Guarantees may be required. Credit provided, subject to status, by Mercedes-Benz Finance, MK15 8BA.

<sup>5</sup>New European Driving Cycle. The figures shown were obtained in accordance with the prescribed measuring process (Sec. 2, Nos. 5, 6, 6a of the German Ordinance on Fuel Consumption Labelling for Cars [Pkw-EnVKV] in the applicable version). The figures are not based on an individual vehicle.

<sup>6</sup>Monthly payment based on 3 services taken over 36 months. Please speak to your Mercedes-Benz Retailer for additional payment terms and suitable cover periods.

\*The manufacturer's stated electric power consumption figures are based on the legally-prescribed NEDC test cycle, which is performed in a laboratory. These are the only figures we are allowed to publish. It is common that differences occur in real driving conditions compared with these certified laboratory values. They result primarily from conditions different from the legally-prescribed laboratory conditions, for example when ambient temperatures differ (the weather is hot, cold, windy, wet), the vehicle is operated under different loads and many other factors. For several years, Mercedes-Benz has fully and actively supported the early introduction of the WLTP (Worldwide Harmonised Light Vehicles Test Procedure) and the measuring procedure for Real Driving Emissions (RDE). This procedure is designed to supersede the NEDC, with the goal of bringing standardised and real-world consumption closer together.

\*The manufacturer's stated fuel consumption and electric range figures are based on the legally-prescribed NEDC test cycle, which is performed in a laboratory. These are the only figures we are allowed to publish. It is common that differences occur in real driving conditions compared with these certified laboratory values. They result primarily from conditions different from the legally-prescribed laboratory conditions, for example when ambient temperatures differ (the weather is hot, cold, windy, wet), the vehicle is operated under different loads and many other factors. For several years, Mercedes-Benz has fully and actively supported the early introduction of the WLTP (Worldwide Harmonised Light Vehicles Test Procedure) and the measuring procedure for Real Driving Emissions (RDE). This procedure is designed to supersede the NEDC, with the goal of bringing standardised and real-world consumption closer together.

# AMG. The world of Driving Performance.

Every Mercedes-AMG is so much more than a car – it’s a performance masterpiece. From the outset, powerful visual clues point to AMG’s thoroughbred racing credentials: prominent side skirts and wheel arches revealing AMG brake calipers, large air vents and power domes, bold exhaust tailpipes – and then, of course, there’s the signature growl of the mighty AMG engine.

Every performance-related component, from drivetrain to brakes, reveals the perfect alliance between craftsmanship and pioneering technology. A Mercedes-AMG always challenges the rules of physics to create pure exhilaration.

To drive a Mercedes-AMG is a thrill – every time. With every acceleration, each precision shift point, or AMG-powered braking and cornering manoeuvre, supreme AMG dynamics give rise to new heights of adrenaline levels.

Most of our Mercedes-Benz passenger cars are available as Mercedes-AMG models. For further information, please visit [mercedes-benz.co.uk/amg](http://mercedes-benz.co.uk/amg)

### Our AMG range key figures:

- Acceleration 0–62 mph – ranging from 3.6 sec (Mercedes-AMG GTR) to 5.4 sec (Mercedes-AMG G 63)
- Top speed – the AMG Drivers' package offers increased top speeds of up to 198 mph (Mercedes-AMG GTR)
- Powertrain – uniquely designed to suit models ranging from the 367 hp Mercedes-AMG C 43 4MATIC to the 630 hp Mercedes-AMG S 65

## » smart cross connect app – navigation ready.<sup>1</sup>

The right answer to everything.

Keep your cool on city roads: the free smart cross connect app is available for iOS and Android operating systems – and offers all kinds of infotainment. Use the full functions of the smart cross connect app: in conjunction with the optional size-adjustable smartphone cradle that can be mounted on the radio you can connect and control your smartphone with the Audio-System via Bluetooth®. Plus with cross connect's downloadable maps, free 3D navigation is also included.

### The features of the smart cross connect app at a glance:

Control of the main radio functions in the audio system

- Music: audio streaming of personal music or large selection of international internet radio stations
- Navigation ready: navigation including place of interest search
- Telephone connectivity: access to personal contacts
- Parking space finder, including special smart parking spaces
- Indication of the nearest add-on partner
- Car information: display of the key vehicle data, including speed, fuel consumption, G-force
- Car Finder: parking space location is saved, remaining parking time is indicated
- Trip Monitor: recording of most recent trips, including Car Score

<sup>1</sup>Applicable to certain iOS and Android devices only.

# Electric Mobility.

Drive into the future with our range of electric vehicles, consisting of Hybrid, Plug-in Hybrid (PHEV) and all-electric drive systems.

Owning an electric vehicle comes with many benefits, such as the zero road fund licence, helping to reduce your running costs and fuel bills.<sup>1</sup> In addition, many electric vehicles qualify for the Office of Low Emission Vehicles (OLEV Plug-in Car Grant<sup>2</sup>), offering up to £4,500 off the costs of a car. For more information visit [mercedes-benz.co.uk/emobility](http://mercedes-benz.co.uk/emobility)

When you purchase a Mercedes-Benz plug-in vehicle we recommend Chargemaster, our preferred charging partner. For more information visit [chargemasterplc.com](http://chargemasterplc.com)

<sup>1</sup>Dependent on vehicle emissions

<sup>2</sup>The OLEV Plug-in Car Grant is subject to terms and conditions and eligibility may be revised or withdrawn at any time without prior notice

## Hybrid

Equipped with an electric and internal combustion engine, this configuration charges a battery while the vehicle is in motion and during braking. This stored energy is then deployed at low speeds, or to supplement the conventional engine.

**Benefits:**

- Reduces fuel consumption
- Charges the battery with kinetic energy or through regenerative braking
- Short distances can be covered on electric power
- Extra boost, e.g. for overtaking

**Models available:**

- C 300 h Saloon
- C 300 h Estate
- S 300 h Saloon

## Plug-in Hybrid (PHEV)

While similar to a hybrid, the plug-in hybrid vehicles can be charged from the mains. They enjoy emission-free driving for up to 20 miles thanks to their larger batteries.

**Benefits:**

- All-electric operation possible
- Battery can be charged via power socket, regenerative braking or combustion engine
- Extremely low fuel consumption can be achieved

**Models available:**

- C 350 e Saloon
- C 350 e Estate
- E 350e Saloon
- GLE 500 e 4MATIC
- S 500 e Saloon

## All-electric drive system

An electric car in every sense of the word, drive power is provided exclusively by the battery, which is in turn charged through the mains.

**Benefits:**

- Zero driving emissions
- Maximum torque as soon as the wheels turn
- Almost silent
- Wide range of charging options

**Model available:**

- B 250 e

## Mercedes me.

Mercedes me contains a package of innovative services and lifestyle offers that connect you to your car via your desktop, tablet or smartphone using an app.

### Standard Services.

Available on all models, except G-Class.

- **Emergency Call** – if there's an accident, this feature automatically shares your vehicle location and status for a fast response from the emergency services
- **Accident & Breakdown Management** – contact our Customer Assistance Centre with a single button for fast breakdown recovery
- **Telediagnosics** – automatically detects and shares details of any vehicle wear and tear with you, and shares the data with your Retailer
- **Maintenance Management** – reminds you when your service is due and automatically shares maintenance data with your Retailer
- **Parking Time Assist** – track the time on your parking meter and receive an alert when it's due to expire

## Roadside Assistance.

Roadside Assistance comes free of charge for three years with any new Mercedes-Benz or one year with all Approved Used cars.

Cover is also available for customers with cars registered from 24 October 1998<sup>1</sup> and is automatically activated/renewed on completion of a service by a Mercedes-Benz Retailer.

## Warranty.

Every new Mercedes-Benz comes with a comprehensive three-year warranty. Should you encounter any problems during this period caused by a manufacturing fault, we'll sort it out free of charge.<sup>2</sup>

To find out more information about our warranty, contact your nearest Mercedes-Benz Retailer.

## Service Care.

We believe that servicing costs should be flexible and affordable, which is why we offer Mercedes-Benz Service Care – an easy way to budget for your car's servicing. It spreads your bills into manageable payments and is available on both New and Approved Used Mercedes-Benz.

For a personalised Service Care plan recommendation and to buy online, visit [servicecarerates.mercedes-benz.co.uk](http://servicecarerates.mercedes-benz.co.uk)  
Prices correct at time of going to print. Prices are subject to change.

## Motor Insurance.

When Defaqto, a leading UK independent financial research company, compared our Mercedes-Benz Motor Insurance to others, we received the maximum 5 Star Rating.

Here are some of the reasons why:

- 24/7 UK accident recovery to your nearest Mercedes-Benz Approved Repairer.
- Mercedes-Benz GenuineParts are used.
- Guaranteed courtesy car while your car is being repaired by a Mercedes-Benz Approved Repairer.
- All repairs and parts are fully guaranteed for up to 3 years.

Compare our policies to others at [mercedes-benz.co.uk/insurance](http://mercedes-benz.co.uk/insurance) or, to find out more about the benefits of our Motor Insurance, call us on 0345 600 2180.\* All calls are charged at local rates.

<sup>1</sup>Originally first registered in the UK. <sup>2</sup>Terms and conditions apply. \*Our UK-based call centre is open Mon. to Fri. 8.30am-6pm and Sat. 9am-2pm. For mutual security, calls may be recorded and monitored. Mercedes-Benz Insurance is an independent intermediary dealing with selected insurers in respect of annual insurance.

# Mercedes-Benz Finance.

## Why finance with us?

We believe a great driving experience should be matched by an equally great ownership experience. That is why we put just as much thought, time and effort into designing our finance options, our service plans and our insurance cover as we do into our vehicles.

We are not in the business of simply providing a loan to fund the purchase of your dream vehicle. We look on it as a journey that we take with you, from the moment you choose your new Mercedes-Benz, to helping you in choosing your next one.

## Helping you find the right solution.

You should find our finance packages are more convenient than a traditional personal loan because:

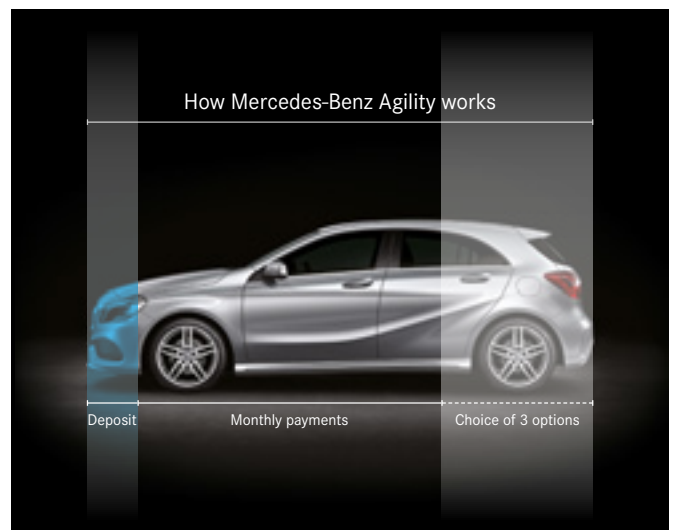

- Funds are immediately available – no waiting for cheques or loans to clear.
- We have clear and transparent rates – the APR we quote is the APR you get.
- We have friendly Finance Specialists – experts in vehicle finance who can talk you through all of your plans in detail.

One of our most popular finance products is Agility (our Personal Contract Purchase product). We also offer Contract Hire, Operating Lease and Hire Purchase solutions. If you would like to find out more about these speak to your Retailer or visit [mercedes-benz.co.uk/finance](http://mercedes-benz.co.uk/finance)

## Agility (our PCP product).

At the start of an Agility agreement, you put down a deposit and decide the term of your agreement and your annual mileage. You will be advised of the Guaranteed Future Value, which offers you the reassurance of knowing exactly what you will need to pay to own the vehicle outright in the future (this is known as the Optional Purchase Payment).

Throughout your agreement you simply pay your agreed monthly payments and when the agreement comes to an end you either purchase, hand back or part-exchange your vehicle.
