

New for 2022

1100 HP *Stage II*

YENKO/SC® *Camaro*

WARNING: This vehicle produces excessive amounts of horsepower. Horsepower is addictive and can cause heart palpitations, feelings of exhilaration and euphoria.

For more than 25 years, Specialty Vehicle Engineering (formerly SLP) has been a Second Stage Vehicle Manufacturer and Tier One Supplier to GM and its dealers, having built over 65,000 cars, trucks, and SUV specialty vehicles; making us the **#1** GM Specialty Vehicle Manufacturer in the USA! That's why our company was chosen as the exclusive vehicle builder of all the current generation YENKO® Supercars.

*The **Ultimate***

*...from the **#1** GM Specialty Vehicle Manufacturer!*

Camaro Experience...

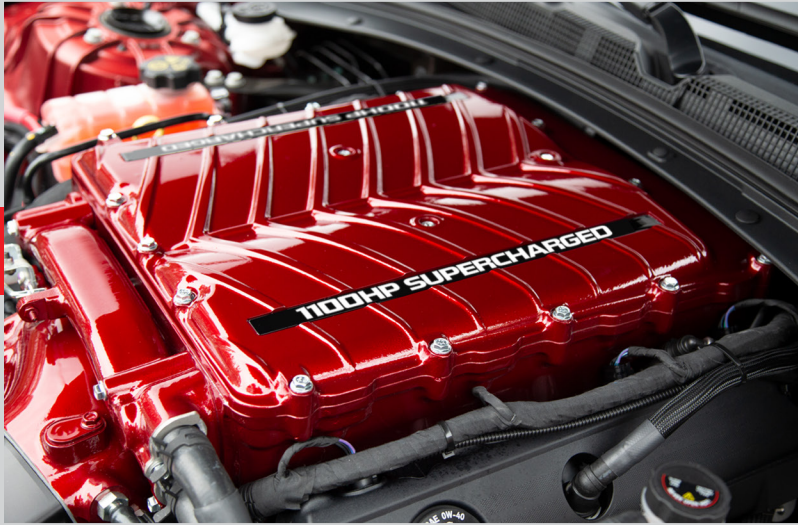

In 1969 the muscle car wars were in full swing, with GM, Ford and Chrysler each developing their own big-block powered performance cars. Not to be outdone, Chevrolet's Central Office Production Order (COPO) system produced a limited run of Camaros with the now infamous ZL-1 all-aluminum big-block engine.

Now in the spirit of those awesome vehicles, Specialty Vehicle Engineering will build 50 of these 2022 YENKO/SC® Stage II Camaros with manual transmissions and with **1100HP**, they'll all go very fast... literally!

Our powerhouse Stage II engine delivers **1100HP** with 910 lb.-ft. of torque and features a blueprinted LT-1 aluminum block, computer- balanced race-quality rotating assembly, including forged 4340 steel crankshaft and H-beam steel rods, forged aluminum pistons, CNC ported high-flow LT-4 cylinder heads with ARP high-strength head and main studs, a custom

HIGH-OUTPUT SUPERCHARGER WITH 1100HP SUPERCHARGED BADGES. SHOWN WITH OPTIONAL PAINT TREATMENT (BLACK IS STANDARD).

supercharger with a 10-rib dedicated belt drive system utilizing an upgraded fuel system and injectors, a larger throttle body, and custom stainless steel headers with high-flow cats.

Our Most

Body color painted carbon fiber hood with exposed carbon fiber hood scoop cowl, sYc® logo, and 1100HP badges.

Forged light-weight multi-spoke aluminum wheels available in 2 finishes (brushed aluminum, matte black) with sYc centercaps. Shown w/optional red line wheel stripes for matte black wheels only.

YENKO® badged brake calipers in standard red (custom colors optional).

Powerful

YENKO® Camaro Yet!

To maximize engine performance, there is no substitute for cubic inches or supercharging. That's why Specialty Vehicle Engineering developed its own supercharged custom-built 416 C.I.D. (6.8L) engine, based on the production 6.2 Liter LT-1 engine, that's included in our 2022 YENKO® **1100HP** Stage II Camaro. This Limited Edition YENKO/SC® specialty vehicle is available exclusively through GM dealers throughout the US and Canada.

YENKO® Crest exterior body badges for front grille, fenders, and rear panel.

Nitto NT555 G2 285/30ZR20 front and 305/30ZR20 rear performance tires.

YENKO/SC® side stripe graphics available in 9 colors.

Looks **Fast** Standing Still!

*Custom stainless steel exhaust system
with dual-mode function.*

YENKO® Crest and rear black out panel

*Stage II and 1100HP spoiler badges in
chrome/red or black chrome/red.*

Based off the SS 1LE with a manual transmission, the 2022 YENKO/SC® **1100HP** Stage II Camaro includes all of the great performance features the 1LE offers, to properly balance the awesome power of the supercharged engine. Features like Magnetic Ride Control, Electronic Limited-Slip Differential, Performance-Tuned suspension with unique bushings,

springs and stabilizer bars, and heavy-duty cooling system including engine oil cooler, dual outboard radiators, transmission cooler and rear differential cooler. The functional 1LE front splitter helps reduce nose lift and the rear spoiler keeps the rear end firmly planted at speed. The 1LE also features Recaro Performance Seats that keep you planted in position.

The 2022 YENKO/SC® **1100HP** Stage II Camaro's unique appearance will get everyone's attention instantly. The exciting YENKO® side stripes make a dramatic statement, along with the body color painted carbon fiber hood with exposed carbon fiber hood scoop that blends perfectly with the lines of the Camaro. The custom

1100HP badges on the raised hood scoop cowl and decklid spoiler will make the competition think twice.

This very limited edition (50) 2022 SS 1LE YENKO/SC® Stage II Camaro is only available in coupe with a manual transmission.

An American-

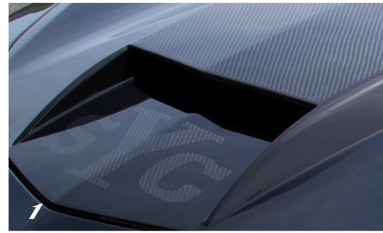

*Made **Supercar**
Unlike Any Other!*

YENKO® Styling...

In addition to its awesome horsepower, the 2022 YENKO/SC® 1100HP Stage II Camaro includes many unique interior and exterior features that set it apart from the stock Camaro. Features like the body color painted carbon fiber hood with exposed carbon fiber hood scoop, OE-quality 1100HP hood cowl badges, YENKO® crest badges and unique side stripes give the exterior an instantly recognizable appearance. The interior also displays the YENKO® trademark with embroidered floormats, headrest logos and a YENKO® crest power badge.
