**C4 Picasso, are you ready to  
see things differently?**

WELCOME TO THE WORLD OF VISUAL FREEDOM. WITH A SUPER-WIDE PANORAMIC WINDSCREEN A GLASS SUNROOF, AND A CLASS LEADING AMOUNT OF GLAZED AREA OFFERING INCREDIBLE SIGHT LINES, THE CITROËN C4 PICASSO WILL REDEFINE YOUR DRIVING EXPERIENCE FOREVER.

# The art of admiration

DISCOVERING THE CITROËN C4 PICASSO IS A PLEASURE UNPARALLELED. DESIGNED TO CAPTURE THE IMAGINATION, THE SWEEPING LINES AND ARCHING CURVATURE – FROM THE PANORAMIC WINDSCREEN AND ROOF TO REAR SPOILER – ARE CRAFTED WITH INNOVATION AND CHARACTER. THE SOLID, SMOOTH CURVES TO THE QUARTER-LIGHTS, HEADLAMPS AND INDICATORS HAVE BEEN CREATED WITH PERSONALITY IN MIND, THAT WILL SEDUCE YOUR EYE AND WELCOME YOU IN TO A NEW STYLE OF BEAUTIFULLY CRAFTED DRIVING.

## The look of style

TAKE A CLOSER LOOK AT THE CITROËN C4 PICASSO AND IMMERSE YOURSELF WITH THE TOTAL DRIVING EXPERIENCE. SMOOTH, SEAMLESS AND DESIGNED WITH EXCELLENCE AS STANDARD, A FREE FLOWING SINGLE LINE RUNS FROM THE SUPER-WIDE WINDSCREEN AND SPECTACULAR ROOF TO THE REAR SPOILER, CREATING AN AMAZING AERODYNAMIC PROFILE. LARGE WINDOWS, A DYNAMIC WAIST LINE AND MARKED BREAK IN THE REAR QUARTER-LIGHTS IMPOSE THEIR MARK OF DISTINCTION, WHILE AT THE REAR, THE ABSENCE OF BODY-COLOURED C-PILLARS CREATES THE IMPRESSION OF AN EXTENDED WINDOW LINE. THE TIME HAS COME. PREPARE TO SEE THINGS DIFFERENTLY.

The rear and 3rd brake-lights add a distinctive flair, a unique visual design offering the highest standards in size and lines of light.

Eye catching front headlamps are beautifully designed and inspired with an elegant transparency, subtly underlined by the coloured tone of the indicators.

Using Xenon dual-function technology, a stronger and more comfortable-on-the-eye light is emitted. Driving is safer too. Whether at night or in poor weather, these auto directional headlamps will help you see clearer, sooner.

## The beauty of individuality

DYNAMIC, IMPOSING, PROMINENT AND SOLID, THE LARGER THAN LIFE CITROËN C4 PICASSO IS AN ICON IN THE MAKING. WITH CLEAN, FLUID AND HARMONIOUS DESIGN LINES, AND EXTENSIVE USE OF GLASS, THIS IS ONE CHARACTER ON THE ROAD YOU WON'T BE ABLE TO IGNORE. CHOOSE AN ANGLE. SIDE ON OR HEAD ON, THE C4 PICASSO POSSESSES NOTHING SHORT OF A POWERFUL PRESENCE.

The panoramic glazed roof, laminated in 5mm glass and coated with an anti-ultraviolet and infrared tint, is the perfect light and shade enhancer. The opaque catch-proof velum on an electric reel with 10 positions provides excellent heat and light isolation, similar to the traditional sunroof.

The wide chevron badge with angled chrome strips extending up to the headlamps creates a design signature that stamps the C4 Picasso with its unmistakable identity.

## Ingenious layout. Amazingly spacious.

SAY GOODBYE TO WHAT YOU KNOW, THE C4 PICASSO IS HOME TO SEVEN FULL-SIZED SEATS.

Freedom is the heart to Citroën C4 Picasso's exceptional cabin space, where seven adults can be accommodated on three rows of seats. The seats are designed with optimum comfort and spring to life or disappear as required.

Each of the three seats in the second row are the same width and can be folded flat. The two seats in the third row can be easily employed by pulling the strap in a single upward motion, the perfect and simplest way to add more people to the car or create all the space you will need.

The simple, functional seat design of the C4 Picasso's has been crafted with you and your passengers in mind. The interior layout can be reconfigured quickly and easily, while keeping all the seats inside the vehicle.

All it takes is one hand movement to erect the two seats concealed underneath the boot floor. Similar to the way cinema seats operate, the second-row side seats lift toward the seat back, and in a single movement, slide the seats forward up against the front seat-backs and free up maximum space for convenient access to the third row.

Driving and comfort information within the C4 Picasso appears on a screen in the centre of the dashboard. Select the information and choose the background colour that suits you. By night or by day, the display screen is easily adjustable and adapted to suit all light conditions for maximum optical clarity.

With the C4 Picasso, the dream of total comfort is closer than you think.

The driver and front passenger, each have their own air-condition and temperature controller located at each end of the dashboard. Air quality sensors detect pollutants in the outside atmosphere and automatically engage the air-recycling function in the cabin. For that luxurious, clean drive, just switch on the air freshener, which will refresh your C4 Picasso with a fragrance developed for well-being and invigorating comfort.

## A different drive

LOOKING SPACIOUS, FEELING SPACIOUS, THE C4 PICASSO DASHBOARD AND CABIN LAYOUT USES INNOVATIVE DESIGN AND SMART TECHNOLOGY TO CREATE THE FREEDOM FOR A NEW DRIVING EXPERIENCE. GONE IS THE TRADITIONAL CENTRAL CONSOLE HOUSING THE GEARBOX. THE UNIQUE DRIVING POSITION WHEN COMBINED WITH THE NEW SIX-SPEED ELECTRONIC GEARBOX SYSTEM COMPLETELY FREES THE DASHBOARD, GROUPING THE GEARBOX MODE SELECTOR AND GEARSHIFT PADDLE CONTROLS ON THE STEERING WHEEL. NOW, THERE IS MORE SPACE, MORE COMFORT, AND MORE REASONS TO WANT TO DRIVE.

The C4 Picasso is all about you and your new driving experience. For all your driving, navigation and comfort information, one look to the central display window is all you need. Data is divided into two parts; a section permanently displaying essential driving information, such as speed, rev-counter and fuel gauge, and a multifunction screen in the centre where you can access all the information you need on consumption, navigation, radio frequency and sound system.

Take your pick. The colour scheme of the C4 Picasso central screen can be customised. The background is yellow or, depending on the level of trim, two-tone, with five possible colour settings, from white to blue, and a complementary yellow or white colour for the multifunction screen. The brightness of both screens is easily adjustable, perfect for driving by day or by night.

The display screens are connected with Navidrive function and the hands-free GSM telephone, so you can choose from seven colours for the background of the multifunction screen, and personalise your C4 Picasso your way.

A new driving experience where safety is key.

Thanks to C4 Picasso's cleverly positioned crystal side lights at the foot of the door-mirrors, excellent all-round lighting is standard and just as effective when the door-mirrors are folded in as when they are opened out. The C4 Picasso design incorporates lighting throughout, at the drivers and front passengers door, and at the sides of the C4 Picasso.

The Child-lock system is operated by electric controls within easy reach of the driver's hand, which instantly lock and unlock the windows and rear doors.

Even in the smallest detail, the functionality of the C4 Picasso runs true. Fuss free and hassle free, the new automatic, plug-free filler flap flips up without having to touch the cap.

You decide how much sunlight comes in. The panoramic wide angle windscreen is cleverly equipped with two independent sliding sunblinds, which can be quickly adjusted by sliding manually to the position required.

The rear windows have been designed with retractable sunblind curtains and integrated rollers, which filter light while offering a clear view outside. A clearer and more pleasurable drive for everyone.

## The joy of travelling

FROM DRIVER TO PASSENGER NUMBER SEVEN, WITH EVERY INCH THE C4 PICASSO TAKES, THE ATTENTION TO DETAIL AND SPACIOUS COMFORT IS COMPLETE. THE TOTAL C4 PICASSO INTERNAL AMBIENCE HAS BEEN DEVELOPED SO THAT THE SEATING, SOUND, TEMPERATURE, LUMINOSITY AND ENTERTAINMENT FEATURES COMBINE AND CREATE IN A UNIQUE WAY. SIT BACK AND LET THE RIDE OF YOUR LIFE BEGIN.

The unique and original moving seat design of the C4 Picasso creates easy access to row three. Activate the control and the cushions to the outer seats in row two automatically lift up towards the seat back. Just slide the seat forward up against the front seat-backs in a single movement and free the space for immediate access to the third row.

Thanks to C4 Picasso's clever ventilation controls distributed over four distinct areas, each front seat and row two seat passenger can adjust their own air conditioning and temperature.

Air conditioning, temperature and flow of air can be set automatically, and the driver is always within easy reach to make all the adjustments centrally via the control panel.

For the most complete ride of your life, the C4 Picasso offers your senses a range of treats. For appreciators of acoustics and lovers of crystal clear music, eight speakers and subwoofer unite in a Dolby Surround digital amplifier.

The MP3 hi-fi pack developed with Philips and specially designed for the cabin layout will have you purring.

The C4 Picasso takes your sensory sensations further. Available with the entertainment system Pack are two 7" 16/9 screens for rear seat passengers. Rake-adjustable screens at the top of the first-row backrests are cleverly positioned to retract behind the aircraft-style trays, and thanks to the DVD player's auxiliary twin deck, the screens can play independently of each other. Watch a film or plug in your games console, a ride in the C4 Picasso will be your most creative and enjoyable.

# Step into the pleasure principle

AT THE WHEEL OF YOUR CITROËN C4 PICASSO, EVERYTHING IS EASY. THE CONTROLS ARE FIXED AND CENTRALISED ON THE SOLID BUILD STEERING WHEEL. TURN THE WHEEL AND THE CONTROLS REMAIN IN PLACE. THE STEERING WHEEL IS ALSO HEIGHT AND REACH ADJUSTABLE. AVAILABLE ON THE C4 PICASSO IS THE SIX-SPEED ELECTRONIC GEARBOX SYSTEM, FEATURING STEERING-WHEEL MOUNTED GEARSHIFT PADDLES AND A MODE SELECTOR ON THE STEERING COLUMN. WITH ITS HIGH ERGONOMIC DESIGN AND REGARDLESS OF DRIVER POSITION, ALL CONTROLS ARE A FINGERTIP AWAY. THE SIX-SPEED ELECTRONIC GEARBOX SYSTEM ALLOWS YOU TO CHOOSE BETWEEN USING THE PADDLES FOR A HANDS-ON DYNAMIC AND PERSONALISED DRIVE, OR SWITCHING INTO AUTOMATIC MODE TO CREATE A MORE RELAXED RIDE.

## Load, store and go.

TO TRAVEL IN STYLE AND COMFORT IS TO HAVE EVERYTHING YOU NEED WITHIN EASY REACH. IN ADDITION TO THE CONVENTIONAL STOWAGE SPACE PROVIDED IN THE INNER DOOR PANELS, THE CABIN ALSO FEATURES CLEVERLY DESIGNED STOWAGE COMPARTMENTS OF ALL SIZES, EQUALLY DISTRIBUTED AT THE FRONT ON THE DASHBOARD AND IN THE REAR UNDER THE FLOOR OR IN THE DOOR PANELS. EVERYTHING YOU NEED, WHEN YOU NEED IT.

The functional layout of the C4 Picasso makes the boot easily accessible and convenient to use. Thanks to the opening rear window, the boot can be comfortably accessed and loaded, even when parked in tight spaces.

The back-rests of the first row of seats are fitted with new aircraft-style trays that can be used by row two seat passengers. The trays are tailored to suit the shape of the seatback and fold freely downwards without sacrificing knee room for second-row passengers. A magazine stowage net is also provided on the back of each front seat.

Two large storage spaces are built into the upper left and right sections of the dashboard, and are lined with slip-proof fabric to prevent items inside from moving and making noise. They also feature interior lights.

On the front passenger side is the illuminated glove compartment, which comprises two handy spaces to keep smaller everyday objects, as well as two air freshener refills.

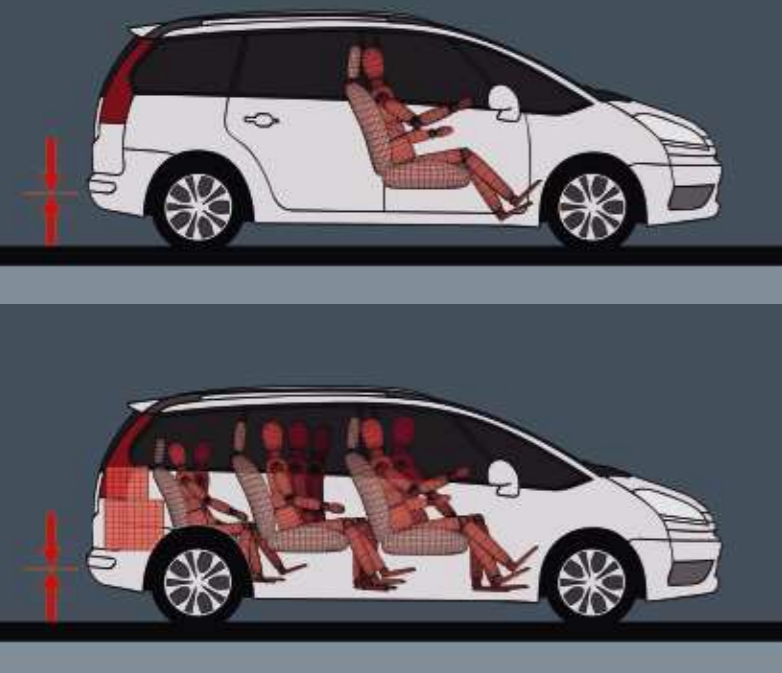

### Lover of roads and loads

With the classic 5 seat configuration, the Citroën C4 Picasso has a boot with impressive dimensions; over 1 metre of usable space, over 1.16m in width, and 55cm high beneath the luggage cover. This spacious interior provides approximately 576 ltr (VDA) beneath the luggage cover, and 893 ltr (VDA) up to the roof, and when all the seats are folded away, the boot can be extended to almost 2m<sup>3</sup>, and a maximum capacity of 1,951 ltr (VDA).

A stowage net allows row two passengers to maximise their load while keeping personal objects well stored, without compromising passenger safety. Thanks to the hooks provided in the boot, the design offers multiple configurations.

Models with the six-speed Electronic Gearbox System are designed for more space with an extra storage compartment positioned on the lower central part of the dashboard. This compartment is also a cooler and will keep products such as a 1.5 ltr bottle and two 0.5 ltr bottles at a low temperature, even when the air conditioning blows hot air into the cabin. Simply open the compartment and the lid becomes a tray with two cup-holders.

The C4 Picasso can be fitted with a rear pneumatic suspension system that offers improved comfort for all passengers and a constant height no matter the load. The clever pneumatic suspension system at the rear enhances passenger comfort by making suspension smoother and damping the force applied to the C4 Picasso over irregular road surfaces. Heavy load or light load, the C4 Picasso maintains stable vehicle attitude for a more pleasurable and safe drive.

## Beyond a driving experience

FROM TOWN AND ROAD TO MOTORWAY, WHETHER FULLY LOADED OR EMPTY, YOUR HIGH QUALITY RIDE IN THE C4 PICASSO IS ASSURED. THE PERFORMANCE OF THE C4 PICASSO IS PROVIDED BY THE COMBINATION OF THE ENGINE AND PNEUMATIC SUSPENSION SYSTEM. DRIVE AND ENJOY. THE CITROËN C4 PICASSO WILL TAKE CARE OF THE REST.

When it comes to state of the art pneumatic suspension, look no further. Press the control button in the boot and lower or raise your stationary C4 Picasso up to 7cm, making it easier to load heavy or large objects. The C4 Picasso can then be easily returned to its original height, either manually by pressing the button twice or automatically, when the vehicle exceeds a speed of 6 mph.

The Citroën C4 Picasso is available in 4 engines, each developed to the highest standards for a more comfortable drive that is kinder to your fuel economy and kinder to the environment.

**Petrol engines:** Even at low revs, the **1.8i 16V 125hp** manual engine is highly responsive. It is as flexible to drive as it is enjoyable, and offers all the qualities of power and acceleration necessary for a safe and efficient drive. The **2.0i 16V 143hp** with the new six-speed Electronic Gearbox System offers, remarkable power, smooth acceleration and excellent fuel-efficiency.

**Diesel engines:** The **1.6HDi 110hp** is available with the six-speed Electronic Gearbox System or with a 5 speed manual gearbox, offering a high degree of flexibility and good acceleration even at low revs. Thanks to the performance of the direct high-pressure Diesel injection system, the **2.0HDi 138hp** is a powerful engine. Even when it is put through the limits, this engine remains quiet, creating a more dynamic drive with excellent on-road economy.

The new Electronic Gearbox System is as sensitive as it is responsive. The instant gearshifts not only heighten performance but improve CO<sub>2</sub> emissions and fuel economy.

The Citroën C4 Picasso has been designed with the environment in mind, limiting pollution, optimising economy and promoting the recycling of waste materials.

From the C4 Picasso's conception, the remarkable aerodynamics and specifically chosen light material ensure the weight and fuel consumption are kept to a minimum, especially with an empty load. The bonnet and roof are made from aluminium, while the seats frames are made from magnesium. Both petrol engines are equipped with EOBD, European on Board Diagnostic system, which detects any malfunction leading to the authorised emission thresholds being surpassed, while both diesel engines are fitted with a Particulate Filter System, (DPFS) against black fumes, which guarantees that combustion residues are completely burnt away.

Natural or artificial, light plays an integral role with particular attention given to night lighting. There are a range of controls to create your own internal ambience, while light guides under the central fascia strip, in the door panels and in the roof diffuse a soft indirect light that is adjustable using a translucent button on the bottom part of the dashboard. The cabin also features small LEDs in the door-opening controls and front roof light.

## Welcome to the light

SPACIOUS AND BRIGHT ON THE INSIDE, THE CITROËN C4 PICASSO IS DESIGNED TO BATHE THE ENTIRE CABIN IN LIGHT. LARGE WINDOWS AND A KINGSIZE GLAZED SURFACE AREA MADE UP FROM THE SUPER-WIDE PANORAMIC WINDSCREEN AND GLASS SUNROOF, ALL COMBINE FOR A BRIGHTER JOURNEY. THE INTERNAL LIGHT SYSTEM COMES INTO EXCELLENT EFFECT WITH THE ENTIRE CABIN LAYOUT, OFFERING EVERYONE ON BOARD A WARM AND REASSURING ATMOSPHERE.

The C4 Picasso is alive with intelligence. Just reach out your hand and the stowage compartments in the door panels automatically light up, making it easier to find things quickly.

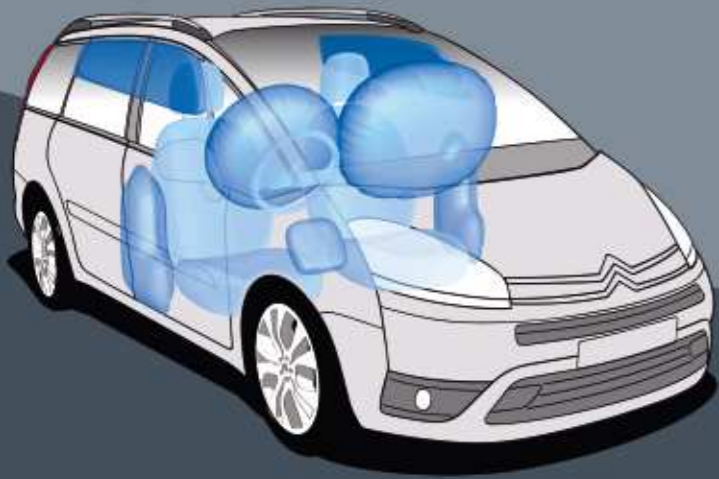

Reading lights are positioned on the backs of the front seats. Passengers simply fold down the aircraft-style tray and switch on, without the need to disturb the driver or other passengers.

The C4 Picasso has lots of bright ideas. For those times when you simply must have a fully charged torch, reach for your rechargeable lamp in the boot. This acts as both a boot-light and hand-held torch. Just pull it away from the clip and you have a ready-to-use torch with up to 40 minutes power. The torch is easy to find and recharges as soon as it is returned to the boot and the car starts moving.

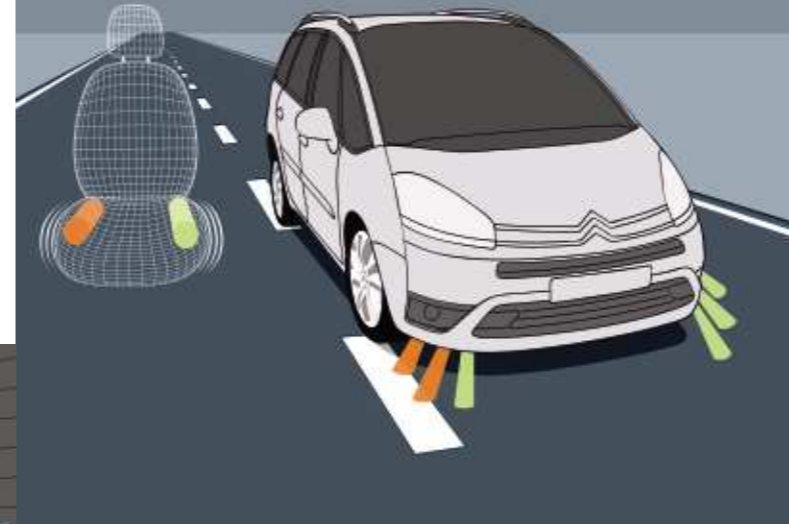

In the event of an impact, the C4 Picasso features a steering column airbag protecting the driver's knees and shins. Thanks to the fixed-centred controls steering wheel, the driver's airbag is designed to be deployed at the required, precise angle for optimal protection. Further protection is built-in so that the pressure and volume of the airbag automatically adjusts with the force of collision.

In the front seats are two further side airbags for thorax and body protection while two curtain airbags offer head protection for all passengers in the first two rows of seats.

In case the driver has a lapse in concentration, the Lane Departure Warning System (LDWS) instantly reacts to any sudden lane departure on a fast road. At speed exceeding 50 mph, should the C4 Picasso wander across a lane, sensors located beneath the front of the car detect the lane movement. If the indicator is not activated the central calculator immediately triggers one of two vibrators located in the seat, on the left or the right, telling the driver which side the car is veering and the corrective action to take.

## In safe hands

WHEN IT COMES TO THE DEMANDS OF SAFETY, THE CITROËN C4 PICASSO TAKES YOU FURTHER WITH BOTH ACTIVE AND PASSIVE SAFETY. ACTIVE SAFETY IS ASSURED BY INNOVATIVE FEATURES SUCH AS THE LANE DEPARTURE WARNING SYSTEM. THE C4 PICASSO IS ALSO BUILT TO ABSORB ENERGY ON COLLISION. FURTHER BENEFITS INCLUDE A REINFORCED CABIN LAYOUT, THREE POINT SEAT BELTS ON ALL THE SEATS, AND 7 AIRBAGS. THE C4 PICASSO PAYS PARTICULAR ATTENTION TO CHILD SAFETY WITH ISOFIX FITTED TO CHILD-SEATS ON THE FRONT SEAT AND ON THE THREE REAR SEATS. WITH ITS PARKING SYSTEM OR HILL START ASSIST, THE C4 PICASSO ALSO ENJOYS OPTIMUM MANOEUVRING SAFETY, HELPING YOU AND YOUR PASSENGERS ENJOY A COMFORTABLE AND SECURE DRIVE.

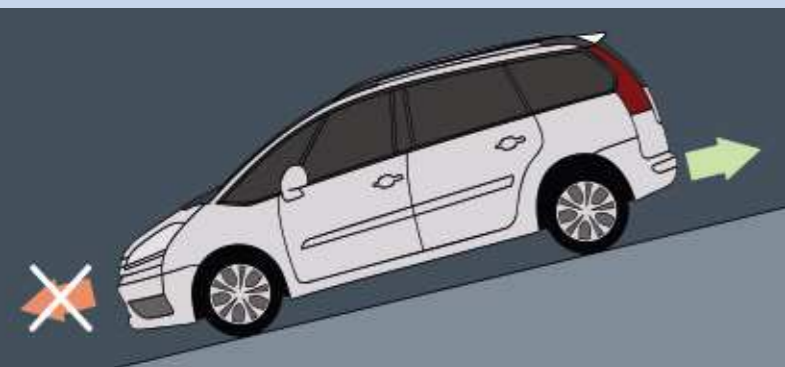

The Electronic Stability Program (ESP) operates automatically on the distribution of braking power together with the engine speed to stabilise the trajectory of the car on bends as soon as any risk of oversteer or understeer has been detected by the system's electronic sensors. The traction control (ASR) is linked to the ESP and immediately reduces the excess power to the driving wheels in the event of wheel spin. It also operates when moving off should excessive acceleration be applied on a slippery road surface.

The Anti-lock Braking System (ABS) electronically regulates braking pressure to avoid wheel-locking so the driver can maintain roadholding and the ability to steer the vehicle when braking. Connected to the ABS, the Electronic Brakeforce Distribution (EBD) ensures braking pressure is evenly applied to the wheels (front-rear and right-left) so that, should the need arise, maximum effect can be achieved from the braking power. Emergency Braking Assistance (EBA) instantly amplifies braking pressure in the event of an emergency so that the stopping distance is the shortest possible.

The C4 Picasso features a smart thinking parking space 'gap' measurement system that uses two ultrasonic sensors located at either end of the front bumper. This informs the driver whether the space available is large enough as well as the degree of difficulty of the parking manoeuvre.

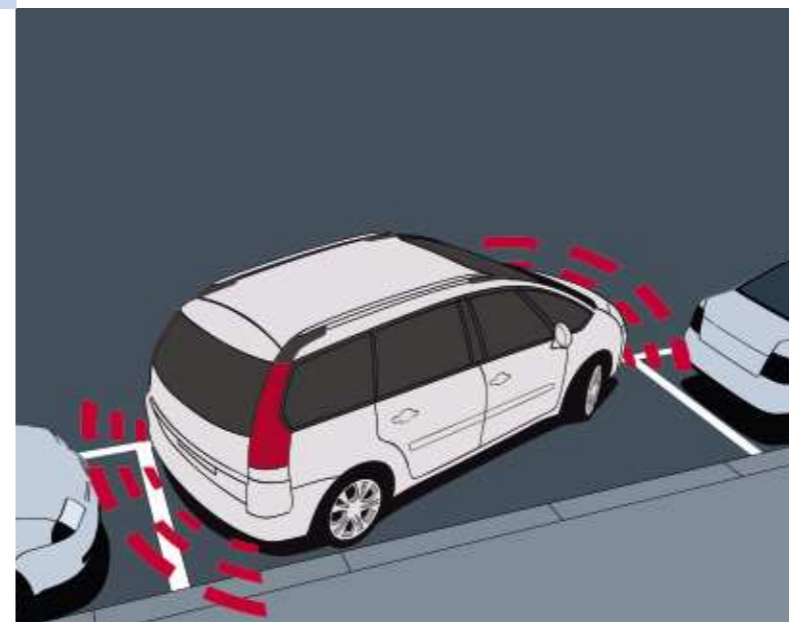

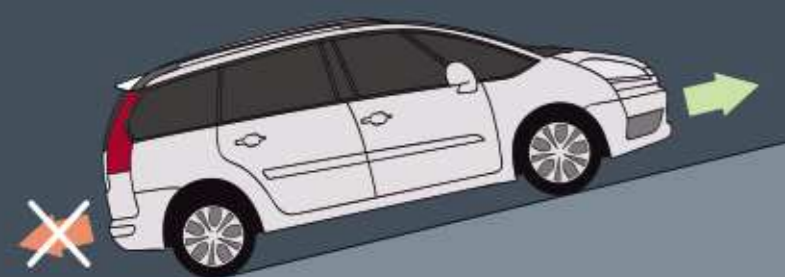

As you drive along a row of parked cars at a speed of less than 12 mph, simply press the 'P' button, located on the fixed-centred controls steering wheel, and switch on the left or right indicator to tell the system the side on which it must measure the available space. Spaces measuring less than four metres or more than seven metres are ignored. A message appears on the multifunction screen accompanied by an audible 'beep' informing the driver whether the parking manoeuvre is possible, difficult or inadvisable. The parking space 'gap' measurement system is further supplemented by the front and rear parking sensors.

The C4 Picasso's automatic electric parking brake improves comfort and safety. This electric brake is automatically applied when the engine stops. The ECU works in tandem with the ESP to calculate the force required to immobilise the vehicle, depending on the gradient of the road. As soon as the torque applied to the drive wheels is sufficient, the parking brake is automatically released.

The electric handbrake control is located within easy reach in the middle of the dashboard, and can be used to apply the parking brake in a conventional manner if required.

In addition to the automatic electric parking brake, C4 Picasso is also fitted with a hill start assist function that helps the driver to set off or manoeuvre on gradients. When the brake pedal is released, the ESP automatically maintains a stationary position for up to two seconds, offering the driver the time to move their foot from the brake to the accelerator without the vehicle moving forwards or backwards on a slope.

# Citroën Care for Car and Driver

A network of Citroën New Car Dealers, Authorised Repairers and Parts Distributors are equipped and trained to meet the needs of today's Citroën customer.

Dealers can offer advice on vehicle funding; via Citroën Contract Motoring with packages such as Contract Hire, Finance Lease or Lease Purchase for Business Users, or via Citroën Financial Services with Hire Purchase or Elect 3 Personal Contract Purchase for Retail buyers.

In addition Authorised Repairers have a team of technicians skilled in the care and maintenance of Citroën products.

### Citroën Elect 3

With the Elect 3 Personal Contract Purchase Scheme, you decide on the model which best suits your motoring needs, then set your preferred contract period and anticipated annual mileage. At the end of the contract period you have the added flexibility of part exchanging the car for another new Citroën, purchasing the vehicle or simply returning it.

### Citroën DRIVENOW Personal Lease

DRIVENOW Personal Lease is an innovative new way to enjoy a new Citroën without the cost of ownership. With Citroën Assistance, Replacement of Wear & Tear Parts and Extended Warranty, (Not Applicable on the C6), as standard for the full term of the agreement, most unforeseen costs that can prove difficult to budget for are taken care of. With leasing which can be arranged for a period of up to 4 years, DRIVENOW Personal Lease offers you a hassle free motoring solution.

### Citroën Fleet and Business Sales

All Citroën New Car Dealers are dedicated to meeting the specialist needs of both the fleet and business buyer. Their comprehensive service can include advice on important business vehicle decisions, such as alternative acquisition methods, disposal of existing cars and vans, priority servicing and much more. In short, their expertise aims to provide a 'total transport solution' for all your fleet or business vehicle needs. If you would like to contact Citroën direct for further information, please call Citroën Fleet Connect on 08457 940 940. Or look us up at: <http://www.citroen.co.uk/fleet>

### Citroën ADVANTAGE Extended Warranties

Whether you intend to keep your new Citroën for more than 3 years or simply plan to drive more than 60,000 miles during its first three years, Citroën ADVANTAGE is an extended warranty which offers a similar level of cover to Citroën's new vehicle warranty. For more information, please contact your Citroën Dealer or call 0800 587 9808.

Citroën ADVANTAGE is underwritten by Pinnacle Insurance plc. Conditions apply.

### Citroën MAINTENANCE

What if you could relax, safe in the knowledge that for a small one off fee or a low monthly payment, you could benefit from routine servicing, replacement of wear & tear items and roadside assistance? With Citroën MAINTENANCE you can. Simply choose the period & select the mileage and you too could benefit from peace of mind motoring on your terms. For information, contact your Citroën New Vehicle Dealer or Citroën Authorised Repairer.

### Citroën ASSISTANCE

For all models except C6: In response to a free telephone call, Citroën ASSISTANCE brings rapid expert roadside assistance to you in an emergency. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Please note, Citroën ASSISTANCE only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, mis-fueling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes.

### Comprehensive Warranty

Every new Citroën car offers the benefit of a 3 year\* warranty package, plus a 12 year anti-corrosion\*\* warranty and a 3 year paint warranty.

### Citroën INSURANCE

Citroën INSURANCE\*\*\* is the only motor insurance designed exclusively for Citroën drivers and offers tailored cover at a competitive price.

When the time comes to renew your insurance cover, call Citroën Insurance on 0870 024 2725.

Lines open 8am – 8pm weekdays, 9am-5pm Saturdays. Calls may be recorded.

### Internet

The Citroën Website contains full information on all Citroën products and offers available in the UK, together with details of our environmental and recycling policies. The site address is: <http://www.citroen.co.uk>

You can contact Citroën directly via [cukcustomer\\_relations@citroen.com](mailto:cukcustomer_relations@citroen.com)

\* 2 years' manufacturer's warranty. No-fee customer option of 1 year's Dealer provided extended warranty, only on cars sourced from Citroën UK Limited. Note: dealer provided warranty is limited to 60,000 miles for cars and 100,000 miles for light commercial vehicles.

\*\* Against all internal to external perforation to bodywork or underbody on condition the car undergoes an inspection by a Citroën franchised Dealer every two years from its fourth anniversary.

\*\*\* Citroën Insurance is arranged by Banque PSA

Finance and underwritten by UK Insurance Limited. Conditions apply.

Full details available on request.

Credit subject to status and to over 18's only.

A guarantee may be required. Written quotations available on request from Citroën Financial Services, Quadrant House, Princess Way, Redhill, Surrey RH1 1QA. Citroën Financial Services is a trading name of Banque PSA Finance. Telephone calls may be recorded or monitored for training or quality purposes.
