# PERFORMANCE WITH CARE FOR THE ENVIRONMENT

With its sophisticated and technologically advanced range of engines, Citroën is well placed to reconcile performance with low taxation levels and reduced environmental impact.

Today more than ever, this means that when choosing a Citroën vehicle you are guaranteed access to superb value for money motoring.

For example, the Citroën C2, when specified with the 1.4HDi Diesel engine produces only 113g/km of CO<sub>2</sub> and therefore qualifies for the C band of Vehicle Excise Duty.

## COMPANY CAR BENEFIT-IN-KIND TAXATION CHARGES

The Company Car Benefit-In-Kind Taxation charge is based upon the type of fuel used, and the level of CO<sub>2</sub> emissions, measured in grams per kilometre (g/km). The table opposite shows the percentage of the car's list price to be taxed (P11D value<sup>1</sup>).

For example a non QUALEC car (CO<sub>2</sub> emissions greater than 120g/km): Citroën C4 1.6HDi 16V 110hp Exclusive Hatchback has a CO<sub>2</sub> emissions figure of 128g/km and the P11D figure of £17,620.

The BIK value would therefore be 18% x £17,620 = £3,171.60.

For example a QUALEC car (CO<sub>2</sub> emissions 120g/km or lower): Citroën C4 1.6HDi 16V 90hp VTR Hatchback has a CO<sub>2</sub> emissions figure of 115g/km and the P11D figure of £15,105.

The BIK value would therefore be 13% x £15,105 = £1,963.65.

## FUEL SCALE BENEFIT CHARGE

The taxable value of free fuel provided for private usage is linked to CO<sub>2</sub> emissions. The taxable benefit will be assessed using the same scale as for BIK, and the percentage applied against a set figure. For the tax year 2008/9 onwards this figure is set at £16,900.

For example:

The Free Fuel benefit for Citroën C4 1.6HDi 16V 110hp Exclusive would be 18% x £16,900 = £3,042.

An individual driver would pay tax on these figures at their marginal tax rate.

More information about the Company Car Benefit-In-Kind Taxation Charges can be found on [www.citroen.co.uk/fleet](http://www.citroen.co.uk/fleet) or by contacting Citroën Fleet Connect on 08457 940 940.
