**Lighter, stronger, better.**

## Audi A6

With a 3.0-litre TFSI® V6 engine, the A6 takes power and elegance to new heights. The 3.0-litre engine employs start-stop technology to lower fuel consumption, and its 8-speed Tiptronic® automatic transmission improves efficiency and reduces CO<sub>2</sub> emissions. Featuring Audi ultra lightweight technology, previously only found in our flagship models, it's no surprise that it was our first model to be named World Car of the Year. Constructed partly of aluminum, it's up to 35 kg lighter than its predecessor, making it even more agile, fuel efficient, and eco-friendly. It also boasts greater safety, improved handling, and increased performance thanks to the Audi Space Frame. This high-strength aluminum frame structure fuses with the aluminum body to create exceptional stiffness and above-average crash protection. Safety meets comfort with intuitive features like adaptive cruise control, anticipatory control reactions, and Audi Pre Sense Rear. All work to provide a more natural and comfortable driving experience.

On the outside, available striking LED lighting that is as bright as it is energy efficient, the distinctive Audi single-frame grille, and a low, muscular dynamic line, buoyed by a hybrid aluminum construction body and frame. Clearly, the exterior of the A6 is in its finest form to date.

Inside, ample head and shoulder room for the driver and passengers, as well as spacious cargo capacity, ensures that everyone and everything is comfortable. And from the intuitive Multi-Media Interface (MMI®) operating system featuring Audi Music Interface (AMI), climate control, and an electromechanical parking brake, every possible

comfort and amenity is right where you need it. Still, the technology doesn't stop there. With available Audi Side Assist, Audi Adaptive Lights, advanced key, and Audi MMI Navigation Plus,<sup>4</sup> the A6 continues to prove that it's a luxury car for the uncompromising driver.

And this year, the A6 you love comes with our highly efficient 2.0 TFSI 4-cylinder engine. Featuring a 2.0-litre, 4-cylinder engine with TFSI technology and an 8-speed Tiptronic transmission, it's the perfect blend of luxury, comfort, and fuel efficiency, and truly stands above the rest in its class.

## Audi S6

What do you get when you combine superior performance with the ultimate in luxury? None other than the new Audi S6. Performance begins with a 420-hp V8 engine caged under a sleek aluminum hood. The intuitive Audi cylinder-on-demand technology decides independently between 8 or 4 of the engine's cylinders as the driving situation requires – 8 cylinders for maximum performance and 4 cylinders for minimum consumption. This helps maintain economy and fuel efficiency, even in the most powerful engine. Meanwhile, a rear-biased quattro® all-wheel-drive system helps keep you in complete control of the road.

The definition of uncompromising.

The extra-light aluminum hybrid construction of the S6 also provides a progressive balance between maximum performance and high efficiency. And with its S Sports adaptive air suspension and quattro with sport differential, it turns corners with ease.

But make no mistake, it turns heads just as easily, with its striking single-frame grille, S Sports body styling, and standard 19" 5-parallel-spoke alloy wheels. The S Super Sports front seats and a variety of optional interior trim are just the icing on the cake when it comes to this remarkable new vehicle.

## Package contents

### Navigation Package<sup>iii</sup>

- ▶ HDD navigation system
- ▶ MMI touch
- ▶ Park distance control

### S line Sport Package<sup>iii</sup>

- ▶ 19" 7-double-spoke alloy wheels with performance tires: 255/40 (on 2.0 TFSI)
- ▶ 20" 5-spoke Y design alloy wheels with performance tires: 255/35 (on 3.0 TFSI)
- ▶ Sport suspension
- ▶ S line exterior
- ▶ Multi-function heated 3-spoke steering wheel with shift paddles
- ▶ Matte brushed aluminum inlay
- ▶ Black interior headliner

### Sport Package<sup>iv</sup>

- ▶ 19" 7-double-spoke alloy wheels with all-season tires: 255/40
- ▶ Multi-function heated 3-spoke steering wheel with shift paddles
- ▶ Sport suspension

### Vision Package<sup>v</sup>

- ▶ Head up display
- ▶ Night vision

### Driver Assistance Package<sup>v</sup>

- ▶ Adaptive cruise control with stop & go
- ▶ Audi Pre Sense Plus

### Multi-Contour & Ventilation Front Seat Package<sup>vi</sup>

- ▶ Comfort seats
- ▶ Ventilation/massage function front seats with memory

## Audi A6/S6

1. Your Audi vehicle may be equipped with a phone preparation utilizing Bluetooth® interface to enable hands-free functionality (compatible mobile phones sold separately). You will need a Bluetooth®-enabled mobile phone in order to utilize this function. Not all Bluetooth®-enabled mobile phone models are compatible with Audi's phone preparation. Contact your local Audi dealer for the latest listing of compatible phones.

2. Please drive safely and obey all traffic laws, including speed limits.

3. Fuel consumption estimates and figures are based on the Government of Canada's approved criteria and testing methods. Refer to the Government of Canada publication Fuel Consumption Guide (EnerGuide) or Natural Resources Canada's Fuel Consumption Figures website. Actual fuel consumption may vary based on driving conditions, driver habits, and vehicle's additional equipment.

4. The Audi Navigation System depends upon signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system, and existing wireless and satellite technologies, must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations, and other points of interest. Changes in street names, construction zones, traffic flow, points of interest, or other road system changes are beyond the control of Audi Canada. Complete, detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested Audi Navigation System route. Periodically new mapping data is available. HDD update is required in order to maintain the latest navigation information. Updates are available for purchase from time to time at additional cost. Consult your dealer or call 1-800-FOR-AUDI for details.

5. Audi Side Assist and all other safety and convenience features are means of assisting the driver only. Drivers must continue to devote their full attention to safe driving. Some features are available as options and may not be available on all models. Airbags are supplemental restraints only and will not deploy under all accident circumstances. Always use safety belts and seat children only in the rear seats, using restraint systems appropriate for their size and age.

Audi Canada believes the specifications in this brochure to be correct at the time of printing. However, specifications, standard equipment, options, fabrics, and colours are subject to change without notice. Audi Canada is not responsible for errors in typography or photography. Some equipment may be unavailable when your vehicle is built. Some vehicles are pictured with options that may be available at extra cost or may not be available on some models. Please ask your dealer for advice concerning current availability of standard and optional equipment and verify that your vehicle will include the equipment you ordered. Vehicles in this brochure are European models shown with optional equipment or accessories that may not be available in Canada. Tires are supplied and warranted by their manufacturer. Your vehicle is sold equipped with all-season tires. However, please remember the use of winter tires may be mandatory in your province or territory. Make sure your vehicle is equipped with the proper tires at all times. Tires supplied by various manufacturers. See your dealer for complete details on the limited warranty, the Audi 24-hour Roadside Assistance, or the 12-year limited warranty against corrosion perforation. Certain conditions apply, please see your dealer for details.
