# The new RS 6

It doesn't get much better than the RS 6. For a start, this is the single most powerful model ever to be produced by Audi. Not simply because it features a massive V10 TFSI engine which accelerates from 0 to 62mph in 4.6 seconds, but because it's capable of moving even the most laid-back of motorists to complete and utter awe.

Its predecessor certainly did. Launched by Audi over 4 years ago, the first-generation RS 6 was so revered for its incredible performance potential that it created a cult all of its own. It's no surprise, then, that this updated 580PS 5.0-litre TFSI model has already brought automotive enthusiasts to their knees. The perfect position from which to admire a supremely sporty set of 20" alloy wheels, glinting braking system and enlarged front air-intakes.

Allow us to introduce you to the superlative of Vorsprung durch Technik – the Audi RS 6.

## Engine

The power plant. The heart of the RS 6. This ten-cylinder engine generates impressive torque of up to 650 Nm all the way from 1,500 to 6,250 rpm. The enhanced 6-speed tiptronic gearbox with shortened shift times adds dynamism to your drive, reacting to your every impulse in just fractions of a second.

A twin-turbocharged 10-cylinder 580PS TFSI engine. The words alone are enough to set the adrenaline coursing through your veins. So just imagine the thrill when you find yourself pinned back into your Satin Nappa leather Sports seat by the sheer force of 650 Nm of torque – accelerating the RS 6 from a standing start to 62mph in just 4.6 seconds.

Not so long ago, that kind of power was unimaginable. Until TFSI® came onto the scene, that is. This unique Audi technology, which injects fuel directly and precisely into the engine's combustion chambers, was originally developed for Le Mans to deliver increased power and torque as well as enhanced fuel efficiency. It's seen Audi win the world-famous 24-hour endurance race year after year after year, leaving the competition trailing far behind. And it does exactly the same in the Audi RS 6.

# quattro

## Permanent all-wheel-drive

It's the technology that has given Audi the edge on the racetrack ever since it was first introduced over 25 years ago – a technology that delivers ultimate control whilst enhancing the sporty characteristics which make the RS 6 so thrilling to drive. It's called quattro® permanent all-wheel-drive. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels deliver better acceleration and road-holding, pushing or pulling the car as needed, for a driving experience that's both dynamic and safe. In the RS 6, asymmetric-dynamic torque distribution continuously distributes drive power between the front and rear axles depending on weather conditions, road surface and gradient, which increases flexibility for an enhanced, sportier drive.

## All RS 6 models have the following items of standard equipment:

The equipment for the Audi RS 6 builds upon the standard equipment for the Audi S6. The typical characteristics of the Audi RS models emphasise the exclusive, dynamic and sporty character of the Audi RS 6. It is unmistakable.

# Transmission

## tiptronic®

The 6-speed tiptronic® transmission system is a form of automatic transmission, standard on all Audi RS 6 models. The technology incorporates DSP – or the Dynamic Shift Programme – which aligns and converts the engine's high power and torque into both sporty performance and operating convenience, with crisp, fast gear changes, reduced weight and optimised gear-shifting.

In the 'D' (Drive) and 'S' (Sport) programmes, the advanced electronics used in tiptronic® respond efficiently to every driver input, helping to prevent unwanted gear-changes. The driver can override automatic mode by moving the gear lever into a tiptronic® shift-gate, enabling spontaneous gear-changing for a sportier driving style.

Every Audi is intrinsically exclusive. It's the breathtaking design, the exceptional engineering, the Vorsprung durch Technik. But for that added element of exclusivity – that distinguishing look that sets you apart from the rest – you can specify your RS 6 with options from Audi exclusive. Whether you want a unique, custom-mixed paint colour, seats in a combination of complementary shades or even individualised carpets and floor mats, Audi exclusive will enable you to drive the car you've always imagined.

For more information on any of the options over the following pages or to view swatches, simply ask a member of staff at your local Audi Centre.

## Upholstery

With Audi exclusive, you can choose between Fine Nappa leather and Alcantara, depending on the texture and flexibility you prefer in your car's upholstery. And once that's decided, you can specify your seats in an array of different colours.

Choose just one all-over shade for each seat, or for a sportier look, customise each panel in two or more complementary colours from the distinctive Audi exclusive palette shown here. You can even choose the colour of the decorative stitching – to match or contrast with your chosen upholstery – from this varied collection. Whatever combination you decide upon, you're guaranteed to be extremely comfortable with the result.

## Paint

Everyone has a favourite colour. No matter what yours is, Audi exclusive provides a range of unique colours that have been designed to set your car apart. Choose from the swatches here, or specify any other paint colour in the Audi range – whether it's Jet blue from the Audi R8 or Alpine white from the original Audi quattro®. The choice is yours.

## Customised paint

In a car made from Vorsprung durch Technik, there are no compromises. So if you have a particular colour in mind, we'll mix the exact water-based metallic or pearl-effect shade you want – whether it's the blue of your favourite shirt or the wall colour in your sitting room.

## Carpets and floor mats

Exclusivity isn't just about choice and individuality – it's about attention to every detail in your Audi RS 6; and for us, that includes the carpets and floor mats. First, choose from nine different colours of high-quality velour carpets. Next, choose the colour of your car's floor mats from the same list, whilst using the palette of Audi upholstery colours detailed on page 25 to select a leather colour for the mats' decorative leather piping – matched or contrasting, depending on your personal taste. Floor mats are included when you order Audi exclusive carpet; but if you wish, floor mats can also be purchased separately as a set.

## Steering wheels and controls pack

Our fingertips and palms contain more touch receptors than any other part of our body – so shouldn't the parts of our car we handle the most also be the most pleasing to touch? With this in mind, Audi exclusive enables you to customise your steering wheel, gear knob and gaiter in smooth, warm leather, in any of the colours shown on page 25. As with Audi exclusive seats, you even have free choice on the colour of the decorative stitching used.

# Inlays

Inlays are the all-important ‘finishing touch’ that add flair and interest to the surfaces inside your car. So Audi exclusive has sourced a hugely varied range of materials from which to craft these elements – from rich quilted maple wood to clean, contemporary brushed aluminium. You can even customise your gear knob and steering wheel with one of the available woods, all of which are shown opposite.

## CO<sub>2</sub> data and information

### CO<sub>2</sub> emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO<sub>2</sub>) a vehicle emits, measured in grams per kilometre (g/km). The DVLA has created seven categories:

Petrol and Diesel engines	
A – up to 100g/km	£0.00
B – 101 to 120g/km	£35.00
C – 121 to 150g/km	£120.00

E – 166 to 185 g/km	£170.00
F – 186 to 225g/km	£210.00
G – over 225g/km	£400.00

## Audi Service

### Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

There are two schedules available and your Audi Centre will advise which schedule is most suited to your needs.

The conventional fixed Audi Inspection Service schedule has fixed intervals for the Oil-change and Inspection Service that are based on time and distance, whichever comes first. With the Audi LongLife Service schedule, sensors take account of driving style and conditions in which the vehicle is used to indicate when the Oil-change Service is required. Oil-change Service intervals are therefore variable and are conveniently indicated via the on-board service interval display.

Fixed Audi Inspection Service intervals:	
<b>Oil-change Service</b>	Fixed to approximately every 10,000* miles/1 year
<b>Inspection Service</b>	Fixed to approximately every 20,000* miles/3 years, then approximately every 20,000* miles/2 years thereafter

Audi Longlife Service intervals:	
<b>Oil-change Service</b>	Variable to a maximum of approximately every 20,000* miles/2 years
<b>Inspection Service</b>	Fixed to approximately every 20,000* miles/3 years, then approximately every 20,000* miles/2 years thereafter

\*As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

## Service by Design

At Audi, we believe our customers can expect excellent service each and every time they make contact with us. To ensure that this happens, we have agreed a set of service standards with our Audi Centre network that governs the way they do business with you. These standards apply to both Sales and Aftersales, and we actively monitor our Centres to ensure that you receive the highest level of customer service. These service standards will ensure a consistent, stress-free experience whenever you are in contact with anyone representing the Audi brand.

### Every Audi Centre will be open during the following hours:

### Test drives

Whilst we cannot always have the desired demonstrator car ready immediately, we will confirm arrangements for a test drive within two working days (subject to status).

### New Car delivery

Once we have confirmed a delivery date with you, we will keep you informed of progress. In the unlikely event of a delay, we will provide you with a courtesy car to minimise inconvenience and keep you mobile.

### Delivery to any location within the UK

To maximise your Audi experience right from the first day of ownership, we will deliver your car to your preferred location – whether that's home or your place of work (subject to reasonable notice).

### Attention to every detail

Your ownership experience starts with half a tank of fuel.

### Quotation response

We are committed to answering any quotation request within 1 working day.

### Training

We run a continuous training development programme for all our staff so that we consistently deliver a high-quality, professional service.

### Formal complaints procedure

We have a complaints procedure designed to ensure any negative issue you raise with us is dealt with properly.

### Courtesy cars

When your car is off the road, perhaps due to a scheduled service or MOT, we will offer you an Audi Courtesy Vehicle until yours is ready. We'll even collect from and deliver to your chosen location, keeping hassle to an absolute minimum.

### Service bookings

If you do not require a courtesy car, we will service your Audi within a maximum of 5 working days. If you do choose to take a courtesy car, we will promise to service your vehicle within a maximum of 10 working days.

### Cleaning

When your car comes to our workshop, we will wash and vacuum it at no extra cost.

### No hidden charges

You will be consulted before we carry out any necessary work on your vehicle, and anything charged for will be itemised on your bill. No extra work will be undertaken without your permission.

### A personal service

All work will be done by a named Audi Technician, to whom you can personally direct questions or requests should you need to.

### Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner.
