T E R R A Z A

BUICK

PRESENTING THE 2005 TERRAZA, BUICK'S ELEGANT NEW MINIVAN.

Some things never change. Like the qualities of elegance, craftsmanship and dependability that have defined Buick for over 100 years. But other things, such as the complex, multi-dimensional world you live in, seem to always be in a constant state of transition. At Buick, we not only recognize your ever-changing lifestyle, we've actually designed three remarkable automobiles to fit right into it. Rainier, Terraza and Rendezvous are an exciting departure for Buick and represent an exhilarating new chapter in the evolution of the Buick tradition.

The new Terraza exemplifies this thinking. It's as if the traditional, utilitarian family van was re-thought from the ground up and given a whole new premium standard. A standard that only Buick could deliver. It boasts style, luxury, comfort and a multitude of technical advances such as OnStar and QuietTuning.

But at the heart of this prestigious new van is the fact that, first and foremost, it's a Buick. So, you're assured without question that superb engineering and unsurpassed craftsmanship are all very much a part of Terraza's refined image.

Welcome to the elegant new 2005 Terraza. You're going to enjoy the ride.

WITH BUICK, STYLING AND POWER COME STANDARD.

You'll notice in an instant that Terraza has a certain elegance about it. The sophisticated lines and gracious touches such as chrome inserts in the body-coloured mouldings and chrome door handles attest to the creativity that went into Terraza's design. But look beyond the eye-appeal and you'll find a responsive 3.5L 3500 V6 engine. With 200 hp and 220 lb.-ft. of torque, you have the kind of quiet, dependable power that has become a Buick trademark.

Terraza delivers style, with the power to enhance it.

AT RIGHT: Terraza CXL, shown in Cardinal Red Metallic
AT LEFT: The available power-operated dual sliding side doors glide open with the press of a button to reveal the wide open spaces of Terraza's elegant interior.

QUITE SIMPLY, AN EXTRAORDINARY MINIVAN.

In fact, with Terraza's bold, sporty exterior, you might even mistake it for an SUV – the similarities are remarkable. Yet, at the same time, you'll also see Terraza is definitely a Buick. Which helps explain why both the CX and CXL come fully-equipped with features that wouldn't even be considered for ordinary vans. The blacked-out grille with chrome edging and 17" wheels and tires serve to complement the sophisticated lines that are pure Buick.

Notice too, some of Terraza's other defining touches, such as the way the high-output halogen headlights have been seamlessly blended into the front fascia or the brushed aluminum on CXL's roof rack.

As you will continue to discover, with Terraza you should expect anything but the ordinary.

FACING PAGE: Terraza CXL, shown in Cardinal Red Metallic with optional 17" chromed aluminum wheels.

1. On the rare occasions when you can't fit all your gear inside, your luggage will travel in style with brushed aluminum roof racks, standard on CXL.
2. High-output halogen headlights are standard on both models. Combined with Terraza's advanced reflector optic design, the result is a superior beam pattern for better nighttime visibility.
3. 17" chromed aluminum wheels, available on CXL, are another very refined Terraza feature.

ATTENTION TO DETAIL IS EVERYWHERE YOU LOOK.

Once you enter the cabin you won't be disappointed. The first thing you'll likely notice is Terraza's abundance of space. Then the enhancements start to become apparent: a leather-wrapped steering wheel, dual-zone climate controls, chrome-accented instrument panel surrounded by rich simulated wood grain trim and a Driver Information Centre to keep you in touch with over 50 vehicle functions.

Overhead are storage modules, standard on CXL and available on CX, that are conveniently incorporated into the overhead rail system in Terraza's roof. In back are many other refinements your passengers are going to enjoy, like food management trays and seat storage compartments.

Even the audio system is exceptional – both Terraza models feature an eight-speaker AM/FM/CD/MP3 sound system that delivers excellent depth and clarity with concert quality sound.

And once on the road, you can't help but be impressed by the serenity of Terraza's drive. That's largely due to the Buick innovation of QuietTuning, which significantly reduces unwanted wind and engine noise in the interior.

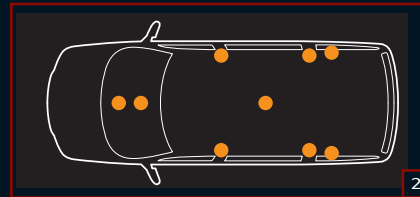

There are even more enhancements included on the CXL. Audio system controls are conveniently located right on the steering wheel for hands-on access. The driver and front passenger seats feature 8-way power adjusters with a memory function on the driver's side. There's even a 110-volt auxiliary power outlet located in the rear cargo area to power anything from a cellphone charger to a small television.

In fact, no matter where you look, you'll see the attention to detail that defines Terraza. But, after all, it is a Buick.

1

2

3

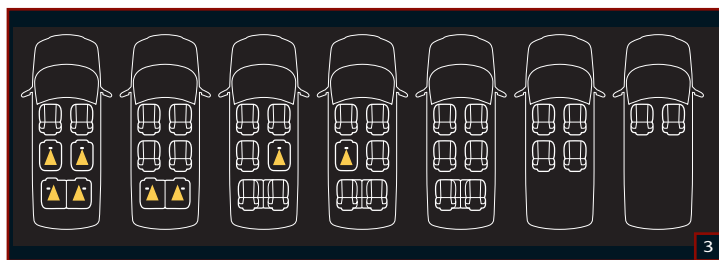

1. The standard seating configuration comfortably transports you and six passengers in spacious style. Up front are reclining bucket seats with inboard armrests. The second row features two captain's chairs with fold-forward seatbacks and the third row, which has a removable folding 50/50 split bench, can easily accommodate either two or three passengers. CXL interior shown here with standard leather-appointed seating surfaces.
2. Buick engineers designed Terraza to have superlative quietness. As a result, the interior is surrounded by 28 special acoustic absorbers, strategically positioned throughout the vehicle to help absorb noise.
3. Other applications of Buick's QuietTuning technology include a rigid forged steel crankshaft to diminish engine noise. As well, the new 3.5L 3500 V6 engine was designed with noise reduction in mind – an acoustical engine cover helps reduce high-frequency noise.

IT'S A TRAVELLING ENTERTAINMENT CENTRE.

Be prepared: you may have difficulty getting your second and third-row passengers to leave once they've discovered the amazing DVD entertainment system, available on both models. The system includes a DVD player with a flip-down, wide screen LCD colour monitor and a convenient storage module. As well, it is able to play CD-audio, MP3 and DVD formats, has inputs for video games and camcorders and comes with two pairs of dual-channel headphones and a wireless remote control. Portable accessory modules, such as a CD/DVD storage unit and a cellphone holder are also available. And everything is housed in an ingenious overhead rail storage system.

Even the longest journey will seem shorter for your passengers when they're able to choose from the Terraza entertainment menu.

1. The overhead rail storage system allows you to integrate functions such as lighting, entertainment and various storage modules into one elegant unit. The DVD player, available on all models, can be enhanced with other available modules for storing sunglasses, CDs and DVDs, flexible flashlights, cellphones and even a first aid kit.
2. Your Terraza becomes a 4-wheel entertainment centre with the addition of PhatNoise, a 40-gigabyte portable hard drive cartridge that can store and play up to 10,000 songs in MP3, WMA or WAV formats, or store and play 40 movies in MPEG format, plus many other functions. PhatNoise*, available on both Terraza models, mounts right into the overhead rail storage system and can be taken out and connected to your home PC for copying or downloading computer files.
3. One of Terraza's most appreciated qualities is its adaptability. Designed to carry seven in comfort, it can easily be reconfigured into as many as seven different seating and storage arrangements.
4. With steering wheel controls, you can adjust the audio system without taking your eyes off the road. Standard on CXL.

*Interim availability.

THE TECHNICAL TERRAZA.

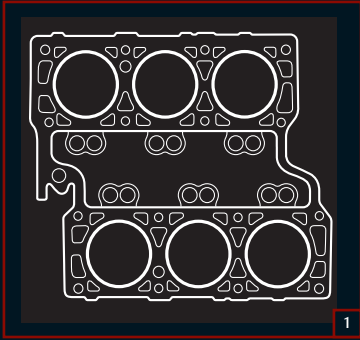

With 200 hp, Terraza's authoritative 3.5L 3500 V6 engine was designed to give you power when you need it – and then some. That's largely attributable to a sequential-port fuel injection system (SFI) which delivers not only assertive acceleration but also a very smooth, responsive ride.

Terraza can be further enhanced with the addition of the remarkable Versatrak all-wheel-drive system, capable of handling virtually any type of driving condition imaginable.

For everyday driving, the system operates in economical front-wheel drive. However, when driving conditions become less than ideal, Versatrak switches to all-wheel-drive automatically without any change in handling or loss of speed – no buttons to push, no levers to pull.

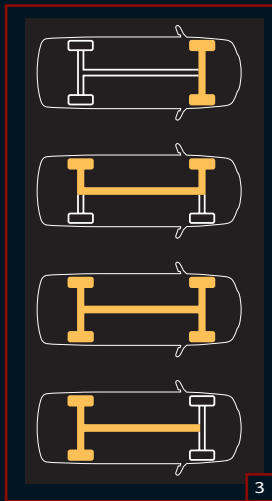

Like everything else you will come to discover about Terraza, the technical features are impeccably well thought out. Would you expect anything less from Buick?

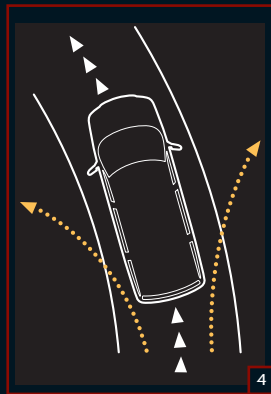

1

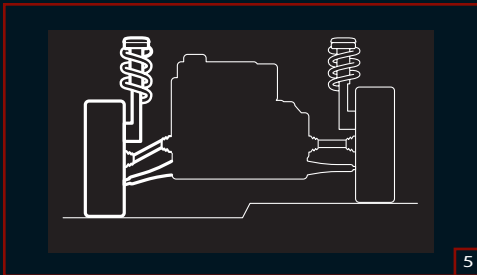

2

3

4

5

1. Terraza's 3.5L 3500 V6 engine yields an impressive 220 lb.-ft. of torque. An equal-length intake manifold and a forged steel crankshaft help ensure a smooth, quiet ride with very little vibration.
2. Ultrasonic Rear Parking Assist makes parking in tight spots as easy as 1-2-3. Ultrasonic transmitters/receivers in the rear bumper send out sonar waves when the vehicle is in Reverse. If a stationary object over 25 cm (10-in.) high is detected at low speeds, the sensors activate audio and LED warnings. Standard on CXL, available on CX.
3. The ingenious Versatrak all-wheel-drive system, included on all-wheel-drive models, uses fuel-saving front-wheel drive for regular driving conditions. When Terraza starts to encounter slippery surfaces, all-wheel-drive mode is automatically engaged without affecting comfort or handling. Once the system senses that the front wheels have regained sufficient traction, it reverts to front-wheel drive mode. And it's all automatic.
4. With the available StabiliTrak dynamic vehicle control system, computers constantly correlate the vehicle's direction with the direction the driver intends to go. In the event of a lateral skid, StabiliTrak will automatically help compensate by braking, reducing power or both. Available on front-wheel-drive (FWD) models only.
5. Terraza's smooth ride, stability and virtually effortless handling are primarily due to its four-wheel, fully-independent suspension. An independent gas-pressurized MacPherson strut front suspension with stabilizer bars helps significantly suppress noise and vibration.

BUICK'S DEDICATION TO YOUR SAFETY.

As with any Buick, your safety, and the safety of anyone who rides with you, is our first priority. To that end, Terraza has four-wheel anti-lock disc brakes. As well, its frame is constructed with high-strength steel. Dual-stage driver and front-passenger frontal air bags are standard on all models.

You and your passengers are further protected by three-point safety belts for all seven seating positions. Every

Terraza is also equipped with the LATCH (Lower Anchors and Top Tethers for Children) system for child safety seats in all second-row seats.

Your peace of mind is equally important. That's why remote keyless entry, the PASS-Key III theft-deterrent system, and an alarm which provides both audible and visible warnings in the event of a break-in, are all standard.

And GM's renowned OnStar In-Vehicle Communications and Assistance Service, with one year of the Safe & Sound plan, is also standard on both models.

So, even though Terraza is a totally new vehicle, the dedication to your safety is a commitment that Buick made over one hundred years ago.

There's a lot more to Terraza than just powertrains, suspension systems, elegant refinements and sophisticated styling. It also includes the unparalleled safety and security of OnStar. OnStar uses advanced communications technology to enhance your peace of mind whenever you are in your Terraza. All it takes is the touch of a single OnStar button inside your vehicle to connect you with one of our Advisors at the OnStar Centre.* They are standing by, ready to provide support 24 hours a day, 365 days a year.

What can OnStar Advisors do for you? They not only provide information and a range of other direct assistance services – but also, in an emergency, they will contact emergency service providers. And if air bags are deployed in your vehicle, an Advisor will contact you to determine if you need assistance. Your Advisor can also perform a remote diagnostic check of your engine and the electrical components in your vehicle.

Another convenient feature is OnStar Personal Calling**, which uses a button to activate the hands-free, voice-activated wireless phone that's integrated into your vehicle. It's there just in case your hand-held cellphone is lost, forgotten or has a low battery. Even better, there are no additional monthly system access fees, or additional long distance and roaming charges. And as a new customer, you will receive 30 trial minutes.

Knowing you have OnStar on board provides a powerful sense of added security. Just ask the more than 100,000 people who have become OnStar subscribers in Canada. How hard does OnStar work for you? The facts speak for themselves: every month in Canada, OnStar Advisors handle an average of 7100 routing calls, 2000 emergency calls, 1900 door unlocks and 1050 Roadside Assistance dispatches.

OnStar offers two different service plans, allowing you to select the services that are important to you. The Safe & Sound plan is included for one year on all Terraza models. The Directions & Connections plan offers route information, as well as a host of other convenience services. See your dealer for more details about the plans available for your Buick Terraza.

* Subscription Agreement necessary. OnStar services require vehicle electrical system and wireless service to be available and operating for features to function properly. OnStar relies on existing emergency service providers as well as wireless and satellite technologies and is subject to their limitations. Call 1-888-4ONSTAR (1-888-466-7827), see your OnStar Owner's Guide, or visit onstarcanada.com for system information and details. ** Requires OnStar Personal Calling-enabled vehicle, existing OnStar service contract and prepaid calling minutes. OnStar voice recognition system may not recognize all voices. Available in most markets.

Always there. Always ready.

SAFETY AND SECURITY	CX	CXL
Air bags – dual-stage, driver and front-passenger, frontal	S	S
Air bags – driver and front-passenger, seat-mounted side-impact	0	S
Brake/transmission shift interlock	S	S

A word about this brochure

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Buick dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

Privacy statement

At General Motors of Canada Limited ("GM Canada") we respect your privacy and value our relationship with you. Your personal information will be protected, will never be sold, and will be used only by GM Canada, our affiliates, dealers/retailers, and service suppliers (only to provide services). If you wish to be removed from GM Canada marketing communications; would like to limit only certain marketing communications from us; would like a listing of our specific uses or further information about those with whom your information is shared; or for further information about our Privacy Policy and practices, please contact us at 1-800-GM-DRIVE (1-800-463-7483) or through our Web site at gmcanada.com

A word about assembly

Buicks are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in Buicks. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

Tiger Woods

Buick is the Official Car of the PGA TOUR. Tiger Woods is the most acclaimed player in the game today. That's why we're so proud to be partnered with him. After all, Tiger delivers power, style and finesse every time he hits the course. And Buick is ready to deliver those very same qualities every time you hit the road.

BUICK

CENTURY ALLURE LESABRE PARK AVENUE RENDEZVOUS RAINIER TERRAZA

Regardless of which Buick you choose, you can be assured that your vehicle was created in the Buick tradition of innovation and style. There's one more component that's integral to every model we make: our commitment to you and your Buick.

COMMITMENT

We're committed to engineering and manufacturing Buick Terraza so that it is an absolute pleasure to drive. And that's just the beginning. We're also committed to making the ownership experience just as responsive to your specific needs. You'll find that our comprehensive support programs make it easier to purchase or lease a Buick. They also help to protect you and your vehicle down the road. A powerful example of the level of protection you can expect is the GM TOTAL™ Warranty. It's so thorough it covers your vehicle from the roof right down to the tires. So when you drive off the lot of your Buick dealership, you can do so with total confidence. Peace of mind is knowing that your vehicle is built for the long haul, and is backed by a comprehensive warranty.

THE GM TOTAL™ Warranty:†

The GM TOTAL™ Warranty is your promise of total warranty protection. It covers every new Buick Terraza for 3 years or 60,000 km*. Complete vehicle repairs are covered,** including parts and labour, with no deductible. The warranty includes:

- 3-year/60,000 km* complete vehicle repair coverage
- 6-year/160,000 km* corrosion perforation coverage
- 8-year/130,000 km* coverage on catalytic converters and powertrain control modules (PCMs).

*Whichever comes first.

**To correct any defects in material or workmanship occurring during the warranty period. Regular maintenance is not included, nor is excessive wear and tear caused by reckless or negligent driving.

EXTENDED POWERTRAIN LIMITED WARRANTY:†

Every Buick Terraza is also covered by a special Powertrain Component Limited Warranty with no deductible for 5 years or 100,000 km*. So you can count on your Buick Terraza for much more than its styling and engineering – today, and down the road.

*Whichever comes first.

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:†

- **Roadside Assistance** – 24/7 service via toll-free number during your warranty period, anywhere in Canada or the United States
- **Courtesy Transportation** – may be offered during warranty period
- **GM Protection Plan (GMPP)** – the only extended service contract backed by the resources and commitment of General Motors; GMPP can be purchased at the time of your sale or lease, or subsequently
- **GM Mobility Program** – you may be eligible for reimbursement of up to \$1000 (taxes included) for adaptive equipment for your GM vehicle
- **GM Accessories** – personalize your vehicle with GM Accessories, specifically engineered for your new GM vehicle
- **GM Goodwrench Service** – with GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better.

TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

- **GMAC Financing** – on-the-spot financing at your GM dealership††
- **GMAC SMARTLEASE** – a smart alternative to traditional financing††
- **GM Graduate Program** – recent graduates may qualify for up to \$1000 (taxes included) off any new GM vehicle†
- **The GM Card** – eligible cardholders may be able to redeem up to \$3500 in GM Card® Earnings toward the total purchase price or lease down payment on selected vehicles. For more information on The GM Card please call 1-800-461-3279.†

INFORMATION RESOURCES:

You can find more information about these programs from your GM dealer, or at these information centres:

- The GM Web site at gmcanada.com
- The GM Customer Communication Marketing Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users) – for information about any GM product or service, including The GM Card and the GM Mobility Program
- For information about GMAC visit the GM Web site or call 1-800-616-4622.

†Conditions and limitations apply.

††Subject to eligibility.
