

Citroën Care for Car and Driver

Across the UK, a network of 250 Citroën Dealers are equipped and trained to meet the needs of today's motorists, each with a team of technicians skilled in the care and maintenance of the Citroën car and using only genuine Citroën parts. Each can also offer a selection of finance packages to suit the private and business purchaser. Contract Hire, Lease Purchase and Finance Lease are available to the business user, through Citroën Contract Motoring, whilst Elect 3 Personal Contract Purchase is specifically designed to offer flexibility and to match the motoring needs to the budget of the retail customer.

Citroën Elect 3

With the Elect 3 Personal Contract Purchase Scheme, you decide on the model which best suits your motoring needs, then set your preferred contract period of 24 or 36 months and anticipated annual mileage. At the end of the contract period you have the added flexibility of part exchanging the car for another new Citroën, purchasing it or simply returning it to the Dealer. By choosing Elect 3 you can drive a new Citroën every two or three years.

Citroën Fleet and Business Sales

All Citroën Dealers are dedicated to meeting the specialist needs of both the fleet and business buyer. Their comprehensive service can include advice on important business vehicle

decisions, such as alternative acquisition methods, disposal of existing cars and vans, priority servicing and much more. In short, their expertise aims to provide a 'total transport solution' for all your fleet or business vehicle needs. If you would like to contact Citroën direct for further information, please call Citroën Fleet Connect on 08457 940 940. Or look us up on the world wide web at: <http://www.citroen.co.uk/fleet>

Citroën Assist

Whilst Citroën cars are engineered for maximum reliability, you might become stranded through circumstances outside your control. In response to a free telephone call, Citroën Assist brings rapid expert roadside assistance to you in an emergency. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Alongside UK cover, Citroën Assist also offers a comprehensive European service.

Comprehensive Warranty

Every new Citroën car offers the benefit of a 3 year* warranty package, plus a 12 year anti-corrosion** warranty and a 3 year paint warranty.

Citroën Insurance

Citroën Insurance is as thoughtfully designed as your car and provides real value for money exclusively to Citroën owners. Instant cover is available over the telephone, with convenient instalment options (subject to status). Policies provide 24 hour accident recovery, with all repairs carried out by a Citroën approved repairer, guaranteed for a full three years. For an immediate quote, call 0870 024 2725.

Internet

The Citroën website contains full information on all Citroën products and offers available in the UK. The site address is: <http://www.citroen.co.uk>

*2 years' manufacturer's warranty. No-fee customer option of 1 year's Dealer provided extended warranty, only on cars sourced from Citroën UK Limited.

** Against all internal to external perforation to bodywork or underbody on condition the car undergoes an inspection by a Citroën franchised Dealer every two years from its fourth anniversary.

Full details available on request.

Performance with care for the environment

Starting with the March 2000 budget, and subsequently enhanced in this years fiscal package, the Chancellor announced that significant changes to Vehicle Excise Duty and Company Car Taxation would be introduced to help to protect the environment. Cleaner, more fuel efficient vehicles will be rewarded by linking the tax charge to the car's exhaust emissions, in particular its carbon dioxide (CO₂) emissions.

Citroën sophisticated technologically advanced range of engines can reconcile performance with improved fuel economy and reduced environmental impact.

Today more than ever, this means that when choosing a Citroën vehicle you are guaranteed access to superb value for money motoring.

For example, the new Citroën C3, when specified with the 1.4Hdi diesel engine produces only 110 g/km of CO₂ and therefore qualifies for the newly introduced lowest AA band of vehicle excise duty. Most of the other models, when specified with the highly acclaimed 2.0 litre High Pressure Diesel Direct Injection engine and manual gearbox qualify for the A band VED and produce a level of CO₂ emissions that guarantees the lowest level of Benefit-In-Kind Taxation Charges.

Graduated Vehicle Excise Duty (Road Fund Licence)

The first change to be introduced is a new system of Graduated Vehicle Excise Duty (GradVED). All new cars first registered from 1st March 2001 are categorised into one of five Vehicle Excise Duty bands, depending on their type of fuel and carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km).

Band	CO ₂ g/km	Petrol Car	Diesel Car
AA	Up to 120	£70	£80
A	121 to 150	£100	£110
B	151 to 165	£120	£130
C	166 to 185	£140	£150
D	Over 185	£155	£160

Company Car Benefit-in Kind Taxation Charges

In addition to the GradVED changes, the way company car drivers are taxed changes from 6th April 2002. From that date, the previous thresholds of annual business mileage, and the further vehicle's age-related discount, disappeared as factors in the tax calculations.

Instead of these three separate percentages depending on business mileage, a new graduated tax scale of 21 separate percentages running from 15% to 35% of the car's price to be taxed[†] (P11D value) has been introduced. As with the Graduated Vehicle Excise Duty, this new tax is based upon the type of fuel the vehicle uses and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). For cars with no approved CO₂ emissions figure or cars registered before 1 January 1998, a different scheme is applied.

More information about the Company Car Benefit-in Kind Taxation Charges can be found on www.citroen.co.uk/fleet or by contacting Citroën Fleet Connect on 08457 940 940.

† The new Car's price to be taxed

includes:

- Manufacturer's recommended Retail Price (including VAT)
- Delivery to Dealer and Number Plates (including VAT)
- The list price of an option or an accessory (including VAT plus delivery and fitting charges if relevant). Some exceptions apply

but excludes:

- Graduated Vehicle Excise Duty
- Government First Registration Fee

Previous Company Car Benefit-in Kind Taxation Charges (Valid before 6th April 2002)

Business Mileage	% of Car's price to be taxed [†]
Up to 2,500	35%
2,500 to 17,999	25%
Over 17,999	15%

Company Car Benefit-in Kind Taxation Charges (6th April 2002)
