

The new TT Coupé
Pricing and Specification Guide

A User's Guide

This guide has been designed to help you tailor and price your chosen Audi model quickly and logically. At the back of this guide, there is a fold-out configurator which you can fill out as you go along. Here you will also find information on CO₂ emissions-based taxation and the other services offered by Audi, including Finance and Insurance. Alternatively, you can go to audi.co.uk and configure your Audi online.

TT Coupé

When the first Audi TT launched back in 1999, an icon was born. Unique, distinctive, unmistakably Audi. Not an easy achievement to follow – but Vorsprung durch Technik demands that we never stand still, never stop innovating, never cease to evolve. So we created the new Audi TT. Everything that was great about its predecessor made greater.

Four different models are available – two of which incorporate the innovative S tronic automatic transmission technology, described in more detail on page 10. In addition to a 3-spoke flat-based leather steering wheel and aluminium interior detailing, all new TT models feature front Sports seats, climate control and an aerodynamic rear spoiler which automatically extends as soon as the car reaches 74 mph (where the law permits). And the driving experience is equally sporty. The 3.2 quattro model is capable of reaching an electrifying top speed of 155mph, producing 250PS and accelerating from 0-62 mph in just 5.7 seconds. That's the kind of power that will press your tingling spine back into its Fine Nappa leather Sports seat.

Read on to discover more about the awesome new Audi TT, including standard and optional equipment, paint colours and prices.

Standard equipment

All new TT Coupé models have the following items of standard equipment:

8J x 17 Trapez design alloy wheels with 225/50 R17 W tyres
3-spoke Sports 'flat bottom' design leather steering wheel
Aluminium Laser interior detailing
Anti-lock Braking System (ABS)
Anti-Slip Regulation (ASR) – traction control
Anti-theft device – Thatcham Category 1 approved
Concert II audio system – MP3-compatible single CD player and radio with 9 loud speakers (140 Watt) and 5-channel amplifier
Door mirrors – electrically operated and heated

Driver and front passenger airbags
Driver's Information System (DIS)
Electric front windows
Electro-mechanical speed-sensitive power assisted steering – servotronic
Electronic climate control
Electronic Differential Lock (EDL) – traction control
Electronic Stability Programme (ESP)
Exhaust pipes – twin on left-hand side
First-aid kit

Front floor mats
Front and rear fog lights
Front ISOFIX and front passenger airbag de-activation switch
Front Sports seats
Halogen headlights
Leather/Alcantara upholstery
Leather handbrake grip, centre console armrest pad and door handle
Locking wheel bolts

Retractable rear spoiler, which deploys and retracts automatically at set speeds or with centre console button

Scuff plates with metal insert

Seatbelt reminder

Side airbags for front seats

Split-folding rear seat

Tool kit and car jack

Tyre Mobility System

Warning triangle

Additional equipment for 3.2 models

9J x 18 10-spoke design alloy wheels with 245/40 R18 Y tyres

Enhanced braking system

Exhaust pipes – single on left and right-hand side in chrome rolled finish

Exterior light styling pack – chrome detailed headlight-surrounds and darkened rear light clusters

Fine Nappa leather upholstery

Heated front seats

Phantom black painted grille

quattro four-wheel-drive

quattro®

four-wheel-drive

A car that delivers as much pulling power as the Audi TT Coupé needs a harness in place – a technology that delivers safety and control whilst enhancing the sporty characteristics which make it so thrilling to drive. That's why the latest generation of quattro® four-wheel-drive is available on 3.2 TT Coupé models. The principle is simple: in the same way that four brakes ensure better deceleration, four wheels deliver better acceleration and road-holding. On quattro® models, drive power is continuously distributed between the front and rear axles depending on weather conditions, road surface and gradient. And what better technology to feature on this sporty model than the one that has given Audi the edge on the racetrack ever since it was first introduced over 25 years ago.

Engines

Petrol

There are two kinds available on this model – the standard petrol engine and the FSI® direct-injection engine. FSI® is a unique Audi technology originally developed for the Le Mans 24-hour endurance race to deliver increased power and torque as well as enhanced fuel efficiency. The way it does this is, in theory, very simple. Fuel is injected directly into the combustion chambers, ‘unthrottling’ the engine, reducing heat-loss and increasing output – all whilst reducing fuel consumption and exhaust emissions. Ideal for the buyer who wants a sporty, exhilarating drive without the drawbacks of excessive fuel costs or high emissions-based taxation.

Transmissions

S tronic

The revolutionary S tronic gearbox combines the agility and responsiveness of a conventional 6-speed manual gearbox with the convenience and smooth, uninterrupted power of an automatic transmission. The technical basis of the S tronic gearbox is the double clutch. This consists of two lubricated plates with hydraulically-regulated contact pressure. One engages the odd-numbered, the other the even-numbered gears, enabling gear-shifts to be made in a fraction of a second, with no disruption to the power flow. Depending on how the mood takes you, you can either allow gear-changes to take place automatically or, for a sportier driving style, operate the S tronic system using the gear lever or steering wheel shift-paddles. The choice is yours.

Short-shift manual transmission

For fast, crisp gear changes in a sporty, manual set-up, you can choose to specify your new Audi TT with short-shift manual transmission. This simple yet effective gear-change pattern means that the gearstick has a shorter distance to travel between each shift-gate, minimising the effort you have to make with each up or down-shift, whilst maximising your driving enjoyment.

Audi Magnetic Ride. Adaptive suspension system with two selectable modes (Normal or Sport). Sensors in the car monitor the road conditions and adjust the damping effect by varying a magnetic charge which passes through a fluid-based shock absorber for improved road handling, outstanding chassis control and excellent driving comfort. Includes painted brake callipers in grey (available for delivery from November 2006)	•	•	£978.72	£1,150.00
Sports suspension, 10mm lower ride height with stiffer damper and spring rates (available for delivery from December 2006)	•	•	£361.70	£425.00
Tyre-pressure monitoring with display in the DIS	•	•	£63.83	£75.00

Audio and communication

	2.0 TFSI	3.2 quattro	Basic RRP	Total RRP inc. VAT
Audi Symphony II radio , with front-loading MP3-compatible 6-CD changer	•	•	£225.53	£265.00
BOSE Surround Sound system . High-performance loudspeakers with total output of 255 Watts and 8-channel amplifier with Audio Pilot noise compensation	•	•	£404.26	£475.00
CD autochanger for six discs, located in glovebox (cannot be combined with iPod connection or USB connection)	•	•	£272.34	£320.00
iPod connection , for playing and charging your iPod in your TT, located in glovebox and controlled via radio or multi-function steering wheel (if fitted) (cannot be combined with CD changer or USB connection). Available for delivery from November 2006	•	•	£127.66	£150.00
USB connection , for playing your USB stick in your TT, located in glovebox and controlled via radio or multi-function steering wheel (if fitted) (cannot be combined with CD changer, iPod connection or Satellite Navigation system). Available for delivery from Spring 2007	•	•	£127.66	£150.00
GSM mobile telephone preparation (Bluetooth) , with hands-free function, including voice control for phone functions. Located on centre armrest between front seats (a phone adapter is required at extra cost. Please consult your Audi Centre for details) (only in combination with a multi-function steering wheel)	•	•	£327.66	£385.00
Generation 2 mobile-phone cradle (applicable for factory-fitted GSM mobile-telephone preparation only)	•	•	£85.11	£100.00
Satellite Navigation system . Route planning and guidance using voice and pictogram instructions. Includes RDS radio, audio or MP3-compatible CD Player (cannot be used at same time as Navigation), MMI operating logic and UK CD-ROM disc (located in dashboard in lieu of Concert radio. A CD changer or iPod/USB connection is recommended with this option)	•	•	£553.19	£650.00
Satellite Navigation system Plus , DVD-based route planning and guidance with MMI control logic and 6.5" colour monitor, 3D map display, RDS radio, DVD player for Navigation system, audio or MP3-compatible CD player (cannot be used at same time as Navigation system). Includes European coverage disk. Located in dashboard in lieu of Concert radio. A CD changer or iPod/USB connection is recommended with this option. (Available for delivery from January 2007)	•	•	£1,404.26	£1,650.00

Seats

	2.0 TFSI	3.2 quattro	Basic RRP	Total RRP inc. VAT
Electrically adjustable front seats with adjustment for height, forwards and backwards position, backrest angle and lumbar support	•	•	£617.02	£725.00
Heated front seats. Individually-controlled heating for seat base and bolster with variable temperature adjustment	•	S	£212.77	£250.00

Safety and security

Acoustic parking system (rear only)	•	•	£255.32	£300.00
ISOFIX child-seat preparation for outer rear seats (available for delivery from November 2006)	•	•	£29.79	£35.00
Auto-dimming, folding, electrically operated and heated door mirrors , including auto-dimming rear view mirror and light and rain sensors (available for delivery from Spring 2007)	•	•	£382.98	£450.00
Xenon Plus headlights with Adaptive light. Xenon Plus headlights for dipped and main beam with swivelling headlights for improved illumination of a winding road. Includes headlight-washer system, automatic-dynamic headlight levelling and exterior light styling pack with chrome-detailed headlight surrounds and darkened rear light clusters	•	•	£829.79	£975.00

Interior equipment

	2.0 TFSI	3.2 quattro	Basic RRP	Total RRP inc. VAT
Garage door opener (HomeLink®)**. Programmable radio-operated remote control for up to 3 compatible doors/gates. Control buttons integrated in the roof module at the front	•	•	£148.94	£175.00
Storage pack , comprising underseat storage box, luggage net in boot, luggage net in passenger footwell and luggage nets on back of front seats	•	•	£97.87	£115.00
Cruise control , for holding any speed above 25 mph	•	•	£182.98	£215.00

Steering wheel

Multi-function steering wheel for control of audio equipment and telephone (if fitted). Includes paddle-shift gear change on S tronic models	•	•	£153.19	£180.00
---	---	---	---------	---------

CO₂ data and information

CO₂ emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the type of fuel a vehicle uses and the amount of carbon dioxide (CO₂) it emits, measured in grams per kilometre (g/km). The DVLA has created six categories for petrol engines and six categories for diesel engines.

CO₂ emission figures

The CO₂ emission figures quoted in the technical data section on page 11 are based on a fully laden vehicle, including the driver, and the heaviest possible options configuration. Actual CO₂ emissions may be lower depending on options selected.

	Petrol engines	Diesel engines
A – up to 100 g/km	£0.00	£0.00
B – 101 to 120 g/km	£40.00	£50.00
C – 121 to 150 g/km	£100.00	£110.00
D – 151 to 165 g/km	£125.00	£135.00
E – 166 to 185 g/km	£150.00	£160.00
F – 186 to 225 g/km	£190.00	£195.00
G – over 226 g/km	£210.00	£215.00

Servicing

Servicing tailored to your needs

Prior to the 2000 model year, almost all Audi models followed a traditional fixed Service Schedule similar to that of other major car manufacturers: a Lubrication Service every 10,000 miles and an Inspection Service every 12 months or 20,000 miles – whichever occurred sooner. Since then, Audi has introduced a more flexible maintenance system that works in accordance with how, where and how much an individual uses their car.

The two Servicing Regimes available are the conventional 'Inspection Service Regime' and the flexible 'LongLife Service Regime'. When you purchase a new car, we will recommend one of these regimes to you depending on your own individual driving style and journey-type. The tables below should give you an indication of which regime might be more appropriate for you.

With the LongLife Service Regime, on-board sensors continuously monitor the condition of the engine oil in terms of temperature, level and oil degradation. The monitoring system also checks mileage, brake-pad wear and battery condition. Using this information, the car's on-board computer calculates its own maintenance interval, providing

Inspection Service Regime

	Vehicle usage:
Mileage	Less than 10,000* miles per annum.
Type of Journey	Mainly city/town centre driving. Short journeys.
Conditions	Frequent cold starts. High engine loading – e.g. frequent hill climbs, vehicle fully loaded, towing.
Driving style	Uneconomical – e.g. heavy acceleration, heavy braking, constant changes in speed, constant use of high revs, 'sporty' driving.

	Service intervals:
Oil-change Service	Every 10,000* miles/1 year
Interval Service	Every 20,000* miles/2 years
Interval Service Inspection	Every 40,000* miles/4 years

you with ample warning of a due Service via the 'distance to Service' display.

In practice, this means that every Audi gets the maintenance it needs, when it needs it. For companies and private owners alike, there are many advantages to the LongLife Service Regime. Longer service intervals mean lower maintenance costs, and thus lower whole-life costs. According to company car mileage monitored at Audi since the introduction of LongLife, petrol engines are typically achieving an average of at least 17,500 miles and diesel engines around 20,000 miles between services.

One of the factors that makes this kind of servicing regime possible is the advanced engineering and technology that goes into Audi engines. Furthermore, Audi use high-grade long-life oils such as Castrol SLX LongLife III, which are designed to withstand ageing and high loads without deterioration. Compared to conventional oils, these advanced-formulation oils also give exceptional levels of engine protection, are kinder to the environment and deliver average fuel savings of 2.7%.

LongLife Service Regime

	Vehicle usage:
Mileage	More than 30 miles per day.
Type of Journey	Motorway and main road driving. Mainly longer distance journeys. Constant speeds.
Conditions	Normal engine loading – e.g. with little or no towing, with little or no hill climbs. Normal vehicle loading.
Driving style	Moderate acceleration, moderate braking, engine revs mainly below 3000.

	Service intervals:
Interval Service	Flexible to a maximum 20,000* miles/2 years
Interval Service Inspection	Every 40,000* miles/4 years

*Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Service by Design

At Audi, we believe our customers have the right to expect excellent service each and every time they make contact with us. To ensure that this happens, we have agreed a set of service standards with our Audi Centre network that governs the way they do business with you. These standards apply to both Sales and Aftersales, and we actively monitor our Centres to ensure that you receive the highest level of customer service. These service standards will ensure a consistent, stress-free experience whenever you are in contact with anyone representing the Audi brand.

Every Audi Centre will be open during the following hours:

Sales: 9am–6pm Monday to Friday
9am–5pm Saturday

Service: 8am–6pm Monday to Friday
8.30am–1pm Saturday

Sunday opening at local discretion.

Test drives

Whilst we cannot always have the desired demonstrator car ready immediately, we will confirm arrangements for a test drive within two working days (subject to status).

New Car delivery

Once we have confirmed a delivery date with you, we will keep you informed of progress. In the unlikely event of a delay, we will provide you with a courtesy car to minimise inconvenience and keep you mobile.

Delivery to any location within the UK

To maximise your Audi experience right from the first day of ownership, we will deliver your car to your preferred location – whether that’s home or your place of work (subject to reasonable notice).

Every attention to detail

Your ownership experience starts with half a tank of fuel.

Quotation response

We are committed to answering any quotation request within 1 working day.

Training

We run a continuous training development programme for all our staff so that we consistently deliver a high-quality, professional service.

Formal complaints procedure

We have a complaints procedure designed to ensure any negative issue you raise with us is dealt with properly.

Courtesy cars

When your car is off the road, perhaps due to a scheduled service or MOT, we will offer you an Audi Courtesy Vehicle until yours is ready. We’ll even collect from and deliver to your chosen location, keeping hassle to an absolute minimum.

All our courtesy cars are insured and fuelled

Upon collection or delivery, your courtesy car will have a minimum of a quarter of a tank of fuel; all we ask is that you replace any fuel used before returning it to us. On presentation of your driving licence, we will also insure the car free of charge.

Service bookings

If you do not require a courtesy car, we will service your Audi within a maximum of 5 working days. If you do choose to take a courtesy car, we will promise to service your vehicle within a maximum of 10 working days.

Cleaning

When your car comes to our workshop, we will wash and vacuum it at no extra cost.

No hidden charges

You will be consulted before we carry out any necessary work on your vehicle, and anything charged for will be itemised on your bill. No extra work will be undertaken without your permission.

A personal service

All work will be done by a named Audi technician, to whom you can personally direct questions or requests should you need to.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner.

Pricing information

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre, as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 17.5%. Delivery charges and numberplates are not included in the vehicle price.

<u>Delivery charge</u>	<u>£471.06</u>
<u>Numberplates</u>	<u>£20.00</u>
<u>VAT</u>	<u>£85.94</u>
<u>Total</u>	<u>£577.00</u>

Audi Roadside Assistance

Your new car comes complete with free roadside assistance and recovery across the UK provided by RAC Motoring Services. Your 24 months' free cover can be extended for a further year free-of-charge, provided that your vehicle is serviced and, if necessary, repaired by an Authorised Audi Centre or Audi-Authorised Repairer in accordance with the manufacturer's instructions.

Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- ▶ A 3-year Audi warranty, which covers you for unlimited mileage in the first 2 years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the 3rd year
- ▶ A 3-year paint warranty
- ▶ A 12-year anti-corrosion warranty
- ▶ Up to 3 years' UK roadside assistance and recovery.

This package, together with Audi variable Service intervals, offers a combination unmatched by any other major manufacturer. Contact your Audi Centre for full details.

Audi Tax-Free Sales

If you are entitled to purchase a vehicle free of VAT, normally through Military or Diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call Freephone 0800 585878.

Audi Finance

Audi Finance specialise in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there are a range of funding options to choose from.

Below is our full range of finance products.

- ▶ Solutions – a Personal Contract Plan
- ▶ Hire Purchase
- ▶ Lease Purchase
- ▶ Finance Lease
- ▶ Contract Hire

With all our finance products, you can choose one of our fixed-cost maintenance plans, which are designed to help you budget accurately.

No matter what Audi model you choose, your local Audi Centre can provide you with a personalised quote which could fit your budget and motoring needs.

Audi Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Audi Insurance

Motor insurance specially tailored to your Audi is available from Audi Insurance. For a no-obligation quote, please ring Linkline on 0845 6016014.
