NEW CITROËN DS4

(Models produced from 1 September 2011)

Why conform? New Citroën DS4 certainly doesn't. It defies definitions. It actually proves that there's no contradiction between sporty and purposeful, elegant and curvaceous. The established definitions simply don't count – this is a high-stance 5-door coupé.

PERFORMANCE WITH CARE FOR THE ENVIRONMENT

With its sophisticated and technologically advanced range of engines, Citroën is well placed to reconcile performance with low taxation levels and reduced environmental impact.

Today more than ever, this means that when choosing a Citroën vehicle you are guaranteed access to superb value for money motoring.

For example, the Citroën C3, when specified with the HDi 70 manual engine produces only 112g/km of CO₂ and therefore qualifies for the C band of Vehicle Excise Duty.

› COMPANY CAR BENEFIT-IN-KIND TAXATION CHARGES

The Company Car Benefit-In-Kind Taxation charge is based upon the type of fuel used, and the level of CO₂ emissions, measured in grams per kilometre (g/km). The table opposite shows the percentage of the car's list price to be taxed (P11D value¹).

For example a new Citroën C4 HDi 110 6-speed manual Exclusive has a CO₂ emissions figure of 122g/km and the P11D figure of £20,490.

The BIK value would therefore be 18% x £20,490 = £3,688.20.

› FUEL SCALE BENEFIT CHARGE

The taxable value of free fuel provided for private usage is linked to CO₂ emissions.

The taxable benefit will be assessed using the same scale as for BIK, and the percentage applied against a set figure. For the tax year 2011/12 onwards this figure is set at £18,800.

For example:

The Free Fuel benefit for new Citroën C4 HDi 110 6-speed manual Exclusive would be 18% x £18,800 = £3,384.00.

An individual driver would pay tax on these figures at their marginal tax rate.

More information about the Company Car Benefit-In-Kind Taxation Charges can be found on www.citroen.co.uk/fleet or by contacting Citroën Fleet Connect on 08457 940 940.

CITROËN CARE FOR CAR AND DRIVER

A network of Citroën New Car Dealers, Authorised Repairers and Parts Distributors are equipped and trained to meet the needs of today's Citroën customer.

Dealers can offer advice on vehicle funding; via Citroën Contract Motoring with packages such as Contract Hire, Finance Lease or Lease Purchase for Business Users, or via Citroën Financial Services with Hire Purchase or Elect 3 Personal Contract Purchase for Retail buyers.

In addition Authorised Repairers have a team of technicians skilled in the care and maintenance of Citroën products.

► CITROËN ELECT 3

With the Elect 3 Personal Contract Purchase Scheme, you decide on the model which best suits your motoring needs, then set your preferred contract period and anticipated annual mileage. At the end of the contract period you have the added flexibility of part exchanging the car for another new Citroën, purchasing the vehicle or simply returning it.

► CITROËN ELECT 4

Elect 4 is an alternative way to enjoy a new Citroën without the cost of ownership. Instead of owning the car, you rent it for a fixed period and then return it to your local dealer where you can exchange it for a brand new one. You set your preferred contract terms and anticipated annual mileage. With leasing which can be arranged for a period up to 4 years, Elect 4 offers you an alternative method of funding your new Citroën.

► CITROËN FLEET AND BUSINESS SALES

All Citroën New Car Dealers are dedicated to meeting the specialist needs of both the fleet and business buyer. Their comprehensive service can include advice on important business vehicle decisions, such as alternative acquisition methods, disposal of existing cars and vans, priority servicing and much more. In short, their expertise aim to provide a 'total transport solution' for all your fleet or business vehicle needs. If you would like to contact Citroën direct for further information, please call Citroën Fleet Connect on 08457 940 940. Or look us up at: www.citroen.co.uk/fleet
