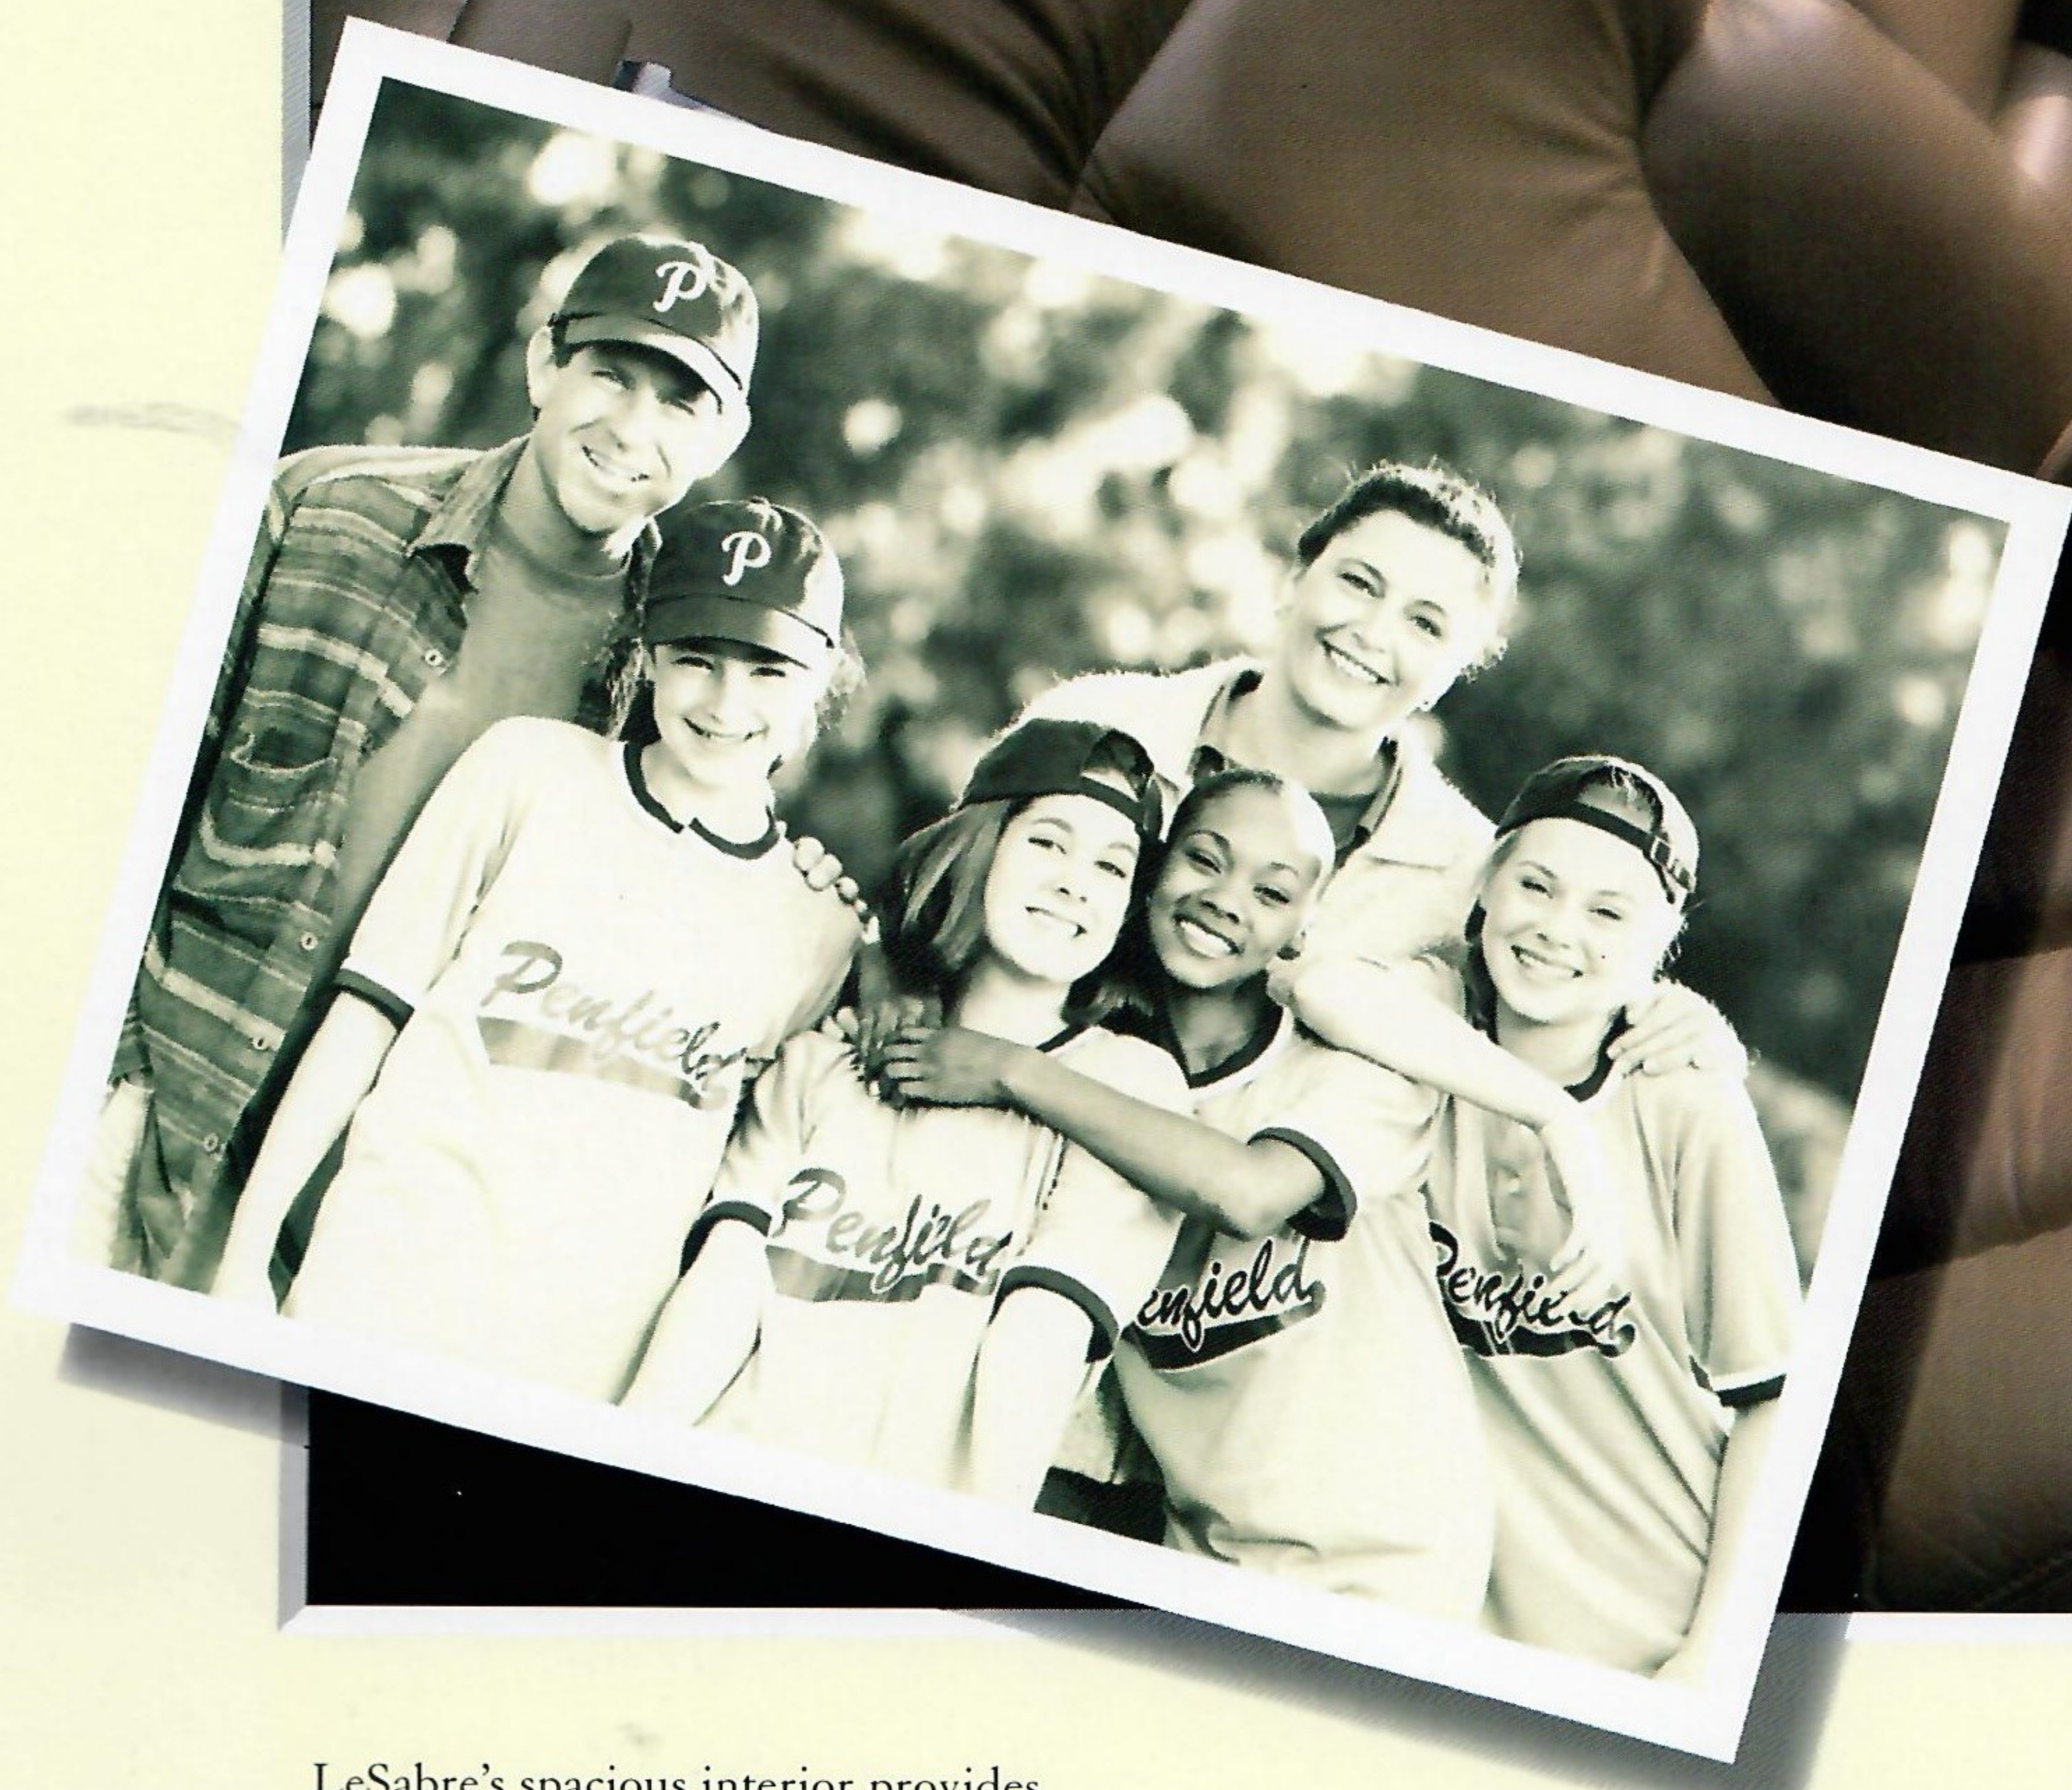

¹Based on R.L. Polk 1992-1997 model year registrations.

²1998 The Complete Car Cost Guide,™ IntelliChoice, Inc., Campbell, CA, www.intellichoice.com.

LeSabre Custom Sedan in Platinum Beige Metallic, shown with optional equipment (top left).

LeSabre Limited Sedan in Bordeaux Red Pearl, shown with optional equipment.

LeSabre's spacious interior provides not just room for six, but true comfort for six.

LeSabre Limited interior in Taupe, shown with leather-trimmed seats and other optional equipment.

These are just a few *highlights*
of LeSabre's outstanding features.

Steering wheel controls are included with most optional radios and allow you to adjust the sound system (and the cabin temperature on Limited) without taking your hands off the wheel.

Dual automatic ComforTemp climate control (standard on Limited) allows both driver and front passenger to individually select their own varying temperature settings.

Traction control (optional) ingeniously detects drive-wheel slippage and automatically reduces engine torque and modulates your brakes until traction is restored, making you feel even more confident.
