

Mondeo

At Ford, with such a long and successful motoring heritage behind us, we understand that everyone's lifestyle is different. What you look for in a vehicle will be different from the next person. It could be a vehicle that allows you to fit in all the family and hit the open road for the weekend, a zippy urban car that's perfect for tackling city traffic, or maybe you need a vehicle that allows you to play as hard as you work. We'd like to think that our family of vehicles is proof that Ford never stops looking forward, designing and engineering vehicles that catch your eye, are technologically advanced, consider the environment and help keep you safe. In short, no matter what your lifestyle, you're sure to find a Ford that can help you live more of your life.

**Irresistible Design:**

Because everyone's idea of the perfect car is different, Ford has designed and engineered a family of exciting, athletic and sleek vehicles that look great inside and out.

**Great to sit in, great to drive:**

There's nothing quite like driving a Ford. That's because every Ford is built from the ground up to be exhilarating to drive, with high levels of interior comfort along with the very latest safety systems that help keep you in control and protect you and your passengers.

**Sustainability:**

Ford recognises that climate change is a significant global challenge. We have an ongoing commitment to caring for the environment in every facet of our business, including delivering alternative fuel solutions such as diesel and LPG.

**Innovation and Technology:**

Thinking smarter means a comfortable, safe and enjoyable drive every time you turn the key. Our innovative solutions to everyday tasks using the latest technology save you time and connect you to the digital world.

**Built to Last:**

Every Ford is built not just for today but for tomorrow as well. So, when you buy a Ford you enjoy the type of quality that you can rely on, day in day out. Not just the look and feel, but the way it performs and the way it lasts.

# A BOLD STATEMENT.

Some designs are blessed with a unique talent to stand out from the pack. Like the Ford Mondeo. With genuinely striking looks, the Mondeo displays real visual energy on the road and has an eye-catching presence in the car park. The Mondeo's appeal lies in its immediate visual impact, the sleek exterior styling cues and the unmistakable sense that all the proportions and details feel just right. The impressive Mondeo range includes both hatch and wagon body styles.

Mondeo Titanium shown in Sea Grey.

# CONFIDENT DRIVING.

Precision driving. It's what you'll experience each and every time you get behind the wheel of the Mondeo. It means that whether you're heading out of the city for a weekend or simply powering through traffic on your way to the office, the responsive engine, precision ride and smooth handling will make every drive a pleasure. In fact, everything that makes a journey as effortless and comfortable as possible has been considered, from the superior European build quality right through to the room and comfort inside the spacious cabin. And because everyone's driving needs are different there is a choice of petrol and diesel engines across the Mondeo range.

Standard Zetec 17" alloy wheels

Mondeo Zetec Hatch shown in Morello.

## EXPERIENCE INTELLIGENT DESIGN.

A Sony six-stack CD audio system, dual zone climate control and a host of ingenious features ensures the look, feel and comfort you'll experience behind the wheel of the Mondeo is everything the exterior design promises. The luxurious interior is contemporary in design and exudes a real feeling of comfort and warmth, while the thoughtfully laid out interior means that not only has every little driver detail been carefully considered, but they are all at your fingertips for total control.

Titanium interior shown.

Mondeo Titanium interior shown.

Sunroof standard on Mondeo Titanium.

# CREATURE COMFORTS.

All the needs of the driver have been considered both in terms of comfort and the technology to make every drive easier. Like the Mondeo's Human Machine Interface which lets the driver control most of the vehicle's features and systems via the steering wheel mounted controls. Or being able to answer your mobile phone hands-free thanks to Bluetooth\*\* technology, which is standard across the range. Then there are those 'creature comforts' which at first surprise you before you realise that you can't live without them, like heated leather seats and the USB port that lets you take your music on the road with you.

1

Premium colour HMI shown.\*

2

3

Mondeo Titanium interior shown.

4

Mondeo Titanium interior shown.

## 1. Human Machine Interface (HMI).

The intuitive digital command centre allowing you to control many of the car's features and systems via the controls on the steering wheel.

## 2. Bluetooth.\*\*

Standard across the entire Mondeo range and lets you use your mobile phone without taking your eyes off the road.

## 3. Dual zone climate control.^

Individual "zones" allow a different temperature to be set for driver and passenger, ensuring the ultimate in personal comfort.

## 4. Heated leather seats.

Standard on Titanium the heated leather seats are perfect for when the colder weather hits.

## 5. Power Start button.\*

It's a sure signal you're in for some real excitement. With a simple push of the Ford Power Starter Button, the Mondeo's engine comes to life. Watch it glow and then prepare yourself for an exhilarating drive.

## 6. Smart Key.\*

Even if your key is in your pocket or bag, the system will detect its unique security code - unlocking the vehicle and de-activating the alarm. It's simply a matter of walking up to the door or boot and pulling the handle.

## 7. USB Music Port.^

Plug in your USB or MP3 player into the USB port, and see your favourite tracks appear on the car's dashboard display. To control the music, just operate the steering wheel toggles, or issue voice commands using the Voice Control technology.

^Standard on Mondeo Zetec and Titanium.

2

**1. Voice Control.**

Imagine having a whole range of your vehicle's functions and operations at your control simply by voicing a command. In the Mondeo it's possible. From controlling the vehicle's interior climate temperature to safely making hands-free calls on the move, your wish is the Mondeo's command.

**2. Adaptive Cruise Control.†**

Cruise control that automatically adapts the car's speed to keep your chosen distance from the car in front. Should the car in front slow down, your speed drops. When traffic speeds up, you automatically return to your desired cruising speed.

**3. Park Assist (front and rear parking sensors):‡**

Front and rear sensors make parking and manoeuvring both safer and easier. An audible warning helps you judge the distance between your car and any obstacle behind or in front of you.

**4. Dynamic Headlights!§**

For the ultimate visibility when driving at night. Based on your speed and how much you turn the steering wheel your headlights swivel to illuminate the road as you travel around a corner.

**5. MP3 compatibility.¶**

An auxiliary jack is available on every Mondeo so you can plug in your iPod® or MP3 player and have it play through the car's audio system.

**6. 6-speed automatic transmission:‡**

Premium 6-speed automatic transmission provides a smooth drive and helps to minimise fuel costs.

**7. Ford Easy Fuel.®**

Capless refuelling system that only allows the correct fuel to be used and removes the need for handling dirty petrol caps.

# TECHNOLOGY WITH YOU IN MIND.

Wipers that automatically turn on when it begins to rain, features that are activated by using Voice Control, and headlights that swivel to illuminate the road as you travel around a corner. Technology is only useful when it's meaningful, and provides you with genuine benefits when you're behind the wheel. In the Mondeo, technology is designed for you and doesn't require reading through a thick manual in order to use it. Mondeo's technology enhances your driving experience, your driving enjoyment and the safety and security for you and your passengers.

**Rain sensing wipers.\***

This is another example of Mondeo's smart safety. A sensor on the front windscreen detects if and how much rain is falling, and based on your speed, the wipers operate automatically to give you maximum visibility.

3

4

# ADVANCED SAFETY.

Look beyond the sleek lines and you'll find the same precise levels of engineering that went into the design of the Mondeo also help make it one of the safest cars on the road. While there are a host of standard safety features to protect you should an accident occur, there are many features that actively help you avoid an accident. This vast armoury of protection has earned Mondeo a maximum 5-star ANCAP safety rating.

**7 airbags as standard.**  
Every vehicle in the Mondeo range offers driver and passengers the added peace of mind of 7 airbags, including a driver knee airbag.

- 1 Driver and front passenger airbags
- 2 Front seat side airbags
- 3 Side curtain airbags
- 4 Driver's knee bolster airbag
- 5 Collapsible steering column and pedal intrusion prevention system
- 6 Side impact door beams - front and rear
- 7 Rigid steel safety cage
- 8 Hazard lights activated under heavy braking
- 9 Engine compartment cross-beam and energy-absorbing subframe
- 10 Anti-lock Braking System (ABS) with Electronic Brakeforce Distribution (EBD)
- 11 Dynamic Stability Control (DSC) with Traction Control and Emergency brake assist
- 12 Front and rear disc brakes
- 13 Collision Mitigation<sup>^</sup>
- 14 Forward Collision Warning<sup>^</sup>

<sup>^</sup>Standard on Mondeo Titanium.

Mondeo Zetec with optional TDCi engine shown in Moondust Silver.

## MONDEO DIESEL. CONSIDER THE ENVIRONMENT.

The Mondeo proves that a diesel can be as stylish and sporty as it is economical. The Mondeo TDCi option features a superior 2.0 Litre Duratorq 4 Cylinder turbo diesel engine, which at a mere 5.9 litres per 100 kilometres,\* delivers incredible economy. Performance wise, the engine features advanced common rail multi-point fuel injection, so you're guaranteed a silky, impressively quiet driving experience backed up by plenty of torque when you need it. Diesel is available across the Mondeo range including both Hatch and Wagon.

\*5.9L/100km figure based on Mondeo LX TDCi Hatch obtained from controlled testing using ADR 81/02. Actual fuel consumption and CO<sub>2</sub> emissions will depend on many factors including driving habits, prevailing conditions and your vehicle's equipment, condition and use.

# POWERSHIFT. ADVANCED TECHNOLOGY MEETS INTELLIGENT POWER.

With a long list of technically advanced features, Ford Mondeo is a vehicle known for successfully combining smart ideas with equally smart looks. It boasts the kind of clever thinking that makes every drive safer, more comfortable and most importantly, more enjoyable. And Mondeo continues to lead the way with the introduction of PowerShift® dual clutch transmission technology.

At the heart of Mondeo's advanced PowerShift® technology is the determination to deliver even greater fuel efficiency. And it succeeds brilliantly. This is due to the fact there are two clutches, working in tandem to engage gears at lightning quick speeds. While one clutch connects with the 'even' gears the other is simultaneously searching for the next 'uneven' gear. This technical teamwork results in a smoother drive and more efficient delivery of fuel to the engine, which means you enjoy greater fuel economy. The driving experience is just as impressive. Quite incredibly, PowerShift® technology, standard on Mondeo diesel, actually shifts gears faster than an F1 racing car. This translates into a true sporty feel for the driver, combined with all the comfort normally associated with an automatic transmission.

Mondeo Zetec Hatch with optional TDCi engine shown in Chill.

## MONDEO WAGON. ENJOY THE WIDE OPEN SPACES.

For those who pack more into life you'll be pleased to know the Mondeo range now gives you a vehicle that gives you the flexibility to pack more of whatever you need. The Mondeo transforms the wagon into the ultimate combination of style and versatility, without compromise. The flexibility of a 60/40 split rear seat, which provides an endless number of cargo carrying options, means that you need never leave anyone or anything behind. The choice of wagon body style is available on LX, Zetec and Titanium.

# ATTRACTIVE CHOICES AND FEATURES.

## PERSONALISE YOUR MONDEO. THE CHOICE IS YOURS.

You'll quickly discover that the Ford Vehicle Personalisation accessory range lets you personalise your Mondeo to perfectly suit your needs. Whether it's to enhance the look of your Mondeo, make your journey more comfortable, or accessorise to meet the needs of your active lifestyle. For full details and to view the complete Mondeo accessory range visit [ford.com.au](http://ford.com.au)

### Mondeo LX

- 2.3L Duratec 4 cylinder petrol engine with 6-speed auto
- Dynamic Stability Control
- ABS & 7 airbags
- Bluetooth® Hands Free with Voice Control
- Cruise Control

### Mondeo Zetec

- All the features of the LX hatch, plus:
- 17" alloy wheels\*
  - Fog lamps
  - Dual Zone Climate Control
  - Sony 6-stack CD Player
  - Park Assist
  - Rain sensing wipers

### Mondeo Titanium

- All the features of the Zetec hatch, plus:
- 18" alloy wheels\*
  - Sports suspension
  - Body styling kit
  - Sunroof
  - Heated leather seats
  - Adaptive Cruise Control
  - Dynamic headlights
  - Ford Power Start Button
  - Smart Key

### Mondeo LX Wagon

- All the features of the LX hatch with the added benefit of increased cargo capacity
- Cargo capacity (SAE) 1005 litres with rear seats upright
  - 2163 litres with the rear seats folded flat

### Mondeo Zetec Wagon

- All the features of the Zetec hatch with the added benefit of increased cargo capacity
- Cargo capacity (SAE) 1005 litres with rear seats upright
  - 2163 litres with the rear seats folded flat

### Mondeo Titanium Wagon

- All the features of the Titanium Hatch with the added benefit of increased cargo capacity
- Cargo capacity (SAE) 1005 litres with rear seats upright
  - 2163 litres with the rear seats folded flat

Carry bars and bike carrier (sold separately) for easy transport of bikes of all sizes.

Dual chrome tip exhaust standard on Titanium petrol Hatch only. 11. Requires connection cable sold separately. 12. Bluetooth® is a registered trademarks of Bluetooth SIG, Inc. and is used under licence. 13. Front seat side airbags protect front seat occupants only. 14. Dynamic Stability Control is also known as Electronic Stability Control.

# MAKING YOUR OWNERSHIP EXPERIENCE EVEN MORE REWARDING.

A great car is just the beginning. We support you with a wide range of services that aim to make you one of the most satisfied vehicle owners in Australia. Speak to your Ford Dealer today about how we can help you make the most out of your vehicle ownership experience.

## 3 YEAR/100,000KM NEW CAR WARRANTY.\*

For three years or 100,000km, whichever comes first, your Ford is covered against any defects in factory materials or workmanship. This also applies to Genuine Ford Accessories you may have had fitted by your Ford Dealer before you took delivery.

## 5 YEAR WARRANTY AGAINST PERFORATION CORROSION.\*

It's reassuring to know that the original body of your gleaming new Ford is guaranteed against perforation corrosion for the first five years of its life. If perforation corrosion occurs, we'll fix it for free.

## MYFORD WARRANTIES & INSURANCE

When you first turn the key of your brand new Mondeo you want to do so without a care in the world. Our range of myFord products gives you that extra peace of mind. For more information about myFord Warranties and Insurance, visit your participating Ford Dealer for further details on the plans that best suit your needs. Terms, conditions and eligibility criteria apply.

#Conditions and exclusions apply. See your authorised Ford Dealer for details.

This brochure is designed to provide you with a general introduction to the Ford Products (including available optional equipment) referred to, and should be read in conjunction with the latest specification sheet. Because of changes in conditions and circumstances Ford\* reserves the right, subject to all applicable laws, at any time, at its discretion, and without notice, to discontinue or change the features, designs, materials, colours and other specifications and the prices of their products, and to either permanently or temporarily withdraw any such products from the market without incurring any liability to any prospective purchaser or purchasers. The latest specification sheet should be referred to for information on the availability, ordering and use of optional equipment. Always consult an authorised Ford Dealer for the latest information with respect to features, specifications, prices, optional equipment and availability before deciding to place an order. \*FORD MOTOR COMPANY OF AUSTRALIA LIMITED.
