What if?

A City you can see yourself in

Driveability

With the nimble handling needed to zip in and out of tight turns, it's easy to get around the city in the City.

Styling

Designed from the image of a drawn bow, the streamlined City always looks ready to fly. And its fashionable interior features are crafted for comfort and sculpted for style.

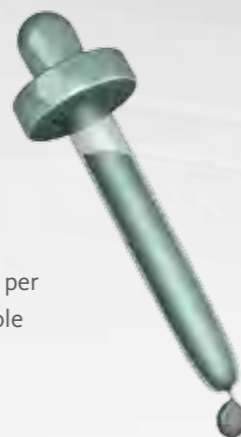

Safety

Loaded with protective and preventative features it's no wonder the City was awarded a 5-star ANCAP safety rating.

Audio

A perfect fit for a music lover's ears, this purpose-built audio system includes iPod®/USB connectivity.

Economical

Using as little as 6.3 litres of fuel per 100km*, the City won't burn a hole in your pocket.

Space

The creatively conceived cabin offers a surprisingly expansive interior and an abundance of storage space (including a 506 litre boot).

*The fuel consumption figure quoted is based on ADR81/02 combined test results for City VTi manual transmission. #iPod is integrated through vehicle's audio system display for iPods from 5th Generation onwards and all iPod Nanos. Older iPod models will only operate through the audio system when controlled through the iPod, and firmware updates may be required to achieve compatibility with the vehicle's audio system display and steering wheel mounted audio controls. Please refer to your iPod User Guide for information on iPod firmware updates. Requires connection cable. City VTi shown in Alabaster Silver.

City VTi-L shown in Alabaster Silver.

It's worth the trip every time

What's the perfect name for a small car tailor made for city driving? The City, of course. Although to call it a small car is perhaps a little misleading.

Certainly from the outside its sporty, streamlined body gives the impression that it's compact, but inside the City is incredibly roomy.

That's because the clever designers at Honda got creative with storage, giving you all the personal space you'll ever need. So it's not so much a small car, as a light sedan. However it's anything but light on when it comes to features.

With the power and fuel efficiency of Honda's i-VTEC engine, a purpose-built iPod[®] ready audio system, extensive storage

space, a 5-star ANCAP safety rating and more, it sets a refreshing new standard for cool city cars.

So one thing's for sure, this is definitely one City worth exploring.

#iPod is integrated through vehicle's audio system display for iPods from 5th Generation onwards and all iPod Nanos. Older iPod models will only operate through the audio system when controlled through the iPod, and firmware updates may be required to achieve compatibility with the vehicle's audio system display and steering wheel mounted audio controls. Please refer to your iPod User Guide for information on iPod firmware updates. Requires connection cable.

It should be on a postcard

Picture the smooth curve of a drawn bow ready to release an arrow in a split second. That's precisely how the rather sharp designers at Honda conceived of the City.

This vivid image evolved into a stylishly streamlined sedan with a number of rather attractive advantages.

For one, its subtly smooth shape maximises aerodynamic efficiency. More obvious, though, are the admiring looks it attracts.

At any angle, its combination of sleek lines, bold front grille, wrap-around headlights and strong bonnet inspire

impressions of a sedan that's more sporty than staid. So it's obviously a car worthy of notice.

City VTI-L shown.

The pulse of the City

Life can get a little overwhelming, but there's something refreshing about being in the City. That's because Honda's exacting engineers have carefully removed the clutter.

Its elegantly lean instrument cluster and console makes everything easy to read and easy to reach. And the City is full of open spaces, too.

With an abundance of cabin room, clever storage units and an expansive boot, it will never cramp anyone's style. Plus its well-finished steering wheel is adjustable, allowing drivers to define their own personal space.

But just because it's sparse doesn't mean it's thin on comforts. In fact, the unique custom-built audio system is one of its

most impressive landmarks, providing perfect pitch to your personal soundtrack.

So soak up the vibe in the City – the car that makes practical positively pleasant.

1.

The City has a lot to offer

Start dreaming up excuses to go for a drive because the well-equipped City comes with everything you need and all the room you could want. In fact, it's so comfortable you don't need any other reason to just enjoy a drive.

2.

Audio system

Designed specifically for the City, this four speaker audio system with 180-watt amp and graphic equalizer presets pumps out an awesome aural experience. That's worth making some noise about.

3.

USB connectivity

You carry your tunes with you everywhere you go, so why shouldn't you be able to listen to them as you drive, too? In the City you can, thanks to its iPod®-ready USB connectivity.

4.

Bluetooth® phone system*

No matter where your mobile phone is in the City, this clever system lets you take calls through the speaker system, so you can talk to your friends as if they were right beside you, while you keep your eyes on the road.

5.

Instruments

This easy-to-read instrument panel with a Multi-Information Display puts your average and instant fuel consumption, trip meter and distance to empty within your field of view.

6.

Audio controls

Fumbling for stereo controls as you try to keep your eyes on the road is one problem you'll never experience in the City. Steering wheel-mounted audio controls put them instantly at your fingertips.

7.

Cruise control

Give yourself a break on long drives by setting the speed and letting the City do the work. Not only will it make a big trip easier, it can optimise fuel economy, too.

8.

Clever storage space

There are a staggering number of clever storage spaces throughout the City, from cup holders to boot space, and in the VTi-L model there's even a very handy shelf under the rear seats, perfect for storing things like umbrellas.

9.

Alarm/immobiliser

The alarm system and engine immobiliser behave like a combination of guard dog and security guard. So this is one City under constant protection.

10.

Boot space

One thing's for sure, the City is a lot bigger once you're in it. Its 506 litre boot and fold down 60:40 split rear seats provide all the space you need to fit almost anything you want.

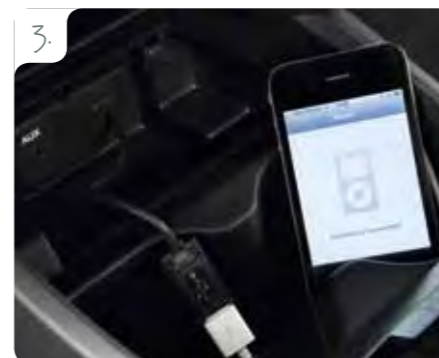

1.

2.

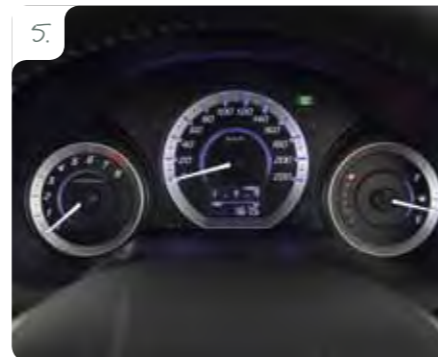

3.

4.

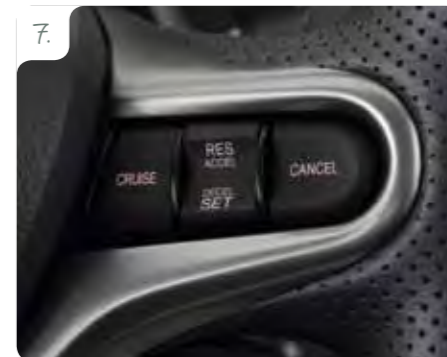

5.

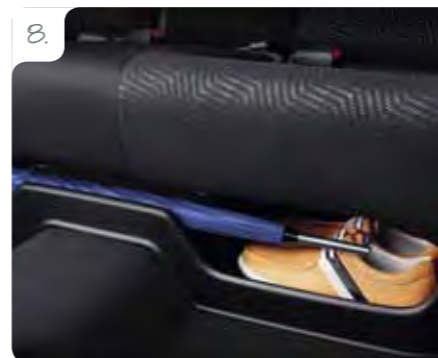

6.

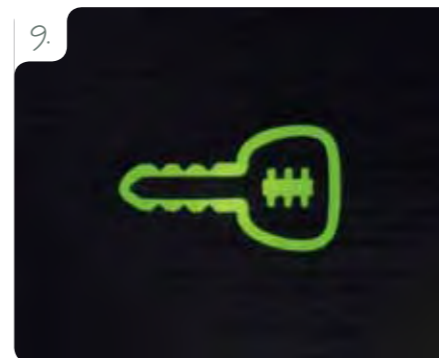

7.

8.

9.

10.

Light but no lightweight

When talk turns to engines, all too often people use jargon that makes little sense. For instance, with the City, they'd say it has 88kW of power at 6600 rpm and 145Nm of torque at 4800 rpm. Put simply, that means you get the power you want when you need it.

And that's thanks to Honda's unique i-VTEC system. Its 1.5 litre SOHC, 16-valve, four cylinder engine has the built-in smarts to be a real power provider with a knack for conserving fuel, too.

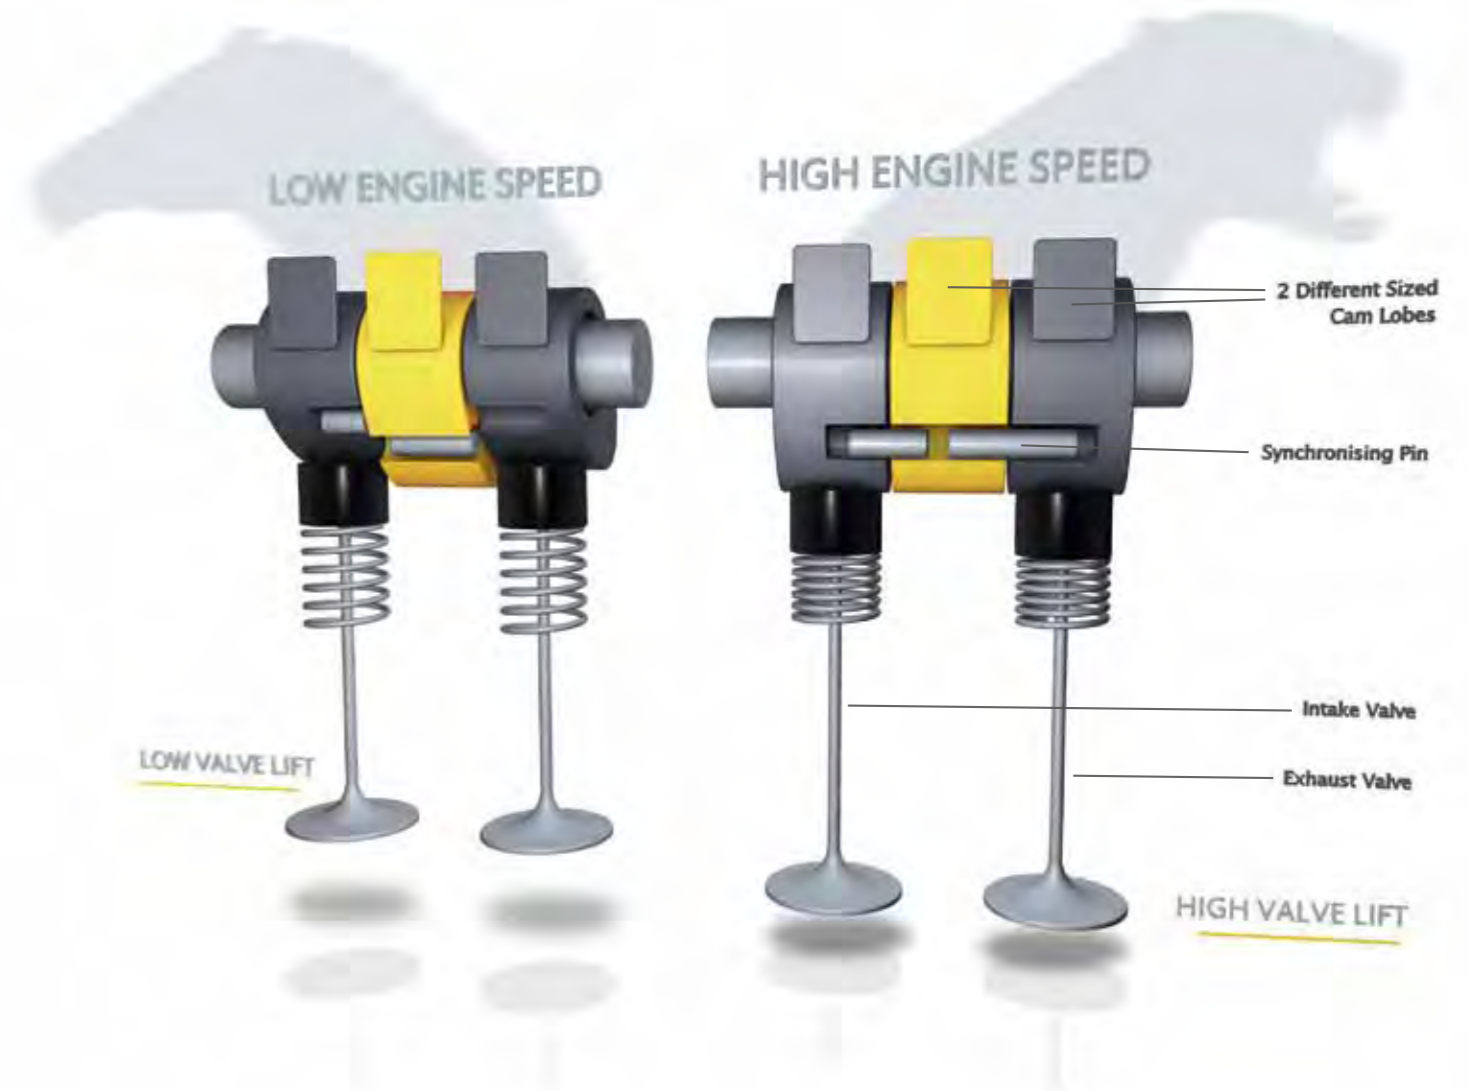

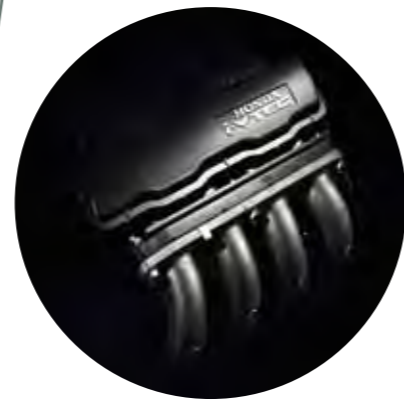

Case in point, the 5-speed automatic uses a mere 6.6 litres of fuel per 100km* while the manual is even more frugal, using just 6.3 litres per 100km*

Impressive, yes, but that's not nearly the extent of its environmental credentials. Its engine exceeds EURO 4 emission standards and the City was even built using recyclable and low environmental impact materials.

So now you can drive responsibly and still have fun behind the wheel.

Which is easy in the City because handling is anything but a handful. Its turning circle allows for the nimble negotiation needed in narrow city spaces.

So the only thing you need to know about cars is that the City works for you.

When Honda created the i-VTEC engine, motoring was changed forever. Up until that point, engines were typically either economical or powerful, but not both.

Using a clever cam widget, i-VTEC has the incredible ability to recognise throttle speed and regulate fuel use accordingly.

It operates by using low fuel at low engine revs, but still giving higher performance at high engine revs.

Thanks to the power of i-VTEC, your City is endearingly economical, yet satisfyingly responsive just when you need it.

The streets are safe in this City

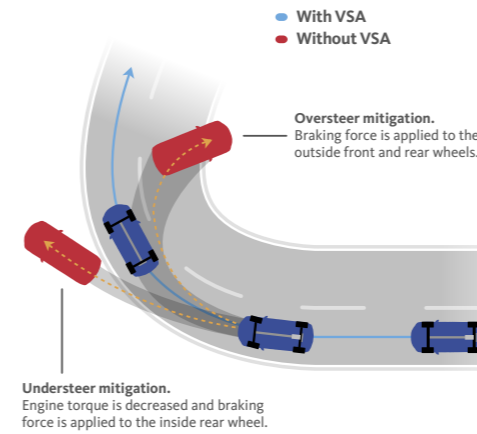

When it comes to safety, Honda's engineers leave no stone unturned. That's why the City comes standard with a comforting number of safety measures—like an impact-absorbing frame—to protect both passengers and pedestrians.

Good thing, too, because no matter how carefully you drive, accidents can happen. That's why, as part of Honda's unique G-Con technology, the Advanced Compatibility Engineering (ACE) body structure helps redirect the energy of an impact away from you and your passengers. It also increases the compatibility with vehicles of different sizes in frontal collisions. And with anti-lock brakes, front pre-tensioning

seat belts, six airbags and wide window views, it's safe to say the City is looking out for you.

Of course, it's a much better idea to avoid collisions in the first place, and that's where the City's Vehicle Stability Assist (VSA) comes into play. It keeps you safely on track by watching out for oversteer and understeer and adjusting individual brake pressure and reducing engine power as needed.

With such thoughtful components as standard, it's little wonder the City has achieved the coveted 5-star ANCAP safety rating.

City VTi

The City VTi comes standard with:

POWERTRAIN

- 1.5 litre SOHC i-VTEC engine
- 88kW @ 6600rpm and 145Nm @ 4800rpm
- 5-speed manual or automatic transmission
- Cruise control
- Electric Power Steering (EPS)

EXTERIOR

- 15-inch steel wheels
- Full size spare wheel
- Body coloured power door mirrors
- Body coloured door handles
- Halogen headlights
- Remote keyless entry with boot release

INTERIOR

- AM/FM radio, single CD with MP3/WMA compatibility
- DSP graphic equaliser
- Auxiliary jack
- Bluetooth® phone connectivity*
- USB connectivity**
- Steering wheel-mounted controls
- Multi-Information Display
- Passenger seat back pocket
- Power windows with auto-up/down driver's window
- Tilt and telescopic steering wheel
- 60/40 split fold rear seats

SAFETY

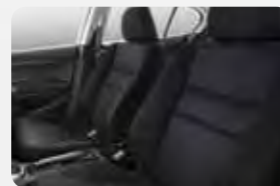

- 5-star ANCAP safety rating
- SRS airbags: dual front, side and full-length curtain
- Advanced Compatibility Engineering (ACE) body structure
- Anti-lock Braking System (ABS)
- Electronic Brake-force Distribution (EBD)
- Security alarm and immobiliser
- Vehicle Stability Assist (VSA) with Traction Control

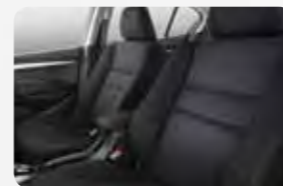

City VTi-L

Additional features over the VTi:

- 5-speed automatic transmission only
- 16-inch alloy wheels
- Aluminium-look door trim
- Chrome interior accents
- Chrome exhaust
- Chrome exterior door handles
- Driver seat back pocket
- Driver seat centre armrest
- Driver side one-touch master lock/unlock switch
- Front fog lights
- Leather-wrapped steering wheel
- Rear seat under-tray
- Tweeters

City VTi with cloth seat trim.

You're never alone in a Honda

Buy a City and you'll be amazed at how well you'll be looked after.

The care starts with a 3-year/100,000km warranty and 6-year rust perforation warranty.⁵

You'll also have access to HondaONE, our exclusive website that gives you up-to-date service history, vehicle records, maintenance tips and service reminders.

And by using your Honda Dealer, you'll also be sure that they'll protect your investment by using Honda Genuine Parts.

So with all these benefits, your City will be as pleasurable to own as it is to drive.

Warranty

For extra peace of mind, why not purchase Honda Warranty Plus? In addition to Honda's New Vehicle Warranty we can offer a host of benefits exclusive to Warranty Plus owners, with no claim limit for labour or parts. For more information visit honda.com.au/warranty

Insurance

If you're looking for cover every bit as reliable as your City, you really need Honda Motor Vehicle Insurance.

You'll enjoy a range of benefits, including:

- 3-year new replacement if your Honda is a total loss
- Genuine Honda approved parts for the first 3 years
- Lifetime guarantee on authorised repairs.

Approved applicants only. Normal underwriting and excess payment rules apply.⁶ For more information visit honda.com.au/insurance

Finance

Whether you're buying a Honda for yourself or a business, we have a wide range of flexible finance and leasing options.

So see your Honda Dealer to find a financial solution that suits you as perfectly as your City does. For more information visit honda.com.au/finance

Merchandise

Show your true colours with genuine Honda merchandise. For everything from apparel to travel goods, visit your local Honda dealer or view the range at honda.com.au/merchandise

What's next?

As a City owner, you're part of a brand that's always doing something new. Because if there's one thing Honda prides itself on, it's always asking, "What's next?"

It was this inventive spirit that produced the CR-Z, the world's first sporty hybrid coupe. And that's not our first 'world first' either.

There's the FCX Clarity, which is powered by a hydrogen cell and whose only emission is water vapour.

Or the unique CIGS solar cells that produce twice as much energy than they take to make.

Then of course there's ASIMO, the world's most advanced humanoid robot and the incredibly fuel-efficient HondaJet.

And now there's a glimpse of the future with the altogether different U3-X, a personal mobility device that takes you in any direction by simply shifting your weight.

All of these things, which were once dreams, are now realities thanks to Honda.

So what's next?

⁵Honda warranties apply where due care is exercised by the owner and the vehicle is maintained in accordance with the Owner's Warranty and Service Manual.
