ACTIVE HYBRID 5.

POWER THAT'S MILES AHEAD.

The BMW ActiveHybrid 5 is a powerful performance hybrid, capable of driving in fully electric mode at speeds of up to 60 km/h. In addition to greater efficiency and reduced emissions, the technology's benefits extend to an interior that is even quieter than other 5 Series vehicles – the perfect way to enjoy the precisely tuned sounds of the optional 16-speaker Harman/Kardon HiFi Surround Sound System.
