

# DODGE DAYTONA R/T

AN AUTOMOTIVE  
CONCEPT

*Fast Track*

## *Fast Forward*

Daytona. What else would you call the car that's helped put Dodge's performance reputation on the line in the eighties? But where's Dodge going in the nineties?

Meet Dodge Daytona R/T. This aerodynamically slicker, more technically sophisticated 2 + 2 sport coupe concept offers more than a hint of Daytona's future design direction.

Daytona R/T's low, aggressive stance isn't merely for show. It's the first telltale sign of the high-performance engineering that's packed inside. All four of

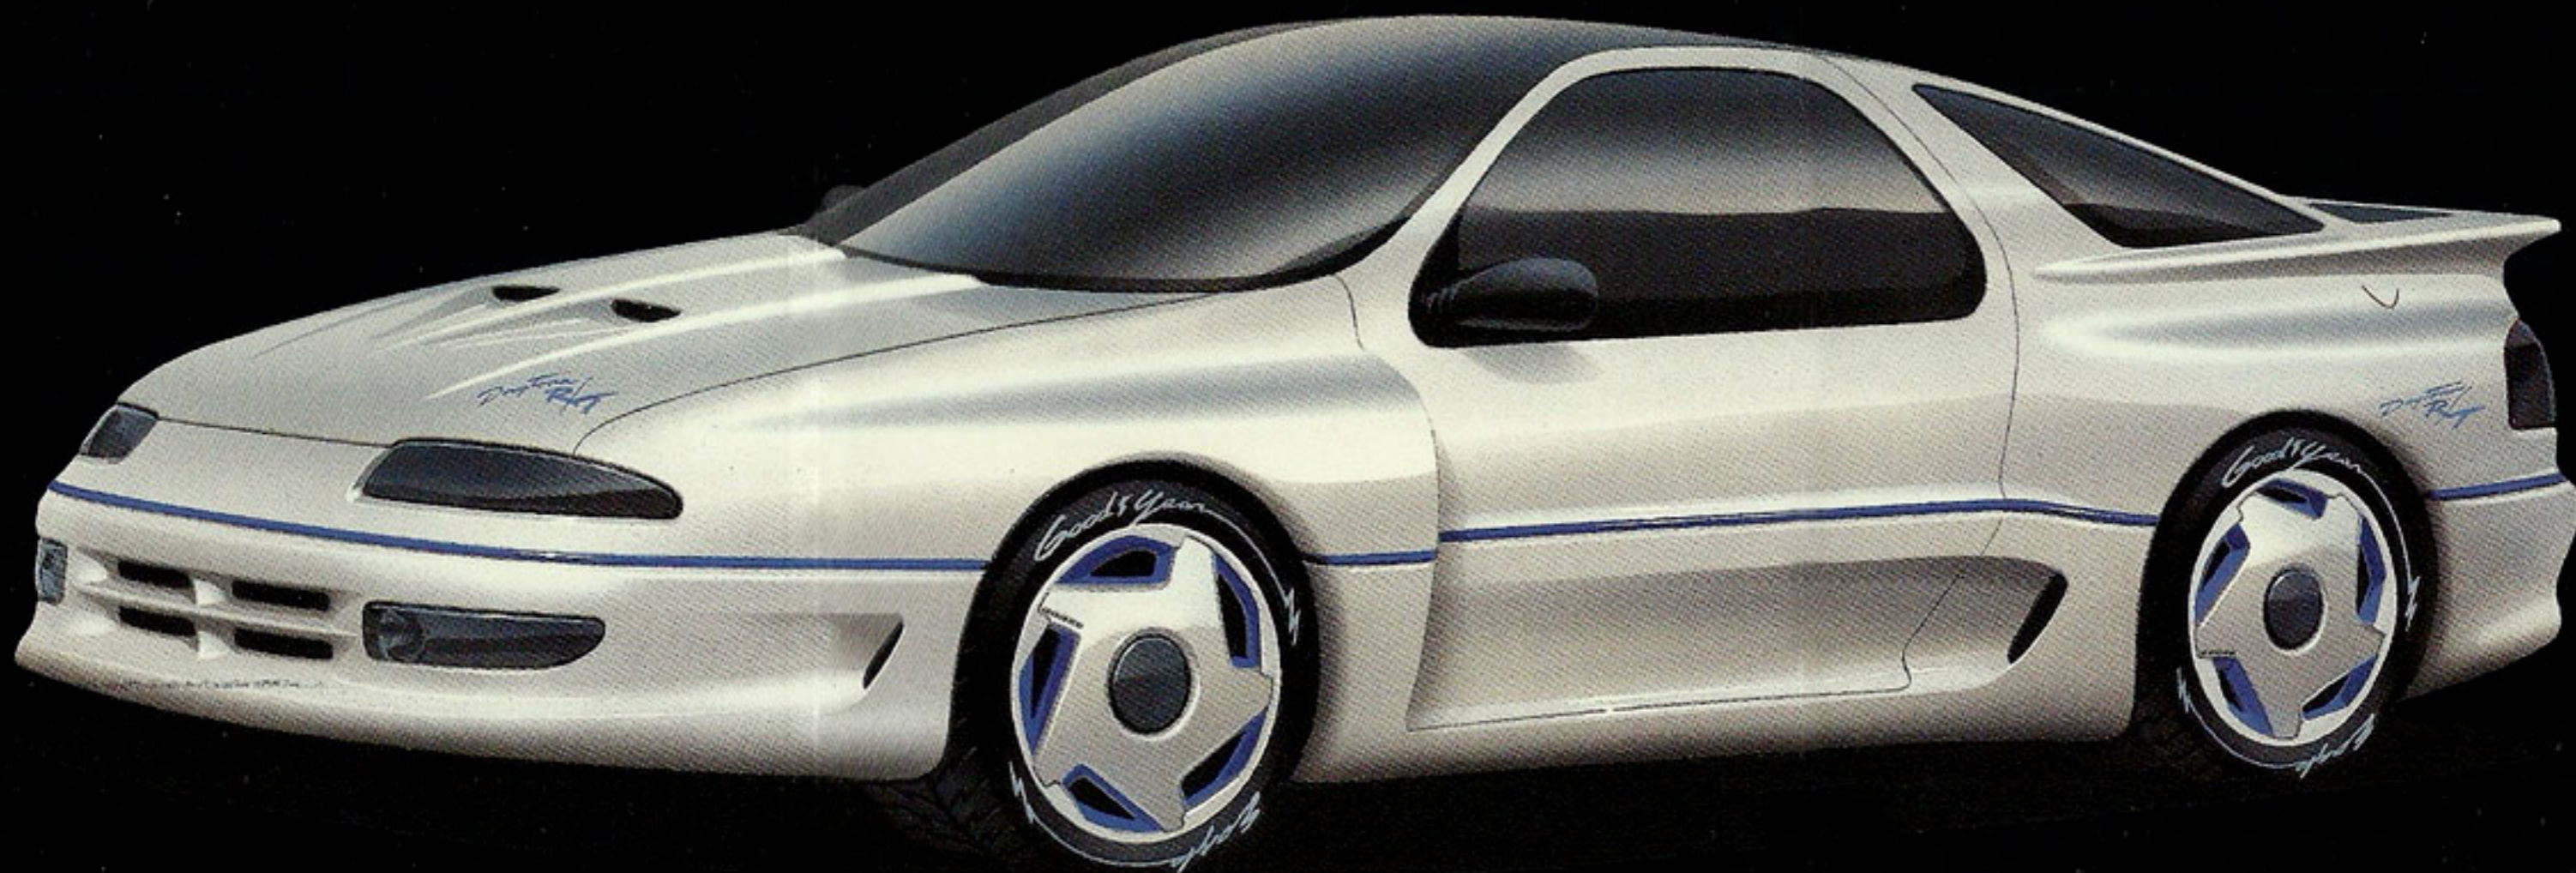

those massive Goodyear experimental P275/40VR17 tires mounted on 17" x 9.5" alloy wheels put power to the pavement, courtesy of all-wheel drive.

That power comes from Chrysler's 174 horsepower, multipoint fuel-injected, single overhead cam, 2.2-liter engine with variable nozzle turbocharger (VNT). Wrapped around

this leading edge muscle is a taut skin highlighted by an integrated whale tail, flush glass, a glass roof and aggressive ground effects.

## *Fast Action*

Clear the road. Clear the track. The nineties are here now and the Dodge Daytona of the nineties is just around the corner. Better break out those driving gloves!

**ANYBODY WHO'S EVER  
WONDERED WHY DODGE  
NAMED ITS SLICK SPORT  
COUPE AFTER ONE OF  
THE FASTEST TRACKS IN  
AMERICA CAN STOP  
WONDERING.**

***About this flyer.** The vehicle described in this literature is an experimental concept car under continuing development. We have tried to make this information as complete and accurate as possible. However, since the time of printing, some of the information you'll find here may have been updated.*

## ENGINE

- 174 hp 2.2-liter
- Sequential fuel injection
- Variable Nozzle Turbo (VNT)

## TRANSAXLE

- All-wheel drive

## BODY

- 2 + 2 coupe

## BRAKES

- Four-wheel disc

## SUSPENSION

- Independent front suspension with trailing arm rear suspension

## DIMENSIONS

- Wheelbase: 97.0"
- Overall Length: 181.0"
- Overall Width: 76.25"
- Overall Height: 50.0"
- Front Track: 63.0"
- Rear Track: 63.0"
- Front Tire Size: P275/40ZR17
- Rear Tire Size: P275/40ZR17
