

NEW CITROËN C4 PICASSO

# A NEW FORM OF FEEL GOOD. THE NEW CITROËN C4 PICASSO MAKES EACH DAY EASIER AND MORE ENJOYABLE THROUGH PURE INNOVATION. YOU'LL FEEL GOOD FROM THE VERY FIRST MOMENT.

STYLISH AND SPACIOUS, IT HAS BAGS OF STUNNING DETAILS AND THE LATEST FEATURES: THIS IS AN INSPIRING, HIGHLY EQUIPPED PLACE TO TRAVEL. TECHNICALLY ADVANCED BUT BEAUTIFULLY SIMPLE, NEW CITROËN C4 PICASSO TAKES FEEL GOOD FURTHER.

# COMPACT ELEGANCE. TAKE A LOOK AROUND THE OUTSIDE AND YOU'LL SENSE IT INSTANTLY: THE NEW CITROËN C4 PICASSO HAS PRESENCE AND PERSONALITY.

ALTHOUGH IT'S USEFULLY COMPACT FOR BUSY STREETS AND TRICKY MANOEUVRES, THE SWEEPING CURVES OF THE GLASS SURFACES, LOWERED ROOFLINE AND BOLD SCALLOPED FORMS OF THE BODYWORK GIVE THE NEW CITROËN C4 PICASSO A CHARISMATIC PROFILE.

## › EXCEPTIONAL DETAILS

Powerful, bright and beautifully designed halogen twin-optic headlights and daytime-running LEDs, make the face of the New Citroën C4 Picasso unmistakable. So does the proud sweep of the double chevron grille. At the rear you'll find a clamshell tailgate that houses the light clusters and an integrated spoiler – it's uncluttered, confident and seriously practical too. 3D effect LED lights can be chosen to add a really prestigious flourish. Door handles are solidly sculpted and a pleasure to use.

# SPACE AND LUXURY IN HIGH DEFINITION. SETTLE INTO THE ROOMY PREMIUM QUALITY INTERIOR AND YOU'LL FIND THAT THE ELEGANTLY SIMPLE DASHBOARD IS BASED AROUND TWO CRYSTAL CLEAR SCREENS.

THE LOWER 7" SCREEN PUTS ALL ESSENTIAL FUNCTIONS AT YOUR FINGERTIPS, SUCH AS DUAL ZONE AIR CONDITIONING, MEDIA AND SATELLITE NAVIGATION. THE UPPER 12" SCREEN BRINGS YOU A HIGH DEFINITION VIEW OF VITAL DRIVING INFORMATION SUCH AS SPEED, RPM AND FUEL. THIS IS INTERACTION IN HD.

## > A SENSUAL JOURNEY

The sense of bright, spacious tactility is all encompassing inside the New Citroën C4 Picasso. The huge panoramic windscreen lets light flood in over an elegant two-tone dashboard: every control and detail is finely honed and trimmed. Now with even greater legroom, this is the perfect place to settle into the Relax Pack's exclusive massaging seats. This is a vehicle that believes versatile and luxurious belong together.

# MORE AND LESS. MORE COMPACT THAN BEFORE, THE NEW CITROËN C4 PICASSO PROVIDES EXTRA SPACE AND FLEXIBILITY EVERYWHERE. THERE ARE SO MANY PRACTICAL INNOVATIONS TO MAKE THE BUSIEST LIVES SEAMLESSLY RELAXED.

THE FIGURES SPEAK VOLUMES. BOOTSPACE HAS GONE UP 37 LITRES, EXPANDABLE FROM 537 TO 630 LITRES, THANKS TO AN INCREASE OF 6CM IN THE WHEELBASE. THE BOOTLID OPENS AND CLOSSES AUTOMATICALLY AND THE HEIGHT IS PROGRAMMABLE FOR CONFINED AREAS.

## › SMART SPACES

The centre console on 6-speed manual versions provides a large storage area with a roller blind: there's also twin cup holders and a mobile ashtray. On ETG6 versions, the whole console can also be removed completely to create easy access between the two front seats when needed.

As ever, back seat passengers are just as well looked after. There are generous pockets in the front seat backs, plus there's secure storage in the rear foot wells if you need to stow valuables discreetly.

## › NO-COMPROMISE ACCOMMODATION

The beautifully trimmed and sculpted back seats are designed to welcome three in proper comfort. Each seat slides backwards and forwards, and reclines independently as well as folding totally flat with one pull on the easily accessed release tab. A neat foldaway table is integrated into each of the front seats with a reading spot light, there's no second class when you travel in the New Citroën C4 Picasso.

› COMPLETE CONNECTIVITY

Citroën Multicity Connect brings you the effortless convenience of a 3G connected multimedia tablet and GPS system all in one. Seamlessly integrating the latest technologies, the system allows you to enjoy the benefits of your favourite apps whilst planning the best journeys – wherever you're heading. Specially developed by Citroën, it turns the 7" Touch Drive into a comprehensive media and control centre, with fingertip access to numerous services and features such as TripAdvisor, Wikipedia, traffic and weather news, your social media and email. It's a model of simplicity too: just plug in the USB Key and you're off. Intuitive, safe, smart and reliable, Citroën Multicity Connect makes the most of life on the move.

# MAKING THE SOPHISTICATED SIMPLE. THE NEW CITROËN C4 PICASSO USES INNOVATIVE TECHNOLOGY TO MAKE EVERY JOURNEY REFRESHINGLY SIMPLE, ENJOYABLE AND SAFE.

FROM STARTING UP TO AIR CONDITIONING, MUSIC TO COMMUNICATION AND PINPOINT NAVIGATION, EVERYTHING IS SMOOTHLY INTUITIVE, INTEGRATED AND CUTTING EDGE. YOU DON'T HAVE TO THINK ABOUT IT, JUST ENJOY THE PURE SIMPLICITY.

### > JUST JUMP IN

It starts the moment you walk towards the vehicle. There's no need to get your keys out, because the New Citroën C4 Picasso detects the electronic key fob as you approach. Simply touch the door handle to get in and touch the Start/Stop button to get going.

### > THE ART OF PARKING

The New Citroën C4 Picasso turns parking into an innovative art form. Park Assist is an active parking aid that first detects a suitable space then guides the vehicle in. All you need to do is select reverse, accelerate and brake. The whole manoeuvre is accompanied by a audible warning signal and pin sharp images sent from a reversing camera to the 12" panoramic screen.

# SAFETY: THE NEXT CHAPTER.

## THE NEW CITROËN C4 PICASSO TAKES SAFETY TECHNOLOGY TO THE NEXT LEVEL. IT REALLY KNOWS HOW TO LOOK AFTER YOU.

EVERY PIONEERING DEVELOPMENT IS DESIGNED TO GIVE YOU ALL THE CONTROL, PROTECTION AND INFORMATION YOU NEED TO STAY SAFER THAN EVER.

### > ALL SEEING

The New Citroën C4 Picasso has a blind spot monitor that detects vehicles up to three metres away. If someone has moved into that critical area where it's hard for you to see just using mirrors, a bright orange light illuminates in the wing mirror on the relevant side. Now you've got an extra pair of eyes looking out for you.

### > KEEP YOUR DISTANCE

Sophisticated active cruise control senses when the car in front slows down and automatically adjusts road speed accordingly. Now you can keep a safe constant distance in moving traffic without continually making changes. The system regulates acceleration and deceleration within a 15mph (20km/h) speed band.

### > YOUR SAFETY CAMERA

A miniature camera mounted in the base of the rear view mirror automatically dips your headlights when it sees an oncoming vehicle, before reverting back to main beam. The camera system also senses when white lines are crossed accidentally and warns the driver with vibrations through the seat belt.

# ENVIRONMENTAL ENGINEERING.

WHEN CREATING THE NEW CITROËN C4 PICASSO, WE CONSIDERED EFFICIENCY AND ENVIRONMENTAL IMPACT AT EVERY STAGE AND IN EACH DETAIL.

IT STARTS AT THE VERY HEART OF THE MACHINE, WHERE YOU'LL FIND ENGINES WITH CLASS LEADING CO<sub>2</sub> EMISSIONS: THE e-HDi 90 AIRDREAM ETG6 PRODUCES JUST 98G/KM CO<sub>2</sub>.

## › TREAD SOFTLY, GO SMOOTHLY

The entire e-HDi engine range uses micro-hybrid technology to achieve amazing efficiency and economy. The latest seamlessly smooth Stop & Start system automatically shuts down when you stop and restarts as you release the brake pedal. Ideal for city driving, it helps to cut CO<sub>2</sub> and fuel consumption. All diesel models benefit from particulate filters that remove harmful particulate pollution from exhaust gases. Thanks to its brand new platform, the New Citroën C4 Picasso is 140kg lighter than before, boosting efficiency further!

**DIVERSITY IN DEPTH.** BY DEFINITION, THE NEW CITROËN C4 PICASSO IS WHATEVER YOU WANT IT TO BE. ULTRA-VERSATILE, STYLISH, DYNAMIC AND ADVANCED, IT ENCOMPASSES THE ESSENTIAL AND THE DESIRABLE IN ONE GREAT NEW SHAPE.

IT ALSO BRINGS YOU THE CHOICE OF FOUR EXCITING MODELS THAT EACH OFFER A UNIQUE BALANCE OF FEATURES, AESTHETICS AND FINE DETAIL. EVERY NEW CITROËN C4 PICASSO IS GENEROUSLY SPECIFIED. ONE WILL FIT YOUR LIFE BEAUTIFULLY.

# EFFICIENCY MINUS COMPROMISE. CITROËN HAS CREATED FUELEFFICIENT VEHICLES WITHOUT SACRIFICING DRIVER ENJOYMENT FOR SOME TIME. THE LATEST ADVANCES TAKE THIS FINE BALANCE FURTHER STILL...

WITH THE PROVEN CREDENTIALS AND ENVIRONMENTAL PERFORMANCE OF CITROËN HDi DIRECT INJECTION ENGINES AS INSPIRATION, e-HDi ADDS NEW TECHNOLOGY, SUCH AS A SMOOTH, SIMPLE STOP & START SYSTEM AND ETG6 GEARBOX. STOP & START PUTS THE ENGINE INTO IDLE MODE AS YOU DECELERATE AND STOPS ALTOGETHER AS YOU COME TO A HALT. THE MOMENT YOU TAKE YOUR FOOT OFF THE BRAKE, IT RESTARTS SILENTLY AND WITHOUT VIBRATION. THE RESULTS ARE A DRAMATIC REDUCTION IN BOTH FUEL CONSUMPTION AND CO<sub>2</sub> EMISSIONS, COMBINED WITH RESPONSIVE PERFORMANCE WHEREVER YOU GO.

We've also been equipping more of our vehicles with more environmentally friendly breakthroughs, such as our Efficient Tronic Gearbox (ETG6), which boasts impressively greener credentials, with less pollution and up to 5% more economy than a conventional manual gearbox system. In addition, Citroën has expanded the use of the exceptionally efficient, self-regenerating Diesel Particulate Filter System in our models. Cleaner, greener driving without taking away from the drive – that's what you can continue to expect from Citroën.

## › PURE TECHNOLOGY

Demonstrating Citroën's commitment to Créative Technologie, PureTech engines provide increased power with lower fuel consumption and emissions by adopting a smaller and lighter three cylinder configuration constructed of pressure-cast aluminium. In conjunction with low friction component coatings, improved air and fuel flow and optimised combustion, this allows engines to offer more power, better fuel economy and significantly lower CO<sub>2</sub> emissions.

## › AIRDREAM – A BENCHMARK

Citroën's environmental commitment and advanced efficiency are perfectly illustrated by Airdream. It's a benchmarking scheme that has three demanding criteria which a vehicle must achieve before it can wear the name. Firstly it must emit no more than 140g/km CO<sub>2</sub>. Secondly it must be produced at a plant that meets the rigorous ISO 14001 certification and also it must be 95% recoverable. Only e-HDi, electric or Hybrid4 engined Citroëns currently qualify. It's no surprise that Citroën is one of the leaders in Europe for low CO<sub>2</sub> emissions.

## › ELECTRIFYING. HOWEVER YOU LOOK AT IT

Forget what you know about electric cars. Citroën Survolt concept combines undiluted glamour with advanced sporting dynamics, then adds a 100% electric drivetrain. Outside, LED lights, voluptuous curves, two-tone charcoal and fuchsia paintwork, and a race-inspired rear spoiler meet your gaze. Inside, a stunning blend of curved chrome, swooping glass, high technology and organic forms welcomes you to an entirely new place. But this is no simple styling exercise. At heart, Survolt is even more radical, because although it is designed to thrill, it is powered purely by silent, efficient, clean electricity.

# GLOSSARY

## › e-HDi ENGINES

The e-HDi 90 Airdream ETG6 engine is capable of 74.3mpg and CO<sub>2</sub> emissions of just 98g/km combined with the ETG6 gearbox. It has a reversible starter-alternator that works in tandem with an e-booster to provide a seamless Stop & Start function. Going further than other similar systems, the e-HDi's Stop & Start puts the engine into idle mode while decelerating before coming to a complete standstill. This reduces consumption by 15% in urban driving.

## › PETROL ENGINES

Part of Citroën's range of state-of-the-art engines, THP petrol powertrains are friction optimised and benefit from an inlet camshaft variable valve timing system that constantly measures the pressure on the accelerator and precisely regulates the quantity of air entering the cylinders. VTi engines boast advanced variable inlet valve lift and exhaust camshaft variable valve timing systems whilst THP engines are turbocharged. This guarantees outstanding efficiency and allows for immediate response with plenty of low range torque available.

## › PARK ASSIST

An advanced active parking aid, Park Assist finds a suitable space then smoothly guides Citroën C4 Picasso into it. All you have to do is engage reverse, accelerate and brake. Audible signals and a clear picture on the 12" panoramic screen let you know what's happening every inch of the way.

## › LANE DEPARTURE WARNING SYSTEM (LDWS)

The Lane Departure Warning System keeps you on course. It uses a miniature camera integrated into the base of the rear view mirror to monitor when white lines on the road have been crossed and sends vibrations through the driver's seatbelt. It's like an extra pair of eyes, looking out for you on every journey.

## › PARK ASSIST 360

Park Assist 360 provides all-round vision from four cameras. It's perfect for hassle-free parking manoeuvres in the tightest spots and further enhances the automated Park Assist system.

## › ELECTRONIC STABILITY CONTROL (ESC)

This is computer-controlled traction assistance and is provided primarily through the braking systems. The ESC's control unit constantly compares where the driver intends going (through the position of the steering wheel) with where the vehicle is actually going and, if necessary, makes speed corrections to each wheel individually through braking or engine torque to keep the vehicle 'in line'.

## › BLIND SPOT MONITORING SYSTEM

This sophisticated safety system detects vehicles approaching from behind up to three metres away. When they are in a place where you cannot easily see, Blind Spot Monitor triggers an orange light that illuminates in the wing mirror on the relevant side.

## › INTELLIGENT BEAM HEADLIGHTS

A miniature camera mounted in the base of the rear view mirror dips your headlights when it senses an oncoming vehicle. As soon as the vehicle has safely passed, it switches straight back to main beam.

## › ACTIVE SEATBELTS

Active seatbelts vibrate when the vehicle senses that you've accidentally crossed the white lines and for ESC and cruise control alerts. They also pre-tension if a collision is anticipated.
