

2017 GLS

Ever so elegant.

Mercedes-Benz

The best or nothing.

Fresh style, familiar leadership

The state of the art among large luxury SUVs has achieved a new pinnacle of artistry. New active LED headlamps and a bold new grille flow into a twin power-dome hood. Aerodynamic refinements enhance driving confidence and quiet comfort. Redesigned taillamps feature LED fibre-optics, while dual chrome exhausts punctuate a resculpted rear bumper. Glistening chrome and satin silver details reflect the substance beneath the stylish surface.

Impeccably crafted cabin

Roomy, refined and refreshed, the GLS cabin matches innovation with indulgence. Hand-finished wood, hand-fitted upholstery and subtle metallic details surround advanced features and driver-focused controls. Crisp analogue gauges flank big, vivid colourdisplays in front of the driver and at center stage atop the dash.

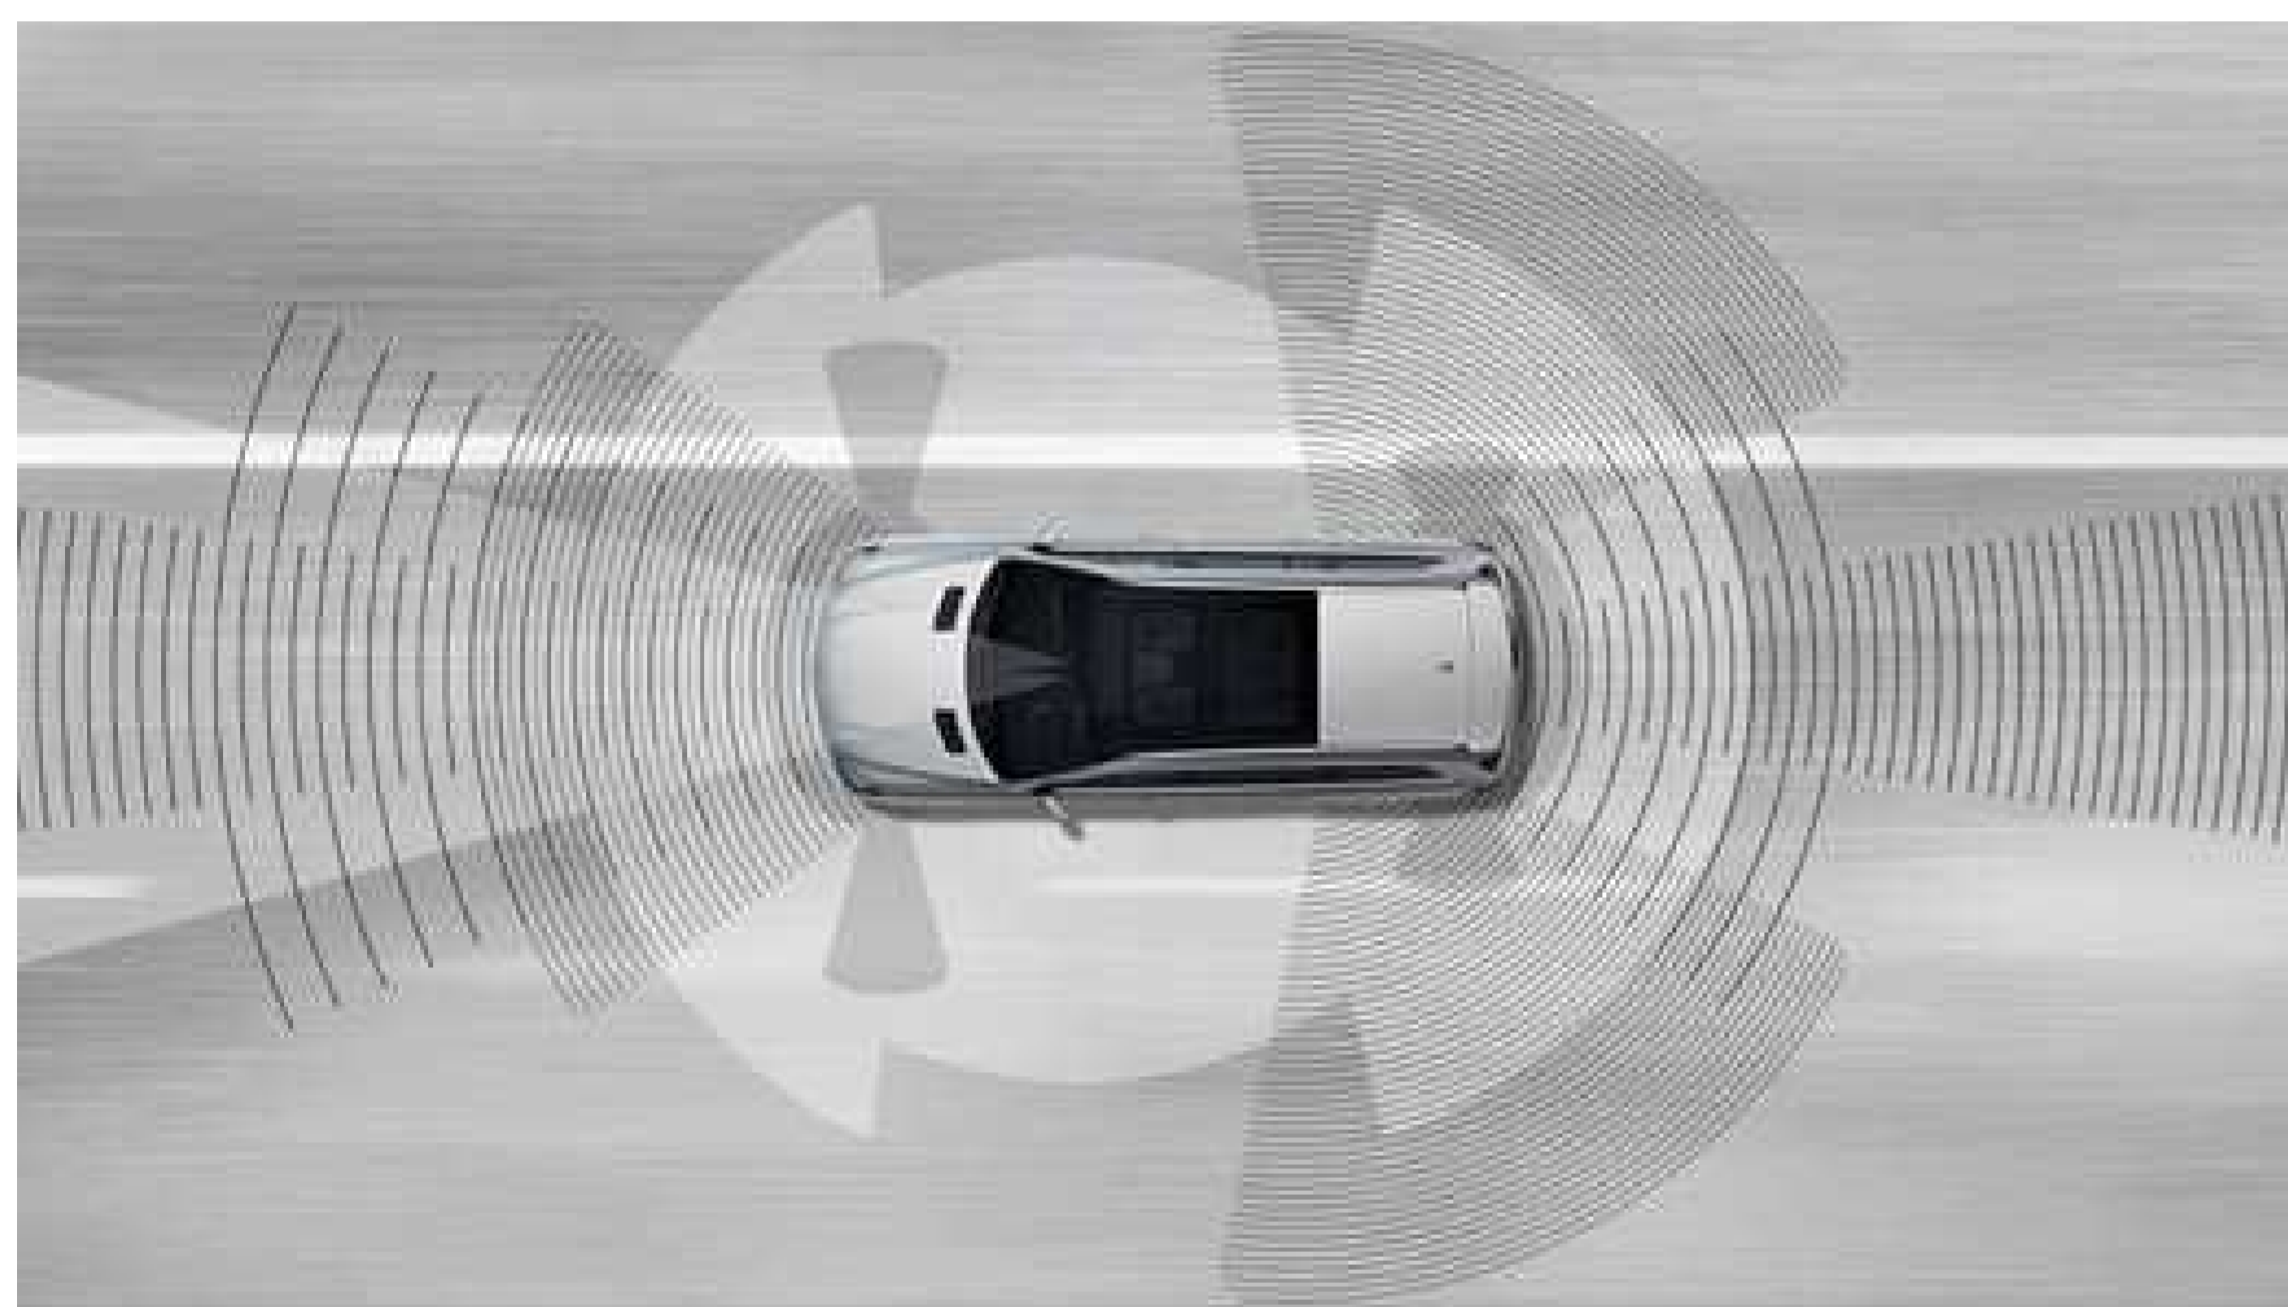

Abundant, versatile space

From passengers to packages, the GLS treats it all like royalty. The split 2nd-row seats recline to 10 positions, or fold flat in seconds. The 3rd-row seats offer truly comfortable seating for two adults, or power-fold flat with the touch of a button. With all the seats down, there's up to 2,300 litres of cargo space. And it's all made more easily accessible by the remote power tailgate.

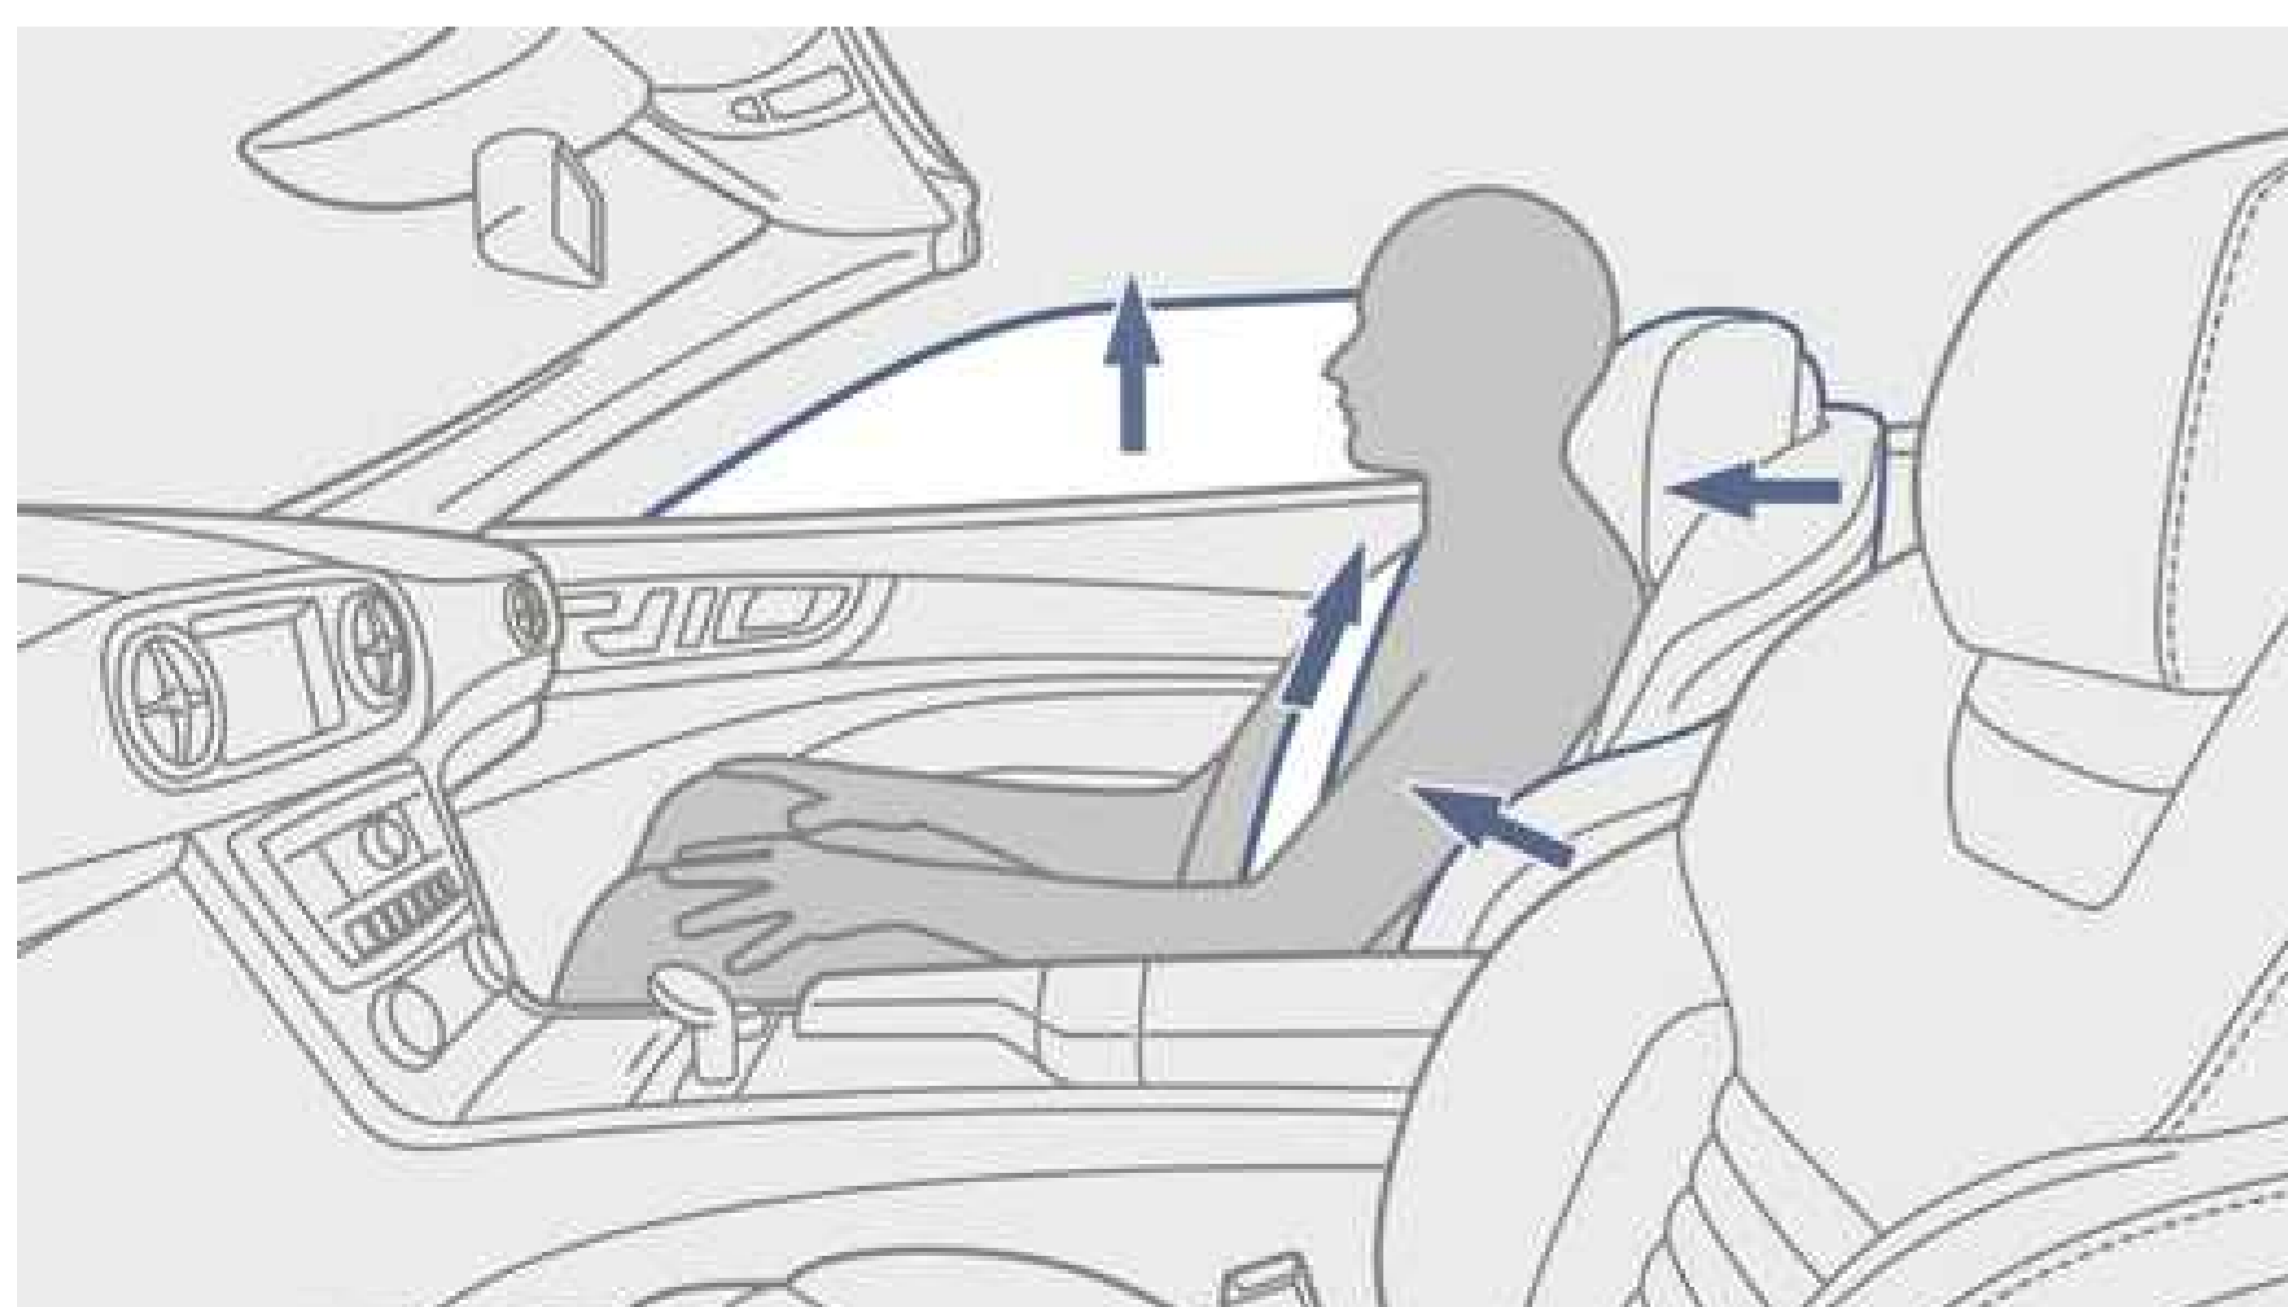

Advanced LED lighting

Approximating daylight even more closely than xenon headlamps, standard new Active High Performance LED headlamps enhance your nighttime vision, adapting to the road ahead by steering into corners as you do, and automatically shining as far as possible. LED Daytime Running Lamps and stylish “twin torch” fibre-optic LED taillamps combine eye-opening brilliance with eye-catching style.

COLLISION PREVENTION ASSIST PLUS

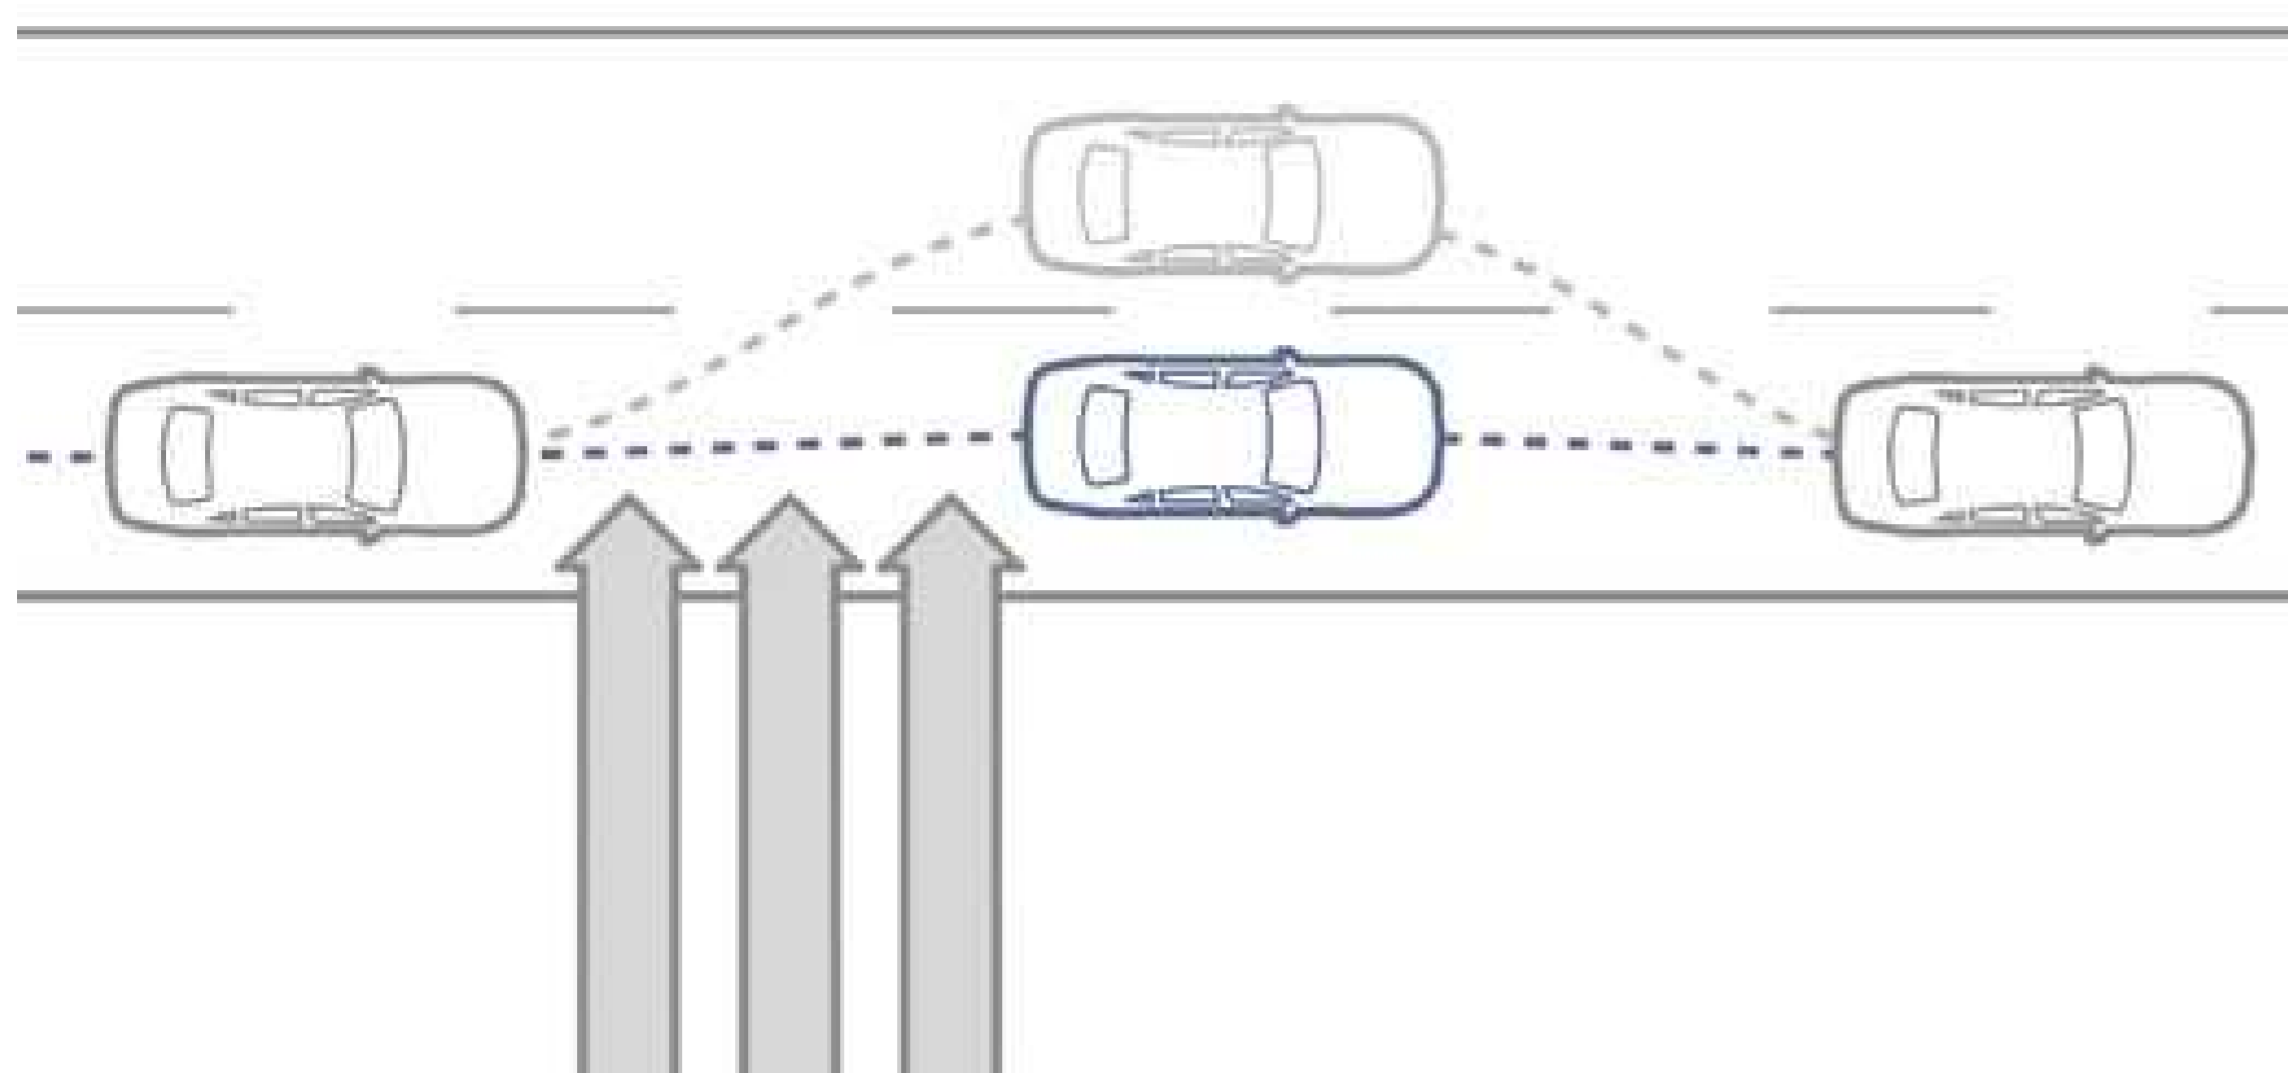

Radar-based technology alerts you if you’re approaching a vehicle ahead at a speed and distance that suggest a collision is likely. In addition to alerting the driver, its Adaptive Brake Assist with autonomous braking can apply up to 100% of the vehicle’s braking force automatically, to help prevent a collision or reduce its severity.

PRE-SAFE predictive occupant protection

Technology shown on E-Class Cabriolet

A Mercedes-Benz innovation, PRE-SAFE can help detect instability during certain vehicle manoeuvres which suggest a collision or rollover is imminent. It can then tighten the front seat belts, and close the windows and sunroof – all in an effort to better prepare the occupants and their restraint systems in the moments before a possible collision. Available PRE-SAFE PLUS helps prepare the restraints and brakes for a possible rear-end impact.

Advanced systems for enhanced confidence

U.S. image shown

Pioneering technology boosts your confidence and comfort. Adaptive braking helps shorten stops in panic situations or on wet roads, and includes Hill-Start Assist and a convenient brake HOLD feature. Crosswind Assist helps counteract the effects of side gusts and passing trucks. And when towing, Trailer Stability Assist helps control sway, to keep your trailer and your worries solidly behind you.

Intelligent Drive convenience systems

From the open road to a parking spot, the options of Intelligent Drive make every move easier. DISTRONIC PLUS uses radar to adapt your cruising speed to the flow of traffic, even if it's stop-and-go, while Steering Assist helps keep you centered in your lane. Standard Active Parking Assist can help you find a parking space, then steer you in hands-free. And a standard 360° camera can show you a live overhead view on the in-dash screen.

Innovative safety systems

The GLS can keep an eye on the road – and on you. Standard systems watch for signs of driver-drowsiness, look out for vehicles in your blind spot, and compensate for crosswinds. New MAGIC VISION CONTROL (not available on the Mercedes-AMG GLS 63 4MATIC) heats the windshield wiper blades and washer fluid. Available innovations can help you avoid collisions with cross-traffic or crossing pedestrians. They can also keep you from drifting out of your lane, and even actively guide you back into it.

Three rows of luxury seating

From the heated power front seats with memory to the power-folding third row, every seat in the GLS has something special to offer. Sumptuous front-seat options include multicontour seats with a massage feature. The 60/40-split reclining second row can also be heated. And the third row is not only spacious but easy to access from either rear door, thanks to EASY-ENTRY folding of the second row on both sides.

Comfort in any climate

THERMATIC dual-zone climate control includes a dust/pollen filter and adjustable air outlets in the second row. The available THERMOTRONIC 3-zone system (standard on the GLS 550 4MATIC and Mercedes-AMG GLS 63 4MATIC) adds activated charcoal filtration and a humidity sensor, along with a separate air conditioning system and control panel for the rear cabin. Even the front cupholders can be heated and cooled as an option.

COMAND with new touchpad controller

U.S. image shown

A high-resolution 8" colour display, a new touchpad controller on the console, and a multifunction steering wheel give you intuitive control of audio, navigation, hands-free calling and more. Standard features include Bluetooth® wireless audio streaming, SiriusXM Radio and new Apple CarPlay®. COMAND Online includes a variety of useful apps. And the navigation system makes any drive easier with 3D maps, lane guidance for turns, and voice control with a learning feature.

Four advanced power teams

All three GLS gasoline engines employ such innovative technology as twin turbos, Direct Injection, a rapid-multispark ignition and a low-friction design to turn less fuel into more torque, with fewer emissions. A highlight among these powerplants is the powerfully efficient 362-hp bi-turbo V6 in the GLS 450 4MATIC. And the GLS 350d 4MATIC combines torque-rich response with even more exceptional fuel-efficiency, thanks to its advanced turbocharged clean-diesel V6. A responsive new 9-speed automatic is standard on all non-AMG models.

4MATIC all-wheel drive

From a loose surface to a tight corner, standard 4MATIC all-wheel drive adds confidence on any road, in any season. Continually monitoring each wheel for the first sign of slippage, it always sends torque to the wheels with the best grip—even if that's just one wheel. It's also one of the nimblest, lightest, and most efficient AWD systems in its class, so it enhances handling in dry corners and helps maintain excellent fuel economy year-round.

Self-leveling AIRMATIC suspension

From challenging roads to varying loads, the standard AIRMATIC suspension blends refinement with handling response like no other full-size SUV. It automatically adjusts to keep the ride smooth, the cornering composed, and the vehicle level even with passengers and cargo aboard. Available adaptive damping offers Comfort and Sport modes, as well as automatic lowering at higher speeds to enhance stability and fuel-efficiency.

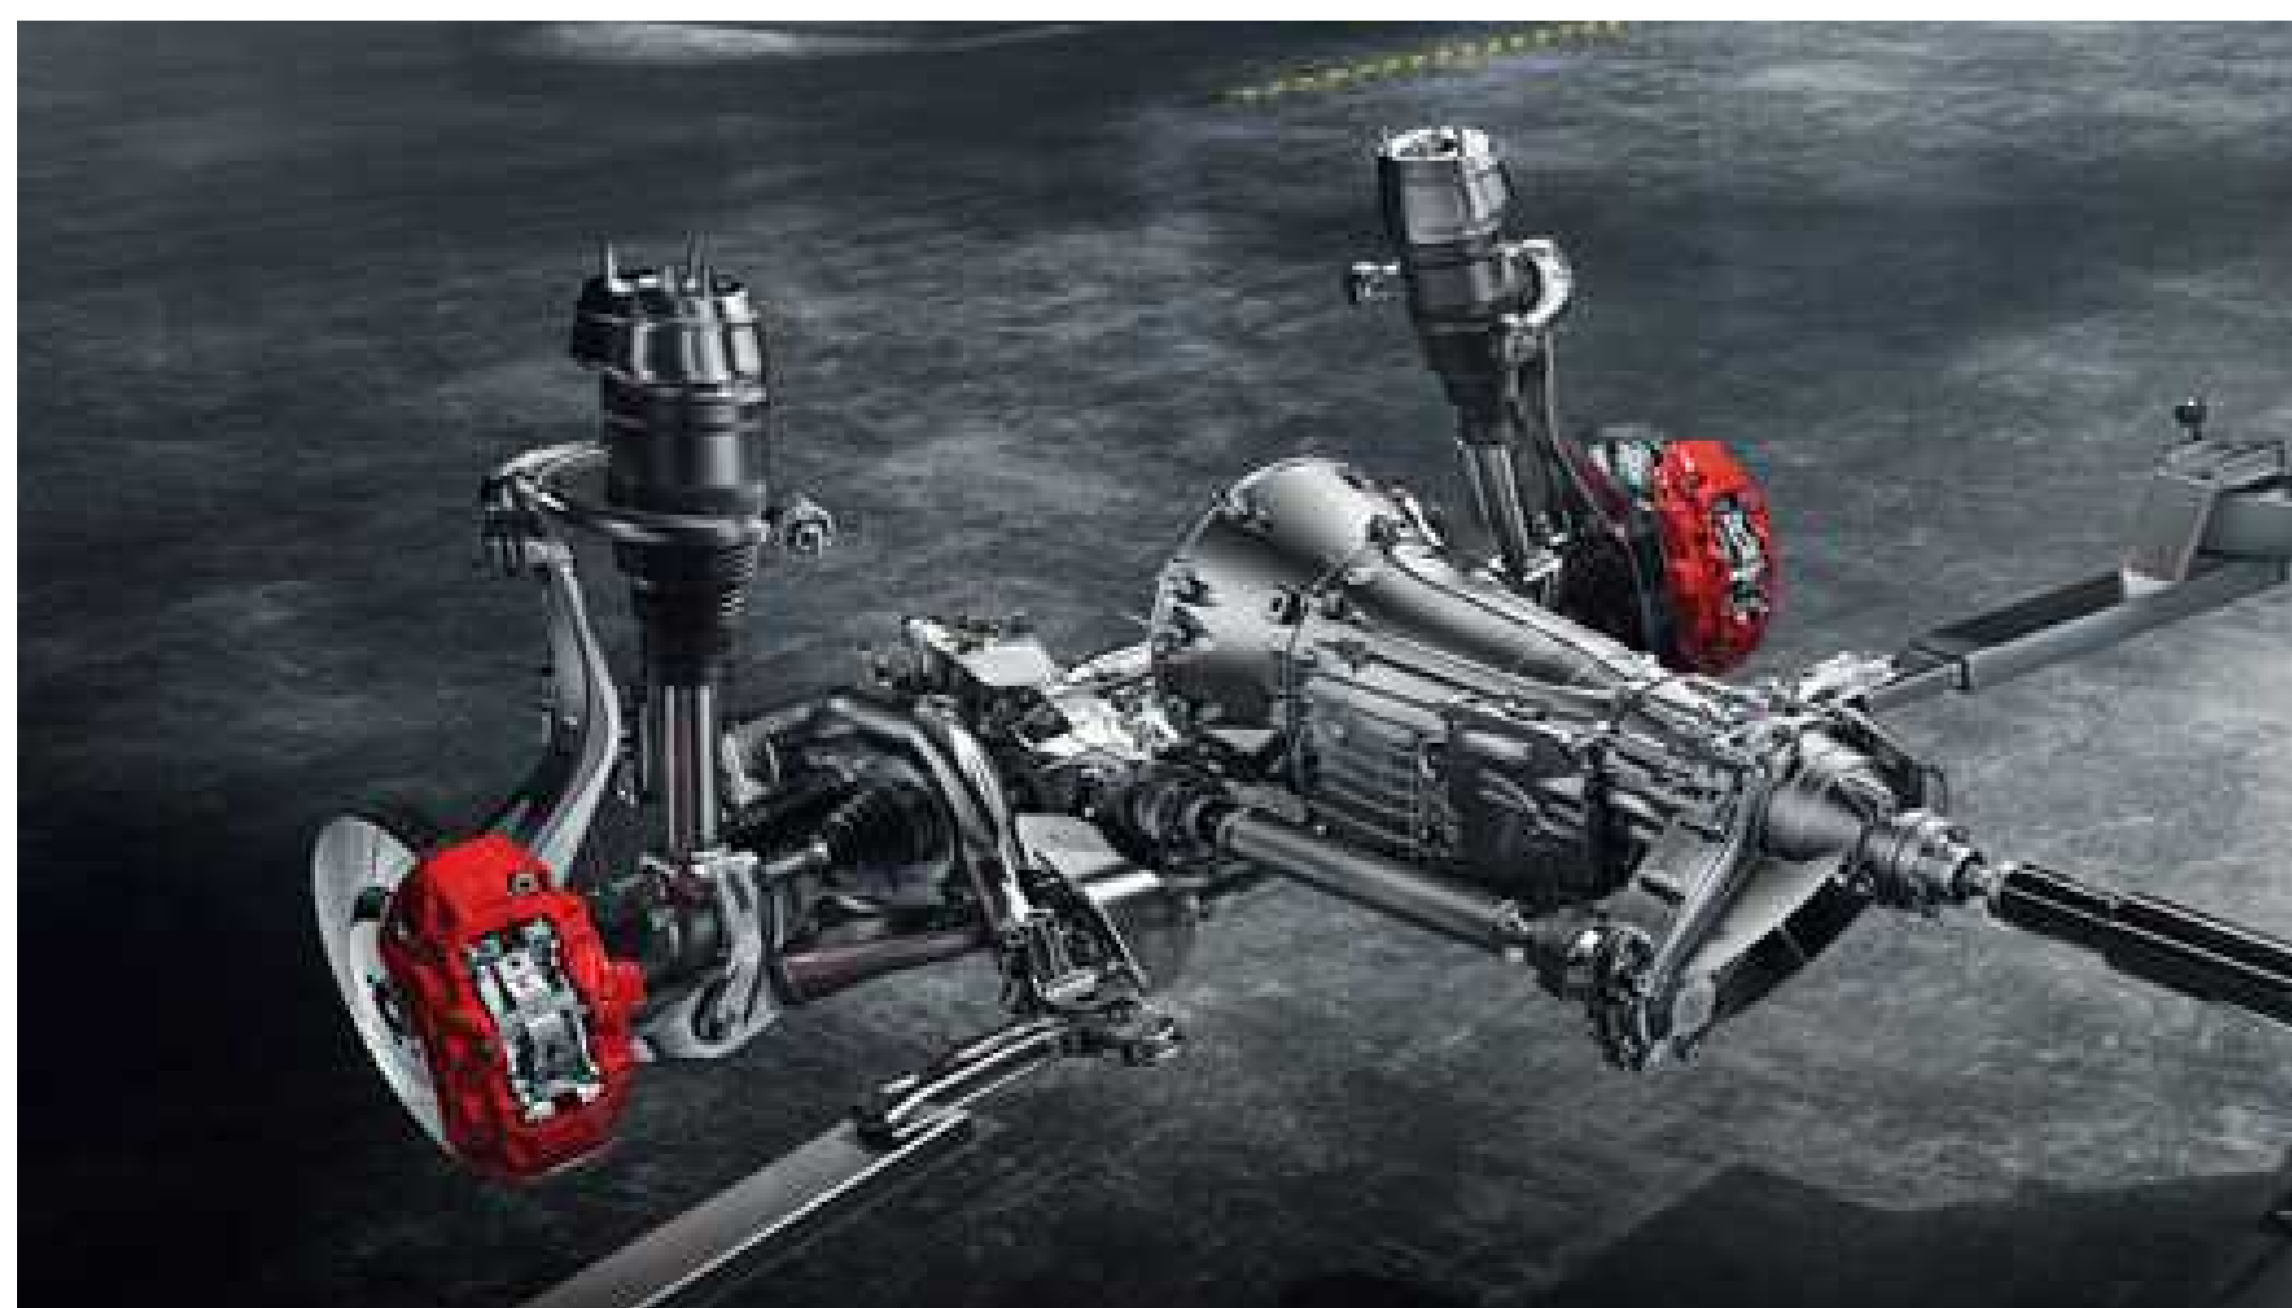

Handcrafted by racers

When Mercedes-AMG takes the performance knowledge it gains on the racetrack to someplace far from the beaten track, the result is an SUV of superlative capability. Performance-focused 4MATIC all-wheel drive and advanced chassis systems apply the massive torque and power of the Mercedes-AMG GLS 63 4MATIC with deft precision. And from its aggressively sculpted body to its lavish cabin, it elevates your expectation of what a full-size SUV can be.

577-hp AMG biturbo V-8

Advanced, racing-derived technology turns the 7-passenger Mercedes-AMG GLS 63 4MATIC into the family thrust fund. Direct Injection, a pair of high-rpm turbos and patented NANOSLIDE® cylinder walls team up to generate 577 hp, 561 lb-ft of earth-trembling torque, and 0-100-km/h in 4.6 seconds. In the AMG tradition, each V-8 is crafted by the hands of its own master engine builder.

Outfitted to outperform

AMG-developed AIRMATIC suspension collaborates with the ACTIVE CURVE SYSTEM and 21" or 22" AMG wheels to create an SUV that handles highways and curves as capably as it takes to hills and canyons. Inside the exquisite Nappa leather-trimmed cabin, an AMG Performance steering wheel and exclusive instrumentation inspire an intimate bond between driver and SUV.

Premium Package

A popular suite of premium luxuries you'll soon consider must-haves.

Available on GLS 350d 4MATIC and GLS 450 4MATIC / Standard on GLS 550 4MATIC and Mercedes-AMG GLS 63 4MATIC

Panoramic sunroof

This expansive power glass sunroof affords all seven GLS passengers a majestic view of blue skies or a blanket of stars. The front section can either tilt up for ventilation or slide over the rear panel for an open-air feeling. A sliding shade helps filter out the sun's rays.

harman/kardon LOGIC7 surround-sound system

With 14 state-of-the-art speakers plus a subwoofer, the LOGIC7® system is specifically engineered to fill the GLS cabin with 830 watts of rich, full audio. Dolby® Digital 5.1 surround-sound technology delivers a wholly immersive listening experience.

KEYLESS-GO

Originally pioneered by Mercedes-Benz, KEYLESS-GO lets you unlock and drive your GLS without removing the SmartKey from your pocket or purse. You can lock and unlock the doors with a touch of the exterior handles and start the engine by stepping on the brake pedal and pushing the Start/Stop button on the dashboard.

Heated rear seats

Electrically heated outboard rear seats of the second row offer soothing warmth with individualized comfort. Three levels of warming automatically step down after several minutes, while automatic shutoff means the driver need not worry if the passengers forgot to turn them off.

Premium Package cont.

A popular suite of premium luxuries you'll soon consider must-haves.

Available on GLS 350d 4MATIC and GLS 450 4MATIC / Standard on GLS 550 4MATIC and Mercedes-AMG GLS 63 4MATIC

Soft-close doors

Electronically controlled mechanisms gently snug the doors and tailgate fully closed as soon as they are brought to their latches.

2nd-row power EASY-ENTRY system

Power operation of the clever EASY-ENTRY 2nd-row seat helps make 3rd-row access even more convenient, whether entering or exiting from either of the side doors. At the touch of a button on the seat, the seat folds forward and out of the way.

Power pop-out 3rd-row windows

Power 3rd-row windows tilt open for ventilation, and can be operated by the driver or either 3rd-row passenger.

Roller blinds for rear side windows

Manually extendable fine-mesh curtains screen the sun's rays in the rear seating area while still allowing passengers to see out.

Premium Package cont.

A popular suite of premium luxuries you'll soon consider must-haves.

Available on GLS 350d 4MATIC and GLS 450 4MATIC / Standard on GLS 550 4MATIC and Mercedes-AMG GLS 63 4MATIC

Climate-controlled cupholders

Innovative technology helps keep your hot drinks warmer or your chilled drinks cooler at the touch of a button.

Multicontour front seats with massage

Pneumatically adjustable side, lumbar, shoulder and thigh supports let you custom-tailor your seating comfort. A massage feature enhances comfort and helps to prevent fatigue on longer drives, with settings ranging from gentle to refreshingly vigorous.

Intelligent Drive Package

Innovations for added security and convenience on the road.

Available on GLS 350d 4MATIC, GLS 450 4MATIC and GLS 550 4MATIC / Standard on Mercedes-AMG GLS 63 4MATIC

DISTRONIC PLUS with Steering Assist

This radar-based cruise control adapts your set speed to the flow of traffic ahead, automatically slowing until your path is clear again. If the vehicle ahead slows to a stop, DISTRONIC PLUS can brake your car to a full halt, then automatically resume when traffic starts moving. A Steering Assist feature helps the driver keep the vehicle centered in its lane while cruising on straight roads or in gentle curves.

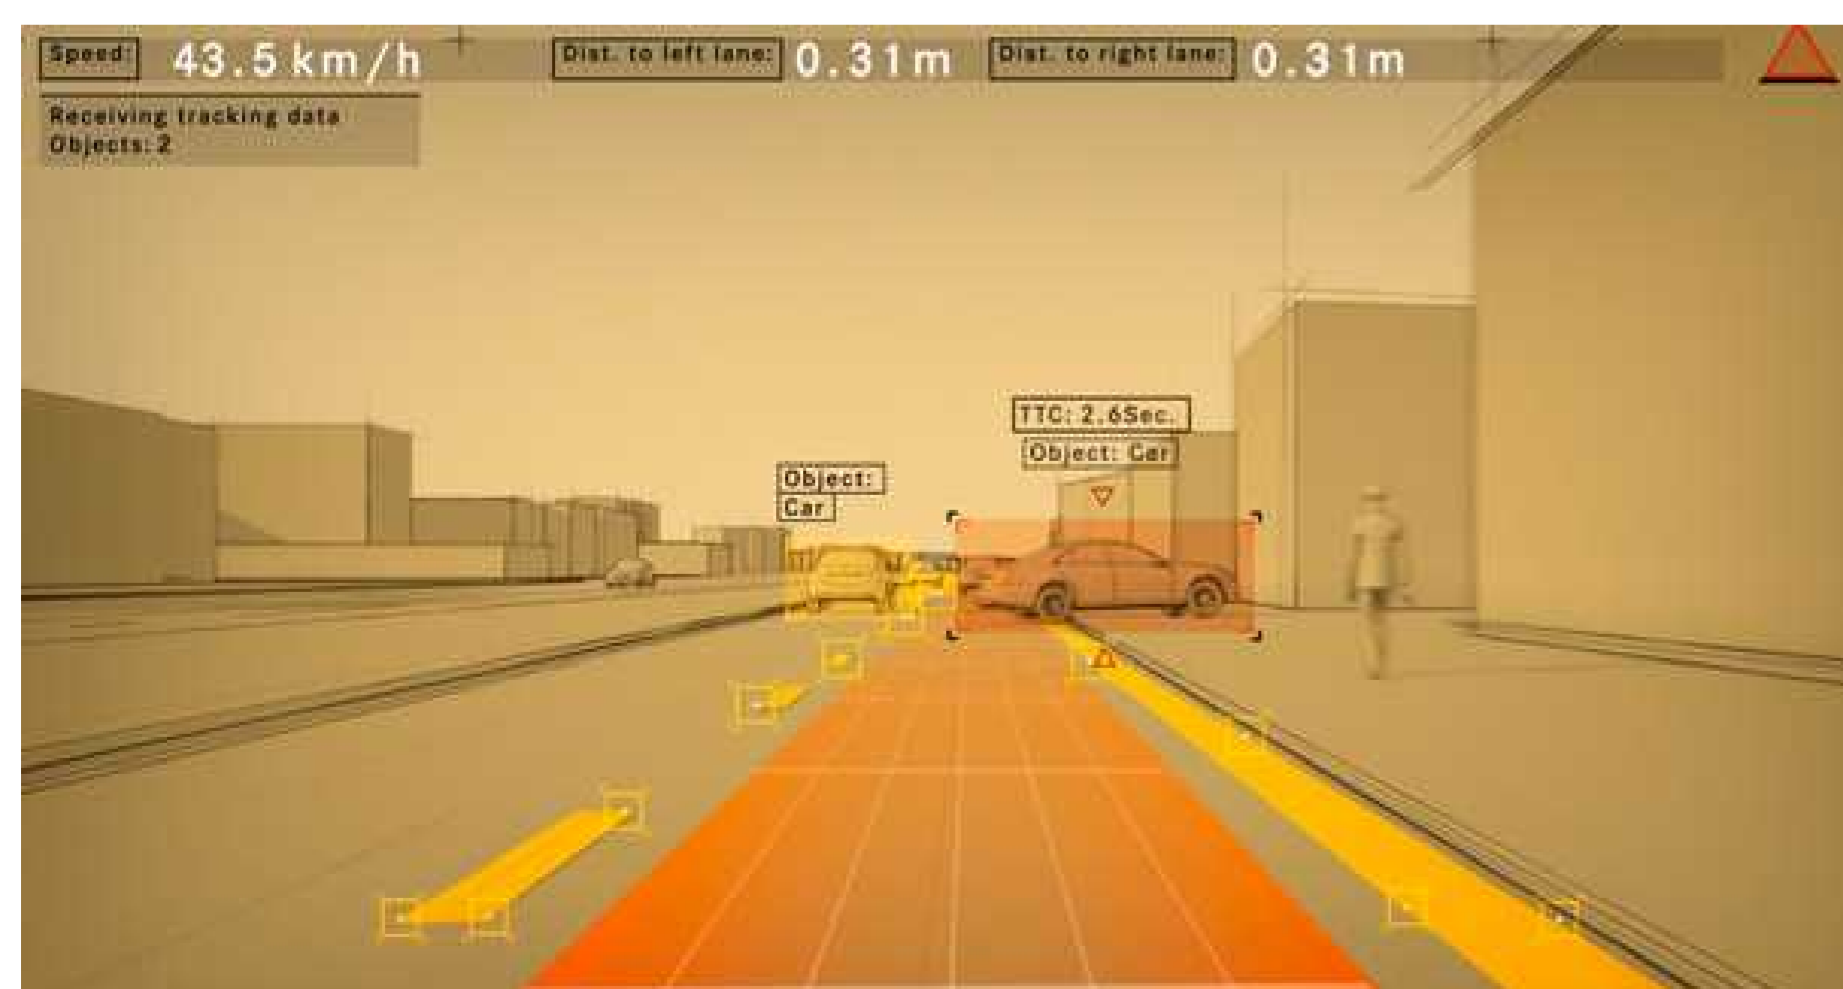

Active Blind Spot Assist

At speeds above 30 km/h, radar technology helps sense when a vehicle enters your blind-spot area. The system alerts you by illuminating a red icon in the side mirror. Active Blind Spot Assist also issues an audible warning if you activate a turn signal while a vehicle has been detected. And if you begin to change lanes, advanced active technology can help guide the car back.

Active Lane Keeping Assist

Active Lane Keeping Assist monitors ordinary road markings and helps detect unintended drifting off course. The system alerts you by vibrating the steering wheel. If the driver continues to drift, it can apply the brake to a single rear wheel to help guide the car back into its lane.

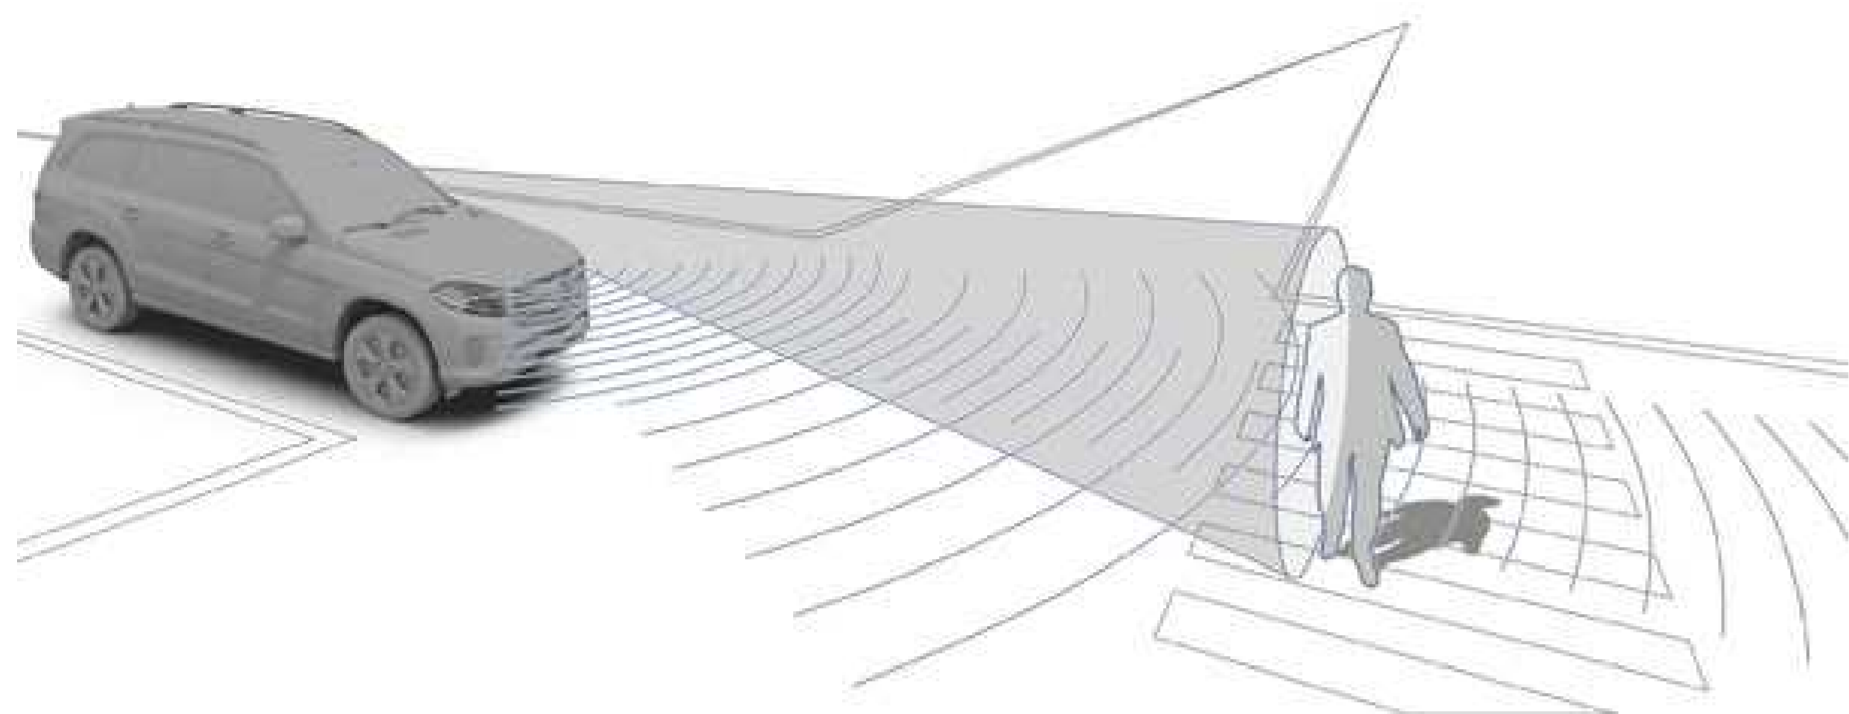

BAS PLUS with Cross-Traffic Assist

Even when you're not using the cruise control functions of DISTRONIC PLUS, Cross-Traffic Assist helps detect a potential collision with vehicles approaching from either side of an intersection ahead and alerts the driver. As soon as the driver starts to brake, BAS PLUS precisely applies the maximum brake pressure needed to help avoid a collision.

Intelligent Drive Package cont.

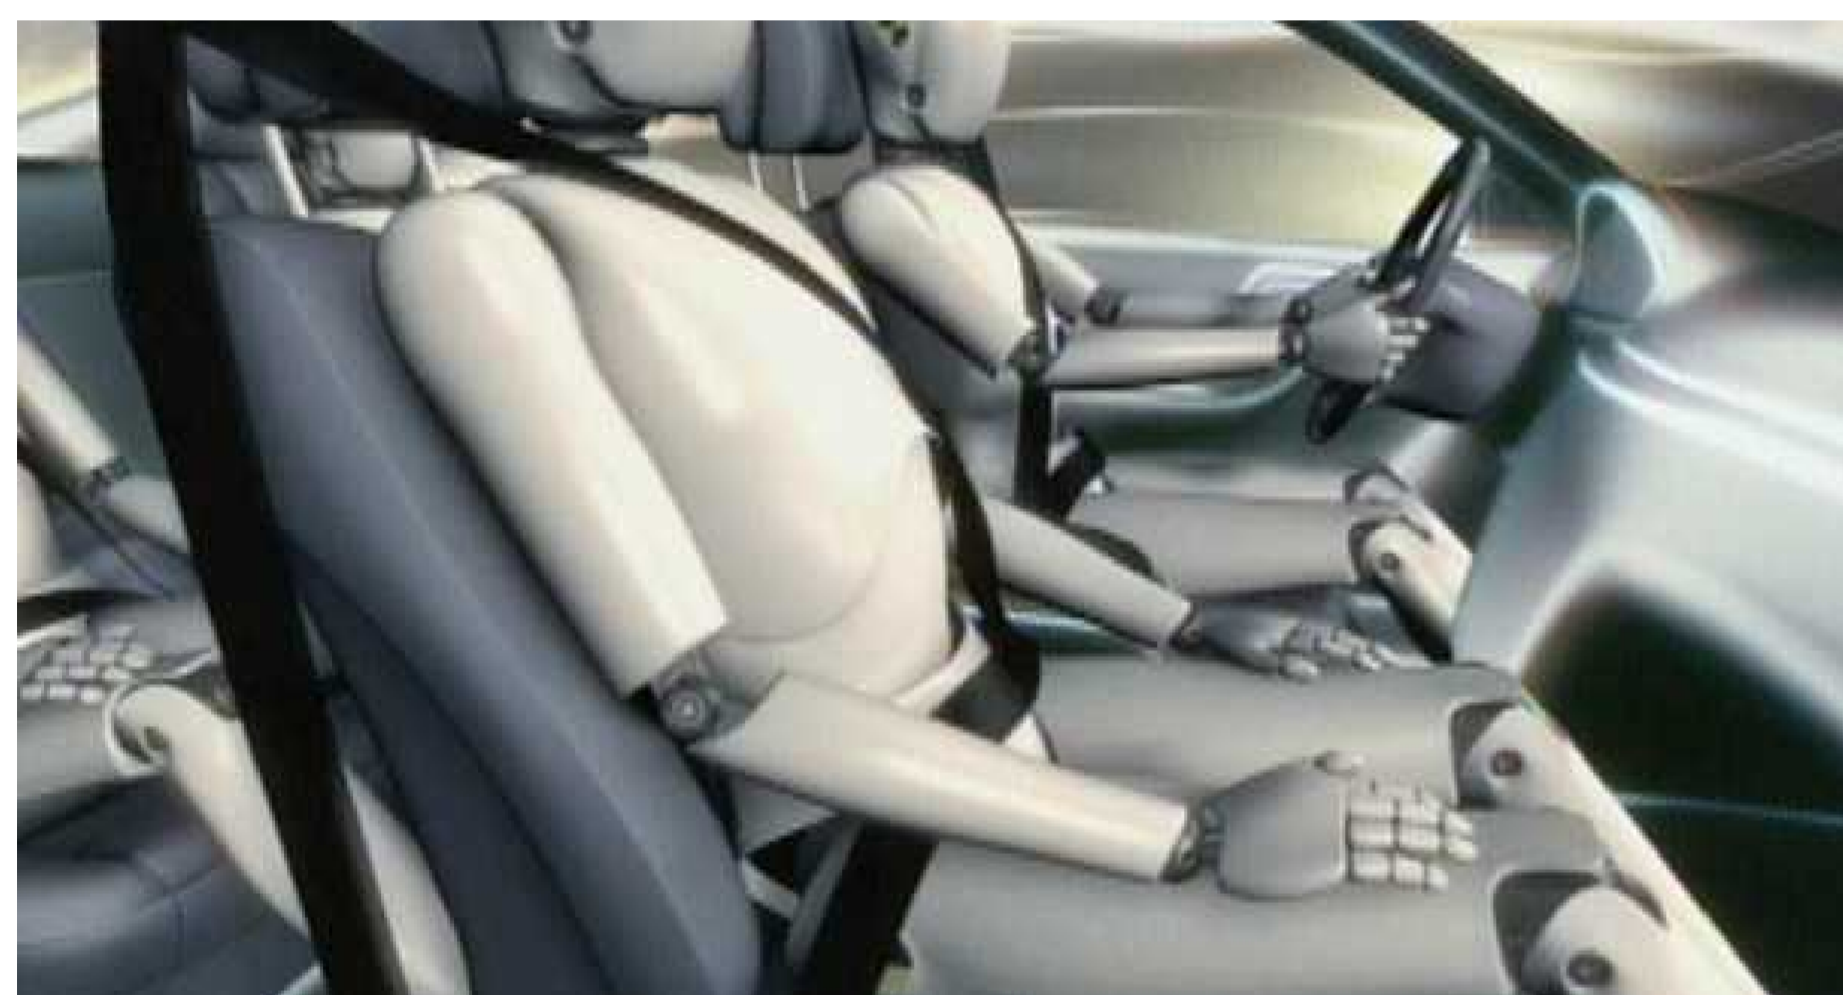

Innovations for added security and convenience on the road.

Available on GLS 350d 4MATIC, GLS 450 4MATIC and GLS 550 4MATIC / Standard on Mercedes-AMG GLS 63 4MATIC

PRE-SAFE Brake

Even when you're not using the cruise control functions of DISTRONIC PLUS, PRE-SAFE Brake can help detect an impending collision with a vehicle ahead, and automatically apply up to 100% braking force to help reduce the severity of impact. It also teams with Cross-Traffic Assist and Pedestrian Recognition features in the same manner.

PRE-SAFE PLUS with rear-impact protection

An enhancement to the groundbreaking PRE-SAFE system helps protect the occupants in a rear-end collision. A radar sensor in the rear bumper helps detect an impending impact, engaging the features of PRE-SAFE to better prepare the front-seat occupants and their restraint systems. It can also firmly apply and hold the brakes, to help reduce peak loads on all occupants as well as the risk of a secondary collision.

Sport Package

Adaptive air suspension, AMG styling and 21" AMG wheels bring out the performance soul of the GLS.

Available on GLS 350d 4MATIC and GLS 450 4MATIC / Standard on GLS 550 4MATIC / Not available on Mercedes-AMG GLS 63 4MATIC

21" AMG wheels

Legendary 21" AMG wheels in a sleek twin 5-spoke design add to the performance pedigree of the GLS. The beefy 295/40R21 all-season tires are designed for an ideal balance of reassuring grip and refined comfort.

AMG Styling Package

More aggressive front and rear bumpers feature large air intakes up front, with corresponding mesh-texture inserts out back. A bold chrome cross-strut underscores each bumper for a ruggedly dominant look, while fender flares highlight the confident stance of the wider 21" AMG wheels.

Adaptive Damping System PLUS (ADS PLUS)

Integrating with the standard AIRMATIC suspension, ADS PLUS continually optimizes ride and handling by automatically selecting one of four damping profiles for each spring-strut every time a wheel changes its direction of up-down travel. The various modes of DYNAMIC SELECT let you tailor the handling response and ride firmness to your driving style.

Aluminum running boards

Stylish and functional running boards ease your entry and exit while providing a rugged element of design. The glow of fibre-optic illumination further eases your entry at night, while grippy rubber studs dot the running boards for more sure-footed stepping anytime.

Interior Sport Package

Luxurious cabin appointments with a flair for performance.

Available on GLS 350d 4MATIC, GLS 450 4MATIC and GLS 550 4MATIC

Sport front seats

Standard on Mercedes-AMG GLS 63 4MATIC

Deeply contoured sport front seats provide additional support in cornering manoeuvres or on long trips. Distinctive lateral stitching sets them apart visually as well.

Sport Nappa leather upholstery

Extraordinarily supple, smooth-grain Nappa leather is hand-fitted to the seating surfaces and head restraints. Rich Black leather seats feature inserts in Black Pearl leather. The distinctive horizontal fluting of the inserts is repeated at a diagonal on the door trim inserts.

Sport steering wheel

For maximum driving pleasure, the sport steering wheel features a grippy Nappa leather-wrapped rim and racing-inspired flat-bottom design. Perforated leather side grips incorporate raised thumbrests at the ideal “10 and 2 o’clock” positions, where the standard shift paddles keep gear changes close at hand.

Stainless steel sport pedals

Standard on Mercedes-AMG GLS 63 4MATIC

Brushed metal pedals with grippy rubber studs offer confident footwork with high-performance style.

Interior Sport Package cont.

Luxurious cabin appointments with a flair for performance.

Available on GLS 350d 4MATIC, GLS 450 4MATIC and GLS 550 4MATIC

AMG velour floor mats

Standard on Mercedes-AMG GLS 63 4MATIC

Plush velour floor mats feature metal AMG badges and elegantly stitched borders.

Sport gauge faces

Standard on Mercedes-AMG GLS 63 4MATIC

The instrument cluster features distinctive gauges whose centres are finished in a tone-on-tone chequered-flag design.

Exclusive Package

Hand-fitted leather and 4-zone climate control add an indulgent aura of luxury.

Available on GLS 350d 4MATIC and GLS 450 4MATIC / Standard on GLS 550 4MATIC and Mercedes-AMG GLS 63 4MATIC

THERMOTRONIC automatic climate control

Separate left and right temperature controls allow the driver and front passenger to enjoy personalized comfort. In addition to automatic or manual control of blower speed and airflow distribution, the system includes a humidity sensor, a dust/pollen filter and an activated charcoal filter that helps remove odours from the cabin air.

Rear THERMOTRONIC automatic climate control

An automatic climate control system for the rear cabin brings the total number of comfort zones to three. Controls in the second row allow easy adjustment of the rear-cabin settings.

Leather upholstery

Supple, richly grained double-stitched leather is fitted by hand to all seating surfaces—even the head restraints—in all three rows.

Enhanced Towing Package

Suspension and underbody enhancements to help smooth your travels, both on the highway and in the rough.

Available only on GLS 550 4MATIC

Underside protection

A robust front skid plate helps to protect critical engine and drivetrain components during off-road adventures.

6-mode driving program selector

In addition to the standard modes of DYNAMIC SELECT, a Towing mode sets up the chassis and drivetrain for more confident trailering. Two Off-road programs progressively increase ride height and fording depth, while providing specific settings for the adaptive suspension, automatic level control, Downhill Speed Regulation (DSR), and 2-speed transfer case whose low range is useful during off-road driving.

Standalone Options

Make your GLS your own by choosing from a selection of innovative, thoughtfully designed and thoroughly engineered options.

Bang & Olufsen Performance Surround Sound System

With 14 high-performance speakers, including two Acoustic Lens tweeters, the BeoSound™ system delivers 1,400 total watts of surround sound from two amplifiers. Reproduction quality is exceptional at every seat, yet very little sound is audible outside the vehicle. The system also elevates the cabin's aesthetics with its aluminum speaker grilles and illuminated Acoustic Lens tweeters.

Rear Seat Entertainment system

Flat-screen monitors in the front head restraints play from multiple input sources, so passengers can enjoy DVDs and video games together or separately, with two wireless headsets and dual wireless remotes. Auxiliary inputs connect portable gaming devices, cameras and more. And audio can play over the vehicle's sound system or discreetly via the headsets.

Wood/leather steering wheel

Replaces standard heated steering wheel / Not available on Mercedes-AMG GLS 63 4MATIC

Put a classic touch of luxury right in your hands. The steering wheel is accented with hand-finished Anthracite Poplar or Burl Walnut wood to match your GLS and trimmed in supple, finely stitched Nappa Leather.

Climate Comfort front seats

Standard on GLS 550 4MATIC and Mercedes-AMG GLS 63 4MATIC

By gently circulating air through perforations in the leather, Climate Comfort seats help keep you cooler and your clothes drier during warmer months. Three levels of heating and cooling ventilation are offered. On cold or damp days, using the ventilation and heating features together can circulate the seat heating more quickly, to help keep you warm and dry.

Standalone Options cont.

Make your GLS your own by choosing from a selection of innovative, thoughtfully designed and thoroughly engineered options.

ACTIVE CURVE SYSTEM

Requires Sport Package on GLS 350d 4MATIC and GLS 450 4MATIC.
Standard on GLS 550 4MATIC and Mercedes-AMG GLS 63 4MATIC

Electrohydraulically variable front and rear stabilizer bars vary their roll stiffness based on driving speed and lateral acceleration, tightening during cornering maneuvers to help control body lean. Engaging the DYNAMIC SELECT Sport mode further sharpens their response. In straight-line driving and in gentle, sweeping turns, the active stabilizers relax, to enhance ride comfort.

21" AMG multi-spoke wheels

Available on GLS 350d 4MATIC and GLS 450 4MATIC only

Bold 21" AMG wheels feature a turbine-inspired design that evokes the turbocharged power of the GLS.

22" AMG multi-spoke wheels

Available on Mercedes-AMG GLS 63 4MATIC / Delayed availability

Supersized 22" alloys are in many ways the ultimate AMG wheel. Their intricate spoke pattern conveys precision and strength without being heavy-handed, an ideal match for the GLS. Polished surfaces are set off by gloss black inlays and centers.

21" AMG cross-spoke wheels (black)

Available only on Mercedes-AMG GLS 63 4MATIC

The seven Y-shaped spokes and the wheel centers are finished in menacing matte black, virtually disappearing against the powerful brake hardware. A thin perimeter of polished aluminum sets off the low-profile 295/40R21 high-performance tires.

Standalone Options cont.

Make your GLS your own by choosing from a selection of innovative, thoughtfully designed and thoroughly engineered options.

Air Ionization System

Available only on GLS 350d 4MATIC, GLS 450 4MATIC and GLS 550 4MATIC

Dual activated charcoal filters team with an ionizer that uses an electrical charge to create the same fresh-air sensation you experience after a summer storm. Airborne impurities and odours are virtually eliminated from the cabin to provide air quality that's more enjoyable and healthier, especially for those with asthma or allergies.

ARTICO leather dashboard

Optional on GLS 350d 4MATIC and GLS 450 4MATIC. Standard on GLS 550 4MATIC. Mercedes-AMG GLS 63 4MATIC features a dashboard appointed in leather.

ARTICO, a leather-like material with its rich look, yet greater resistance to the ravages of sunlight, is carefully fitted to the lower dashboard and accented with elegant top-stitching. The upper dash is tailored in this manner as standard fitment.

Night Package

Available on all models. Requires Sport Package on GLS 350d 4MATIC and GLS 450 4MATIC

A deep gloss black finish is applied to a variety of exterior design elements, including the grille crossbar trim and the front and rear underguards in the bumpers. The side mirrors and the side window trim surrounds are also rendered in gloss black. Black chrome tailpipes complete the transformation.

Mercedes-Benz Genuine Accessories

Exclusively engineered to fit your car and your life, they're the best way to make your GLS unmistakably yours while keeping it genuinely Mercedes-Benz.

Car care products

Keep the interior and exterior of your vehicle looking their best with our exclusive, specially formulated interior and exterior car care kits.

Navigation update

Owning a navigation system is one thing. Keeping it up to date is another. Mercedes-Benz map update software keeps your maps and Points of Interest current with the latest information.

Roof accessories

Roof carrier bars allow for a variety of add-on accessories to be mounted to your vehicle. Choose from a ski/snowboard holder, roof box or bike rack. Carrier bars and add-ons sold separately.

Style and Travel Series

These head restraint elements are simple to fit and remove. The modular system centers around a base support which can be combined with the product of your choice – universal hook, coat hanger or folding table.

Mercedes-Benz Genuine Accessories cont.

Exclusively engineered to fit your car and your life, they're the best way to make your GLS unmistakably yours while keeping it genuinely Mercedes-Benz.

Cargo area tray

Protect your cargo-area carpeting with this durable, easy to clean plastic insert with 2" sides. Custom-formed to fit the cargo area of your vehicle.

Wheel upgrades

Choose from a wide selection of stunning wheels to accentuate your style.

Winter wheel & tire packages

Winter wheels and tires can play a major role in your safety and your vehicle's handling and performance on icy, snow-covered roads. Winter tires offer increased traction in harsh conditions and can reduce stopping distance by up to three car lengths.
