

## More powerful. Bigger. Stronger. Get the picture?

Honda has taken everything that's made the CR-V a big success and dialed it up even higher. Its advanced 160-hp, 2.4-liter, DOHC i-VTEC engine makes **more power**, while a refined new chassis results in greater responsiveness and agility—as well as a quieter, **smoother ride.** Inside, its roomier interior offers a substantial volume of cargo space, plus a wide variety of handy storage compartments. The CR-V can be **easily reconfigured** to fit almost any situation. And its advanced safety design includes **dual-stage front airbags.**\* So, got errands? Car pool? Want to take a trip to the mountains? The new Honda CR-V can handle it all. With ease.
