Passion for life

Renault SCENIC range

Excitement relived everyday

Renault Scénic

Excitement relived everyday

Renault Scénic has a sense of detail and never runs out of ideas. The new front with its touches of chrome and lacquer black, make an attractive, dynamic statement. Four fuel-efficient yet powerful ENERGY engines afford impressive driving performance and a perfectly proportioned 'cockpit' cabin coupled with the Bose® Energy Efficient sound system make for the most exciting driving experience in the Scénic range.

Your enjoyment grows with Renault Scénic. Just drive away.

1.

2.

3.

1. The large LED daytime running lights give emphatic presence whilst enhancing the premium quality. Coupled with the dynamic fog lights, the vehicle can really stand out. 2. **Front end design:** centred around the Renault logo consistent with the rest of the product range, the protruding front end gives the range a consistent presence on the road. 3. **Satin chrome longitudinal roof bars:** Practical, elegant and stylish, the roof bars not only look the part but allow owners to take additional luggage on journeys.

Driving Pleasure: with Renault

Energy engines

Flexible, efficient, economical: the Scénic is equipped with the energy engine range. With no fewer than four engines derived from Formula 1[®] technology, the Scénic combines excitement, economy and a limited environmental impact. And, going even further in the quest to blend performance, comfort and economy.

Energy engines: More technology, more pleasure and more fuel economy.

Energy engines offer a number of innovations designed to make driving an enjoyable experience while keeping fuel consumption in check. Dynamic, powerful, economical in terms of both fuel and CO₂, these engines – some of which are taken directly from the world of Formula 1[®] racing – are highly responsive. In terms of driving pleasure nothing is left to chance, whilst their fuel consumption and emissions are on a par with the very best. Downsizing (capacity reduction), Stop & Start and a new energy recovery system on braking and deceleration (Energy Smart Management): innovations that allow the three engines to combine a reduced environmental impact with driving pleasure!

A range of four widely-praised engines:

- TCe 115: consumption: 45.6mpg / CO₂ emissions: 140g / km
- TCe 130: consumption: 45.6mpg / CO₂ emissions: 140g / km
- dCi 110: consumption: 68.9mpg / CO₂ emissions: 105g / km
- dCi 130: consumption: 64.2mpg / CO₂ emissions: 114g / km

EDC automatic gearbox: comfort, moderate consumption and edc responsiveness

By choosing the EDC 6-speed dual-clutch automatic gearbox you will be choosing comfort and responsiveness while keeping your consumption and CO₂ emissions in check. In terms of comfort, its dual-clutch transmission and twin-mass damping flywheel technology guarantees smooth gear changes with no jolts. Dynamic and responsive, the EDC transmission allows almost instant acceleration and will quickly respond to your commands. The EDC 6-speed dual-clutch automatic gearbox is extremely smooth and has 6 gears, controlled automatically or manually. In terms of fuel economy, its fuel consumption is similar to that of a standard mechanical gearbox. Available with a dCi 110 engine, the EDC transmission is ideal for anyone looking for a practical, enjoyable and relaxed drive.

Winning Duo

Rob White

Director of
Renaultsport F1[®]

Gaspar Gascon

Director
Renault Power Train Engineering

At Renault, technological innovation is driven by the passion of our employees. **Rob White**, **Technical Director of Renault Sport F1[®]**, works with his team to create the Renault engines that power multiple Formula 1[®] teams. Winning engines for over 35 years! World champions 12 times.

For production cars, **Renault Power Train Engineering Director Gaspar Gascon** and his staff develop the new range of Energy engines.

Think the two are unrelated? Think again. On a day-to-day basis, Rob and Gaspar keep in touch, discussing and working together to develop new ideas, each benefiting from the other's know-how with the enthusiasm of born pioneers. Their goal: to reduce fuel consumption and CO₂ emissions by 35%, test engine strength under extreme conditions and take the everyday pleasure of driving a Renault to ever greater heights.

When two teams of engineers obsessed with innovation combine their efforts and share their expertise, the drive for creating some of the world's best engines is doubled.

Smart technology and equipment

Innovation for all

4.

1. R-Link. With Renault R-Link you can travel while staying connected. **2. Hands-free keycard:** Simply carry the card with you for door opening and ignition without having to insert the card into the reader. The doors also lock automatically as soon as you move away. **3. Visio system:** With its high resolution camera, this system detects lane markings and alerts you visually and audibly whenever you cross a continuous line or broken line without indicating. The automatic headlights feature also adjusts between main and dipped beam, depending on the conditions. **4. Rear parking camera:** The reversing camera helps with manoeuvres. It complements the audio and visual sensor aids at the back. **5. New standard radio:** The new range of car stereos mean more connectivity for portable devices: a jack in the console and Bluetooth® functionality for hands-free telephony, and audio streaming. With the Plug & Music option, connect your player using the USB and audio jack, and command the whole system from the central controls.

Optional R-Link

Integrated 7" touchscreen multimedia system (with navigation).

In addition to its many built-in features shown below, there are also applications to download from the R-Link Store. You can control it from the screen, steering wheel controls or even voice command.

Main menu with 6 icons
Discover the six available menus: navigation, multimedia, telephone, vehicle information, services and applications, system settings.

Touchscreen navigation system
Provided by TomTom® (12 months subscription to LIVE services from delivery).

Multimedia
FM/AM/DAB tuner, connect devices via USB and AUX sockets or Bluetooth®.

Reverse parking camera system
Rear parking sensors with reverse parking camera, which displays the image on the navigation system screen alongside guidance aids.

Vehicle information
The fun "ECO Driving" coach gives you handy tips to improve your driving style and reduce your fuel consumption.

Voice control
Set your destination, call a contact or launch an application with voice control.

Bose® sound system - the sound Experience

Deep bass and high-treble frequencies for close to 'live' sound experience ... the Bose® energy efficient series sound system in your Scénic.

Renault and Bose®: a concerted effort, a bespoke sound system

Since 2008, Renault and Bose® have been working together so that motorists may benefit from the achievements of both manufacturers in terms of innovation, enjoyment and excellence of quality. Values that allow the two manufacturers to achieve much more than a simple partnership and work in perfect harmony. The Renault-Bose® partnership is founded on shared expertise, dialogue and communication... All this work is the rehearsal before the performance and ensures the best possible sound experience!

A realistic sound experience:

The Bose® Energy Efficient Series sound system was specially designed and developed by Bose® for the Scénic range. Specially adapted for the cabin's acoustics, it provides both the front and rear seats with a bespoke sound experience. The system comprises 8 high-performance speakers, a compact, powerful subwoofer positioned under the front right-hand seat and a digital amplifier fitted on the dashboard. The latter has a built-in Bose® signal processor, configured to meet the specific features of the Scénic range cabin. Specially developed for the Scénic range, the components of the Bose® Energy Efficient Series system are 30% smaller and 40% lighter and they use 50% less power than other, similar systems. Whatever the volume, the sound is rich and natural and every detail can be heard, giving you an authentic sound experience, just as the musician would have wished. You will enjoy a unique acoustic experience.

BOSE®

Our absolute priority: Your safety

Renault's vision is to provide its customers and their loved ones with the most advanced and efficient safety technology as standard. Scénic comes with safety as standard giving you complete peace of mind.

Anticipate

Anticipating risks and keeping the driver in control in all circumstances

Scenic is designed to empower and inform the driver in real time, the technologies developed by Renault provide you with a more serene and safer driving experience such as ABS.

Prevent

Advanced technologies that change everything

Renault has developed driving aid systems such as electronic stability control, standard on every Scénic that ensure unfailing responsiveness and help to overcome road traffic hazards and driver error.

Protect

Everyone on board and other road users

Thanks to its accident cause intelligence and innovative technology, Renault offers one of the safest product lines-ups on the market. Our priority: ensuring your safety, saving lives.

Safe and secure

Actions for the safety of all

**DECADE OF ACTION FOR
ROAD SAFETY 2011-2020
SUPPORTED BY RENAULT**

Renault places people at the heart of its business and is involved in many social initiatives relating to road risk prevention and raising awareness in schools and universities and other international organisations. The company is also committed to improving the effectiveness of emergency services when dealing with accidents.

Renault safety at a glance

- More than 600 company employees who are solely responsible for vehicle safety.
- 100 million Euros are invested every year in safety research and development.
- We conduct 400 real crash tests and 4,000 numerical simulations each year.

FIX4SURE

1.

1. Protection: Reinforced structure, high-efficiency front airbags, head/thorax side airbags, pressure sensor to detect impact, 3-point seat belts with pretensioners and load limiter (front seats), anti-whiplash head restraints, load limiter function (rear seat), luggage restraint partition, anti-submerging front and rear seats (Fix4sure). 3 Isofix three-point seat attachments. The bonnet is also designed for the best possible handling in case of impact with a pedestrian. **2. Hill start assistance:** During a Hill Start, brake pressure is automatically maintained for 2 seconds to leave time for the driver to maneuver. **3. Visio system:** With its high resolution camera, this system detects lane markings and alerts you visually and audibly whenever you cross a continuous line or broken line without indicating. The automatic headlights feature also adjusts between main and dipped beam, depending on the conditions. **4. Electronic Stability Control (ESC):** With ASR traction control system and CSV understeer keep your Scénic on the road in difficult road conditions. **5. ASR:** ASR provides active traction control in low grip conditions.

Renault

Quality

Thanks to the attention paid to comfort in every detail, the Renault Scénic demonstrates Renault's desire for quality. A seductive design, high quality materials and innovative technology combine for a unique driving experience. Through this approach, the Scénic embraces our vision of the future.

Quality is in Renault's genes. This quest for excellence can be found at every stage, from vehicle design through to after-sales service.

Renault is currently recognised by the press and specialist organisations for the performance and reliability of its passenger and commercial vehicle range.

And its sales network, thanks to an ongoing sense of duty towards its customers, is now amongst the best on the market in terms of service quality in both sales and after-sales.

"Quality continues to be a strategic priority for the Group and a value that benefits the image of our brands. Professionalism, competence, expertise and strictness: Renault applies these values at every stage in the life of a vehicle to offer customers the highest quality in terms of the vehicle and the service, and to ensure their complete satisfaction."

Jean-Pierre Vallau, Quality Director for the Renault Group.

Renault quality in figures

- 9 out of 10 customers recommend Renault for the quality of its service. (New Vehicle Quality survey of 300,000 Renault customers worldwide in 2011.)
- 26,000 network employees trained in the Renault Excellence Plan. This plan has structured the service quality approach in the Renault network since 2006.
- Getting our vehicles driven for months and millions of miles. Tests performed by Renault on all continents.

Expect more elegance and pleasure

LIMITED Nav

Panoramic sunroof, special upholstery, gloss black door mirrors, rear parking sensors – Limited Nav is all this, and a whole lot more. Very stylish features included in a very attractive offer. You have the opportunity to drive away in top-class style. Seize it.

It's impressive to see how quickly one gets used to the finishing touches on board. A leather steering wheel, exclusive upholstery, air-conditioning or a Bluetooth music player... Step into a car that offers more. Your enjoyment grows with Limited Nav. Just drive away.

The eco² symbol shows the vehicle emits less than 120g/km of CO₂, is manufactured in a plant that has been certified ISO14001. The vehicle can be 95% recoverable at the end of its life cycle. Find out more at www.renault.co.uk

* Official Fuel consumption figures are produced for comparison purpose and are measured according to the European Directive 80/1268/EEC. These figures are specific for a vehicle type and not for a single car. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Car Tax Benefit In Kind go to www.renault.co.uk.

FOUR YEARS WARRANTY & RENAULT ASSISTANCE

WITH 4 YEARS WARRANTY AND RENAULT ASSISTANCE AS STANDARD

4 YEARS WARRANTY

Your vehicle is covered by a warranty package for up to 4 years/100,000 miles (whichever comes first). The first 2 years are unlimited mileage, followed by a further 2 years up to 100,000 miles. Your dealer is able to repair or replace, without charge, parts that are found to have a material or assembly defect that is recognised by Renault. The paintwork warranty runs for a period of 3 years and the anti-corrosion warranty for a period of 12 years.

4 YEARS RENAULT ASSISTANCE

Should you need it, we'll provide emergency roadside repairs or tow you to the nearest Renault dealer. This service is available 24 hours a day, every day of the year. Renault Assistance Cover provided from months 0 to 48 includes, assistance at the roadside and home, national recovery, onward travel with European cover from months 0 to 36 only. Cover includes mechanical or electrical defects covered by the warranty.

SERVICING

A Renault Service plan allows you to budget for the future cost of your routine servicing. It really is the hassle-free way to take care of your Renault. There are many benefits to a Renault Service plan.

- Inflation-proof servicing - You know exactly what you'll pay and there are no hidden costs
- Full peace of mind - No matter where life takes you, we'll be there
- Renault expertise - Our highly trained technicians know your Renault inside out

We have a range of service plans to meet the needs of practically all of our customers*; the two most popular being our 3 year/30,000 miles plan available at £479* and 4 year/40,000 miles available at £819*. Speak to your Renault dealer for more information on these plans or a price for an age and mileage profile that best meets your needs.

FINANCE OPTIONS

There are a wide variety of ways in which the purchase of a new vehicle can be financed. Renault Finance offers all of them, so whether you're a fleet buyer or private buyer, Renault Finance is ideally placed to tell you which plan or combination of plans best suits your needs and circumstances.

4+ For Renault Assistance Terms and Conditions visit www.renault.co.uk/assistance. *The Service plan offer is available for vehicle ordered between 1st January 2016 and 31st March 2016 and registered in 2016. The Renault Service Plan covers the manufacturer's minimum maintenance programme requirements for the term of the plan purchased (refer to the Warranty and Service sheet in the Handover Document wallet for details). The plan ends when you reach the age or mileage limit (whichever comes first). Services must be carried out in line with the manufacturer's minimum maintenance programme requirements and servicing intervals within +/- 1 month or 1,000 miles of the service interval and can only be carried out at a Renault Approved outlet. Service plans do not cover wear and tear items such as (but not limited to) tyres, wiper blades or brakes. To qualify you must order and purchase the Service plan from a Renault Approved outlet before the first service or within the first 12 months (whichever comes first). Cannot be part exchanged, refunded or transferred. Finance provided by Renault Finance Ltd, P.O. Box 149, Watford, WD17 1FJ. Guarantees and indemnities may be required. You must be at least 18 and a UK resident (excludes Isle of Man and Channel Islands) to apply. Subject to status, terms and conditions apply. †Calls may be recorded. All quotes are based on individual circumstances and subject to insurers underwriting criteria. Renault Insurance is arranged and administered by iGO4 Partners Limited which is authorised and regulated by the Financial Conduct Authority, Financial Services Registration Number 490061. Registered Office: Sundance House, Staniland Way, Werrington, Peterborough, PE4 6JT. Registered in England and Wales No. 6710272.

RENAULT INSURANCE

A car as well designed as your Renault deserves an insurance policy to match. Renault Insurance has been specifically created to provide superb protection for you and your car. In addition to a very competitive premium, Renault Insurance also includes: Renault Genuine parts fitted in Renault Accident Repair Centres, protecting your 12 year anti-corrosion warranty; repairs guaranteed for 3 years; a courtesy car for the duration of any repairs - subject to availability when you use an approved repairer; payment by instalments - subject to status.

Lines open 8am - 8pm weekdays, 9am - 5pm Saturdays and 10am - 3pm Sundays.

CUSTOMER RELATIONS

Renault knows the value of communicating with its customers and we have established effective ways to keep in touch with you. If after speaking to your local Renault dealership you are not completely satisfied, please contact the Renault UK Customer Relations Department on 0344 3350000 (Mon-Fri 9.00am to 5.30pm, except Weds 10.00am to 5.30pm. Closed on Bank Holidays). You can also visit our website www.renault.co.uk Or write to us at: Renault UK Ltd, The Rivers Office Park, Denham Way, Maple Cross, Rickmansworth, Hertfordshire, WD3 9YS.

Continue the Renault Scénic and Grand Scénic experience
on **renault.co.uk**

Although every effort has been made to ensure that the information contained within this brochure is as accurate and up to date as possible, Renault U.K. reserves the right to modify its models without notice, including their characteristics, specifications, equipment and accessories. Brochures inevitably become out of date or inaccurate in some respects, in that such characteristics, specifications equipment, or accessories may be changed after the publication date given below and can differ from the descriptions given. It is therefore necessary to check with your Renault Dealer before purchasing any product that the characteristics, specifications, equipment or accessories of the vehicle on order are as advertised.

Publication date 4 January 2016.
