Uncompromised is still the operative word for Town Car.

For the ultimate in uncompromised full-sized luxury automobiles, look no further than Lincoln Town Car. The exterior features elegantly understated styling. Inside, luxury appointments abound. The ride is smooth yet controlled. In keeping with tradition, Lincoln Town Car is thoroughly uncompromised in room, ride and comfort. Clearly, having it all is what this luxury automobile is all about.

T O W N C A R

and out along with more confident handling and improved driving dynamics.

Once again, two of the most revered names in luxury have come together. Lincoln and Cartier. Introducing the 1999 Lincoln Town Car Cartier Edition. Here you'll find unique touches such as an attractive

analog clock, Alpine Audio System, heated front seats with premium leather seating surfaces and more. A vehicle as opulent as its name implies.

Lincoln Town Car has a well-earned reputation for abundant power, a smooth ride and responsive handling. The source of power is a potent V-8 engine. Contributing to its legendary ride and handling are

All-Speed Traction Control, Watt's Linkage rear suspension and independent short- and long-arm front suspension. Collectively, they're the reason Town Car is such a pleasure to drive.

An interior that redefines the term "comfort."

This is a vehicle for those who value a well-appointed interior. Those who unabashedly enjoy being spoiled. Wherever you look in your Town Car, you'll observe an array of convenience features. Some are included to stimulate your senses. Several assist you in driving. Many have been designed simply to add to your personal comfort. It is this rare attention to detail that has become a Lincoln hallmark. Whether you are behind the wheel or just along for the ride, you're sure to agree Lincoln Town Car is the epitome of comfort.

Controls are ergonomically placed for easy access. Bright analog gauges with green backlighting complement the electronic message center.

T O W N C A R

Town Car seats were designed to provide maximum comfort. Rich leather seating surfaces are soft yet durable. And it's rather obvious that a great deal of care and craftsmanship went into producing them.

Would you expect anything less from Lincoln?

A luxury automobile that is generously appointed and generously sized.

There are many luxury vehicles on the road today. But few offer the spacious interior found on Lincoln Town Car. Here is the kind of room which welcomes you and your passengers to stretch out and get comfortable. Something that's appreciated, especially on long journeys. Of course, since it's a Lincoln, it comes with numerous creature comforts. From electronic automatic temperature control and rear seat heat and air-conditioning ducts to leather seating surfaces and rear reading lights, your needs are quite well looked after. So the next time you travel, be sure to arrive refreshed. Arrive in a Lincoln Town Car.

Town Car features one of the largest trunks of any vehicle in its class. A healthy 20.6 cubic feet.

 **Lincoln Town Car**

A front armrest provides a convenient place to store things like tissues, tapes and change for parking and tolls. Fingertip speed controls are located on the steering wheel. Duplicate audio and climate controls are also on the steering wheel.* A memory mirror and seat system allows two drivers to program outside mirror and seat settings.* The rear armrest comes with convenient cup holders.

*Available on Signature and Cartier only.

What makes a Town Car a Town Car?

Lincoln Town Car has a long history of providing a smooth, comfortable ride along with a feeling of security. Beyond its smooth ride are features such as a powerful V-8 engine, Watt's linkage rear suspension, body-on-frame construction and speed-sensitive, variable-assist power steering. What's more, driver and passengers alike will feel an overwhelming sense of security. Hardly surprising when you consider the comprehensive and extensive list of safety features included on Lincoln Town Car. Dual front and side air bags, traction control and 4-wheel disc ABS head this list. Other available features include SmartLock™, SecuriLock™ and of course, a Remote Keyless Entry system. More details on Lincoln Town Car can be found on the pages ahead.

A. The SecuriLock™ passive anti-theft system utilizes an encoded key to help protect your car from theft. If a non-encoded key or ignition bypass is detected, the ignition is disabled.

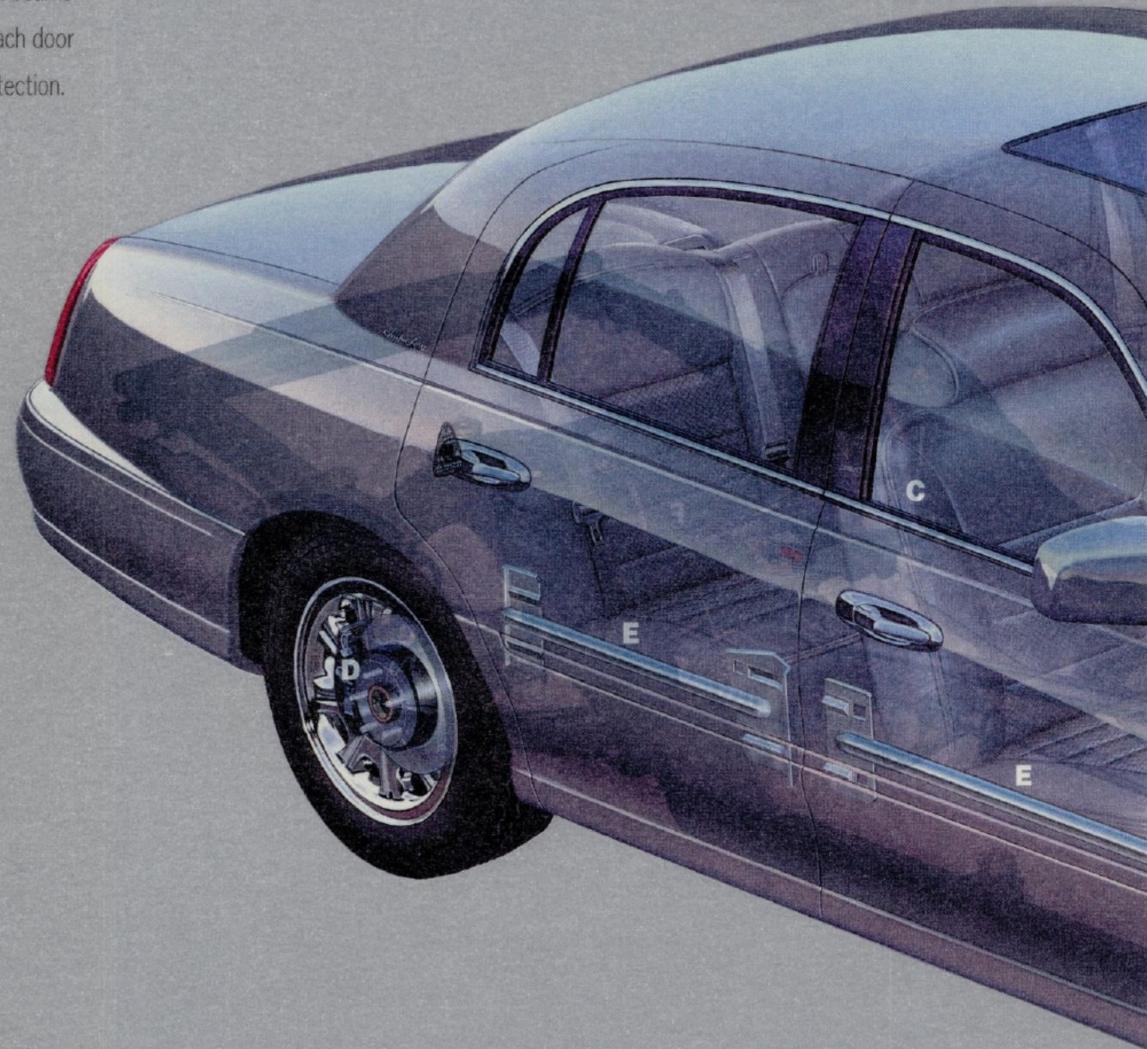

B. The SmartLock™ System makes it virtually impossible to accidentally lock your car with the key still in the ignition.

C. Second Generation dual air bags come standard. And for additional protection, side air bags are now also standard. Always wear your safety belt and secure children in the rear seat.

D. All-Speed Traction Control helps maintain handling and steering control on slippery surfaces at all speeds.

E. Heavy gauge steel beams are mounted inside each door and provide extra protection.

F. Four-wheel disc anti-lock brakes come standard and contribute to improved control during hard braking on most surfaces.

G. Rear-wheel drive creates a better balanced front-to-rear weight distribution which allows Town Car to ride more comfortably over a wider variety of surfaces and vehicle speeds.

F. The Watt's linkage rear suspension improves straight line tracking and handling which make Town Car easier to drive, particularly over long distances. It also provides responsive handling and a smooth ride.

D. A four-speed electronic automatic override transmission with override lockout is included.

E. A powerful 4.6L SOHC V-8 engine can perform for 100,000 miles without a scheduled tune-up—under normal driving conditions with routine fluid/filter changes.

A. The fail-safe cooling system allows the car to be operated for a short distance even with a total loss of coolant.

B. Speed-sensitive variable-assist power steering comes standard.

C. Body-on-frame construction creates a strong stiff structure for better ride and handling.

A. The fail-safe cooling system allows the car to be operated for a short distance even with a total loss of coolant.

Lincoln Commitment.®

The satisfaction of owning your Town Car goes well beyond the driving experience. It's knowing your vehicle is backed by a comprehensive benefits package like Lincoln Commitment. It includes 24-hour Roadside Assistance—just call our hotline for towing, battery jump-starting, flat tire changing, lockout service or gas delivery. Assistance will usually arrive within 45 minutes. Alternate transportation options are offered by your dealer such as a loaner vehicle or shuttle service should your Town Car require warranty service. Should an emergency arise, whether you're close to home or away on vacation, rest assured we'll reimburse you for things like meals, lodging, taxis and rental cars. And we'll furnish you with computerized maps and trip routing. What's more, Lincoln Commitment provides a dedicated Lincoln Customer Assistance Center to answer your questions and a 4-year/50,000-mile bumper to bumper limited warranty. A corrosion protection limited warranty provides coverage for 5 years with unlimited mileage and no deductible. Some restrictions may apply. See your dealer for complete details.
