

The Smarter Way to SUV

PLUG-IN HYBRID
EV

2022 **OUTLANDER
PHEV**

LIKE NO OTHER SUV ON THE PLANET

Think of a fuel-saving vehicle with an exceptionally small environmental footprint. Add in all the comforts and amenities of a premium vehicle, with no compromises in performance and capability. And then imagine that same vehicle offers all the space, versatility and practicality of a family SUV, ready to take you anywhere you want to go, regardless of how far your destination is. Sounds too good to be true? It is possible. Welcome to the 2021 Outlander Plug-in Hybrid Electric Vehicle. The smarter way to SUV.

Featuring two electric motors linked to a 13.8 kWh lithium-ion battery and a highly efficient 2.4 L MIVEC gasoline engine, the Outlander PHEV automatically switches between three distinct drive modes:

EV Drive Mode uses the lithium-ion battery to power the electric motors for a quiet, clean and powerful drive with zero fuel consumption and zero CO₂ tailpipe emissions.

Series Hybrid Mode uses engine-generated electricity to power the electric motors. This provides an additional boost when more power is needed, including when driving uphill and accelerating.

Parallel Hybrid Mode employs the engine to power the wheels of the Outlander PHEV, with assistance from the electric motors when extra power is needed. Excess energy is used to charge the lithium-ion battery when driving in this mode.

THE CONTROL YOU CRAVE EVEN IN ALL-ELECTRIC DRIVING

The Outlander PHEV offers all-electric 4-wheel drive capability, meaning you can enjoy the confidence of Mitsubishi Motors' rally-bred Super All-Wheel Control (S-AWC) even in zero-emissions EV Drive Mode.

This specially engineered S-AWC system features four driver selectable settings and uses the vehicle's front and rear electric motors to deliver traction to the wheels that need it most, whenever they need it. **Normal Mode** offers well-balanced, 4-wheel drive performance resulting in enhanced efficiency, traction, high-speed stability and predictable handling based on road and driving conditions. **Snow Mode** enhances stability under more slippery conditions... particularly important given our harsh Canadian winters.

Lock Mode provides maximum torque distribution to all four wheels at all times for drivers who prefer to take the road less travelled, or for situations where more traction is required.

For the ultimate exhilarating driving experience, **SPORT Mode** delivers a more spirited acceleration and an optimized front-to-rear power distribution for enhanced steering response in corners.

FUEL ECONOMY

OUTLANDER PHEV **CITY/HWY COMBINED**

Charge-Depleting Energy Consumption 3.2 L_e/100 KM

Actual efficiency will vary depending on conditions such as external elements, driving behaviours, vehicle maintenance and lithium-ion battery age.
Based on Natural Resources Canada's testing methodology.

CHARGE YOUR OUTLANDER PHEV EASILY & ALMOST ANYWHERE

The Outlander PHEV is designed to charge almost anywhere, using any of three charging methods.

LEVEL 1 CHARGING

AC 120V / 12A (Household Current)

Full Charge: 9 Hours[†]

Using supplied cordset

LEVEL 2 CHARGING

AC 240V

Full Charge: 4 Hours[†]

Using an Electric Vehicle Supply Equipment (EVSE) charging station (EVSE not supplied with vehicle)

LEVEL 3 CHARGING

DC Quick Charging

80% Charge: 25 Minutes[†]

Using a CHAdeMO protocol public charger

[†] All charge times are approximate.

TREAT YOURSELF TO COMFORT & CONVENIENCE

There's much more to the Outlander PHEV than eco-friendly performance and all-electric 4-wheel drive capability: it also comes with an outstanding array of amenities.

These include 5-passenger seating with standard features like heated front seats for winter comfort and easy-folding rear seatbacks that make room for added cargo. There's also a standard 8" Smartphone Link Display Audio system featuring Android Auto™, Apple CarPlay® and SiriusXM® Radio. Plus convenient storage for the vehicle's standard charging cable. And Mitsubishi Remote Control – a smartphone app that lets you pre-heat or pre-cool the cabin, check the current status of your vehicle and set charging times to take advantage of the lowest electricity rates.*

For an even more luxurious experience, indulge yourself with features like the 8-speaker Mitsubishi Power Sound System, a power glass sunroof or quilted leather-appointed seats. Still looking for more? Well, you'll find it with thoughtful extras that include an available power liftgate, an auto-hold electric parking brake and an auto-dimming rearview mirror with HomeLink® that helps reduce glare from other vehicles' headlights.

Isn't it comforting to know you can be kind to the planet and yourself?

The Black Edition S-AWC adds a more electrifying presence with 18" Dark Alloy Wheels, Gloss Black Roof Rails, Black Grille and Black Door Sash. The interior has also been designed to energize your passion for driving with Quilted Leather-Appointed Seats, Black Headliner, Laser-Etched Panel with Silver Accent, and Aluminum Pedals. Being eco-friendly has never looked so good!

EQUIPPED TO MAKE THE MOST OF EVERY JOURNEY

POWER LIFTGATE & UP TO 1,886 L (66.6 CU. FT.) OF CARGO ROOM

TRAVEL SAFELY & WELL PROTECTED

Mitsubishi Motors has assembled a wide range of safety technologies to help ensure you travel safely wherever life's journeys lead you.

This begins with a Reinforced Impact Safety Evolution (RISE) body, utilizing high tensile strength steel and crumple zones that absorb and disperse energy during high-impact collisions. Strategic reinforcements at key body points complement its side-impact door beams, giving your Outlander PHEV a stable, secure base that's worth its weight in safety.

The story continues with even more features designed to keep you and your family safe, including 7 standard airbags, an available Multi View Camera System (MVCS) and numerous driver-assistance technologies such as Blind Spot Warning, Forward Collision Mitigation and Adaptive Cruise Control.

WARRANTY PROTECTION

AT MITSUBISHI MOTORS, WE'RE SO CONFIDENT IN THE QUALITY, RELIABILITY AND DURABILITY OF THE VEHICLES WE BUILD THAT WE BACK THEM WITH SOME OF THE MOST COMPREHENSIVE WARRANTIES AVAILABLE.

10-YEAR/160,000 KM
POWERTRAIN LIMITED WARRANTY**

10-YEAR/160,000 KM
LITHIUM-ION BATTERY LIMITED WARRANTY**

5-YEAR/100,000 KM
NEW VEHICLE LIMITED WARRANTY**

5-YEAR/UNLIMITED KM
ROADSIDE ASSISTANCE**

MORE PEACE OF MIND

THESE SAFETY FEATURES ARE STANDARD ON ALL OUTLANDER PHEV TRIM LEVELS.

ANTI-LOCK BRAKING SYSTEM (ABS)

ELECTRONIC BRAKE-FORCE DISTRIBUTION (EBD)

ACTIVE STABILITY CONTROL (ASC)

BRAKE ASSIST SYSTEM (BAS)

TRACTION CONTROL LOGIC (TCL)

TIRE PRESSURE MONITORING SYSTEM (TPMS)

HIGH VOLTAGE CUT-OFF SYSTEM

7 Standard Airbags

Help protect you and your passengers in a variety of collision situations. Protection includes dual front airbags, front seat-mounted side-impact airbags, side-impact curtain airbags (front and rear) and a driver's knee airbag.

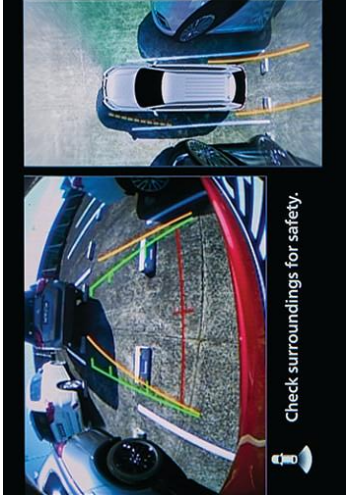

Blind Spot Warning (BSW)[†]

Alerts you when a vehicle is in or approaching your blind spot. When a vehicle in the next lane is travelling at the same speed or faster in the detection areas, a warning light illuminates on the corresponding side mirror. If you switch the turn signal on, the warning light on the corresponding mirror will blink and the system will beep three times to alert you that it is unsafe to change lanes.

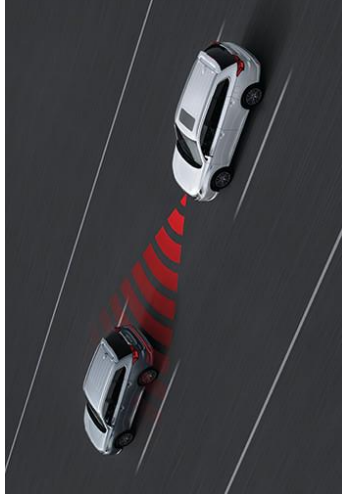

Auto High Beams (AHB)[†]

Detect light levels of oncoming vehicles and automatically switch the Outlander PHEV's headlamps between low and high beams - a welcome safety feature when driving on dimly-lit roads.

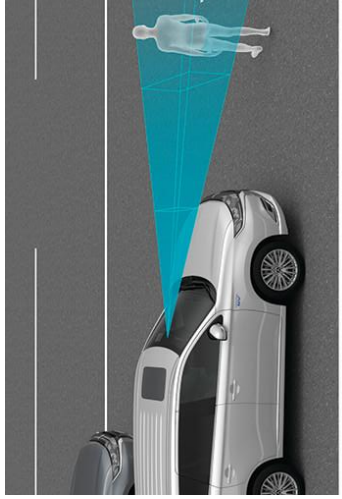

Multi View Camera System (MVCS)[†]

Creates a virtual 360° panoramic bird's-eye view of the area surrounding the vehicle, allowing you to navigate tight driveways, look out for objects in blind spots, and park with confidence and safety.

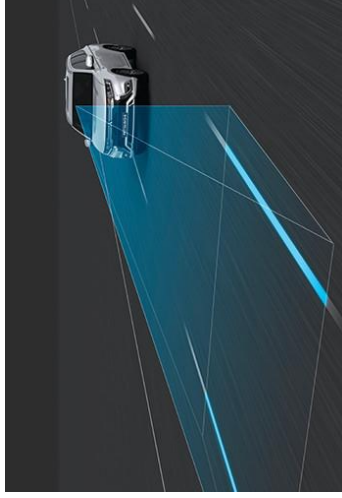

Adaptive Cruise Control (ACC)[†]

Uses radar technology to judge distances between you and the vehicle ahead, helping maintain a safe distance. If that vehicle moves out of your lane or goes beyond your set speed, the system will resume your set speed.

Forward Collision Mitigation (FCM)[†]

Utilizes both laser radar and camera technology to determine if a frontal collision is imminent. If so, it warns you with audible and visual signals, and automatically applies moderate to emergency braking to reduce the severity of the collision and, if possible, prevent the collision altogether.

Lane Departure Warning (LDW)[†]

Uses an onboard camera to monitor lane position in front of the vehicle, providing audible and visual alerts if it detects your vehicle leaving the lane unintentionally.

Rear Cross Traffic Alert (RCTA)[†]

Detects a vehicle approaching from the side while you're backing up. It alerts you with flashing warning lights on both side mirrors, a buzzer that sounds in the cabin and a warning message that appears in the instrument cluster.

[†] Advanced safety systems are driver aids only and are not a substitute for safe and careful driving. Under certain conditions, the systems have detection, capacity and other operational limits. Drivers are fully responsible for their own safe driving. Please drive safely and do not rely solely on these systems. See Owner's Manual or mitsubishi-motors.ca/en/advancedsafety for full details, conditions and limitations.

TRIMS AND SPECIFICATIONS

SE S-AWC / STANDARD SPECIFICATIONS:

- ON-BOARD CHARGING SYSTEM WITH 2-MODE 120V 8A/12A CABLE
- DC QUICK CHARGE PORT
- BATTERY WARMING SYSTEM
- MITSUBISHI REMOTE CONTROL 1500-WATT POWER SUPPLY
- ACOUSTIC VEHICLE ALERTING SYSTEM PADDLE SHIFTERS (REGENERATIVE BRAKING)

- 2.4 L DOHC MIVEC 4 CYLINDER ENGINE
- 1-SPEED TRANSMISSION
- SUPER ALL-WHEEL CONTROL (S-AWC) WITH DRIVE MODE SELECTOR (NORMAL/LOCK/ SNOW/SPORT)
- 18" ALLOY WHEELS
- FRONT FOG LAMPS
- HEATED & POWER-FOLDING SIDE-VIEW MIRRORS WITH INTEGRATED TURN SIGNAL LAMP

- HEATED FRONT SEATS
- FAUX SUEDE-APPOINTED SEATS WITH CONTRAST STITCHING
- 6-WAY POWER DRIVER'S SEAT (SLIDING, RECLINING & HEIGHT ADJUSTABLE)
- 4-WAY POWER FRONT PASSENGER SEAT
- 8" SMARTPHONE LINK DISPLAY AUDIO WITH ANDROID AUTO™ & APPLE CARPLAY

- SIRIUSXM® SATELLITE RADIO WITH 3 MONTHS COMPLIMENTARY SERVICE
- BLIND SPOT WARNING (BSW)
- REAR CROSS TRAFFIC ALERT (RCTA)
- FAST-KEY KEYLESS ENTRY WITH PUSH BUTTON START & PANIC ALARM

LE S-AWC / INCLUDES ALL THE EQUIPMENT OF THE SE S-AWC PLUS:

- HEATED STEERING WHEEL
- POWER GLASS SUNROOF WITH SUNSHADE

- AUTO-DIMMING REARVIEW MIRROR WITH HOMELINK®

MOST POPULAR

BLACK EDITION S-AWC / INCLUDES ALL THE EQUIPMENT OF THE LE S-AWC PLUS:

- 18" DARK ALLOY WHEELS
- QUILTED LEATHER-APPOINTED SEATS
- BLACK RADIATOR GRILLE
- GLOSS BLACK ROOF RAILS
- GLOSS BLACK DOOR SASH
- LASER-ETCHED PANEL WITH SILVER ACCENT

- ALUMINUM PEDALS
- BLACK HEADLINER

GT S-AWC / INCLUDES ALL THE EQUIPMENT OF THE LE S-AWC PLUS:

- FORWARD COLLISION MITIGATION (FCM)
- LANE DEPARTURE WARNING (LDW)
- ADAPTIVE CRUISE CONTROL (ACC)

- MULTI-VIEW CAMERA SYSTEM (MVCS)
- AUTO LED HIGH BEAMS (AHB)
- QUILTED LEATHER-APPOINTED SEATS

- 8" MITSUBISHI POWER SOUND SMARTPHONE DISPLAY AUDIO WITH ANDROID AUTO™ & APPLE CARPLAY WITH 8 SPEAKERS

- AUTO LED HEADLAMPS
- LED FRONT FOG LAMPS
- BLACK HEADLINER
