NISSAN QASHQAI

# Exterior and Interior

Stop the traffic

## INTERIOR

### Cockpit-style cabin

QASHQAI's cockpit-style cabin is specially adapted for city living. It concentrates the controls around the driver for a sporty feel. For passengers, it's spacious and refined.

### Spacious and Relaxing

QASHQAI's high centre console creates an independent driver space, with all the controls ergonomically located at your fingertips. The glass roof\* adds to the airy, spacious feeling, while the seats comfortably cradle you with optimum support.

### Your own space

QASHQAI's cockpit-style cabin curves around you, creating the kind of driver-centric experience that a pilot may enjoy. The ergonomically-designed high centre console places all the controls at your fingertips.

## EXTERIOR

### A distinctive, powerful design

QASHQAI has a different kind of elegance. Strong shoulders, bulging wheel arches and a cambering roofline come together to create a sleek, dynamic style. QASHQAI commands respect even on the meanest streets.

### Crossover thinking

QASHQAI combines the sleek compact design and street-savvy manoeuvrability of a hatchback with the toughness of an SUV. With its high ground clearance, QASHQAI can straddle bumps, humps and obstacles with ease, in the city and off-road, while ALL-MODE 4x4\* and ESP\* provide superior traction and handling.

## ENGINE

### Efficient petrol engines

Choose your lightweight aluminium petrol engine: The economical yet efficient 1.6 115PS model gives you 2-wheel drive with a 5-speed manual transmission. The brand new 2.0 140PS engine offers either a 6-speed gearbox or easy-going CVT, in both 2- or 4-wheel drive. And it delivers smooth performance and plenty of power in every gear.

### Latest technology diesel engines

Choose your dCi diesel engine: The high efficiency 1.5 dCi 106PS engine gives you 2-wheel drive with a 6-speed gearbox, along with low fuel consumption and CO2 emissions. Feeling more adventurous? The state of the art 2.0 dCi 150 PS model is also available in 4-wheel drive, with auto or manual transmission. Its 320 Nm of torque provides an eager, instant response.

## HANDLING

### ALL-MODE 4x4®

Mud, rain or snow; QASHQAI'S ALL-MODE 4x4 electronic system offers maximum traction and instant response, with up to 50% torque transfer to the rear wheels. Whatever the weather or surface, you have the confidence of knowing that the 4-wheel drive will engage automatically when conditions demand it. \*subject to model / options selected

### Multilink rear suspension

Go on, take that curve! Independent rear multilink suspension allows secure cornering and ensures stability at high speeds, while smoothing out the bumps.

### Electronic power steering

The speed-sensitive electronic power steering makes QASHQAI exceptionally responsive - slip around obstacles, parked cars, and potholes; in fact, whatever the city throws at you.

# NISSAN QASHQAI

## Performance

	FUEL CONSUMPTION	CO2 Emissions g/km	RELATIVE ENERGY CONSUMPTION
1.5 dCi 6 speed manual 2WD (5 door hatchback)	5.4	145	<b>C</b>
1.6 16v 5 speed manual 2WD (5 door hatchback)	6.7	162	<b>D</b>
2.0 16v 6 speed manual 2WD (5 door hatchback)	8.2	199	<b>F</b>
2.0 16v 6 speed manual 4WD (5 door hatchback)	8.4	204	<b>F</b>
2.0 16v CVT 2WD (5 door hatchback)	8	192	<b>F</b>
2.0 16v CVT 4WD (5 door hatchback)	8.3	201	<b>F</b>

# Safety and Security

Feel protected

## PASSIVE SAFETY

### Six airbags and active headrests

Every QASHQAI comes standard with six airbags. For further intelligent protection, the front seat Active Headrests move forward to reduce the risk of whiplash injury in case of a rear impact.

### Passenger airbag cutoff switch

QASHQAI is ready for everything... even children. Its front passenger airbag can be turned off when a child seat is placed in the front.

## ACTIVE SAFETY

### Eighth generation ESP\*

QASHQAI is equipped with the latest generation Electronic Stability Program (ESP)\*, keeping you on course. If the car loses grip around a corner, ESP can brake each wheel independently and ease the throttle to rebalance the car. It's so subtle you probably won't know it's working, but under demanding road conditions, you'll certainly appreciate the benefits.

\*subject to model / options selected

### Advanced braking

QASHQAI stops as well as it drives. ABS (Anti-lock Braking System) is supported by HFC (Hydraulic Fade Compensation) which helps increase pressure to ensure ABS is working on all wheels. EBD (Electronic Brake Force Distribution) automatically regulates the pressure between the front and rear brakes for optimum braking. And CBC (Corner Brake Control) works in harmony with QASHQAI's electronic stability program\* to increase stability when braking while cornering.

\*subject to model / options selected

### Traction control system\*

QASHQAI'S traction control system\* limits tyre slip when the roads are slick. When the system senses that one wheel is spinning faster than the others, it automatically pumps that wheel's brake to reduce its speed and lessen slip. Meaning safer driving for you.

\*subject to model / options selected

# Grades & equipment

## AVAILABLE GRADES

### Grade : VISIA

QASHQAI Visia is bold, with a simple, chic interior trim. It's loaded with features to make taking on your environment more fun: 16" alloy wheels, auto door lock (while driving), electric adjustable & heated door mirrors, 4 power windows, trip computer, Bluetooth-compatible CD audio system and air conditioning with a low pressure function.

**From £13,499**

### Grade : ACENTA

QASHQAI Acenta adds a further touch of elegance and a host of technology. Body coloured door handles and mirrors and a leather bound steering wheel and gearknob are joined by hi-tec features like Rain-sensing wipers, automatic lighting, cruise control, an ultrasonic rear park system and dual zone air conditioning to make driving even more relaxing.

**From £14,999**

### Grade : TEKNA

Indulge yourself! QASHQAI Tekna, with the intelligent key, leather heated seats, panoramic glass roof, auto-dimming mirror and a mood lamp, make for a refined driving experience. Outside, 17" alloy wheels and Xenon headlamps with headlamp washers add a sporty touch.

**From £16,499**
