

# SCION NAVIGATION SYSTEM SNS200

THE  
ULTIMATE  
POWER  
TRIP

what moves you

# NAVIGATION<sup>1</sup>

## SYSTEM OVERVIEW

- Large 7" display allows for easy navigation.
- 4 GB SDHC Map Database includes 7 million Points of Interest (POIs).
- Map coverage: US/Canada — includes Alaska, Hawaii, Puerto Rico and Virgin Islands.
- Supports 3 languages — English, French, and Spanish.
- Provides voice guidance.

## 3D TILT VIEW

## 3D TILT VIEW

- You'll experience easier navigation and better orientation with the 3D view.
- Allows you to see the map from a horizontal, top-down view.

## HIGHWAY OVERVIEW

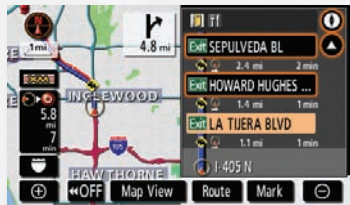

- Allows you to check out upcoming highway junction configurations and lets you drive with confidence in unfamiliar highway areas.

## BACKUP CAMERA-READY<sup>2</sup>

- Assists you to see where you're going when the vehicle is in reverse.
- Your SNS200 supports a rear camera (optional equipment, purchased separately).

## XM NavTraffic<sup>®3</sup> (module and subscription sold separately)

- XM NavTraffic<sup>®</sup> helps you avoid traffic and get to your destination in a safe and convenient manner.
- XM NavTraffic<sup>®</sup> is available in select markets.
- Traffic data supports flow and incident reports such as accidents, traffic jams, construction, and closed roads.
- Your SNS200 reroutes you automatically to avoid traffic — if your route's jammed up, the system calculates a new route that lets you get around the incidents.
- XM NavTraffic<sup>®</sup> requires an XM Module (sold separately) that is traffic data-capable.

## XM NAVTRAFFIC<sup>®</sup>

# AUDIO

## HD RADIO™

- Improves your FM signal to CD-like quality and is 100% subscription-free.
- Available on-screen text information with song and artist, based on channel availability.
- Supports full HD Radio™ multicasting — up to 8 multicasts per station (each station's multicasting ability varies).

## HD RADIO™

## AM/FM

- Jump around to your favorite AM and FM stations.
- Eight (8) AM presets.
- Sixteen (16) FM presets let you store your favorite FM stations in the FM1 and FM2 banks. Some of the stations will be HD Radio™-capable, and you'll see the HD logo appear if any given station is broadcasting in HD.
- Your SNS200 features an auto volume function.

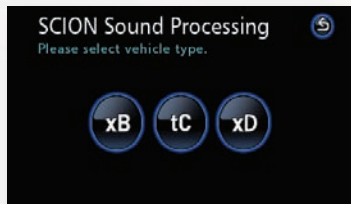

## SATELLITE RADIO<sup>4</sup>

(module and subscription sold separately)

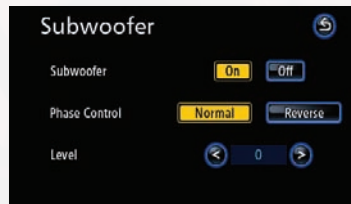

- Your SNS200 XM<sup>®</sup> Satellite Radio-ready and lets you listen to high-quality digital satellite radio while you enjoy your favorite satellite stations and radio personalities.
- Store 18 of your favorite satellite stations in 3 preset banks.

## 200-WATT SOUND SYSTEM

**SCION SOUND PROCESSING (SSP®)**

**EXTERNAL 6-CHANNEL OUT**

### 200-WATT SOUND SYSTEM

- Sound system provides 50 watts x 4 channels to give you 200 watts of an awesome premium sound experience.

### SCION SOUND PROCESSING (SSP®)

- Scion Sound Processing (SSP®) technology allows you to optimize your sound setting based on your Scion vehicle's interior.

### EXTERNAL 6-CHANNEL OUT

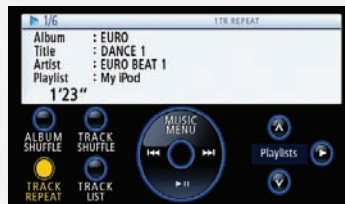

- If you really want to let the people in your world know you're coming up on them, the 6-channel outputs let you add your own additional amp to truly customize your sound.

# MULTIMEDIA

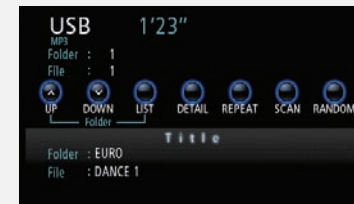

**iPod®**

### iPod®5

- Your SNS200 features a great iPod® control menu that gives you total control of your iPod® through the touch screen or through the steering wheel controls.
- Your SNS200 is like having an iPod® with a 7" display.

**iPod®**

**USB**

### USB

- Connect with your SNS200 using the USB hub. You can plug in, and listen to, your own media device.
- The large display lets you scroll through your folders just like on a PC and play MP3/WMA (Windows Media® Audio) files.
- Control your USB device through the touch screen or steering wheel controls.

### CD AUDIO

- Burn your own tunes? No worries.
- Supports CD-R/CD-RW formats.
- Supports MP3/WMA formats.

### DVD VIDEO

- Even when you're going nowhere, you can get to a different place.
- Your SNS200 allows you to watch DVD movies in your vehicle when the vehicle is parked and the emergency brake is engaged.
- Supports the standard DVD movie format.

# MULTIMEDIA

## BLUETOOTH® STREAMING AUDIO

- Pair up your SNS200 with your smart phone or other Bluetooth®-compatible streaming audio device and enjoy music wirelessly.

## BLUETOOTH® STREAMING AUDIO

## BLUETOOTH® HANDS FREE

### BLUETOOTH® HANDS FREE

- You can easily talk with your friends and family by using your SNS200 hands free phone connectivity feature.
- Sync your mobile phone's address book with your SNS200 navigation system.

### AUXILIARY

- You can always listen to your favorite audio through the auxiliary jack input. Refer to the Owner's Manual for location.

### VIDEO IN

- Your SNS200 can support external video devices, such as a DVD player or an iPod Touch®, through its RCA connector. You can watch your favorite vids on the large 7" display.
- Got a video-capable iPod®? Go ahead and watch those vids using an RCA adapter (sold separately).

### REAR SEAT VIDEO DISPLAY

- The bodies in the back seats can watch videos on an optional rear seat display. Your SNS200 supports aftermarket displays (optional equipment, purchased separately) with its video out function.

what moves you

[1] The navigation system is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Road system changes may affect the accuracy of the information provided. Rely on your common sense to decide whether to follow a specified route. Detailed coverage not available in every city or roadway. Periodic Navigation updates available at an additional cost. See your *Navigation System Owner's Manual* for further details. [2] The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. [3] XM NavTraffic® requires a monthly service fee and hardware and is designed to provide real-time traffic or alternative routes of travel. [4] Functioning XM® Satellite radio requires a compatible receiver and monthly service fee. See your Scion dealer for further details. Reception of the satellite signal may vary depending on location. All fees and programming subject to change. Subscriptions subject to the terms and conditions available at [www.xmradio.com](http://www.xmradio.com). Available only in the 48 contiguous United States. [5] iPod® is a registered trademark of Apple Inc. All rights reserved. [6] Performance of Bluetooth®-compatible phones will vary based on phone software version, coverage, and your wireless carrier. Phones are warranted by their manufacturer, not Scion.
