# TRAVELING FUN STARTS WITH A

## GREENBRIER SPORTS WAGON

*an ideal vehicle to enjoy  
traveling and outdoor living*

## CAMPER UNIT

A custom unit that converts the Greenbrier into a mobile home. The unit includes wardrobe storage, counter-top with storage space below, ice chest, sink, water storage tank, vinyl floor, table, drawer storage, drapes and rods, rear storage space.

## CAMPER FOR NIGHT USE

The polyfoam cushions can be made into a comfortable bed for two. The rear seat cushion and back rest plus the two additional cushions can be assembled to make up a bed quickly and easily.

**PART NO. 986324**

## DOME LAMP

The lamp attaches to the roof of the Greenbrier and lights the entire rear compartment area. An ideal lamp for the camper unit.

**PART NO. 988346**

## CAR TOP SLEEPER

Waterproof olive drab canvas with collapsible metal frame supports and plywood base. The unit is 6 1/2 feet long, 4 feet wide and 33 inches high. Includes a two section ladder. Folds neatly for traveling. Mattress and bedding not included.

**PART NO. 985102**

## DELUXE REAR VIEW MIRRORS

Can be installed on either the right or left hand side of the vehicle. The 6 x 11 chrome coated glass will not fog or discolor and will give good vision to the rear of the vehicle.

**PART NO. 985771**

## ROOF LUGGAGE CARRIER

A deluxe carrier that attaches to the roof of the Greenbrier permanently. The carrier adds considerable more usable luggage space and will handle a wide variety of cargo.

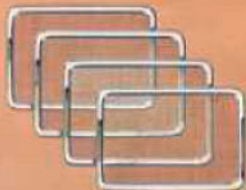

**PART NO. 988398**

An air heater that utilizes the engine heat to provide fast heating and defrosting. The engine heat is circulated by the high capacity three speed centrifugal blower motor and fan. The temperature control system blends the heated air with outside air.

**PART NO. 985698**

## DELUXE AIR HEATER AND DEFROSTER

## WINDOW SCREENS

Rust-proof aluminum window screens for the four side windows. The screens mount to the side windows without interference with the operation of the windows.

**PART NO. 985100**

## FIRE EXTINGUISHERS

A dry chemical-type extinguisher rated for two types of fires; flammable liquid and electrical fires. They are approved by (I.C.C.) U.S. Coast Guard regulation for marine use. A "Do It Yourself" kit is available for recharging the extinguishers. Available in a 2½ and 5 pound size.

**PART NO's.**

**985592—2½ pound**

**986276—5 pound**

## CUSTOM TABLE

A 2 foot wide and 4 foot long table that converts the Greenbrier into a mobile office or recreation room. The table can be set up or removed quickly. Legs fold up for convenient storage.

**PART NO. 985107**

## SAFETYLIGHT

An ideal lamp for the camper unit. It casts a beam of light up to 1000 feet from the vehicle.

**PART NO. 985932**

## CUSTOM MANUAL RADIO

## ANTENNA

A modern radio designed for the Greenbrier with all the latest electronic advancements in modern radio circuitry. Features printed circuit board and automatic volume control. An all transistor radio with high fidelity speaker for greater dependability.
