

2022

KONA N

Turn up the heat
on your N-ventures.

KONA N in Sonic Blue

Infused with ideas Hyundai has learned winning championships in global auto racing competition, Kona N – the first SUV from our N performance brand – gets its power from a 276-hp turbocharged 4-cylinder engine. Beyond raw power, Kona N elevates the compact SUV on all fronts: Design, performance, technology and safety.

plants Kona N on its exclusive 19” alloy wheels. Up front, a powerful lighting effect and large air intakes give Kona N its signature style. At the rear, a large wing-type roof spoiler creates downforce – and double takes. Lower down on the rear bumper, a large diffuser funnels the airflow’s departure.

Motorsport-inspired elements meld with the modern language of Hyundai Design to make Kona N seem like it’s racing even when standing still. An aggressively wide, low stance firmly

Road-trip-ready versatility? Kona N is serious about that, too. Add Hyundai SmartSense, our suite of advanced safety technologies,¹ and it’s clear this hot SUV is ready for take-off.

Street cred. Racetrack bred.

To create Kona N, Hyundai’s elite engineers pursued every aspect of street performance with one question in mind: How can we make it better? To make its turbocharged 2.0L engine more powerful, they added N Grin Shift, a driver-activated overboost that increases output by 10 hp for 20 seconds.² Launch Control manages acceleration from a standing start, while an N Corner Carving Differential precisely feeds power to the pavement for optimal cornering.

An 8-speed Wet Dual Clutch Transmission with rev matching ensures each shift is executed for maximum effect – and accompanied by growling, snaps and pops when the variable exhaust system is activated through customizable drive modes. Quick-ratio rack-mounted power steering and an N-tuned 4-wheel electronically controlled suspension give Kona N razor-sharp handling. Press the brake pedal, and huge 14.2” front rotors take hold, bringing you to a swift, sure stop. Time after time.

Want to be your own elite engineer? Toggling the blue N buttons on either side of the steering wheel let you select your desired drive mode. N Custom mode lets you choose the precise calibration for suspension and powertrain settings. Or you can max out everything by pressing the dedicated N Mode button. The buttons can also start a lap timer. Take your Kona N to a track near you, and you’ll feel like an N Division development driver, lapping the Nürburgring in pursuit of the highest possible performance.

Hyundai SmartSense Technologies

¹For details, refer to the Features chart in this brochure or visit HyundaiUSA.com. ²A maximum of 10 hp overboost operates at 5,500 rpm and above for 20 seconds, after which there is a 40-second interval before overboost can be activated again. Overboost deactivates when time expires or when the driver lifts off of the throttle.

*The Hyundai Near Field Communication Digital Key requires a compatible Android smartphone and appropriately equipped 2022 Hyundai Kona N. Not all Android devices are compatible. Lock/unlock functionality works on the front doors only. See your Owner's Manual or visit your local Hyundai dealer for details.

KONA N in Black Leather/Suede Combination

Feel good time.

How good a driver are you? Only as good as you feel – and in Kona N, the feeling is exceptional. Even before you're seated, Kona N expresses a driver-oriented attitude. With the Hyundai Digital Key, your compatible smartphone unlocks the door and syncs the preset preferences from your personal profile simply by touching the front door handle.¹

Behind the wheel, you'll enjoy a commanding view from the sitting position of highly supportive sport seats with side bolsters. Grip the leather-wrapped N steering wheel and sense the connection forming between your fingertips, the paddle shifters and the leather-clad shift knob with blue accent stitching.

Now turn on the ignition and feel your pulse quicken as the digital gauge display lights up like a video game console. Command central is a 10.25" navigation display with split-screen views. A new N mode serves up track maps, performance gauges and lap times triggered by the steering wheel's blue N buttons.

Back on the street, you'll revel in the powerful acoustics of Kona N's Harman Kardon® audio system. Need a flexible space plan for both passengers and cargo? The 60/40 split fold-flat rear seats create lots of options, with a flat cargo floor that makes the loading and unloading of your gear a breeze.

In a world run by remote control, stay connected.

Hyundai's BlueLink® Connected Car System makes it easy to stay connected from wherever you are.¹ Simply download the MyHyundai app, and your smartphone becomes a remote control that lets you unlock your Kona N's doors, start the engine and activate climate controls while you're getting ready to leave.²

Starting your Kona N remotely, or with the Hyundai Digital Key, also tunes radio/navigation presets and restores digital instrument cluster display preferences ahead of time using your personal profile. Want to remotely check and see if you've left your doors unlocked or a window open? Just consult your MyHyundai app for the answers.² Of course, BlueLink is only one of the ways Hyundai helps to make your digital life seamless.

Apple CarPlay® and Android Auto™ sync your smartphone with Kona N's large color touchscreen display for easy access to your contact lists, texts, calls, maps and navigation, your music library and more – ensuring the smarts of your smartphone travel with you wherever you go.³ Wireless device charging is also onboard⁴ – like those dual front USB charging ports, you'll wonder how you ever got along without it.

Automatic Emergency Assistance

BlueLink Connected Care offers 24/7 SOS Emergency Assistance as well as Automatic Collision Notification that calls for help if you're in an accident where your vehicle's airbags deploy.⁵

On-Demand Diagnostics

Run vehicle diagnostics from Kona N's touchscreen, report issues at the press of a button and receive Monthly Vehicle Health Reports or maintenance reminders by email.

Destination Send-to-Car

Use your smartphone to find restaurants or points of interest, then send the destination to your Kona N's navigation system for driving directions before you slip behind the wheel.⁶

Remote Vehicle Controls

You can use your smartphone, smartwatch or home assistant device to remotely start your Kona N's engine, lock or unlock the doors, specify the cabin temperature and more.

Driver Profile Management

Save your navigation searches, radio presets and instrument cluster display preferences to your BlueLink account, and you can remotely update and push them to your Kona N.

Remote Vehicle Status

Wondering how much fuel is in your Kona N's tank? If your windows are open or the doors are unlocked? Your MyHyundai app knows the answers to these questions, and more.

EPA Estimates (City/Highway/Combined)⁷

20/27/23 MPG | N 8-speed Wet Dual Clutch Transmission

¹The 2022 Hyundai Kona N includes 3 years of the BlueLink Connected Care, Remote and Guidance packages. All trials require an active BlueLink subscription agreement subject to the Connected Services Terms and Conditions. Three-year term starts from the new vehicle date-of-first-use, is available for new vehicle purchases and leases, and is transferable to subsequent owners subject to the Terms and Conditions. Only use BlueLink and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications and fees are subject to change. For more on details and limitations, visit HyundaiUSA.com or your authorized Hyundai dealer. ² Requires active BlueLink subscription with Remote package. ³ Apple CarPlay® is a registered trademark of Apple Inc. Android Auto™ is compatible with Android™ phones running Android 5.0 or higher. Android Auto may not be available on all devices and is not available in all countries or regions. Additional apps may be required. Android and Android Auto are trademarks of Google LLC. ⁴ Qi wireless charging function is based on smartphone compatibility and/or specific accessory cases. ⁵ BlueLink agents will contact existing emergency service responders. ⁶ Requires active BlueLink subscription with Guidance package. ⁷ EPA estimates for comparison only. Mileage may vary. Your actual mileage will vary with options, driving conditions, driving habits and the vehicle's condition.

Hyundai Hope On Wheels®

Helping Kids Fight Cancer Since 1998

Hope makes every Hyundai better.

Each time we sell a Hyundai, a portion goes to Hyundai Hope On Wheels® to help find a cure for childhood cancer. Over the last 23 years, Hyundai Hope On Wheels has donated more than \$185 million. Hope is our greatest feature. And it comes standard on every Hyundai. For more information, please visit HyundaiHopeOnWheels.org.
