# THE CITROËN RANGE

Here at Citroën we have come a long way since we created the world's first all-steel bodied car. Today we are recognised for our innovative technology and original designs. Our world-leading, fuel-efficient engines respect the environment and our outstanding safety features guarantee one of the safest driving environments available. We are fully committed to delivering outstanding customer service to back up the fantastic Citroën Model Range.

We're proud to be part of such an iconic brand and we look forward to helping you choose a car that means you too can enjoy the driving experience offered by Citroën's Créative Technologie.

**Stéphane Le Guevel**  
Director General  
Citroën UK

1924

Citroën creates the B10 and the world's first all-steel bodied car is born.

1949

Twenty five years later, the iconic 2CV is launched and stays in production for over 5 decades!

# A HISTORY...

1989

The prestigious, XM makes its debut, showcasing Citroën's advanced Hydractive computer controlled selflevelling suspension.

2008

The C4 WRC proves to be an all-conquering World Rally Champion. Citroën takes the Manufacturers' Title in 2008, 2009 and 2010.

2010

The innovations keep coming – quietly – with Citroën Survolt concept. A thrilling, clean, whisper quiet electric car.

2013

Never content to rest on our laurels, the innovative Citroën C3 Hybrid Air is unveiled at the Geneva Motor Show.

...OF INNOVATION

# YOU & YOUR C4 CACTUS

Citroën C4 Cactus is the living embodiment of different. It's fresh, inspiring and unique. Your choice of car says a lot about you and here's one that uses a whole new language.

CACTUS

ROËN

C4 CACTUS

# YOUR FAMILY ROOM

Here's where family life fits beautifully. Spacious, welcoming and free from clutter, Citroën C4 Cactus is a fun, relaxing place to travel with loads of thoughtful details and storage solutions. The big sofa-style front seats are stylish and comfy, whilst there's generous legroom for everyone in the back.

Wherever you sit, you'll love the bright, airy ambience. It starts at the top, with the huge panoramic sunroof. This elegant weight-saving innovation filters out harmful rays and gives protection equivalent to category 4 sunglasses, and because there's no need for a fiddly sunblind you also gain extra headroom. Friendly, shaped for living and filled with fresh thinking, Citroën C4 Cactus adds an extra dimension to family life on the move.

# NOT BIG, JUST CLEVER

Acres of space and ingenious storage solutions might sound like the recipe for a big exterior, but not with Citroën C4 Cactus. It's amazingly compact and has a minimal footprint for such an accommodating car. You wouldn't guess at a glance that there's a seriously useful 358 litres of boot space waiting for all your belongings.

# 8.5 LITRES

Beyond the boot, handy spaces are all around you, like the brilliant dashboard mounted Top Box. This 8.5 litre stowage solution is an innovation made possible because the passenger airbag is now positioned in the roof, a world first. It's just one example of the design inspiration that makes Citroën C4 Cactus perfectly proportioned – inside and out.

# LIGHTEN UP

Travelling light makes sense and feels great. Weighing about 200kg less than an ordinary hatchback, Citroën C4 Cactus is based on a super-light platform and made from advanced weight-saving materials.

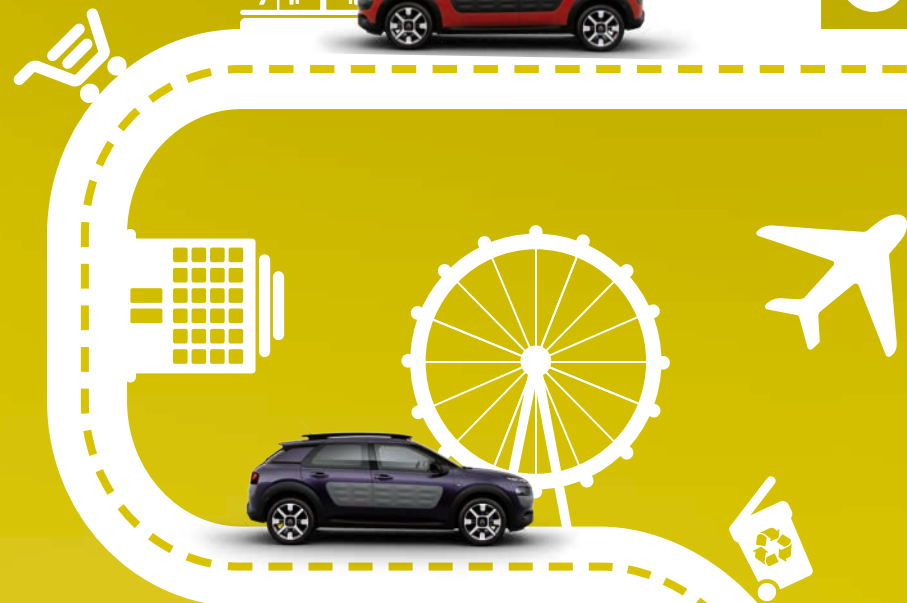

Being light on its feet, Citroën C4 Cactus is nimble, responsive, has a really comfortable ride and uses less fuel. It's also inherently gentler on tyres, brakes and suspension parts, saving you money as the miles pass.

Making a big contribution to lightness and low running costs is the latest generation of Citroën engines. Both PureTech petrol and BlueHDi diesels feature fuel saving innovations such as low friction diamond-like component coatings and Stop & Start technology. Go for the amazing BlueHDi 100 S&S diesel and you'll benefit from CO<sub>2</sub> emissions as low as 82g/km and fuel economy up to 91mpg on the official combined cycle.

82G CO<sub>2</sub>

# INNOVATIVE PROTECTION

Citroën C4 Cactus is shaped by innovations that are designed to work for you and minimize running costs. Airbump® is a perfect example. Totally unique, flexible and tough, its air filled capsules resist knocks and scrapes, so there's no need to worry about car park damage and the urban rough and tumble. Dedicated to shrugging off unexpected repair costs, Airbump® also looks brilliant!

Another ingenious advance is Magic Wash. With this technology the windscreen washer nozzles are moved from the bonnet and built into the wipers blade tips. Now you can release exactly the right amount of screen wash each time without overspray and use less than half the fluid of a conventional system. It's seamless, efficient and cost effective.

# TECHNOLOGY MADE SIMPLE

The technology in Citroën C4 Cactus focuses on your priorities. It's also designed to make life simple, placing all the fundamentals at your fingertips. The 7 inch Touch Drive interface features seven short cut buttons that give you rapid access to a complete range of in-car functions. Now it's easy to control the automatic air conditioning, Bluetooth® functionality, digital radio, audio streaming and lots more.

You can access Citroën Multicity Connect, a 3G and GPS enabled app-hub, fine tune vehicle settings and even view an interactive on-board manual. Everything you need is grouped safely on one slim screen.

# EVERY MOVE MADE EASY

Citroën C4 Cactus helps with every kind of manoeuvre. Park Assist carries out stress-free parking for you – all you have to do is use the accelerator and brake pedals. When negotiating tight spots yourself, the colour reversing camera provides perfect images on the Touch Drive screen, so you know where you are to the last millimetre.

## STRESS FREE

If the gradients get steep, there's Hill Start Assist to make sure that you get away smoothly every time without rolling backwards, while cornering lights provide extra illumination on the inside of bends, enhancing safety at corners and tricky junctions. This is technology that puts you first and firmly in control.

# A RELAXING SPACE

To create real enduring comfort, you need space and an absence of clutter and these qualities shape the interior of Citroën C4 Cactus. With plenty of room for everyone, the whole design is minimalist, friendly and free from fussy buttons – especially with so many important functions grouped in the Touch Drive screen.

The low, sleek dashboard creates more space, thanks to the pioneering 'Airbag in Roof' technology and ordinary instruments are replaced by a clear, simple digital display, providing you with key information at a glance. On semi-automatic ETG versions, the Efficient Tronic Gearbox uses an effortless 'Easy Push' gear selector, saving yet more space through simple innovation.

# INNER CALM

The elegant space efficiency of Citroën C4 Cactus is underpinned by advanced design and technology, but attention to detail and subtle, durable materials are really important too. Seat upholstery and interior colours are harmonious and complementary, together creating a calm ambience that's tailor made for relaxing travel.

Look more closely and you'll discover all kinds of unique styling elements that add to the sense of tranquillity. Tactile leather strap door handles, inspired by high-end luggage, are a beautifully made example that you can appreciate on every trip.

# YOU'RE THE SPARK

Because Citroën C4 Cactus takes its inspiration from you, the range embraces your taste and actual needs. It creates a new formula for enjoying life on the move: more of what matters, shaped with ingenious simplicity.

And because Citroën C4 Cactus is inspired by you, it's tailor made to spark your own unique creativity, through colour, design, materials and technology: one great idea leads to another...

# REFLECTING YOU

Personalising the Citroën C4 Cactus is an exciting journey in itself. The potential for making it properly yours is huge. Every time you go out you'll be driving an extraordinary vehicle that clearly reflects your style and creative choices.

There are eleven stunning body colours to choose from, and Airbump® then opens up a range of contrast options because it's available in four different colours, Black, Stone Grey, Dune and Chocolate. Find your perfect combination.

# TAKE YOUR PICK

Choosing your body colour and Airbump® combination is just the start. The personalisation continues with black, white or red door mirrors and rear insert panel, and black or white roof bars. Then there's the question of alloy wheels...

Selecting the perfect set of alloy wheels is a big decision. They really influence the look and stance of the Citroën C4 Cactus. There are a selection of bold contemporary designs to choose from, each created to complement the car's smooth, compact, futuristic shape.

CITROËN C4 CACTUS

# TOUCH. THE REVOLUTION BEGINS

Citroën C4 Cactus Touch is where this exciting new range comes to life, in unmistakable style. Packed with entertainment, communication, driving and safety technology, this is the start of a user-friendly and enjoyable revolution.

# FEEL. EFFORTLESS INNOVATION

You don't have to try and be noticed in Citroën C4 Cactus Feel. That smooth advanced profile, complemented with gloss black details, has pure magnetism on any street. Meanwhile inside all is calm, bathed in natural light and beautifully equipped.

# FLAIR. THE LAST WORD

How will it feel driving the definitive version of an advanced and highly individual car? Refreshingly simple and effortless. There's nothing here to intimidate or confuse you – just everything you could wish for in an environment of minimal contemporary comfort.

# OVER TO YOU

Here's where Citroën C4 Cactus really comes to life. Take a good look through the product specification brochure and you can start to choose the model, technology, materials, colours and details that will make it truly yours. Now get in touch with your local Authorised Citroën Dealer to arrange the best bit of all: your test drive.

All measurements are in millimetres.

# CITROËN & YOU

**Finance and Insurance** should reflect you and your needs, just as your chosen car does. Here are the products that aim to do just that.

## CITROËN FINANCIAL SERVICES

### PURCHASE PLAN

Own your vehicle with this flexible package designed to fit your budget.

### ELECT 3

A new Citroën car every two or three years with monthly payments structured to suit your budget.

### ELECT 4

Enjoy the convenience of a new car without the stress and hassle of ownership.

To find out more about Citroën products and services, go to [www.citroen.co.uk](http://www.citroen.co.uk) or contact your Citroën dealer.

## FOR BUSINESS USERS

## CITROËN CONTRACT MOTORING

### HIRE PURCHASE

A tried and tested finance package that allows you to own your vehicle.

### BUSINESS LEASE

An alternative to vehicle ownership that allows you to control your business cash flow and gain tax efficiencies.

### LEASE PURCHASE

Own a vehicle with a finance solution that offers ultimate flexibility to complement your business cash flow.

### CONTRACT HIRE

A non-ownership finance solution that keeps costs fixed and risks low.

For more information on Citroën fleet and business sales, please call Citroën fleet connect on 08457 940 940 or look us up at [www.citroen.co.uk/fleet](http://www.citroen.co.uk/fleet)

## CITROËN INSURANCE

### INSTANT COVER

To help you drive away your new car without delay, we offer Instant Cover insurance, providing you with 7 days comprehensive car insurance, for free!

### MOTOR INSURANCE

Citroën Insurance has been designed specifically for our vehicles. You don't just get repairs you get Citroën expertise, service, quality and parts. So, when the time comes to renew your insurance cover, call Citroën Insurance on 0370 024 2725.

Lines open 8am - 8pm weekdays, 9am - 5pm Saturdays. Alternatively, visit [www.citroen.co.uk](http://www.citroen.co.uk) for more information or to apply online.

Citroën Insurance policies are underwritten by U K Insurance Limited, Registered office: The Wharf, Neville Street, Leeds, LS1 4AZ. Registered in England & Wales No. 1179980. U K Insurance Limited is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority. Citroën Insurance is a trading style of PSA Finance UK (company registration number: 01024322) having its registered office at Quadrant House, Princess Way, Redhill, Surrey, RH1 1QA.

**Care for your new Citroën C4 Cactus** and it will look after you – like every Citroën it's part of legendary engineering heritage with reliability built in.

With the added reassurance of a warranty, routine servicing and maintenance, as well as 24-hour roadside assistance, you are protected.

## CITROËN WARRANTY

Every new Citroën car has the benefit of a 3 year\* warranty package, plus a 12 year anti-perforation\*\* warranty and a 3 year paint warranty.

\* 2 years' unlimited warranty. No-fee customer option of 1 year's Dealer provided warranty, only on cars sourced from Citroën UK Limited. Note: Dealer provided warranty is limited to 60,000 miles for cars.

\*\* Against all internal to external perforation to bodywork or underbody.

## CITROËN ASSISTANCE

In response to a free telephone call in the UK, Citroën Assistance brings rapid expert roadside assistance to you in an emergency. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, mis-fuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes.

Full details are available on request from Citroën UK via [cuk\\_contactcentre@citroen.com](mailto:cuk_contactcentre@citroen.com)

## CITROËN MAINTENANCE

From roadside assistance to replacing wear and tear parts or regular servicing, with Citroën Maintenance you have total peace of mind. For a one-off fee or low monthly payment, our experienced engineers will take care of your Citroën, whatever happens.

To find out more, contact your Citroën Dealer or Citroën Authorised Repairer.

## CITROËN SERVICING

Available up to 1 year from your vehicle's registration date, but before its first chargeable service, a Citroën Servicing Package enables you to pay in advance for your vehicle's servicing needs for 3 years/35,000 miles.

For further information, please contact your Citroën Dealer.

# GLOSSARY

## › PURETECH ENGINES

PureTech engines provide increased power with lower fuel consumption and emissions by adopting a smaller and lighter three cylinder configuration constructed of pressure-cast aluminium. In conjunction with low friction component coatings, improved air and fuel flow and optimised combustion, this allows engines to offer more power, better fuel economy and significantly lower CO<sub>2</sub> emissions.

## › ANTI-LOCK BRAKING SYSTEM (ABS)

Computer-controlled braking assistance designed to prevent the wheels from locking under extreme braking. This enables the car to continue being steered and therefore controlled during this braking incident. Citroën C4 Cactus's ABS system is further enhanced with EBA and EBD.

## › EMERGENCY BRAKING ASSISTANCE (EBA)

As drivers we find it difficult to instinctively brake very hard, but this is often what is needed in those rare emergency situations. The EBA system recognises our 'attempt' to brake hard and in combination with the ABS and EBD systems instantly applies the maximum stopping power possible.

## › ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)

A conventional ABS system cannot account for any of the four wheels wanting to lock more quickly than the others (for example, two of the wheels may be on snow and two on tarmac). EBD reads the deceleration rate of each wheel individually and applies the braking effort accordingly.

## › ELECTRONIC STABILITY CONTROL (ESC)

This is computer-controlled traction assistance and is provided primarily through the braking systems. The ESC's control unit constantly compares where the driver intends to go (through the position of the steering wheel) with where the vehicle is actually going and, if necessary, makes speed corrections to each wheel individually through braking or engine torque to keep the vehicle under control.

## › ON-BOARD TRIP COMPUTER

Citroën C4 Cactus's multi-function on-board trip computer provides you with information at your fingertips. At the touch of a button you can view a range of data like fuel consumption, average speed and mileage possible at your current fuel level.

## › FRONT SEAT BELT PRE-TENSIONERS

In the event of a crash, a pre-tensioner will tighten the seat belt almost instantaneously. This reduces the load on the occupant in a violent crash. Like airbags, pre-tensioners are triggered by sensors in the car's body, and use explosively expanding gas to drive a piston that retracts the belt. Seat belt pre-tensioners also lower the risk of "submarining", which is when a passenger slides forward under a loosely worn seat belt.

## › ISOFIX

A standardised and more simple method for installing child seats, each seat is 'clicked' into place via a three point system. On the Citroën C4 Cactus, Isofix is installed on the outer rear seats.
