

The Power to Surprise

2016
CADENZA

CADENZA

NOW'S THE TIME TO
AIM EVEN HIGHER.

You set an exceptionally high standard for yourself. And you count on others to live up to your lofty expectations. You apply the same rigorous criteria to the vehicle you drive. Your unwavering pursuit of quality will find a worthy new ally in Cadenza. It's nothing less than a new form of luxury, building on Kia's exemplary foundation of leading-edge design, innovative technology and impeccable quality. Add to that the characteristics that define a truly elite luxury driving experience. Then see for yourself how that vision is fulfilled – in the 2016 Kia Cadenza. With its sleek, yet muscular design and cutting-edge technologies, Cadenza sets a new, higher standard among premium sedans – a fact that was underscored by J.D. Power and Associates when it named the 2014 Cadenza the "Highest Ranked Large Car in Initial Quality in the U.S."⁹ Set your sights higher than ever. Introduce yourself to Cadenza.

APPRECIATE THE FINE ART OF PERFORMANCE.

Extraordinary performance consists of more than precision engineering and the very latest in technology. It's also a state of mind. One look at the Cadenza is sure to ignite a strong power of suggestion. Its angular contours and assured stance suggest a sophisticated level of performance; its advanced technologies deliver on the promise. At the heart is a 3.3 litre Gasoline Direct Injection (GDI) V6 engine that generates 293 horsepower and is mated with a six-speed Sportmatic® transmission that allows you to choose between an automatic mode or sportier, clutch-free manual shifting with steering-wheel-mounted paddle shifters. Complete the picture with such innovative driver assist systems as the available Advanced Smart Cruise Control¹ and Blind-Spot Detection¹. Ready to raise your game? Drive the game-changing form of premium performance. Cadenza.

THE FOCUS IS ON YOU.

In Cadenza, the objective is to give you the tools you need to retain a singular focus on driving. That's facilitated by such standard features as a voice-command navigation³ system with Rear-Camera Display¹ and a Back-Up Warning System.¹ Once you're on the road, another dimension of the driving experience is provided by the premium Infinity^{®4} by Harman surround-sound audio system that employs 12 speakers to create a rich audio soundstage. And with this form of performance, you're not just the audience, you're also the conductor.

1. REARVIEW CAMERA DISPLAY¹

The display helps reveal objects behind your vehicle that may otherwise go unseen.

2. BACK-UP WARNING SYSTEM¹

A sonar system is concealed in the rear bumper. When you back up, an audible warning is given if the system detects objects behind your vehicle.

3. SUPERVISION TFT LCD INSTRUMENT CLUSTER

A high-visibility vehicle information screen and LCD gauges offer easy, at-a-glance reading in a variety of ambient light conditions. The cluster is included on Cadenza Premium and Tech models.

4. HYDROPHOBIC GLASS

To help improve visibility in rainy weather, front side windows with available hydrophobic glass instantly repel water.

INFINITY^{®4} AUDIO SYSTEM

A premium Infinity^{®4} by Harman surround-sound audio system delivers crystal clear and balanced concert-hall quality sound. The system features 12 precisely positioned speakers, including a subwoofer, centre channel speaker and external amplifier.

LUXURY AT YOUR COMMAND.

It isn't only a matter of what you can control with Cadenza's advanced multimedia interface, it's how. You can use voice commands with the sophisticated speech recognition technology or the dynamic display and brilliant graphics of the touch screen. Both offer you precise control of onboard navigation and entertainment systems and functions. It's a driver's seat and command post in one. That's Cadenza's forward-thinking approach to luxury.

TOUCH-SCREEN TECHNOLOGY
A bright, 8-inch LCD touch screen features smartphone-like controls that respond with a touch of your finger.

MEDIA AND MUSIC INTEGRATION
The interface provides hands-free connectivity for your Bluetooth®-enabled cell phone and supports digital music streaming from your iPod® or USB-connected music sources, in addition to the system's own internal hard drive. Your music selections are displayed as extra-large album artwork on the touch screen.

REARVIEW CAMERA DISPLAY¹
When you shift into Reverse, the multimedia interface automatically displays a high-resolution image from the vehicle's rearview camera.

PREMIUM AUDIO SYSTEM INTEGRATION
The multimedia interface is fully integrated with Cadenza's premium 12-speaker Infinity® by Harman surround-sound audio system.

ON-BOARD NAVIGATION³
Cadenza's standard onboard navigation system is also fully integrated with the multimedia interface. Call-up a destination, find a point of interest or type in an address on the touch screen and Cadenza will lead you there.

YOUR OWN
PERSONAL
SANCTUARY.

Spaciousness. Comfort. Plus a distinctly premium look and feel. Cadenza offers all the keystones of a luxurious personal sanctuary that is sure to satisfy even the most demanding drivers – like you. Settle into the first-class accommodations, with heated power-adjustable front seats that strike an ideal balance of comfort and support. Top-flight amenities enrich the experience with leather seat trim, chrome accents and sophisticated wood-grain style trim. Life is very good indeed inside Cadenza. Your sanctuary from the everyday.

FIND YOUR OWN COMFORT LEVEL.

PANORAMIC SUNROOF

Brighten any drive with the available panoramic sunroof. It includes a power-retractable sunshade for enhanced convenience.

1. DUAL-ZONE AUTOMATIC TEMPERATURE CONTROL
The system allows the driver and front passenger to adjust individual temperature settings to create their own climate zones. Rear-seat passengers can control airflow through a separate ventilation outlet.

2. HEATED STEERING WHEEL
There's nothing like an available heated steering wheel to take the sting out of cold Canadian winter mornings.

3. POWER REAR-WINDOW SUNSHADE
Rear-seat passengers can

enjoy a cooler and more comfortable drive thanks to an available power rear-window sunshade.

4. POWER SEAT-CUSHION EXTENSION
An available power-adjustable driver's seat-cushion extension is a welcome luxury, providing extra support and allowing drivers to select their own custom comfort settings. An available memory system remembers two drivers' preferences, recalling stored positions for the driver's seat, outside mirrors and power-adjustable steering column.

Cadenza sets a very high standard of luxury. The question is, what level appeals to your individual tastes. Heated power-adjustable front seats with leather trim are standard. If you desire a step up to even more luxurious appointments, you can opt for the available premium Nappa leather seat trim, air-cooled front seats, a power-adjustable driver's seat-cushion extension and a power rear-window sunshade. It's a cut above the cut above.

A PROACTIVE APPROACH TO SAFETY.

Cadenza is equipped with a series of advanced active safety systems that work together to help give you a proactive layer of defence. Think of it as defensive engineering – Electronic Stability Control (ESC), Traction Control System (TCS), Brake Assist System (BAS) and Vehicle Stability Management system (VSM) help you maintain control even in difficult conditions and in many emergency braking scenarios. Cadenza responds to potentially hazardous situations even before you do. Comforting thought – don't you think?

VEHICLE STABILITY MANAGEMENT (VSM)

VSM is a safety feature that adds steering direction control capability. It intervenes when appropriate to help the driver regain control of the vehicle.

ELECTRONIC STABILITY CONTROL (ESC)

ESC monitors your vehicle's response during emergency manoeuvres. It can intervene by controlling the engine and brakes to help keep your Cadenza on course.

TRACTION CONTROL SYSTEM (TCS)

When TCS senses wheel spin during acceleration, it uses engine power and brake force to adjust power to the wheels with the most traction.

ELECTRONIC BRAKE-FORCE DISTRIBUTION (EBD)

To help maintain more consistent braking as vehicle loads and weight distribution change, EBD adjusts the front-to-rear balance of brake pressure.

BRAKE ASSIST SYSTEM (BAS)

If BAS detects emergency braking, based on how quickly you step on the brake pedal, it instantly applies full braking force, which helps shorten your overall stopping distance.

HILL-START ASSIST CONTROL (HAC)

To help keep you from rolling backward when starting up a steep hill, HAC automatically holds the brake pressure for two seconds after you take your foot off the brake pedal. That gives you plenty of time to move your foot to the accelerator pedal.

A high-angle, black and white photograph of a car's interior. The front and rear seats are visible, with several large, white, inflated airbags deployed from the dashboard, seats, and side panels. The center console and dashboard are visible in the background. The overall scene is dimly lit, emphasizing the white airbags.

PROTECTION. FOR SITUATIONS THAT CAN'T BE AVOIDED.

Despite all of Cadenza's comprehensive active safety technology, in certain situations, a collision may prove unavoidable. That's when a series of passive safety systems are activated to help protect the driver and passengers alike. An advanced airbag system⁵ includes dual front, front and rear seat-mounted side, and full-length side-curtain airbags. In addition, the protective, high-strength, tensile steel-reinforced body helps absorb impact energy in a controlled manner. You can count on it. For added peace of mind.

EIGHT ADVANCED AIRBAGS⁵

Dual front airbags, full-length side curtain airbags and front and rear seat-mounted side airbags are managed by an advanced sensor system that can even respond in certain rollover situations.

AIRBAG & SEATBELT SENSORS

This advanced system monitors the severity of certain impacts, the presence of a front passenger and seat-belt use, and then controls airbag inflation accordingly.

FRONT SEAT-BELT PRETENSIONERS

Pretensioners are designed to tighten the front seat belts in the event of certain collisions. This helps reduce the likelihood of injuries.

HIGH-STRENGTH, TENSILE STEEL-REINFORCED BODY

Cadenza's body structure is reinforced with the extensive use of high-strength tensile steel. This material is lighter and stronger than traditional steel, helping protect passengers while reducing overall weight.

FRONT & REAR CRUMPLE ZONES

Front and rear crumple zones are specially engineered to help absorb and dissipate impact energy, helping to preserve the structural integrity of the entire passenger compartment in certain collisions.

REAR CHILD-SAFETY DOOR LOCKS

Rear child-safety door locks help prevent the doors from being opened accidentally, which is important when small children are on board. When doors are in the locked position, they can only be opened from the outside.

KIA, DELIVERING ON A PROMISE.

At Kia, we make a promise to everyone who drives our vehicles – a promise to design, engineer and build our vehicles to the most rigorous, world-class standards. This promise guides the development of vehicles that embody Kia's signature style, precision engineering, outstanding performance, innovative features and advanced safety systems. Our dedication to quality and value has been widely recognized – one reason why Kia has been named a Top 100 brand in Interbrand's Best Global

Brands 2014 report. In addition, Kia earned two prestigious J.D. Power awards for Highest Ranked Initial Quality in the U.S. for the 2014 Sportage and 2014 Cadenza.⁹ This honour recognizes our success at producing fuel-efficient and affordable vehicles. While the accolades are always welcome, our mission extends beyond impressing the industry or media. What makes us most proud is exceeding your expectations of a truly exemplary driving and ownership experience.

GT concept

STUNNING DESIGN

Under the direction of renowned President and Chief Design Officer Peter Schreyer — Kia vehicles have captured worldwide attention for their interior and exterior styling, which represents the collaborative work of designers who have created a look that makes every Kia recognizable at first sight. Today, the lineup consists of vehicles that fill owners as well as Kia's designers with pride.

EXTENSIVE RESEARCH AND DEVELOPMENT

Kia's R&D procedures are rigorous and exhaustive. At proving grounds around the world, vehicles undergo unrelenting tests. A world-class wind tunnel provides testing in winds up to 200 km/h. Utilizing heavy-rain-and-snowfall testing chambers and a road simulator, Kia puts its vehicles through punishing tests as part of a commitment to develop exceptionally durable and safe vehicles.

IMPRESSIVE WARRANTY PROGRAM

Kia engineers are passionate about producing vehicles that are exceptionally well-designed and reliable. Their dedication to quality and attention to detail

give Kia the confidence to back every model with an outstanding warranty program.

TAKING ON THE COMPETITION

The Kia Racing team is dedicated to competing against world-class competition — and winning. That dedication is part of Kia's belief that the knowledge gained in competition can be applied to the entire Kia lineup to provide you with vehicles that perform beyond your expectations. The Kia Racing team includes championship-winning drivers with proven track records, and after a strong start to the 2015 season, you can look for Kia in the winner's circle at racetracks across North America in the future.

KIA CANADA AND DAVID HEARN — PARTNERS IN THE GAME OF GOLF.

He is one of Canada's elite golfers and a fixture on the PGA Tour. David Hearn is also a proud ambassador of the game — and proudly represents Kia Canada both on and off the course. David isn't just a dedicated golfer, he's also a devoted family man who was looking for a world-class vehicle to transport his family in style, comfort and safety. "I am thrilled to continue my partnership with Kia, representing the company in Canada and in the golf space," said Hearn. "Kia is a car that I trust personally, with the style and quality I need for both myself and my family. As much as I love golf, my family is what matters most. It is important for me to partner with a quality company like Kia."

FUEL ECONOMY, HIGHWAY/CITY, L/100KM

Front wheel drive	8.4/12.7
-------------------	----------

Starting with the 2015 model year, Natural Resources Canada in conjunction with the automotive manufacturers, have introduced a new testing procedure that will result in higher fuel consumption ratings that are more representative of everyday driving. Kia Canada is one of the first automotive manufacturers to implement the new testing practice and would like to ensure you fully understand the difference. The new procedure incorporates 3 additional test cycles that account for air conditioner usage, cold temperature operation, and higher speeds with more rapid acceleration and braking. Get the points.

Kia Member Rewards is an exclusive rewards program for Kia customers.

As a Kia Rewards Member, you'll earn points with every dollar you spend on maintenance service, parts and accessories at your servicing Kia dealer. Those Reward Points can be redeemed for discounts on future purchases – including the purchase of a new Kia. Plus earn Bonus Points on select items and services to collect rewards even faster.

Kia Member Rewards No-Charge Benefits include:

- Fuel fill-up with the delivery of your new Kia vehicle

Become a Kia Premium Rewards Member: Ask your Kia Dealer how you can enjoy even more benefits.

Enroll Today: Becoming a Kia Rewards Member is easy.

See your Kia Dealer today to join.

Visit rewards.kia.ca for full terms and conditions.

- Local shuttle service
- Multi-point vehicle inspection with every service visit
- Windshield washer fill-up with every paid service
- Windshield wiper installation with wiper purchase
- Preferential rates on car rentals, nationwide
- 24/7 Roadside Assistance for your vehicle under Kia's 5-year/100,000 km warranty or Certified Pre-Owned warranty
- Email notification of exclusive Kia specials and events – a great way to earn Reward Points and save on future purchases

We've got you covered.

At Kia, we believe peace of mind should come standard with every vehicle we make. That's why we back every model with one of the best warranties in the industry.

Our outstanding warranty coverage includes:

5-year/100,000 km – Worry-free comprehensive warranty covering virtually the entire vehicle¹⁰

5-year/100,000 km – Powertrain warranty covering the engine, transmission, axles, differentials and driveshafts¹⁰

5-year/100,000 km – Roadside assistance covers you in case of mechanical breakdown anywhere in North America¹⁰

5-year/unlimited km – Anti-perforation warranty on body sheet metal defects in material/workmanship¹⁰
