horizons of  
open-air driving.*

**ASC Incorporated**

*Introducing the Firebird SunTour,  
an idea car designed, engineered, and  
crafted by ASC Incorporated.*

0002

The Firebird Suntour is an idea car that expands the horizons of open-air driving. The panoramic view of sun and sky through the extended windshield goes further yet with an all-glass spoiler sunroof which spans the width of the roof.

It takes a great deal of engineering expertise to create a car like the Suntour. But it also takes sensitivity to design. And a certain vision of what a car is capable of being.

The Firebird Suntour. From ASC Incorporated, a leading supplier to the

international market, a company that can see new possibilities in automotive design. Where ideas—as dramatic as a full expanse of glass or as innovative as an aerodynamic power venting roof panel become reality.

- Extended windshield
- Expansive power retracting spoiler sunroof
- Repositioned front header
- Styled lower body appliques
- Wheel flares
- Front air dam with integral driving lamps
- Lower rear fascia with integrated oval exhaust outlets
- Unique rear upper spoiler
- European style rearview mirrors
- Pearlescent silver paint
- Grey tinted glass
- Black leather-wrapped steering wheel
- Tailored grey cloth interior
- 5.7-litre, 230-horsepower tuned port injection V8 engine
- 275/40ZR17 tires mounted on specific Kelsey Hayes aluminum wheels

#### Specifications

wheelbase	2565.4mm (101")
track front	1541.8mm (60.7")
track rear	1564.6mm (61.6")
overall length	4800.6mm (189")
overall width	1839.0mm (72.4")
overall height	1270.0mm (50")
weight	1500.0kgs (3,300 lbs)
tires	ZR, 275/40-17
wheels	Kelsey-Hayes, 17 inch
engine	5.7 liter, TPI
