DS 1955

— LIMITED EDITION —

"When the DS automotive brand was launched in 2014 its bloodline and inspiration were clear. Here was a range with a remarkable heritage that began with the launch of DS 19 at the Paris Motor Show in 1955. This legendary car embodied the avant-garde style, technical excellence and elegant refinement that are core values of DS today. Driven by this unique legacy and shaped by pure innovation, every new DS model balances advanced technology, dynamic prowess, material quality, luxury and style in a uniquely desirable way. The story continues..."
