

# INTRODUCING THE 2005

# tC

There's something inspiring about the new 2005 Scion tC. Part of you wants to get behind the wheel and take off for the nearest twisting road. Another part just wants to stare at it for awhile. The best choice? Do both. Often.

This innovative new coupe will reward you with an amazing driving experience, traffic-stopping good looks and a standard panorama moonroof that brings the outside in. Check it out when it arrives in Scion dealerships in late June, 2004. Then make one your own.

2005 tC shown with standard panorama moonroof and standard 17" alloy wheels with granite appearance finish.

Standard panoramic moonroof with electrically retractable front glass panel.

Standard fabric covered seats, standard console and center armrest show with optional automatic transmission.

With standard features like a Panorama Moonroof with power retractable front glass panel, a Pioneer audio system, and 17" Alloy Wheels trimmed in Graphite finish, people will think you paid a lot for your tC. Don't worry, you're secret is safe with us. To learn what features come standard on the tC, refer to the chart on the inside cover.

tC

Prototype interior shown with optional automatic transmission. Standard cruise control not shown

Cargo compartment with standard hard cover in place

Standard Pioneer audio behind manually retractable cover

Cargo compartment with rear seat partially folded

tC
