Galaxy Titanium with 19" Luster Nickel alloy wheels and Blue Panther metallic body colour (option).

1 EXPLORE

SPACE AND FREEDOM

THE VERSATILE AND SOPHISTICATED MPV

With its advanced technology and premium design, the Ford Galaxy combines excellent driving quality with the highest levels of space, comfort and innovation. Simply put, it's a great place to be.

Galaxy Titanium with 19" 5x2-spoke alloy wheels (option) and Chrome Blue metallic body colour (option).

EXPLORE

GALAXY HYBRID ELECTRIC VEHICLE

PERFORMANCE WITHOUT COMPROMISE

Powered by Hybrid Electric Vehicle technology, the new Galaxy Hybrid eliminates charge range anxiety and champions fuel efficiency and low CO₂ emissions by switching seamlessly between its electric motor and petrol engine. And to make the whole system even more efficient, its Regenerative Braking System captures up to 90 per cent of the energy usually lost during braking and uses it to recharge the electric motor's battery.

Galaxy Hybrid also features an electronically controlled power-split automatic transmission for a smooth and responsive driving experience, and an innovative instrument cluster display that provides instant feedback on how your driving style is affecting efficiency.

- **Hybrid Electric Vehicle technology** combines the performance benefits of both electric and petrol power
- **Regenerative Braking System** captures energy usually lost during coasting and braking, and uses it to recharge the high-voltage battery

Galaxy Titanium with FHEV engine.

1 EXPLORE

A LUXURIOUS EXPERIENCE IN SPACE AND COMFORT

Designed around the needs of its occupants, Galaxy is spacious, refined, and technologically advanced, offering luxurious travel in each of its seven full-size seats. No matter where you are seated, you will enjoy outstanding levels of comfort and refinement, combined with rewarding driving dynamics. For younger passengers, i-Size child seat restraint anchorages are provided in the second-row outboard seats, with ISOFIX attachment points in the centre position, offering a more secure and easier way of attaching a child car seat. Crafted for comfort and built for efficiency, Galaxy offers versatility in abundance with tomorrow in mind.

Galaxy Titanium shown in Blue Panther body colour (option) with Salerno leather in Ebony seat trim (optional as part of Titanium Lux Pack).

1 EXPLORE

ALWAYS LOOKING OUT FOR YOU

ADAPTIVE CRUISE CONTROL WITH STOP & GO*

Adaptive Cruise Control uses sensors to maintain your chosen speed when it's safe to do so, and when the vehicle in front of you slows, it helps keep you a suitable distance away.

The Stop & Go feature goes a step further. Ideal for city driving, it slows your vehicle to a complete stop when the vehicle in front of you stops. And, when the traffic begins to move again, you'll automatically pull away too.

*Adaptive Cruise Control is available as an option (part of Driver Assistance Pack) (Stop & Go feature is included for models with automatic transmission only).

Galaxy Titanium with 19" 5x2-spoke alloy wheels (option) and Magnetic metallic body colour (option).

PANORAMA ROOF

BRING THE OUTSIDE IN

Enjoy the beauty of the outdoors from the comfort of your Ford Galaxy. A full-length glass panorama roof lets the sunshine in and offers plenty of fresh air too, thanks to its electrically-operated sliding action. A solar reflect coating and powered sunblind provide shade and privacy when required. The feeling of comfort offered by the Ford Galaxy Panorama roof is further extended by the addition of an infra-red front windshield and rear manual sunblinds (option).

SYNC

EXPLORE

CONNECTED AND IN CONTROL

FORD SYNC 3

Available Ford SYNC 3 integrates seamlessly with your smartphone to make communication and navigation effortless*. You can control SYNC-compatible apps with AppLink, while Apple CarPlay and Android Auto let you use the 8" colour touchscreen as if it were your smartphone handset. Using the touchscreen or simple voice commands, you can make calls, write and listen to text messages, and control your music and satellite navigation.

FORDPASS CONNECT

The FordPass Connect modem that's built into your car enables a range of features designed to make driving easier and more enjoyable**. These include Live Traffic[†] that delivers up-to-date traffic information to your SYNC 3 Navigation system, and Local Hazard Information^{††} that can warn you of upcoming hazards before they are encountered. In the event of an accident, eCall[‡] helps occupants place a call with the emergency services and shares your location. While for optimum connectivity, it also provides on-board Wi-Fi^{***} for a maximum of ten devices.

FORDPASS APP

Get the most from your connected car experience with the FordPass app[®], from smart remote features to detailed vehicle health reports, the FordPass app lets you access even more functions via your smartphone. For peace of mind you can start^{†††}, lock or unlock your vehicle wherever you are, and even defrost the windscreen and activate the heated seats and heated steering wheel (where fitted) on a cold winter's morning.

Health Alerts send important information, including tyre pressure and fluid level warnings such as oil life, direct to your phone.

Other FordPass app features include My Journeys, that can record your trips and deliver tailored insights on how to optimise your driving technique. Each journey is tracked and stored, allowing you to compare by distance, duration, and more.

FordPass also helps with security; you'll receive a notification if your car's alarm is activated, no matter where you are. The Guard mode feature takes security a step further and alerts you on your smartphone of any unauthorised access attempts – even with a stolen or duplicate key.

Please note: Full SYNC 3 smartphone integration is only available with iPhone 5/Android 5.0 (Lollipop) or higher. 100% connected. Only AppLink would incur charges. To check whether Apple CarPlay and Android Auto are available in your market, please refer to official Apple CarPlay and Android Auto websites for the latest information. Map updates are complimentary for a limited time following vehicle registration.

*Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones.

**The on-board modem will be connected at the time of vehicle delivery. You may choose to opt in/out of certain data sharing. Where available, FordPass Connect remote features are complimentary for 10 years, thereafter a subscription may be payable.

***Wi-Fi hotspot (up to 4G LTE) includes a complimentary wireless data trial for a limited time only that begins at time of activation. Afterwards, data bundles can be purchased from Vodafone. Please refer to their website for details of their data packages. To take advantage of the built-in Wi-Fi hotspot capability, Ford vehicles must come with the appropriate hardware, and a data plan is required. Data coverage and service is not available everywhere and terms of your data plan, including applicable message and data rates, may apply.

†Live Traffic access is complimentary for the first 12 months following the registration of a new Ford featuring SYNC 3 with navigation; thereafter a licence subscription is required.

††Local Hazard information is complimentary for the first 12 months following the purchase of a new Ford with certain driver information modules; thereafter a licence subscription is required.

†††Remote start only available on models with automatic transmission.

‡Ford eCall shares vehicle location and helps the occupants initiate a call in their respective language to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

®FordPass app, compatible with select smartphone platforms, is available via a download. Message and data rates may apply.

FORWARD THINKING

Ford Galaxy features a range of technologies designed to help make every drive easier.

1. **Adaptive Lighting with Dynamic LED headlights** detects different road conditions and selects the appropriate beam pattern. Dynamic curve lights throw the beam inside the curve to let you see further and sooner. The headlights incorporate daytime running lights, with three LED strips that also function as turn indicators, flashing sequentially towards the direction of turn (part of optional Titanium Lux pack).
2. **Glare-free high beam** lets you drive on high beam without dazzling other road users. Sensors identify traffic ahead of your car and adjust the high beam pattern to protect other road users from glare, while illuminating the remainder of the road for greater visibility (part of optional Titanium Lux Pack).
3. **Active Park Assist[®]** can help you to parallel park or perpendicular park. Once activated, the enhanced system can help you to locate a suitable space as you drive past and will automatically guide you in, while you operate the pedals (following on-screen and audible signals). Park-Out Assist can help you manoeuvre out of a parallel parking space in a similar way (part of optional Driver Assistance Pack).

[®]Uses sensors. [®]Driver Assistance feature. Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle.

1

2

3

EXPLORE

ADDED REASSURANCE

Driving in busy city traffic can be challenging, but Ford Galaxy gives you a clearer view of what's around you and is quick to alert you should you need to take action.

1. **Pre-Collision Assist with pedestrian and cyclist detection[®]** detects potential collisions with other vehicles, cyclists and pedestrians, depending on speed difference, road conditions and the behaviour of vehicles in front, and can help avoid or reduce the severity of accidents. If a potential collision is detected, the driver will receive visual and acoustic warnings, and the braking system will be prepared. If the driver does not react, the system can automatically apply full braking force. (Available as part of a pack)
2. **Front split-view camera** an extensive view from the very front of your car to the left and righthand sides. Particularly useful at junctions and when driving forward out of parking spaces where your side view is impaired (part of optional Driver Assistance Pack).
3. **Blind Spot Information System with Cross Traffic Alert and Variable Rear Range^{®†}** If another vehicle – a car, van or lorry – enters your blind spot, the system is designed to alert you with a warning light built into the corresponding door mirror. The blind spot detection zone will vary up to a range of 18 metres, depending on the speed of the vehicle (part of optional Driver Assistance Pack).

[®]Uses sensors. [†]Driver Assistance feature. Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. Pre-Collision Assist with Automatic Emergency Braking can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations. [‡]Cameras only operate at speeds under 6 mph (10 km/h). ^{††}Designed to operate at speeds above 6 mph (10 km/h).

CONFIDENCE AND COMFORT

However long your journey, and whatever the road conditions, Ford Galaxy helps you stay comfortable and in control.

1. **Ergonomic front seats with AGR certification*** help support your back. These ergonomically designed, 18-way manually-adjustable front seats with AGR accreditation are ideal for longer journeys (option).
2. **Ford Clearview Front Wiper System** improves visibility by delivering the washer fluid directly into the path of each wiper blade as it moves across the windscreen (standard).
3. **Intelligent All-Wheel Drive** continually monitors where power is needed, and can automatically apply the required torque to each wheel for added confidence, whatever the road conditions (available on 2.0 Ecoblue 190 PS only).

*The AGR quality cachet (Aktion Gesunder Rücken = Campaign for Healthier Backs): Certified and recommended by Association Forum Healthy Back – Better Living and Federal Association of German Back Schools. More information: AGR e.V., Stader Str. 6, D – 27432 Bremervörde, Germany. Phone + 49 4761/92 63 580.

Ford MyKey

This innovative feature lets you tailor and limit car settings – like top speed and audio volume – to suit individual users (standard).

Intelligent Protection System (IPS)⁰¹⁾

Ford Galaxy's advanced Intelligent Protection System (IPS)¹⁾ uses a range of sophisticated technologies that are designed to help keep you protected, including Electronic Stability Control (ESC) and front and curtain airbags¹⁾.

Further features include:

- Driver's and front passenger's⁰⁾ airbags*¹⁾
- Driver's, front passenger's and second row (option) side impact airbags¹⁾
- Driver's knee airbag¹⁾
- Side curtain airbags for front and rear seats¹⁾
- Seat belt pre-tensioners and load-limiters on front and second-row seats
- Seat belt minders on all seats

Ford Fold Flat System

With the luxury of seven full-size seats, space is generous in the Ford Galaxy. The innovative Easy Fold system lets you fold each second row seat flat at the touch of a button. While for the ultimate convenience, the Easy Fold with Power Raise feature helps to speed up the loading of large items by lowering and raising the third-row seating at the touch of a button (standard).

⁰⁾Uses sensors.

¹⁾Safety feature.

*Includes front passenger's airbag deactivation switch.

Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag. The safest place for children is properly restrained on the second-row seats.

2

SELECT

Available in two uniquely individual series, whatever your preference there is a new Ford Galaxy that's right for you. To make your purchase choice even more rewarding, we've elevated the standard of our features across all series. So now, whichever Galaxy route you decide to take, you can be sure of a high level of standard features, as well as a host of add-on features available as standalone options or part of an option pack.

Zetec

An elegant and sophisticated design, impressive integrated technologies and a first-class travelling experience all contribute to the Ford Galaxy Zetec's outstanding appeal.

Key features

- 17" 10-spoke Sparkle Silver alloy wheels
- Electrically-operated, power-foldable and heated door mirrors with body colour housings, side indicators and puddle lights
- Quickclear heated windscreen
- Pre-Collision Assist
- Black roof rails

Titanium

Galaxy's luxury models deliver elevated levels of sophistication and comfort, with rich standard specification, premium materials, additional technologies and unique styling elements.

Key features

- 17" 5x2-spoke Sparkle Silver alloy wheels
- Roof rails (satin aluminium-finish)
- 10.1" colour TFT cluster display (diesel engines only)
- Ford DAB Navigation System
- LED daytime running lights
- Ford KeyFree System with Ford Power starter button

Zetec

Key exterior features

- 17" 10-spoke alloy wheels
- Front halogen fog lights
- Electrically-operated, power-foldable and heated door mirrors with body colour housings, side indicators and puddle lights
- Automatic wipers
- Ford Clearview Front Wiper System
- Headlight courtesy delay
- Black roof rails

Key interior features

- Ford SYNC 3 DAB Radio/CD Audio System, 8" colour touchscreen, 8 speakers, voice control & Applink Android Auto/Apple Carplay, 2 USB ports, eCall and FordPass Connect (embedded modem)*
- Ford Power starter button
- Front and rear parking sensors
- Floor mats
- Cruise control
- Pre-collision Assist with pedestrian and cyclist detection
- Dual-zone Electronic Automatic Temperature Control
- 4.2" colour TFT cluster display
- Traffic Sign Recognition

- Sport seats
- ISOFIX attachments for each second row seat

Engines

Diesel

- 2.0L Ford EcoBlue 150 PS (110 kW)
- 2.5L Ford Duratec FHEV 190 PS (140 kW)

Transmissions

- 6 speed manual
- 8 speed automatic
- CVT automatic

Titanium

Key exterior features additional to Zetec

- 17" 5x2-spoke alloy wheels
- LED daytime running lights
- Chrome-finish on upper doorline
- Silver roof rails
- Rear privacy glass
- Automatic front headlights

Key interior features additional to Zetec

- Ford DAB Navigation System
- Lane-Keeping Aid with Lane Departure Warning
- Traffic Sign Recognition
- Interior ambient lighting
- Third-row rear seats with power fold-flat, slide and recline, and manual easy entry to the third row
- 230 V power outlet
- Ford KeyFree System with Ford Power starter button
- 10.1" colour TFT cluster display
- Rain sensing wipers

Engines

Diesel

- 2.0L Ford EcoBlue 150 PS (110 kW)
- 2.0L Ford EcoBlue 190 PS (140 kW)

SPECIFICATIONS

Get to know your new Ford Galaxy inside and out, from its intelligent engine technology to its versatile space and generous equipment level.

1 2.5L Atkinson-cycle engine

Galaxy Hybrid combines a 2.5L Atkinson-cycle* petrol engine with an electric motor and a Regenerative Braking System to help enhance fuel efficiency and recharge the battery.

2 eCVT transmission

Advanced water cooled power-split automatic transmission seamlessly adjusts the gear ratios for smooth, refined performance and greater fuel efficiency.

3 High-voltage battery

Galaxy Hybrid's 1.1 kWh lithium-ion battery is mounted under the floor to avoid intruding on the interior space.

4 High-voltage battery cooling lines

The high-voltage battery is water cooled to help maintain its performance and efficiency.

5 12-volt service battery

The 12-volt battery keeps all the electrical systems running while your car is parked, including security systems, clock and computer memory.

6 DC/DC converter water cooled**

Provides a 12-volt supply to charge the 12-volt service battery and run the vehicle's electrical accessories.

**190 SYSTEM PS
(140 kW)*****

**2.5L Ford Hybrid
Electric Vehicle**

7 Audible Vehicle Alert System

External speakers emit an audible warning sound at speeds up to 12 mph (20 km/h).

8 Inverter System Controller

Manages the hybrid powertrain control components, including DC-to-AC and AC-to-DC conversion** to drive the AC electric motors with DC electrical energy in the high-voltage battery.

Warm your vehicle before you go

FordPass app† allows you to warm your vehicle remotely, so on colder days you can be sure that your cabin environment is welcoming and comfortable from the moment you step inside. (Available with automatic transmission only)

*An Atkinson-cycle engine does not develop as much power as an Otto cycle engine, but offers greater fuel efficiency. It is specifically designed to work in conjunction with an electric motor.

**AC and DC describe types of current flow in a circuit. In AC (alternating current), the electric current constantly changes direction. In DC (direct current), the current flows in one direction only.

***Due to the complexity of the power-split hybrid powertrain technology (petrol + electric motor) and the nature of the measurement methodology, the performance level (System Power) has always got some tolerances and may vary.

†FordPass app, compatible with select smartphone platforms, is available via a download. Message and data rates may apply.

The test used to establish fuel consumption and CO₂ figures has changed to deliver results that are more representative of real life driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption figures shown are derived from the new WLTP test. However, until 6th April 2020, the published CO₂ figures will be the NEDC equivalent and this will be used to calculate Vehicle Excise Duty.

The table below shows the fuel consumption (WLTP) figures for each available engine on the Ford S-MAX. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load. The figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other vehicles tested to the same technical procedures.

*In 4th gear, ⁹⁰Ford test figures. ⁹⁰The declared Fuel/Energy Consumptions, CO₂ emissions and electric range are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions are specified for a vehicle variant and not for a single car.

The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contains data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk>.

*Represents the lightest kerbweight assuming driver at 75 kg, full fluid levels and 90% fuel levels, subject to manufacturing tolerances and options, etc., fitted. Towing limits quoted represent the maximum towing ability of the vehicle at its Gross Vehicle Mass to restart on a 12 per cent gradient at sea level. The performance and economy of all models will be reduced when used for towing. Gross Train Mass includes trailer weight. *Gradient at sea level.

Purchase

Getting behind the wheel of your next new Ford is simple, with a variety of finance options.

Build your vehicle

Build and personalise your vehicle online. Simply head to the Ford website, select your model, then choose your engine, body colour and extras. You'll be able to view the recommended price, and send your configuration to a Ford Dealer if you wish.

www.ford.co.uk/cars

Find a Dealer and request a test drive

You can search for a Ford Dealer by location or Dealer name on the Ford website, and request a test drive online. Simply fill in your details and your chosen Dealer will contact you to arrange a convenient time.

www.ford.co.uk/dealer-locator

Finance

When it comes to financing your vehicle, our size and expertise means we're well placed to provide you with a wide range of finance products.

Ford Credit* provides a range of finance products for your vehicle whether you are a private or business user.

Ford Lease^ specialises in contract hire and leasing and provides an alternative range of finance plans which can be tailored to suit your business.

For more information about our finance products visit www.ford.co.uk/finance/ford-credit

*Finance subject to status. Guarantees may be required. Freepost Ford Credit. Ford Credit is a trading style of FCE Bank plc. Which is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority under firm reference number 204469.

^Ford Lease is provided by ALD Automotive Limited acting as Ford Lease BS16 7LB. ALD is registered in England No. 987418. ALD is authorised and regulated by the Financial Conduct Authority.

Ford Insure

Designed specifically for Ford owners, Ford Insure† offers value, simplicity and a range of benefits that really matter to you.

- Repairs by experts at one of our authorised Ford Repair Centres
- Guaranteed repairs for as long as you own your Ford
- Genuine Ford Parts and manufacturer-spec glass
- Courtesy car whilst your Ford is being repaired at an authorised repairer
- Free 24 hour emergency help lines
- Named Drivers earn a Ford Insure No Claims Bonus which can be used on any Ford Insure car insurance policy
- Up to 90 days cover to drive in Europe

www.fordinsure.co.uk

†Terms and conditions apply. Ford Insure contracts are arranged, administered and provided by EUI Limited. EUI Limited is a subsidiary of Admiral Group plc and is authorised and regulated by the Financial Conduct Authority (Firm reference number: 309378). Registered in England and Wales as EUI Limited Reg. No. 2686904 Registered Address: Ty Admiral, David Street, Cardiff CF10 2EH.

FordPass app

Unlock your car's full potential with the FordPass app. FordPass seamlessly connects you with your vehicle, keeping you moving in intelligent, intuitive ways. From optimising the route of your journey, self-diagnosing and sending you vehicle health alerts, pre-heating your vehicle before you get in, to helping you find your way back to your parked car on a map. It even removes the worry of whether you locked your car, thanks to Remote Lock and Unlock.

5 Purchase Protect

Ford Service

With Ford, the service doesn't end when you leave the showroom. Ford Service is designed to keep your Ford in great condition and help you make the most of your car throughout its life.

- Ford Online Service Booking
- Contactless servicing options, for your convenience and safety
- Comprehensive service and maintenance plans
- Use of genuine Ford parts for added peace of mind
- Ford-trained technicians using the latest diagnostic equipment and tools
- One call for everything Ford 0203 564 4444
- Ford Accident Management, service free to all drivers
- Up to 12 months' UK and European Roadside Assistance (at participating Dealers)

www.ford.co.uk/owner/owner-services/ford-service

Ford Protect

Extend your standard 3-year/60,000 miles warranty to 4 years/80,000 miles or 5 years/100,000 miles with Ford Protect. Key benefits include*:

- High flexibility in duration and mileage
- Cover against unexpected electrical and mechanical repair costs in the UK and Europe
- The price of covered parts and labour are guaranteed for the length of your plan

Ford Protect New Vehicle Warranties are transferable to the new owner should you decide to sell your vehicle.

www.ford.co.uk/owner/my-vehicle/warranties

*Ford Protect terms and conditions apply. Please call 03702 416 726.

Ford Protect Service Plans

With various payment options available, you can cover the cost of your recommended scheduled services for up to 4 years from the day your new Ford is delivered. This can work out cheaper than paying for individual services and gives you added benefits:

- Ford Assistance – your UK and European Roadside Assistance will be increased to the length of your plan
- Vehicle hire – in the event that we can't finish any warranty work within 24 hours, we'll lend you a courtesy car for up to 7 days**
- A full Ford Service History, which may enhance your car's resale value

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and recommended prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. Fitment of accessories may have an impact on your vehicle's fuel consumption. ♦ The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

The Government fuel figures do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.
