¹ Whichever comes first. See dealer for details. ² Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and child safety seat instructions for more safety information. ³ RDS functions only where stations broadcast RDS information. ⁴ Not compatible with all devices. ⁵ Go to gm.com/bluetooth to find out which phones are compatible with the vehicle. ⁶ Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions.
