The BMW X6 xDrive50i Sports Activity Coupé

BMW UK

Introduction

BMW X6

All the agility and elegance of a coupé. Plus the impressive versatility of an SAV. The BMW X6 draws its strength from the fascination of two exclusive automobile worlds to create a new one - the World's first Sports Activity Coupé. Equipped with BMW Dynamic Performance Control to ensure astonishing precision and agility, this is a coupé that knows no limits

Company car tax

Car benefit charges for cars with an approved CO2 emissions figure

Model Description	CO2 Taxband	CO2 Emission
xDrive50i	35%	NA (299.0)

Company car tax information for automatic cars is shown in brackets.

BMW EfficientDynamics delivers impressive emissions reductions and better fuel consumption without sacrificing driving pleasure. This is achieved through a combination of intelligent engine management systems, innovative new technologies and the use of lightweight materials.

Active Aerodynamics.

Actively controlled air flaps regulate air flow to the engine and braking systems. By opening and closing these flaps, the engine is able to reach its operating temperature quicker, whilst vehicle drag is also reduced – helping the car move through the air more easily and reducing fuel consumption and emissions.

Brake Energy Regeneration.

Intelligent Alternator Control monitors battery condition, engaging the alternator only when the battery requires recharging. This reduces the demands on the engine, reducing fuel consumption and emissions. In addition, when the car's brakes are applied or when coasting downhill, this system automatically engages the alternator to charge the battery, recycling energy that would otherwise be wasted.

Lightweight Engineering.

The overall weight of the vehicle is reduced through the use of lightweight materials such as thermoplastic, aluminium and magnesium alloy. The results are enhanced driving dynamics and improvements in both fuel economy and weight distribution.

BMW Trackstar

Car thieves are becoming more sophisticated. Fortunately for you, so is BMW's additional security. BMW is a company of constant innovation. This on-going programme includes the advancement of anti-theft devices for your vehicle. If your vehicle already has security equipment, it is likely that BMW's additional security can enhance the factory-fitted system you presently rely on. BMW's stolen vehicle recovery system is able to locate vehicles in Europe* as well as mainland Great Britain. Once installed by BMW factory trained technicians, you may be entitled to a reduction in your vehicle insurance premiums. *Please contact your BMW Dealer for further details.

Snap-in adaptors for vehicles equipped with Bluetooth

By using a phone-specific and easily interchangeable snap-in adapter, every driver can make calls on their mobile phone via the hands-free kit and simultaneously charge their phone.

BMW Approved Portable Navigation from Garmin®

Small, resourceful travel companion, offering accurate position finding and route planning for people on the move. Each of the units available come with a 24-month extended warranty, feature touch-screen technology, clear graphics and audio instructions for ease of use while driving. Please speak to your Dealer for further information.

Luggage compartment floor net

Rear view camera

Interface for Apple iPod

The iPod interface allows the Apple iPod, iPod mini and iPod Photo to be connected to your vehicles audio system. By selecting genres, artists, albums and playlists it is now possible to access your entire music collection at any time in your car.

The music stored on the iPod is played by the audio system and the iPod is also charged at the same time. To ensure that you do not lose control of this volume of music, the audio display integrated in the dashboard shows the current track or your position in the selection menu. The maximum number of folders that can be displayed is 255 and 1 folder equates to 1 artist or 1 album (non SA6FL). When iPod connector is fitted, CD changer function is disabled and can no longer be used.

Compatibility is dependent on vehicle specification. Please contact your local dealer for further information.

iPod is a trademark of Apple Computer, Inc

Luggage compartment restraint belts

Luggage compartment tensioning straps

Six-Disk CD Changer

Accessories - Car care

BMW Seal & Protect

BMW Seal & Protect is the only fully approved BMW paint, interior carpet /cloth upholstery protection system. It provides an outstanding long-lasting shield against the environment and safeguards your investment by preserving the high quality finish of your car's surfaces.

Utilising high-performance sealants, your purchase involves a Dealership-applied BMW Hard Wax to the exterior paintwork. As a result, exterior surface resilience and water repellence is increased by over 300%. And the long-standing protection that BMW Seal & Protect provides simultaneously has a regenerating effect on the paintwork, for a lasting shine.

The same scientific detail is also applied inside your car, with an impregnating agent for carpets and cloth upholstery to ensure that treated materials do not soak through when exposed to moisture.

Please speak to your BMW Dealer for further details.
